GENERAL INFORMATION.

LOCATION.

This Institution is located in the healthy and flourishing City of Westminster, Carroll county, Maryland, on the line of the Western Maryland Railroad, about midway between the cities of Baltimore and Hagerstown.

The commanding eminence at the "West End"—nearly one thousand feet above tide-water—on which the College buildings stand, overlooking the whole city and many miles of the surrounding country, affords one of the most beautiful and picturesque views in the State. The main edifice is a spacious one, five stories high, containing Chapel, Recitation Rooms, Halls for the Societies, Professors' Apartments, and Dormitories for the female students. Dormitory accommodation for male students is provided by Ward Hall, a new and commodious building erected during the year 1882, which will be enlarged, by the opening of the new session, to double its present size. The grounds belonging to the College comprise eight acres, allowing sufficient range for the exercise of students during the time not allotted to study.

THE PECULIAR ADVANTAGE

this College offers is, that parents can have their sons and daughters educated in the same institution, and under the same instruction. Although both sexes have the same instructors, yet the two departments are kept entirely separate, the students meeting only at Chapel services and in the dining-room with members of the Faculty, and at no other time unless under similar supervision.

The President, Preceptress, and other members of the Faculty, reside in the building, eat at the same table with the students, and have constant oversight of them.

PATRONAGE AND DIRECTION.

The College property is owned by a Board of Trustees, incorporated in March, 1868, by the General Assembly of Maryland, and the Institution is under the special patronage of the Methodist Protestant Church; but nothing is introduced either into the course of study or the discipline and management of the

School which can be, in any way, objectionable to students of other religious persuasions.

CONDITIONS OF ADMISSION.

1. Candidates for admission into any Class must come well recommended, as to moral character (if from any other Institution of learning, with suitable testimonials), and be examined in the studies already pursued by that Class. Such examinations may be had on Tuesday or Wednesday of Commencement Week, and applicants are advised to avail themselves of this opportunity in order to further qualify themselves by September in any studies in which they may be found deficient. It is very desirable that students should enter at the beginning and remain until the close of the session.

2. Each student, upon entering, is required to sign a pledge to obey all the Rules of the Institution, a printed copy of which is at the same time furnished him.

3. Prompt payment of all College bills must be made.

4. Students must agree to take all the studies of the Class entered, unless excused from any portion thereof at the time of entering.

5. No student shall, at his own option, drop a study during a session. Communications from parents or guardians in reference to this or to any other regulation of the College, should be addressed to the President, who will promptly lay them before the Faculty for consideration and action.

6. If a student be a minor, his spending money should be deposited with the President, to be returned in such sums as he may think best.

STATE SCHOLARSHIPS.

An Act of the General Assembly of Maryland, passed in 1878, enables the College to furnish tuition, board, fuel, lights and washing free to one student (male or female) from each Senatorial District of the State, to be appointed by the School Commissioners by and with the advice and consent of the Senators of their respective Districts, *after a competitive examination of the candidates*. A scholarship cannot be held by the same student for more than four years, and the holder is required to give his (or her) bond to the State of Maryland for such amount, with such security as may be approved of by the President of the College, that he (or she) will teach school within the State for not less than two years after leaving College. In order to enable the Faculty to carry out fully the intention of the Act of the Legislature providing for these scholarships, it is highly import-

ant that the School Commissioners of the several Senatorial Districts should be careful to appoint students prepared to *enter, at least, the Freshman Class*. If, however, any of the candidates selected are deficient in preparation, they will be received into the Preparatory Department of the College.

EXAMINATIONS.

Examinations of all the classes are held at the close of each of the three terms into which the scholastic year is divided. Students, moreover, who, from any cause, are absent more than three times in four consecutive weeks from recitations in any one study, are required to pass a *special* examination on the subjects treated of in the class-room during their absence.

COMMENCEMENT AND VACATIONS.

The Annual Commencement is held on the third Thursday in June.

The Baccalaureate Sermon of the President to the graduating class is delivered on the morning of the Sunday preceding Commencement.

On the evening of the same day, a sermon is delivered before the Christian Associations of the College by a preacher elected for the occasion.

On the subsequent days preceding Commencement, are held the Gymnastic and Calisthenic Exercises, the Joint Exhibition of the Browning and the Philomathean Literary Societies, the Class-day Exercises of the graduating class, the Oratorical Contest between the Irving and the Webster Literary Societies, the meeting of the Alumni Association, and the Annual Oration before the Literary Societies.

On the evening of Commencement-day, an oration is delivered and an essay is read before the Alumni Association by two of their members.

Vacation extends from Commencement until the first Tuesday in September, on which day the regular Course of Study begins, and there is no intermission of recitations except on Good Friday and Easter Monday, and during the Christmas holidays.

