<u>我我我我我我我我我我我我我我我我我我我我我我</u>

AN INTRODUCTION TO

WESTERN MARYLAND COLLEGE

<u>我我我我我我我我我我我我我我我我我我我我我我我</u>

AMERICA PROVIDES many excellent colleges for young people seeking higher education. An applicant should make certain that the college of his choice is of good standing and has ideals and objectives with which he is in accord.

Western Maryland College is a liberal arts institution, accredited by the Middle States Association of Colleges and Secondary Schools and by the University Senate of the Methodist Church. It holds membership in the National Association of a Bachelor of Arts degree in applied music. It is on the approved list of the American Association of University Women. The College is coeducational, the first institution south of the Mason and Dixon Line to open its doors to both young men and young women. A limited enrollment, with a ratio of one instructor for every twelve students, makes possible a close relationship between students and faculty and among the students themselves. Members of the faculty are chosen not only for their scholarship, but for church with students.

Western Maryland College aims to produce graduates with the qualities of leadership and a sense of responsibility for personal development and the advancement of society. At the same time it provides courses for professional training in stated areas as well as pre-professional training for those who plan to comtinue their education in the various specialized fields.

One of the distinctive features of the College is its emphasis upon character development. Chartered in 1868 under the auspices of the former Methodist Protestant Church, it is now one of the church-related colleges of the Methodist Church. While it is open to students of all faiths and makes no religious tests of any, it gives ample opportunity for moral and religious development. It urges all students to attend church on Sunday (Methodist, Lutheran, Episcopal, Catholic, Reformed, Church of the Brethren, Church of God, Church of the Nazarene, and Seventh Day Adventist congregations are to be found in Westimister) and requires attendance each Sunday evening at the College Chapel Service. The students govern themselves by their own elected representatives who are assisted by faculty advisers. The College assumes that persons enrolling will respect the tradition

of the school which prohibits possessing or using alcoholic beverages on the campus or being under the influence of them at any time.

A Handbook of Western Maryland College is published each year and is presented to each incoming student. This publication contains the various regulations of the College as well as other interesting information. Ignorance of the rules and regulations cannot be construed as basis for their evasion.

Persons enrolling at the College are required to live in the dormitories unless residing with parents or immediate relatives. This provides a more unified campus community and makes possible an environment where education is not pursued in isolation but in those natural relationships which typify the democratic atmosphere of American life.

Western Maryland College is ideally located on a onehundred-acre campus at the west end of Westminster, Maryland, amid the intimate beauty of Carroll County's rolling hills. At the same time it is close to the cultural advantages offered by the City of Baltimore (twenty-eight miles distant) and the Nation's Capital (fiftyr-eight miles distant).

It is suggested that applicants make careful reading of the material contained in this catalogue and that they write to the College for any additional information which they may desire.

Purposes And Objectives Of Western Maryland College

- I. To give its students a liberal education so that they may have an appreciative understanding of the cultural heritage of mankind; and to develop in them the ability to relate this heritage to present-day living.
- II. Consistent with this ground work of liberal education, to prepare students for special objectives, which include:
 - 1. Graduate School.
 - Professional Schools-particularly medicine, dentistry, theology, law, social work.
 - Vocations-particularly secondary school teaching, business, and professional or technical pursuits based on a foundation of liberal education.
 - 4. Service as Reserve Officers in the Army.
- III. To encourage in its students:
 - 1. Allegiance to a Supreme Being.
 - 2. Recognition of the reality of moral and spiritual values.
 - Recognition of the worth and dignity of human personality as the basis for democratic living.
 - Awareness of material and human resources as a trust to be developed and used for the welfare of mankind.
 - IV. To prepare men and women to be healthy, well-adjusted members of society.
 - V. To develop men and women of reason, taste, and vision who will assume positions of leadership in their local communities, the nation, and the world.

[11]

Western Maryland College and Preparation for a Career

Like most of America's distinguished undergraduate institutions, Western Maryland is a liberal arts college. This means that students do not receive direct training to become bond salesmen, secretaries, and the like. Rather the liberal arts college prepares its students for leadership-in business, in the professions, in the military service, in scientific work, in social and humanitarian activity.

The graduate of the liberal arts college should have a high sense of aesthetic and spiritual values, aroused and active social awareness, above all a well-stocked and well-disciplined mind. He is able after college to succeed in activity which requires not merely technical proficiency but perception and judgment, refinement and social ease, discrimination and taste. He can do more than hold a job; he can carry out, and often direct, the constructive work of the world.

Education of this calibre can be assimilated by a high school graduate of better than average mental promise or by a graduate of less pronounced intellectual distinction who has extraordinary determination and self-discipline. Certain career choices, however, require special abilities, and the material which follows is intended to make clear some of these requirements as well as to suggest a few of the principal fields open to graduates of liberal arts colleges.

THE PROFESSIONS

The MINSTRY. In addition to the prime requisite of complete devotion to a cause, this calling requires skill and case in writing and speaking, capacity to absorb general and philosophical concepts, interest in varied subject matter, sympathy with people. A good voice and physique are undeniably advantageous. Preministerial students may major in any department, but the most commonly chosen are Philosophy and Religion, English, History, and Sociology. Every year graduates of Western Maryland enter such seminaries as Boston, Drew, Duke, and Westminster, the eastern theological schools of the Methodist church, as well as seminaries of other denominations. The relationship of the college to the church and the active religious life on the campus give strong preparation to preministerial students. MEDICINE. The medical student must have decided ability in the sciences and a real liking for laboratory work. In addition or minimal requirements in undergraduate science, however, medical schools give preference to students with good training in the humanities, social studies, and philosophy. At Western Maryland a student without the special abilities for medicine is guided toward other objectives suited to his talents, thus avoiding waste of much time and money. Though it is theoretically possible to enter medical school after three years of college, competition for admission is so keen that only exceptional students should plan on thus shortening their training. For many years every premedical graduate fully recommended by the Western Maryland Faculty has been accepted by a medical school. Without exception these graduates have been successful as students in medical school and as doctors after completing their training.

TEACHING. The teacher should have genuine intellectual interest and distinction, a concern for books and people, extraordinary patience and sympathy with young people. Though Western Maryland offers professional courses only in the field of secondary education and has an enviable record in the state for the preparation of junior and senior high school teachers, graduates also enter the fields of elementary and college teaching. At the present time, for instance, three Maryland college treaching in (and several out-of-state), as well as numerous members of college faculties, took their undergraduate training at Western Maryland. In addition to training in the standard academic subjects, the College offers special preparation for teachers of Art, forme Economics, Music, and Physical Education. Enough courses in Library Science are included in the curriculum for the student to qualify for the Teacher-Librarian certificate.

The LAW. It is possible to enter law school after majoring in any department, though Economics, History, Political Science, and English are the preferred specializations. Law schools request wide election of courses in many fields, suressing good scholarship, ability to think and write, skill in understanding people, as well as knowledge of the Constitution, American history, and the various economic and legislative patterns. Approved law schools have recently raised their requirements from two to three years of college, and all but the finest students must have a college degree to enter a good law school. Western Maryland oraduates have attended most of the well-known law schools in

[13]

the East, with the greatest number going to the University of Maryland and the schools in the District of Columbia.

BUSINESS

The most natural subject for specialization is of course Economics, though many graduates enter business after majoring in such fields as History, Political Science, and English. It should be emphasized that most corporations have their own training courses for junior executives and prefer broad education rather than highly specialized "job preparation"; thus specific training is usually furnished by the employer, after the graduate is on the job. Business executives expect college graduates to have wide interests and information, to be able to express themselves clearly, to deal successfully with all kinds of people, to understand the theory and practice of the American system. Western Maryland's liberal arts curriculum, enriched by the social experience of campus life, meets these requirements admirably and provides an ideal background for entrance into the world of business.

