### DOCATION.

HIS Institution is located in the healthful and flourishing City of Westminster, Carroll County, Maryland, on the line of the Western Maryland Railroad, about midway between the cities of Baltimore and Hagerstown.

The building stands on a commanding eminence at the "West End," overlooking the whole city and many miles of the surrounding country, affording one of the most beautiful and picturesque views in the State. The edifice is a spacious one, five stories high, and affords ample accommodations for Chapel, Recitation Rooms, Halls for the Societies, Professors' Apartments and Dormitories. The grounds belonging to the College contain eight acres, allowing sufficient range for the exercise of students during the time not allotted to study.

# THE RECULIAR ADVANTAGE

This College offers is that Parents can have their sons and daughters educated in the same institution, and under the same instruction. The Course of Study, however, is not the same for both sexes—the young ladies completing theirs in three years, and the gentlemen theirs in four. Although both sexes have the same instructors, yet the two departments are kept entirely separate, the Students meeting only at Chapel service and in the dining room with members of the Faculty, and at no other times unless under similar supervision.

The Vice-President, Preceptress and other members of the Faculty reside in the building, eat at the same table with the Students, and have a constant oversight of them.

# PATRONAGE AND DIRECTION.

The College property is owned by the Board of Trustees, incorporated in March, 1868, by the General Assembly of Maryland, and the Institution is under the special patronage of the Maryland Annual Conference of the Methodist Protestant Church; but nothing will be introduced either into the Course of Study or the discipline and management of the Institution which can be, in any way, objectionable to Students of other religious persuasions.

# CONDITIONS OF ADMISSION.

- 1. Candidates of admission into any Class must be examined in the studies already pursued by that Class.
- 2. Each Student, upon entering, is required to sign a pledge to obey all the Rules of the Institution, a printed copy of which is at the same time furnished him.
  - 3. Each Student must be well recommended as to moral character.
  - 4. Prompt payment of all College bills must be made.
- 5. The Student must agree to take all the studies of the Class entered, unless excused from any portion thereof, at the time of entering.
- 6. No Student shall, at his own option, drop a study during a session. Communications from Parents or Guardians in reference to this or to any other regulation of the College, should be addressed to the President, who will promptly lay them before the Faculty of the College for consideration and action.
- 7. If a Student be a minor, his spending money should be deposited with the President, to be returned in such sums as he may think best.

### EXAMINATIONS.

There are two examinations of all the Classes every year. The one begins on the last Monday in January, and the other on the second Monday in June. The latter is the concluding examination of the academic year; the former is called the intermediate examination.—both are open to the public.

# COMMENCEMENT AND VACATIONS.

The Annual Commencement is held on the third Thursday in June, on which occasion degrees are publicly conferred.

Vacation extends from Commencement until the first Tuesday in September, on which day the regular Course of Study begins, and there is no intermission of recitations except on Good Friday and Easter Monday, and during Christmas week.

### DECTURES.

Lectures are delivered to the classes, during the Session of the College, on Natural Philosophy, Physiology, Chemistry, Astronomy, Geology and Philology.

# Socreties.

The Irving and Webster Literary Societies of Young Gentlemen, and the Browning Literary Society of Young Ladies, hold regular weekly meetings, and it is the desire of the Faculty that all the Students avail themselves of the advantages of these valuable and instructive organizations.

# ETTERARY AIDS.

All necessary aids, as Maps, Philosophical and Chemical Apparatus, &c., are provided. The Students, also, have access to Libraries comprising 3,500 volumes.

# A PARTIAL COURSE

may be arranged for such Students as do not wish to pursue all the studies required of candidates for graduation.

It is very desirable that Students should enter at the beginning and remain until the close of the session. Students will not remain at the College during any portion of the time allotted to vacation, unless by special arrangement with the President.

# THEOLOGICAL COURSE.

Students preparing for the sacred office of the Ministry, pursue the Studies of the Regular Course, but a period in each day is assigned for a recitation to the President on such Theological Text Books as have been prescribed by the Board of Trustees.

# GRADES AND AWARDS.

The scholastic standing of the Student is determined by a system of grading, the scale of which is from 1 to 10.

At the Annual Commencement, Certificates of Distinction are awarded to such Students as have attained an average grade of Nine in all the studies of any department. And as every violation of College law, and every unexcused absence from a stated exercise is demerited, to such Students as have received no demerit marks during the year is awarded a Certificate of Distinction in deportment.

# ORATORICAL CONTEST.

On Tuesday evening of Commencement Week, there is an Oratorical Contest between the Irving and Webster Literary Societies. The following have been selected by their respective Societies, to represent them at the present Commencement for 1875:

#### IRVING.

DANIEL BAKER, JR., PRESTON S. DEVILBISS, CHARLES T. WRIGHT,

#### WEBSTER.

L. L. BILLINGSLEA, C. B. MIDDLETON,

R. B. NORMENT, JR.

# Pomestic Arrangements, &c.

The Steward has the management of the Boarding Department, under the direction and sanction of the Board of Trustees, and spares no pains to render entire satisfaction to the patrons of the Institution.

Non-resident Students are required to board in the Institution, unless a different arrangement is made with the Principal.

For the information of Parents, it may be necessary to state that Boarding Students are required to bring their own sheets, pillows, pillow-cases, blankets, and counterpanes; the name of the owner plainly marked on each article. Special damages will be assessed on those students who injure or destroy College property.

Tuition fees are charged from the beginning of the Session, but the charge for board dates from the entrance of the Student.