Students are not allowed to remain at the College during any portion of the time allotted to vacation, unless by special arrangement with the President.

DEGREES OF A. B., AND A. M.

At the Annual Commencement the degree of Bachelor of Arts is conferred upon all the members of the graduating class who have completed the full four years' course. Female students

who have finished the three years' course receive Testimonials of Graduation, without a degree, and graduates in the Normal course, Certificates of Proficiency.

Any graduate who shall have been admitted a member of one of the learned professions, shall be entitled to the degree of Master of Arts, three years after graduation.

Other graduates will be recommended by the Faculty to the Board of Trustees for the degree of Master of Arts, three years after graduation, provided they shall have submitted, on or before May 1st of the year in which they shall seek the degree, a literary, philosophical or scientific thesis, which must be approved by the Faculty.

LECTURES.

In addition to the regular recitations of the several classes, the following Courses of Lectures are delivered during the College year:

By President Lewis, on History and English Literature.

“ Professor Ward, on Mental and Moral Philosophy.

“ Professor Reese, on Philology and Classical Literature and Antiquities.

“ Professor Simpson, on Natural Science.

“ Professor McDaniel, on Mathematics.

“ J. W. Hering, A. M., M. D., on Anatomy, Physiology and Hygiene.

“ James A. Diffenbaugh, A. M., on Pedagogics.

A PARTIAL COURSE

may be arranged for such Students as do not wish to pursue all the studies required of candidates for graduation. The studies selected, however, must be prosecuted under the same rules, as to recitations and examinations, which govern students pursuing the regular course.

LITERARY AND SCIENTIFIC AIDS.

The Department of Science is provided with Philosophical and Chemical apparatus, Geological and Mineralogical collections, and other requisites for the study of such branches as are usually comprised in a College course.

Besides the libraries belonging to the Literary Societies, and intended more especially for the use of their respective members, the students have access to others containing over 4,000 volumes.

MUSIC AND THE FINE ARTS.

The Department of Music is under the charge of an accomplished Professor who resides in the College and gives to its

students the exclusive benefit of his instruction. An advanced course, embracing Harmony, Counterpoint and Composition, is open to pupils of both sexes, while the most careful attention will be paid to the rudimentary training which is so necessary to successful progress. During the academic year, there will be given, once a month, by the Professor and his pupils, public Recitals, which, it is confidently believed, will not only greatly promote the work of the Department, but prove occasions of interest and enjoyment for the whole school.

In the Department of Fine Arts ample provision is made for a thorough course of instruction in Drawing, and Painting in Water-colors and Oil. The Art Exhibition, which attracted so much attention at the Commencement in '86, will be repeated, in an improved and enlarged form, at the close of the present year.

PHYSICAL CULTURE.

Besides the opportunities afforded by an extensive campus for out-door exercise in an air exceptionally pure and bracing, the female students enjoy the advantage of regular instruction in Calisthenics under the care of a trained and accomplished teacher. The Calisthenic Drill is performed with the aid of a complete gymnastic apparatus, and with a musical accompaniment, and thus furnishes an exercise which, while entertaining and agreeable in itself, gives to the body and its movements grace and beauty, and makes it the basis of a sound and healthy mind. For the male students, there will be provided, at the beginning of the new term, complete appliances for gymnastic training, under the regular supervision of a competent instructor.

GRADES AND AWARDS.

The scholastic standing of the students is determined by a system of grading, the scale of which is from 1 to 10.

Students who obtain on all the regular studies in any Department an average under seven and over five, may, at the discretion of the Faculty and with the consent of the Professor in charge of the Department, be continued with their class, but with the distinct understanding that they cannot be graduated unless they make up their deficiency.

At the Annual Commencement, Certificates of Distinction are awarded to the three highest of such students as have attained an average grade of nine in all the studies of any department. Others who have attained an average grade of nine receive honorable mention. And as every violation of College law, and every unexcused absence from a stated exercise is demerited, to

such students as have received no demerit marks during the year is awarded a Certificate of Distinction in Department.

SOCIETIES.

The Irving and the Webster Literary Societies of Young Gentlemen, and the Browning and the Philomathean Societies of Young Ladies, hold regular weekly meetings, and it is the desire of the Faculty that all the students avail themselves of the advantages of these valuable and instructive organizations.

ORATORICAL CONTEST.

On Tuesday evening of Commencement Week, there is an Oratorical Contest between the Irving and the Webster Literary Societies. The following have been selected by their respective Societies to represent them at the present Commencement for 1886:

IRVING.

WILLIAM M. WELLER,
H. C. STOCKSDALE,
HARRY D. MITCHELL.