Of course, many graduates in such special fields as the sciences, mathematics, and home economics find positions employing their particular training in business enterprise.

The woman who supplements a liberal arts education with a brief secretarial course at a business school possesses a tremendous advantage in the world of competitive business.

SCIENCE

ENGINEERING. In recent years engineering schools have become disastified with the training of their graduates who have come directly from high school to the technical complexities of the engineering departuments. Several plans have been worked out for students to take a portion of their training at a liberal arts college, thus securing the breadth and the cultural benefits of such education, and then transfer to the technical school for specialization. Students who follow this plan spend three years at college followed by two years at engineering school; they receive both the A.B. and the engineering degree at the completion of the fifth year. Western Maryland College has adopted such a cosperative program with Johns Hopkins University and with the University of Maryland, whereby students who have successfully completed a prescribed curriculum through the junior year at Western Maryland will be accepted in third/year engineering ing by Johns Hopkins or the University of Maryland. To enter engineering, students should have exceptional ability in mathematics and quick comprehension of scientific material in general.

Forestraw. This is a new vocational opportunity for young men who like an outdoor life and have outstanding ability in botany. As in medicine, law, business, and engineering, schools of forestry desire broadly educated people; they have therefore sought arrangements with liberal arts colleges. Western Maryland is one of a number of schools which offer the pre-professional training in forestry for Duke University. After three years at Western Maryland and two years in the Duke School of Forestry, the student receives the A.B. and the master's degree in forestry.

Ispustrav and Governerst Stravice. In the laboratories of both private industry and the government, innumerable positions of highly varied requirements are constantly open to the graduate who has been trained in mathematical, physical, or biological science. Advancement in such positions often comes in consequence of the qualities developed by the non-scientific side of college education, so that the liberal arts graduate has in the long run a clear advantage over graduates of purely technical programs. Many Western Maryland graduates in Biology, Chemistry, Mathematics, Physics, and Home Economics hold distinensished positions in these fields.

NURSING. Nursing requires women of intelligence and integrity, whose interest is in people. In addition good physical stamina and emotional stability are needed. A college degree is increasingly in demand in nursing, especially for supervisory positions. The student is required to spend two or more years in college before entering nursing school. Those who desire a B.S. in nursing may take a prescribed course for two years or more at Western Maryland and then transfer to a hospital connected with a university which offers the B.S. in nursing. For example, students have transferred to Johns Hopkins Hospital and received the degree from Johns Hopkins University. In most hospitals students who follow this program may have the period of attendance in nursing school shortened by several months. Capable students who are ambitious to secure the advantages in nursing gained by those holding a college degree are invited to write to the Biology Department, Western Maryland College, for detailed information on the combined curriculum.

THE ARMED FORCES

As every able-bodied male citizen must eventually serve in the armed forces, is seems advisable to train men for positions as officers. Western Maryland has had for more than thirty years an ROTC unit which has always held top rating and which has contributed many effective officers in the long national emergency since 1941. The unit is at present classified as "Branch General," which allows those who graduate with commissions as reserve officers to serve in a branch of the army appropriate to their special training. Students selected for the advanced course are deferred while in college. Though a number of graduates have chosen a career in the army, the program allows the student to qualify for his academic objective and at the same time secure a commission as a reserve officer.

SOCIAL WORK

For some years Western Maryland has furnished a number of workers in the field of social therapy and rehabilitation. Such workers must be interested in people, have sympathy for the unfortunate, be willing to face disturbing conditions without distaste. Social workers most frequently major in Sociology, but some have specialized in English or Psychology. Many Western Maryland students are employed by social agencies immediately after graduation, but those who seek professional recognition in this area should plan to do graduate work at one of the approved schools of social work. Such graduate study is often subsidized by a public agency, which at the same time gives the student part-time employment.

The new field of church secretarial work requires similar training and qualifications. Prominent among personal characteristics for such positions are the refinement and cultural attainments imparted by a liberal arts college, particularly one related to the church.

GRADUATE STUDY

The best place to secure preparation for graduate work is the liberal arts college. Craduates of Western Maryland have gone to most of the great universities in all fields. A considerable number have secured doctoral degrees. Many have studied, both in this country and abroad, on scholarships awarded on the basis of their achievement at Western Maryland. Though the majority of those securing advanced degrees go into teaching, a surprising number enter business, journalism, industrial science, and other non-pedagogical occupations.

OTHER VOCATIONS

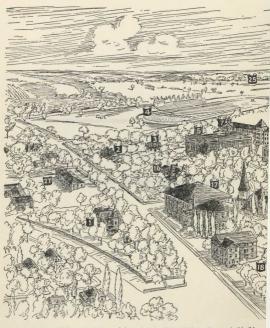

It is manifestly impossible to include all the occupations which graduates of liberal arts colleges enter. Two as yet unmentioned are journalism and the diplomatic service, which are popular with college graduates and for which no other training is as good. For certain other occupations, the requirements and advantages may be inferred from what has been said previously about similar fields; for instance, much that appears under the heading "Medicine" is also true of dentistry and vererinary medicine. In some instances such as the field of professional music, success depends so much on natural talent that no general advice can substitute for a personal interview.

The College edits each year and distributes to every new student a guidance bulletin, enumerating approximately sixty academic objectives which may be fulfilled at Western Maryland; each objective is described in terms of the courses which should be taken in the major and in other departments. Other features of the advisory service for new students are described in this catalogue under "Admission."

Prospective students who desire information, either by mail or in person, concerning the relationship between their chosen career and the liberal arts education may communicate with the Registrar, Western Maryland College. Any such request will be referred to the proper staff member for response. **我我我我我我我我我我我我我我我我我我我我**

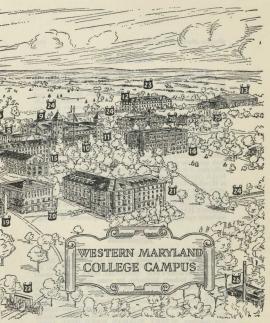

FACILITIES

我我我我我我我我我我我我我我我我我我我我我我我

This diagram is in constant process of change because of the addition and removal of buildings as a part of the current program of campus development.

1. Carroll Hall, 2. The McDaniel House. 3. The Dean of Men's Residence. 4. Hoffa Adhletic Field. 5. Lewis Hall. 6. Site of the new Baker Memorial Chapel. 7. Ward Hall (razed in 1957). 8. Hering Hall. 2. Old Main. 10. Smith Hall. 11. McKinstry Hall (razed in 1950).

12. Albert Norman Ward Hall. 15. The Gill Commassium 14. Science Hall 15. McDatlel Hall, 16. The President's House, 17. Munut 16al. 18. Lewise Hall of Munic. 19. Baler, Chaplel. 20. The Golf Chaplel. 20. The Monitor Longence and the Mark Hall. 28. Ward Memorial Arch. 28. The Golf Information Courts. 28. Harvey Stone Park. 26. The Power Plant. 27. The Thompson Infirmary, 28. The Westminster Theological Seminary, the campus of which adjoins that of the College. 29. Daniel MacLea Hall (cerected 1955).

