## Circular.

### *Location.*

**T**HIS Institution is located in the healthful and flourishing city of WESTMINSTER, Carroll County, Maryland, on the line of the WESTERN MARYLAND RAILROAD, about midway between the cities of BALTIMORE and HAGERSTOWN. The building stands on a commanding eminence at the "West End," overlooking the whole city and many miles of the surrounding country, affording one of the most beautiful and picturesque views in the State.

### *Accommodations.*

The main centre building, the only one which has heretofore been occupied, is a spacious and well constructed edifice, containing ample room for the accommodation of a large number of boarding students, but owing to the increasing patronage, the Board of Trustees, at their last meeting, determined to make a large addition to the present building. This addition, which is thirty-eight feet in width, by fifty feet in length and five stories in height, is now in course of erection, and will be ready for use by the 1st of October.

The Vice-Principal, Preceptress and other members of the Faculty reside in the building, eat at the same table with the students, and have a constant oversight of them. The ladies' private and public rooms are entirely separate from those of the gentlemen, and there is no association of the male and female students, except in the presence of their instructors. The grounds belonging to the College contain eight acres, allowing sufficient range for the exercise of students during the time not allotted to study.

### *Patronage and Direction.*

The College property is owned by the Board of Trustees, incorporated in March, 1868, by the General Assembly of Maryland, and the Institution is under the special patronage of the Maryland Annual Conference of the Methodist Protestant Church; but nothing will be introduced either into the course of study or discipline and management of the Institution which can be in any way objectionable to students of other religious persuasions.

### *Conditions of Admission.*

1. Each student, upon entering, is required to sign a pledge, on his honor, to obey all the laws of the Institution so long as he may remain in it.
2. The student must be well recommended as to moral character.
3. Prompt payment of all College bills must be made. (*See Summary of Expenses, p. 21.*)
4. The student or pupil must agree to take all the studies of the class entered, unless excused from any portion thereof at the time of entering.
5. If the student be a minor, his spending-money must be deposited with the Principal, to be returned in such amounts as he may think best.

### *Rules of Deportment.*

1. Use no profane or indecent language.
2. Do not use or countenance the use of any intoxicating liquor as a beverage.
3. Do not play at any game of chance.
4. Do not attend any place of amusement, or public exhibition, without the consent of the Principal.
5. Do not loiter in the halls, or make any improper noise in the building.
6. In passing from one part of the building to another, proceed in a regular and orderly manner.
7. Never be absent, unless excused by proper authority, from any roll-call, recitation, lecture, or other stated exercise.

8. Repair promptly, at the ringing of the College bell, to the place indicated thereby.

9. Resist not the authority of any Officer of the Institution, nor show him any disrespect.

10. Always be neat in your apparel and cleanly in your habits.

11. Do not deface or injure any property of the College.

12. Never go, without permission, into any part of the building or grounds appropriated to others.

13. Make no improper use of the black-boards.

14. Do not leave the College premises at any time without permission; state the business for which you wish to leave, whenever required to do so, and always return promptly at the time specified.

15. Never associate or converse with any student of the opposite sex, except in the presence and hearing of a teacher, without permission.

16. Do not have or use fire-arms of any description.

17. Do not prompt, either by word or gesture, any student during recitation.

18. At all religious exercises, be reverential in your demeanor.

19. Do not attempt to pass any letter, book, or other article, to any student of the opposite sex, except through the hands of the Principal or Vice-Principal.

20. Never put or leave things out of order in the dormitory, in your desk, in the study rooms, chapel, or elsewhere.

21. Do not take advantage of any possible omission in these rules to act in any respect contrary to your own sense of right.

22. Do not use tobacco in any form in the College building.

23. Let all your conduct be such as becomes ladies and gentlemen, and consistent with the object and design of your parents and guardians in placing you here as students.

24. Let all the time allotted to study be spent in study.