WEBSTER.

J. McD. RADFORD,
NATHAN H. WILSON,
PAUL COOMBS.

EXPENSES.

THE COLLEGIATE YEAR.

The Collegiate Year, of forty weeks, is divided into three terms. The first term begins on the first Tuesday in September; the second, on the first Tuesday in December, and the third, on the third Tuesday in March. The year closes with Commencement Day on the third Thursday in June.

The time devoted to Christmas Holidays is not included in the above year, and it is not desirable for students to remain at the College during that time; but where it cannot be avoided, students will be accommodated with board for those two weeks on paying, *in advance*, four dollars and a-half per week.

REGULAR CHARGES.

Board and tuition for the year in the Collegiate Department.	\$225.00
Board and tuition for the year in the Preparatory Department.....	210.00

Payment must be made for each term in advance. In the Collegiate Department, \$75, and in the Preparatory, \$70.

Students not boarding at the College will be charged :

For tuition per term in the Collegiate Department.....	\$15.00
" " " " Preparatory "	10.00

All non-resident students are required to board in the Institution.

SPECIAL RATES.

The regular charges will not be deviated from except as follows :

I. The children of all ministers residing in Westminster ; the children of ministers of the Methodist Protestant Church, and all students designing to enter the ministry of said Church, are entitled to FREE TUITION. To all such the charges will be :

For Board per term.....	\$60.00
-------------------------	---------

II. Board and tuition for all students may be obtained for \$200 *per annum*, by purchasing a scholarship for one year, costing \$35. Persons holding such a scholarship will receive board for \$55 per term. In such cases the payment for the first term will be \$90. For the two remaining terms, \$55 each.

III. Board and tuition for all students may be obtained for \$190 *per annum*, by purchasing a scholarship for four years, costing \$100. Persons holding such a scholarship will receive board at \$55 per term. In such cases the first payment will be \$155, and all succeeding payments for four years, \$55 for each term.

FEES.

At the beginning of the Collegiate course, all students are charged the usual matriculation fee of.....	\$5.00
At the close of the Collegiate course, a diploma fee of.....	7.00
All students are charged for use of Library, per term.....	.50
“ “ “ “ “ “ Gymnastic and Calisthenic apparatus, per term.....	.50

EXTRAS.

Charges for tuition include all the studies of the several courses described in the Catalogue. Students wishing to take other branches will be charged at the following rates:

For Instruction in Instrumental Music and use of Instrument, per term.....	\$15.00
If paid in advance, instruction for the year will be given for	40.00
For instruction in Vocal Music, per term	5.00
“ “ Drawing and Painting (Water and Oil), per term.....	13.50
“ “ Embroidery, per term.....	5.00
“ “ Book Keeping, “	5.00

Students who are entitled to free tuition will be charged half-price for extras.

Text-Books, Stationery, etc., may be obtained at the College Book Room at the regular prices, and must be paid for at the time of purchasing.

DOMESTIC ARRANGEMENTS.

The President resides in the College and directs the management of the Boarding Department. A matron and steward give constant and immediate oversight to this department, and no pains are spared to provide for the comfort and satisfaction of all the patrons of the Institution.

Boarding Students are required to bring their own sheets, pillows, pillow-cases, blankets and counterpanes. All clothing must be plainly marked with the name of the owner.

Lady Boarders should supply themselves, in addition, with over-shoes and umbrella.

Each room is furnished with bed, bedstead, chairs, stove, mirror, washstand, bowl and pitcher, and a study-table, the use of which will be granted, free of cost, to the students, but *they must pay any expense that may be incurred in keeping these articles of furniture in repair, and, if broken, they must be replaced by the students having the articles in charge.* Special damages will be assessed on those students who injure or destroy any College property.

Should it become necessary, from sickness, special food will be prepared and sent to students' rooms, for which twenty-five cents a meal extra will be charged. But in no case will students at the College table be served with special fare.

The table will be supplied with wholesome food in abundance, and everything will be furnished in the best style and with constant attention to variety.

Visitors will be always welcome to the College, and, when it is possible, patrons will be entertained for a short while; but the rooms are usually occupied with students, and patrons should in all cases notify the President of any contemplated visit. Good hotels in the city of Westminster afford accommodations on reasonable terms.

MONEY REFUNDED.

No money paid for tuition will be refunded in any case, but a drawback will be issued to any student not completing the term for which tuition has been paid, entitling him to receive that tuition at any time.

No reduction will be made in board for an absence of less than two weeks; and where money paid for board is refunded (as it will be in every case where the student is obliged to leave), board will be charged at the rate of \$5 per week for the time and the remainder refunded.