Educational

OLD MAIN (1866), the first building erected on the campus, is now largely devoted to the use of the Department of Art. HERING HALL (1800), named for Dr. J. W. Hering, first Treasurer of the Board of Trustees, contains laboratories and other facilities for the Department of Home Economics. LE-VINE HALL OF MUSIC (1891), named in memory of James Levine Billingslea, after extensive alterations in 1939 houses the Department of Music and provides seven studios and classrooms, ten practice rooms, a recital hall, and the Doria Music Library. THE McDANIEL HOUSE (1806) is used for the home management program of the Department of Home Economics. THE LI-BRARY (1008) contains periodical, reference, magazine, conference, and reading rooms as well as staff rooms, a classroom, and stack space for the more than 50,000 volumes contained in the collection; it is a depository for government publications. LEWIS HALL (1914), named for the College's second President. Thomas Hamilton Lewis, contains thirteen classrooms and six laboratories, three each for the Department of Physics and the Department of Chemistry. The laboratories are ample in both equipment and space. The astronomical observatory tops the building. SCIENCE HALL (1929) contains fourteen classrooms and three modernly equipped laboratories for the Department of Biology.

Residential

SMITH HALL (1887), named for John Smith, first President of the Board of Trustees, provides residence rooms for faculty members. THE PRESIDENT'S HOUSE (1880) was the gift of Daniel Baker's sons. MCDANIEL HALL (1922), named for William Roberts McDaniel, for many years Vice-President of the College, is a dormitory for women and contains a large student lounge as well as many auxiliary rooms. BLANCHE WARD HALL (1935), named for Blanche Murchison Ward, wife of Albert Norman Ward, provides housing for one hundred sixty women and contains a number of rooms auxiliary to dormitory purpose. ALBERT NORMAN WARD HALL (1939), named in memory of the College's third President, is a composition of four distinct units and provides dormitory and social rooms for male students. DANIEL MACLEA HALL (1955), named for the Chairman of the Buildings and Grounds Committee, 1928-1950, is a men's dormitory, similar in design to Albert Norman Ward Hall.

The Dining Hall, with a capacity of six hundred, is located in SCIENCE HALL.

In room assignments preference is given to old students in the order of classes and to new students in the order of matriculation. When applicants do not themselves designate a choice of roommate, the College will endeavor to make selection on the basis of probable compatibility. Bedrooms are completely furnished, but pillows, blankets, linens, and towels are supplied by the student.

Health and Physical Welfare

THE THOMPSON INFIRMARY (1950) was erected in memory of Dr. William J. Thompson, a staunch friend and trustee of Western Maryland. It provides bright, cheerful wards for both men and women in addition to isolation rooms for emergency cases. A competent nursing staff is available at all times to care for the needs of the students.

Modern and adequate physical education facilities for women are to be found in BLANCHE WARD Gymmasium. THE GILL GYMNASIUM (1939), named for Brigadier General Robert J. Gill ('10), has a main playing floor eighty by one hundred fitteen fect with folding bleachers seating one thousand. Ample lockers and shower rooms are provided as well as rooms for the Department of Physical Education and Intercollegiate Athletics. HOFFA ATHLETIC FIELD is a setting for intercollegiate sports. HARVEY STONE PARK is a beautiful tract of five acres with an amplitheater and a covered paylilon. A nine-hole golf course, four playing fields, and ten tennis courts are available for student use.

General

BAKER CHAPEL (1895), gift of Mr. William G. Baker of Buckeystown, Maryland, "to the glory of God and in grateful recognition of the mercy that spared the life of a beloved son," is used for the Sunday School and other religious exercises. It

contains a two-manual pipe organ by Brown. A new Baker Memorial Chapel to be dedicated to the memory of William G. Baker, Sr., Daniel Baker, Joseph D. Baker, and Sarah Baker Thomas is being erected during 1956-57. AUMNI HALL (1890) contains an auditorium capable of seating twelve hundred persons. It is used for chapel, assemblies, lectures, and musical programs as well as for the presentations of the Department of Dramatic Art. It also contains a three-manual pipe organ by Moller. CARROLL HALL, a property purchased in 1922. houses the Offices of Administration. RERERERERERERERERERERE

FROM ADMISSION TO

GRADUATION

RECERCERCERCERCERCERCE

Admission

 $\mathcal{B}^{ ext{EFORE}}$ completing plans for admission, applicants are advised to learn as much about Western Maryland College

as possible. In order to do this, they should read carefully the appropriate sections of this catalogue, and if practicable visit the campus. Too much stress cannot be laid upon the necessity for care in the selection of a college which will fill the applicant's needs and which has traditions and objectives in accordance with his ideals.

To be admitted to Western Maryland, a student must have received a high school diploma or a certificate of equivalence. Applications are considered as long as space is available; however, students are advised to apply early, preferably following the completion of their junior year in high school.

In selecting students for admission to Western Maryland College, consideration is given to the following:

- 1. Quality and content of secondary school record.
- 2. Results of aptitude tests.
- 3. Recommendation of principal or counselor.
- 4. Personality record.
- 5. For transfer students, previous college record.

If the tests of the College Entrance Examination Board have been taken, the results should be submitted. Though not required, these tests are strongly urged, especially for applicants coming from schools which have not sent many students to Western Maryland.

Western Maryland College will accept students transferring from other accredited colleges only if they can furnish a statement of honorable dismissal from the institution attended. A transcript of the student's record must also be presented. Transfer credit will be allowed only for courses comparable to the offerings of Western Maryland College. No transfer credit will be allowed for courses completed with the lowest passing grade of the institution formerly attended.

All applicants must be accepted by the Committee on Admissions and Standards. This regulation applies to all students not previously enrolled at the College and also to all former Western Maryland students seeking readmission, whatever their reason for withdrawal.

After an application for admission has been approved, the Registrar will send to the student all additional data needed before his arrival at the College.

The curriculum which each freshman pursues is not finally determined until the end of Freshman Orientation Period. During this time, the incoming students attend a series of lectures and discussions dealing with college education and college life. They are also given a number of tests, the results of which are placed in the hands of the counselors to whom the freshmen are assigned for the selection of courses in based on the student's high school record, the secondary school principal's report, the placement tests, and the individual's objectives.

The counselors are members of the faculty who have had special training or experience in advising students in regard to academic problems. Assignment of counselors is made largely on the basis of the student's academic objective. Normally the individual retains the same adviser until the fourth semester, at which time a representative of the major department becomes his adviser; if the student expects to teach in high school, the Department of Education directs him in a program planned cooperatively with his major department.

In many cases, the selection of a major department should be made prior to the fourth semester. A major in Music or in Home Economics, for instance, should be indicated at entrance, so that courses in these departments may be taken during the freshman year. If one expects to major in any of the sciences, mathematics should be taken in the first year. It is advisable to have a fairly definite plan for specialization by the end of the freshman year.

For those who desire expert assistance in coming to a decision regarding the choice of a vocation, the College offers a special vocational guidance service. This consists of a series of tests, questionnaires, personal interviews, and help in interpreting the data thus obtained. The tests measure mental, physical, and emotional aptitudes, vocational interests, personality traits, etc. (A fee of 51000 is charged for this service.)

As an additional aid to the proper orientation of freshmen, specially trained upperclass students serve as personal advisers, particularly in such areas as the nature of a liberal education, the techniques of study, the proper budgeting of time and money, the choice of a vocation, the development of personality, and the building of a philosophy of life.

Grades and Reports

The instructor determines the progress of the individual and the group by means of conferences, class work, tests measuring the cumulative knowledge in the course and in the field of study, special assignments or papers, and other procedures which may prove valuable.

The scholastic standing of students is indicated by a system of grades, designated by the letters A, B, C, D, E, F, and I. A, B, C, and D are passing grades, A indicating work of the highest rank, D of the lowest. Students receiving the grade of E are conditioned in the subject and may remove the condition in any way that is astisfactory to the instructor, provided this is done within one year. Students receiving the grade of F must repeat the course to receive credit for it. Students receiving the grade of I must complete the course within one year from date of record if a credit grade is to be given.

Students who withdraw before the end of a semester receive a withdrawal grade: WS (withdrawn satisfactory), WU (withdrawn unsatisfactory), or WF (withdrawn failing).

The general quality of students' work is numerically determined by assigning quality points for each semester hour of a grade as follows: A, g; B, g; C, t; D, o; WU, o; E,--1 (until the condition is removed); F,--1; WF,--1. In order to be ranked in full class standing, students must complete successfully the normal program of semester hours with at least an equal number of quality points. The normal program for freshmen and sophomores is thirty-four semester hours each year; for juniors and seniors, thirty-semester hours. The number of semester hours which each course carries is stated after its description in the Courses of Instruction section of this catalogue.

Reports are mailed to parents at the end of each semester and at midsemester during the freshman year. Midsemester reports are also made in courses where upperclassmen are doing unsatifactory work. The academic records are reviewed each semester by the Committee on Admissions and Standards. A student may be dropped from college when, in the opinion of the Committee, his scholarship record is so low as to justify such action.

Honorable Mention is given for outstanding scholarship during a college year. This honor is read at the fall convocation and recorded on the permanent record and in the catalogue. An

index of 2.1 is necessary for freshmen and sophomores to receive honorable mention; for juniors and seniors an index of 2.2 is necessary.

Degrees

The College offers two Bachelor's degrees, the Bachelor of Arts and the Bachelor of Science. The Bachelor of Arts degree is conferred upon those students whose programs include both a major in one of the traditional subjects of the liberal arts curriculum and at least 96 semsetr hours in courses which are not applied or professional. The Bachelor of Science degree is conferred upon those students whose programs include either a major in an applied or professional subject or less than 96 semester hours in courses of the traditional liberal arts curriculum.

DISTRIBUTION OF COURSES

The completion of 128 semester hours and the accumulation of 128 quality points are required for the Bachelor's degree. The 128 semester hours are to be distributed among basic subjects, major requirements, and electives as listed below. The student's adviser guides his program and is at all times available for consultation; but the final responsibility for meeting the requirements for graduation rests with the student.

1. BASIC SUBJECTS. For either Bachelor's degree, the following basic subjects must be passed:

Semester Hours

English	
Composition	6
Literature	6
Laboratory Science	6
Foreign Language	12
Social Studies	9
Biblical Literature	8
Psychology	8
Fine Arts	2
Military Science (for men)	6
Physical Education (for women)	4

Any student who has not taken a course in Biology in high school must take at least three semester hours of college Biology. If he has not taken a course in Chemistry or Physics in high school, he must take at least three semester hours in some physical science in college.

The basic requirement in foreign language is the equivalent of two years of college language. This requirement may be met in any of the following ways: three years of the same language in high school; two years each of two languages in high school; two years of one language in high school followed by the second college year of the same language; two years of one language in college.

Military science is required of all freshman and sophomore men who are not veterans. A student seeking exemption must file with the President a written request which has been endorsed by his parents. Transfer students entering with the rank of junior or senior are exempt from the requirement in military science. For students exempt from military science, four semester hours of physical education are a basic requirement.

2. MAJOR REQUIREMENTS. For either the Bachelor of Arts or the Bachelor of Science degree, the courses must be completed which are listed under one of the departmental objectives in the Guidance Bulletin, a copy of which is given to each entering student during the Freshman Orientation Period.

Eighteen semester hours of C grade or better beyond the introductory courses are the minimum requirement within the department for a major; no more than thirty semester hours beyond the introductory courses in any one department will be counted toward the Bachelor's degree. Students working in Special Studies courses toward Departmental Honors may be permitted six semester hours in the department beyond the maximum regularly allowed toward graduation. Introductory courses in the departments are marked in this catalogue with an asterisk.

Departments in which a major leads to the degree of Bachelor of Arts are: Art (at least twelve semester hours in History of Art), Biology, Chemistry, Economics, English, French, Greek, History, Latin, Mathematics, Music (no more than sixteen semester hours in Applied Music), Philosophy and Religion, Physics, Political Science, Premedical course, Psychology, and Sociology.

Departments in which a major leads to the degree of Bachelor of Science are: Art (less than twelve semester hours in History of Art), Home Economics, Physical and Health Education, and Public School Music.

9. ELECTIVES. For either the Bachelor of Arts or the Bachelor of Science degree, the additional courses to total 128 sensetre hours should be selected with the approval of the student's counselor. Those who are candidates for a certificate to teach in the secondary schools must include at least eighteen sensetre hours of education courses among their electives, must meet certification requirements in the subjects they expect to teach.

[31]

and must be under the advice of the Department of Education as to allowable teaching subjects and combination of subjects.

Although no majors are offered in the following subjects, courses are given in them: Astronomy, Dramatic Art, Education, General Science, Geology, German, Library Science, Mechanical Drawing, Military Science, Reading, and Spanish.

If less than 6⁵ semester hours be offered from the traditional liberal arts courses, the Bachelor of Science degree will be conferred. Courses which are classified as applied or professional rather than as traditional liberal arts are as follows: Applied Art (all courses): Education (all courses except 303): English 231, 232, 233, 234; Home Economics (all courses): Library Science (all courses): Mechanical Drawing 101, 102; Military Science 201, Choir, Orchestra; Physical and Health Education (all courses) Choir, Orchestra; Physical and Health Education (all courses) in the transformation of the transformation (all courses); Physical and Health Education (all courses)

The Accelerated Program

In normal procedure a degree is earned over a four-year period. Many students justifiably desire to shorten this period as much as possible. For such students a sequence of courses has been provided which meets the requirements for the degree in slightly less than three years. This acceleration is possible for students who attend college during the summer session. Students may enroll at the opening of the fall, whiter, or summer terms.

Graduation Honors

The College grants two types of honor citations at graduation, General Honors and Departmental Honors. The attaining of these citations depends on the quality of work done, as outlined below.

- General Honors: Summa Cum Laude and Cum Laude. These honors are recorded on the diplomas, on the students' permanent records, and in the catalogue. An index of 2.5 is necessary for Summa Cum Laude, 2.2 for Cum Laude. Students who have transferred credit from other institutions must have achieved the index necessary for general honors both in the courses taken at Western Maryland and in all the courses taken.
- 2. Departmental Honors: Honors in ______ (name of the major department). These honors are

recorded on the students' permanent records and in the catalogue. To receive departmental honors, students must:

- a. Have an index of 2.2 in an aggregate of all courses taken in the major department.
- b. Pass a comprehensive examination in the major field.
- c. Satisfy any departmental requirements, such as engaging in seminars or in individual directed study, submitting an essay, etc.
- d. Be recommended by the department.

Awards

The following awards are bestowed annually:

THE BATES PRIZE, founded in 1905 by Edward Bayley Bates of the Class of 1898 in memory of Rev. Laurence Webster Bates, D.D., is a gold medal awarded to the member of the graduating class who has made the best record during his undergraduate course as a college man.

The MARY WARD LEWIS PRIZE, founded in 1920 by the Browning Literary Society in honor of the wife of the second President of the College, is a gold medal awarded to the member of the graduating class who has made the best record during her undergraduate course as a college woman.

THE JOIN A. ALEXANDER MEDAL, founded in 1920 by the Class of 1917 in memory of John A. Alexander, a member of the Class of 1917 who died in World War I, is a gold medal awarded to the member of the graduating class who has made the best record in athletics.

THE LYNN F. GRUBER MEDAL, founded in 1925 by the Black and White Club as a memorial to Lynn F. Gruber of the Class of 1926, is given for proficiency in extracurricular activities.

THE ADELAIDE ERICHS WATSON PRIZE, established by her husband, Dr. Harry G. Watson of the Class of 1889, is given to a member of the graduating class for excellence in Home Economics.

THE UNITED STATES HISTORY AWARD, established through a bequest of Mr. H. Peyton Gorsuch for students excelling in United States History, was founded to increase interest in the historical background of the American nation.

THE FELIX WOODBRIDGE MORLEY MEMORIAL AWARD is made

annually to that member of the Freshman Class who by his or her development on "The Hill" has most happly justified admission to the college community. The award was established in 1952 by Mr. and Mrs. Felix Morley, with supplementary gifts by other friends, in memory of their son, who was a freshman at the College during the academic year, 1951-1952.

THE ALUMNI CITIZENSHIP AWAED, established in 1952, is given annually to a senior man and a senior woman who have displayed a steadying loyalty toward their classmates and college through their active participation in developing what is best for the campus life of Western Maryland College.

The AMERICAN ASSOCIATION OF UNIVERSITY WOMEN AWARD has been made annually since 1954 to the woman member of the graduating class whose college record indicates greatest promise for realization of the ideals of the association.

Preparation for High School Teaching

The Department of Education offers comprehensive curricula for the preparation of high school teachers of the academic subjects and of the following special subjects: Art, Home Economics, Library Science, Music, and Physical Education. Each student preparing to teach plans his course and works under the guidance of the Education Department throughout the course. If the student carefully plans his program, he may qualify to teach two or more high school subjects, complete the professional requirements for certification in Maryland, and meet the requirements for the Bachelor's degree in the usual four yeas.

Only those students who rank academically in the upper four-fifths of the class are eligible to take the courses in Education. For further information refer to the statement of the Education Department under Courses of Instruction.

THE MASTER'S DEGREE

Western Maryland College offers programs leading to the degree of Master of Education to selected students interested in a fifth year of combined internship teaching and graduate study, and to selected teachers in service interested in meeting requirements for renewal of certificates or for additional certificates through part-time and summer session courses. During the fall and spring semesters, various campus and off-campus classes are offered in Maryland and Pennsylvania. For further information relative to these programs write to the Head of the Education Department.

[34]

·我我我我我我我我我我我我我我我我我我我我

GENERAL INFORMATION

我我我我我我我我我我我我我我我我我我我我我我我

Extracurricular Activities

STUDENT GOVERNMENT

Realizing the opportunity given during the four years in college to develop qualities of leadership and good citizenship, the Administration encourages student participation in self-government and in worthwhile extracurricular activities. Representatives of the Student Government and the Faculty compose a Student Activities Committee, which directs the varied social program of the college year.

Upon registration all students become members of the Student Government Association, which is organized to direct the conduct of students in all phases of college life. The governing body is composed of student representatives.

HONOR SOCIETIES

The national honorary biological society, Beta Beta, established a chapter at Western Maryland College in 1932. A student interested in biology may be initiated into the society after he has obtained a total of ten semester hours credit in biology, provided this and all his other college work is of superior grade. Members are elected at the beginning of each semester by the active members of the chapter, on nomination by the faculty of the Biology Department.

In 1955 there was organized at the College a local honor society. The Argonauts. Fellowship in the society is reserved for those who graduate with honors, but the activities of the organization on the campus are carried on chiefly by the associates, who are either candidates for graduation honors or have the grade average required by the society and have spent at least four sensetrs in this or another college of recognized standing. Occasional meetings are held to hear reports on scholarly investigations, and a banquete each spring honors the fellows.

The Trumpeters, for senior women, is an honorary society dedicated to campus service. Members are chosen at a tapping ceremony according to a point system based on leadership ability, personality, character, and potentiality.

Iota Chapter of Alpha Kappa Alpha, national honorary fraternity in philosophy, was established at Western Maryland in the spring of 1949. Its aim is to develop an interest in philosophical study and discussion. Membership is open to students with the requisite scholarship qualifications.

RELIGIOUS ORGANIZATIONS

There are on the campus the Student Christian Association and the William G. Baker Studay School, in which all students are invited to participate. Within the Student Christian Association, there are various denominational clubs. The Wesleyane and the Wesleyanettes are clubs for students interested in Christian work as a career.

ATHLETIC ORGANIZATIONS

There are two parallel athletic programs for men on the campus-the intercollegiate (varsity sports) and the intramural programs. The intercollegiate activities include baseball, basketball, football, golf, rifle, soccer, tennis, track, and wrestling. The intramural program offers basketball, golf, softball, tennis, touch football, track, and volleyball.

Women's athletics are organized under the Women's Athletic Association. Archery, badminton, basketball, fencing, golf, hiking, hockey, softball, tennis, and volleyball are among the sports included in the year's program.

SOCIAL FRATERNITIES AND SORORITIES

There are eight of these organizations on the campus, all of them of local origin: Alpha Gamma Tau, Delta Pi Alpha, Gamma Beta Chi, and Pi Alpha Alpha for men; Delta Sigma Kappa, Iota Gamma Chi, Phi Alpha Mu, and Sigma Sigma Tau for women.

MISCELLANEOUS CLUBS

Among the organizations concerned with special interests may be mentioned the various music clubs, such as the Choir, the Glee Clubs, the Band, and the Orchestra; the Arts Symposium; the Camera Club; Le Cercle Francais; the Classics Club; the College Players; the Economics Club; the Future Teachers of America; the Home Economics Club; the Future Teachers of America; and the Pershing Rifles.

STUDENT PUBLICATIONS

The Gold Bug is a semi-monthly paper issued by the students of the College. The Aloha, the student annual, is edited and published by the senior class.

CONCERT AND LECTURE PROGRAM

The College regularly invites speakers of note to address the student body on subjects of general or scholarly interest. A series of musical and dramatic programs features not only members of the Departments of Music and Drama, but outstanding guest artists. One of the annual events is the concert by the National Symphony Orchestra under the direction of Dr. Howard Mitchell.

Expenses

Western Maryland College has always attempted to keep its fees within the reach of those students coming from families with moderate incomes, so that its educational program will not be restricted to the wealthy. In these days of increasing price and wage levels such a policy has been extremely difficult, and the following charges, which are less than those of many independent colleges of like caliber, are made possible, without impairing the quality of the college program, only because of the liberal support of the Methodist Church, contributions from business and industry, and the generous help of many of our alumni and friends.

The tuition charge for a full-time student is \$300 per semester. Students carrying less than 12 semester hours are not considered full-time students and are charged \$20 per semester hour. Board and room charges (depending on room selection) range from \$287,50 to \$312,50 for a semester. (The College reserves the right to increase the amount for board if food costs rise). An extra tuition charge of \$30 per semester is made for private instruction in voice, piano, organ, violin, and other instruments. Certain courses in Art and in Dramatic Art, where there is individual instruction, carry a small extra tuition charge as listed under Courses of Instruction.

A registration fee of \$15 is charged each new student. An advance deposit of \$50 on the room and board charge is required annually from each boarding student prior to the opening of the first semester upon notification from the College. The above fee and deposit are not refundable.

An activities fee of $\$_{35}$ is payable annually. Laboratory and materials fees are listed under the description of the courses in which they are required. A health fee of $\$_{15}$ is required annually of all boarding students entitling them to the services of the nurse and the use of the infirmary up to seven days. A charge of $\$_{1.50}$ per day is made for use of the infirmary in excess of seven days.

Music practice rooms for piano, violin, and voice carry a fee of \$5 per daily hour per semester; organ, \$7.50.

MISCELLANEOUS FEES

Vocational Guidance Service (optional)	\$10.00
Late Registration	2.00
Removal of Conditioned Grade	1.00
Diploma	8.00
Transcripts of Record (each)	1.00
(A student is entitled to one transcript without charge)	

The regular college year consists of two semesters; it is assumed that a student will not withdraw from the College during a semester except for justifiable reasons. In the event that such a withdrawal is necessary, refunds for tuition and room may be allowed on the following basis:

Less than 2 weeks	80%	refund
Between 2 and 3 weeks		refund
Between 3 and 4 weeks		refund
Between 4 and 5 weeks		refund
5 weeks or more	- no	refund

No fees will be refunded. A pro-rata refund will be made for board in the case of students absent from college for a continuous period in excess of three weeks. Bills are due when presented, and students will not be advanced from one class to another nor be graduated until accounts are settled in full.

Total charges for all necessary college expenses (including textbooks, which may be purchased at the College Bookstore) vary from \$130.00 to \$1400.00 for the regular college year.

Student Aid

GENERAL SCHOLARSHIPS

Western Maryland College has available a limited number of scholarships that are awarded annually to worthy students. In addition to those listed on pages 152 and 153, there are a few special scholarships ranging in value from one hundred dollars to full tuition annually. Applicants for these scholarships should address their inquiries to the President of the College not later than February 1.

SELF-HELP POSITIONS AND FRESHMAN SCHOLARSHIPS

There are a number of self-help positions on the campus whereby a student can earn up to three hundred dollars annually. On the theory that freshman students should be free to give

full time to academic and extra-curricular activities, these positions are reserved for upperclassmen. To those freshman students, however, who find it necessary to have help of this sort, the College awards Freshman Scholarships for the first year only which give the student an outright grant equivalent to what he might earn in subsequent years.

STATE SCHOLARSHIPS

An Act of the General Assembly of Maryland enables the College to furnish tuition and board free to two students (one young man and one young woman) from each county of the State and from each legislative district of Baltimore City. A scholarship cannot be held by the same student for more than four years, nor beyond the time of receiving a Bachelor's degree; and the holder is required to give bond to the State of Maryland for such amount, with such security, as may be approved by the College, that he or she will teach school within the State for not less than two years after leaving College. In order to enable the College to carry out fully the intention of the Act of the Legislature providing for these scholarships, it is highly important that only those students be appointed who are graduates of accredited four-year high schools, who meet the scholastic requirements for recommendation of the State Department of Education. and who desire to qualify as high school teachers in the State of Maryland. A medical examination for the Teachers' Retirement System should be required before an appointment is made.

Candidates for these scholarships should apply to the Registrar of the College for information regarding the competitive examination.

In Carroll County there are also tuition scholarships for two residents of each district of the county. Information concerning these scholarships may be secured from the Board of Education of Carroll County.

NATIONAL METHODIST SCHOLARSHIPS

The Board of Education of the Methodist Church makes available to Western Maryland College a limited number of scholarships known as "National Methodist Scholarships," for which members of the Methodist Church are digible. They are awarded on the basis of academic excellence and financial need. The holders of the scholarships receive their deucational expenses up to \$500. Applications should be made to Dean Samuel B. Schofield, Western Maryland College, not later than May 1. **死我我我我我我我我我我我我我我我我我我**

COURSES OF INSTRUCTION

我我我我我我我我我我我我我我我我我我我我我我我

Courses of Instruction

Courses are designated by departments and a three digit system of numerals. The first, or hundreds, digit in a number indicates the class standing that a student must attain to be eligible for the course. Freshmen may not register for any course numbered 201 or above; sophomores, 301 or above; juniors, 401 or above.†

Single numerals (e.g., 101) designate semester courses. Double numerals (e.g., 101, 102) indicate a year course. Odd numerals mark courses offered in the first semester, even numerals those in the second semester. Numerals such as 101; 101R indicate a course which is given in both semesters.

A semicolon is used to separate the numerals (e.g., 103; 104) when each half year's work may be taken independently of the other and credit received for the work of a single semester.

A comma placed between the numerals (e.g., 105, 106) indicates that the work of the first semester is prerequisite to that of the second but credit may be received for the work of the first semester without the completion of the work of the second.

Hyphenated numerals (e.g., 107-108) indicate year courses for which no credit is given until the work of both semesters has been completed.

An asterisk placed before the course designation (e.g., *101) indicates that the work is considered introductory in relation to major requirements.

ART

Professor MacDonald; Associate Professor Shipley

APPLIED ART

*103, 104. ELEMENTARY DRAWING.

An introductory course designed to give training for the correct visualization and representation of forms through line, tone, and the principles of perspective. Extra tuition fee, \$5.00 each semester.

One two-hour period a week. Credit, one semester hour each semester.

†Exceptions may be permitted only by the Dean or the Faculty in cases of unusual program adjustments.

*105, 106. ELEMENTARY DESIGN.

An introductory study of design principles and the application of these principles to everyday life. Extra tuition fee, \$5.00 each semester.

One two-hour period a week. Credit, one semester hour each semester.

202. CRAFTS.

Extra tuition fee, \$5.00. Laboratory fee, \$2.50. One two-hour period a week. Credit, one semester hour.

208. ADVANCED DRAWING.

Prerequisite, Art 103, 104, or the equivalent. Extra tuition fee, \$5.00.

One two-hour period a week. Credit, one semester hour.

207. TEXTILE CRAFTS.

Extra tuition fee. \$5.00.

One two-hour period a week. Credit, one semester hour.

301, 302. ADVANCED DESIGN.

Prerequisite, Art 105, 106. Extra tuition fee, \$10.00 each semester.

Two two-hour periods a week. Credit, two semester hours each semester.

303. ETCHING.

Prerequisite, Art 103, 104. Extra tuition fee, \$5.00. One two-hour period a week. Credit, one semester hour.

804. CLAY MODELING.

Extra tuition fee, \$5.00. One two-hour period a week. Credit, one semester hour.

306. ILLUSTRATION.

Prerequisite, Art 103, 104. Extra tuition fee, \$5.00. One period a week. Credit, one semester hour.

808. WATER COLOR PAINTING.

Prerequisite, Art 103, 104. Extra tuition fee, \$5.00. One two-hour period a week. Credit, one semester hour.

[46]

401, 402. OIL PAINTING.

Prerequisite, Art 103, 104. Extra tuition fee, \$10.00 each semester.

Two two-hour periods a week. Credit, two semester hours each semester.

HISTORY OF ART

•113; 114. HISTORY OF ART.

An introductory survey of the development of architecture, sculpture, and painting in relation to their cultural backgrounds. Materials fee, \$2.00 each semester.

Two periods a week. Credit, two semester hours each semester.

221. GREEK AND ROMAN ART.

Materials fee, \$2.00.

Three periods a week. Credit, three semester hours. Alternates with Art 223. Offered in 1957-1958.

222. MEDIEVAL ART.

A study of Early Christian, Byzantine, Romanesque, and Gothic architecture, sculpture, and minor arts. Materials fee, \$2.00.

Three periods a week. Credit, three semester hours. Alternates with Art 224. Offered in 1957-1958.

223; 224. THE ITALIAN RENAISSANCE.

Materials fee, \$2.00 each semester.

Three periods a week. Credit, three semester hours each semester.

Alternates with Art 221 and 222. Not offered in 1957-1958.

225. AMERICAN ART.

Materials fee, \$2.00.

Three periods a week. Credit, three semester hours. Alternates with Art 227. Offered in 1957-1958.

226. CRITICISM AND THE CONTEMPORARY ARTS.

Principles of taste, theories of criticism and aesthetics, and their application to the various fine arts. Materials fee, \$2.00.

Three periods a week. Credit, three semester hours. Alternates with Art 228. Offered in 1957-1958.

[47]

227. BAROQUE ART.

The Renaissance in northern and western Europe, and the art of the seventeenth and eighteenth centuries. Materials fee, \$2.00.

Three periods a week. Credit, three semester hours. Alternates with Art 225. Not offered in 1957-1958.

228. European Art of the Nineteenth and Twentieth Centuries.

Materials fee, \$2.00.

Three periods a week. Credit, three semester hours. Alternates with Art 226. Not offered in 1957-1958.

325. AESTHETICS.

See Philosophy 325.

351; 352; 451; 452. SPECIAL STUDIES IN ART.

Directed study planned and conducted with reference to the needs of those students who are candidates for departmental honors in Art. Qualified students who are not candidates for such honors, but who desire to take the course, are also admitted.

Seminars in archaeology will be offered from time to time emphasizing methods of archaeological investigation. The field of concentration will be chosen from the following: topography, painting, and the minor arts.

Extra tuition fee for Special Studies in Applied Art, \$5.00 per semester hour.

Credit, one to three semester hours each semester, depending upon the quantity and quality of the work done.

ASTRONOMY

Professor Summers

No major is offered in this field.

302. DESCRIPTIVE ASTRONOMY.

A non-mathematical study of the solar system, time, stars and constellations, nebulae, galaxies, and current celestial phenomena. Frequent observations are made in the College Observatory, which is equipped with an equatorially mounted fiveinch refractor. Demonstration-equipment fee, \$=0.0.

Three times a week. Credit, three semester hours. Offered in 1957-1958 and in alternate years.

BIOLOGY

Professor Sturdivant; Associate Professors Isanogle* and Kerschner; Visiting Assistant Professor Walker

Biology 101 is a prerequisite to all other courses in Biology.

*101. GENERAL BIOLOGY.

An introductory study of biological principles illustrated by selected forms from the plant and animal kingdoms. Laboratory fee, \$5.00. See note above.

Two class periods and one three-hour laboratory period a week. Credit, three semester hours.

*102. GENERAL BIOLOGY.

A study of biological principles with major emphasis on vertebrates, their fundamental structure and function. Laboratory fee, $5_{7,00}$.

Two class periods and one three-hour laboratory period a week. Credit, three semester hours.

106. INTRODUCTORY HUMAN BIOLOGY.

A study of biological principles as illustrated primarily in the human being; origin of the race and of the individual, fundamental structure and physiology of the body, reproduction, inheritance, survival against disease. Laboratory fee, \$5,00.

Two class periods and one three-hour laboratory period a week. Credit, three semester hours.

201. INVERTEBRATE ZOOLOGY.

Morphological and systematic study of representative forms from the various phyla of invertebrate animals. Special attention is given to fauna of local interest, including terrestrial, fresh-water, and marine forms. Laboratory fee, \$5.00.

Two class periods and one three-hour laboratory period a week. Credit, three semester hours.

202. GENERAL BOTANY.

A study of plant life from an evolutionary point of view, emphasizing both the physiology and anatomy of plants. Considerable time is devoted in the spring to field study. Laboratory fee, $\$_{r,0.0}$.

Two class periods and one three-hour laboratory or field period a week. Credit, three semester hours.

*On leave, 1956-1957.

203. GENETICS.

Primarily a study of the laws of inheritance. This course also deals with the related subjects of evolution and with some philosophical problems arising from the study.

Three periods a week. Credit, three semester hours.

301. VERTEBRATE EMBRYOLOGY.

A study of comparative vertebrate development as seen in frog, chick, and pig. The course includes training in the technique of making permanently mounted serial sections of embryos. Laboratory fee, \$5,00.

One class period and two three-hour laboratory periods a week. Credit, three semester hours.

802. COMPARATIVE ANATOMY OF VERTEBRATES.

A systematic study of the gross anatomy of type specimens from the fishes, amphibia, reptiles, birds, and mammals. Prerequisite, Biology 301, except by special permission of the instructor. Laboratory fee, \$10.00.

One class period and two three-hour laboratory periods a week. Credit, three semester hours.

804. ECOLOGY.

A study of the interrelations of plants and animals in the aquatic as well as in the terrestrial environment and the effect upon life of such various ecological factors as water, temperature, and light. Particular stress is placed on field work in order to understand living communities and the dynamic relationship that exists between man and his natural environment. Laboratory fee, 5,600.

Two class periods and one three-hour laboratory or field period a week. Credit, three semester hours.

Alternates with Biology 306. Not offered in 1957-1958.

806. PLANT GEOGRAPHY.

The study of plants in relation to their environment from a physiological point of view, with particular emphasis upon the origin and diversification of the flora of Maryland as influenced by past changes in climate, physiography, and edaphic conditions. Prerequisites, Biology 202 or 304; Geology 302 is recommended. Laboratory fee, \$5,00.

Two class periods and one three-hour laboratory or field period a week. Credit, three semester hours.

Alternates with Biology 304. Offered in 1957-1958.

307. MICROBIOLOGY.

An introductory course including training in bacteriological technique and sanitation, with some study of yeasts and molds; morphological and physiological characteristics of ordinary types of bacteria leading to their identification; sanitary analysis of milk and water; bacteriology of foods. Prerequisite, Chemistry 101, 102, or 103, 104. Laboratory fee, \$8.00.

Three class periods and one three-hour laboratory period a week. Credit, four semester hours.

808. APPLIED MICROBIOLOGY.

A continuation of Biology 307, dealing with various applications of bacteriology such as foods, commercial products, the economy of nature, and public health. Non-pathogenic organisms are used for the most part in the laboratory, but diseases are considered in class. Prerequisite, Biology 307. Laboratory fee, \$8.00.

Two class periods and one three-hour laboratory period a week. Credit, three semester hours.

315. MAMMALIAN PHYSIOLOGY. The study of the function of the animal organism: its use of food, response to stimuli, self-regulation; foods, digestion, absorption, circulation, respiration, excretion, muscle action, nervous coordination, endocrine regulation, etc., from a physical and chemical point of view. Prerequisite, Chemistry 101, 102, or 103, 104; some knowledge of organic chemistry is highly desirable. Laboratory fee, \$10.00.

Two class periods and one three-hour laboratory period a week. Credit, three semester hours.

816. HISTORY OF BIOLOGY.

One period a week. Credit, one semester hour.

820. ELEMENTARY HISTOLOGY.

A study of the cell and of the principal vertebrate tissues, together with practice in the preparation of tissues for microscopic study. Laboratory fee, \$8.00.

Two class periods and one three-hour laboratory period a week. Credit, three semester hours.

[51]

351; 352; 451; 452. SPECIAL STUDIES IN BIOLOGY.

Directed individual study of various biological problems as the interest and previous preparation of the student may suggest; conducted primarily for honors students. Other qualified students may be admitted with the consent of the Department. Laboratory fee, not more than \$10.00 each semester, depending on the nature of the course.

Credit, one to three semester hours each semester, depending upon the quantity and quality of the work done.

408. EVOLUTION.

¹ A study of life through successive generations. The theories of Lamarck, Darwin, and others are analyzed. Emphasis is placed on the meaning and significance of evolution and its philosophical implications. Prerequisite, fifteen semester hours of Biology.

Three class periods a week. Credit, three semester hours.

411. MAMMALIAN ANATOMY.

A study of the gross anatomy of the mammal with special attention to the myology and the osteology. A comparison of the various systems in the cat and in the human will be made in the laboratory by dissections, charts, and models. The lectures will include the use and care of the nanotimical structures in relation to the activities in physical education. Laboratory fee, \$\$.00.

One class period and two three-hour laboratory periods a week. Credit, three semester hours.

Offered in alternate years, not in 1957-1958.

BETA BETA BETA

In addition to the formal courses, there are held weekly biological discussion under the auspices of Tr-Beth. Students report on current theories, recent advances, the relation of biology to other sciences, biographies of great biologists, results of experiments or observations, and kindred subjects not ordinarily covered in the regular courses. All who expect to major in biology are urged to attend.

Beta Beta Beta sponsors the Milton Hendrickson Scholarship, which is awarded each year to a qualified biology student for summer study at a biological laboratory.

CHEMISTRY

Professor Schofield; Assistant Professors Elderdice and Lockwood

*101, 102. GENERAL CHEMISTRY.

An elementary study of the fundamental laws and theories of chemistry; the chemistry of the more important elements and their compounds. Prerequisite, two units of high school algebra or the equivalent. Laboratory fee, \$0.00 each semester.

Three class periods and one four-hour laboratory period a week. Credit, four semester hours each semester.

103, 104. THE FUNDAMENTALS OF CHEMISTRY.

An elementary course intended to introduce the student to the basic ideas of chemistry. This is a terminal course and is not accepted as meeting the entrance requirements to advanced chemistry courses. Prerequisite, two units of high school algebra or the equivalent. Laboratory fee, Saoo each semester.

Two class periods and one three-hour laboratory period a week. Credit, three semester hours each semester.

*211. QUALITATIVE ANALYSIS.

Cation and anion analysis, employing semimicro technique; the theory underlying the analytical procedure. Prerequisite, Chemistry 101, 102. Laboratory fee, \$12.00.

Two class periods and two three-hour laboratory periods a week. Credit, four semester hours.

212. ELEMENTARY OUANTITATIVE ANALYSIS.

The theory and practice of typical volumetric and gravimetric analyses. Prerequisite, Chemistry 211. Laboratory fee, \$12.00.

Two class periods and two four-hour laboratory periods a week. Credit, four semester hours.

303, 304. ORGANIC CHEMISTRY.

À systematic study of the compounds of carbon; coordinated laboratory work on reactions, preparations, and qualitative an alysis of organic compounds. Prerequisite, Chemistry 218. Laboratory fee, §7.50 or \$15.00 each semester. Breakage deposit, \$10.00.

Three class periods and one or two three-hour laboratory periods a week. Credit, four or five semester hours each semester, depending on the election of the laboratory work.

352; 451; 452. Special Studies in Chemistry.

Directed study of special topics. This course is open only to students who are candidates for graduation honors in Chemistry or are meeting the major requirements for the Graduate Study. Industry program as outlined in the Guidance Bulletin. Laboratory fee, \$7,50 to \$22,50 each semester, depending on the election of laboratory work.

Credit, one to three semester hours each semester, depending on the quantity and quality of the work done.

401, 402. ADVANCED QUANTITATIVE ANALYSIS.

A continuation of Chemistry 212; electroanalysis, combustion analysis, and colorimetry. Prerequisite, Chemistry 212. Laboratory fee, \$12.00 each semester.

One class period and two four-hour laboratory periods a week. Credit, three semester hours each semester.

403, 404. PHYSICAL CHEMISTRY.

The properties of matter in the gaseous, liquid, and solid states; solutions; kinetics and thermodynamics of chemical reactions; electrochemistry. Prerequisites, Chemistry 212, Mathematics 202. Laboratory fee, \$7.50 each semester.

Three class periods and one three-hour laboratory period a week. Credit, four semester hours each semester.

CLASSICS

Professor Ridington

A student may elect a major in either Greek or Latin.

The courses to be offered each year in the classic languages are chosen from those listed below according to the preparation and preferences of students registered in the department,

GREEK

*101-102. ELEMENTARY GREEK.

A beginner's course for college students who have had no Greek. The course aims to provide an insight into the achievements of ancient Greece and to develop the power to read Greek.

Three periods a week. Credit, six semester hours.

201, 202. INTERMEDIATE GREEK.

First semester: Xenophon's Anabasis, Books I-II; second semester: Homer's Iliad, Books I-IV.

Three periods a week. Credit, three semester hours each semester.

221. GREEK LITERATURE IN ENGLISH TRANSLATION.

Readings largely from epic, drama, and literary criticism designed to provide a broad acquaintance with these types of Greek literature and to clarify their position as a background of English literature. Knowledge of Greek is not required.

Three periods a week. Credit, three semester hours. This course may not be counted toward a major in Greek.

222. GREEK LITERATURE IN ENGLISH TRANSLATION.

Readings from lyric poetry, philosophy, history, biography, and other fields with emphasis on the Greek spirit as a background of English literary tradition. Knowledge of Greek is not required.

Two periods a week. Credit, two semester hours. This course may not be counted toward a major in Greek.

301; 302. LYCIAS AND PLATO.

First semester: Lycias' Orations; second semester: Plato's Abology and Crito.

Three periods a week. Credit, three semester hours each semester.

851; 352; 451; 452. SPECIAL STUDIES IN GREEK.

Directed study planned and conducted with reference to the needs of those students who are candidates for departmental honors in Greek. Qualified students who are not candidates for such honors, but who desire to take the course, are also admitted.

Credit, one to three semester hours each semester, depending upon the quantity and quality of the work done.

401; 402. THUCYDIDES AND EURIPIDES.

First semester: Thucydides' History of the Peloponnesian War, Books VI-VII; second semester: Euripides' Medea and Sophocles' Antigone.

Three periods a week. Credit, three semester hours each semester.

LATIN

•101-102. ELEMENTARY LATIN.

A beginner's course for college students who have had no Latin. This course is equivalent to the first two units of high school Latin. Some attention is given to Roman life and literature as well as to the Latin language and its place as a backeround for English.

Three periods a week. Credit, six semester hours.

*103, 104. INTERMEDIATE LATIN.

First semester: Cicero's Orations; second semester: Vergil's Aeneid, Books I-VI. This course is equivalent to the last two units of high school Latin.

Three periods a week. Credit, three semester hours each semester.

105; 106. OVID AND LIVY.

First semester: selections from Ovid's Metamorphoses; second semester: Livy's History, Books XXI-XXII. Prerequisite, Latin 103, 104, or the equivalent.

Three periods a week. Credit, three semester hours each semester.

107. CLASSICAL MYTHOLOGY.

A study designed to develop a thorough knowledge of classical mythology and its influence and use in our civilization. Attention is given to the use of mythology in English literature, in contemporary papers and periodicals, in art, and in other phases of our culture. A knowledge of the Latin language is not required.

Three periods a week. Credit, three semester hours. This course may not be counted toward a major in Latin.

109; 110. SURVEY OF ROMAN LITERATURE.

Selected readings from many of the great writers of prose and poetry. The development and significance of Roman literature are studied.

Three periods a week. Credit, three semester hours each semester.

201; 202. CICERO AND HORACE.

First semester: Cicero's De Amicitia, De Senectute, and Letters: second semester: selections from Horace's Odes and Satires.

Three periods a week. Credit, three semester hours each semester.

224. LATIN LITERATURE IN ENGLISH TRANSLATION.

A general survey of Roman literature with attention to its relation to other literatures, especially English. Knowledge of Latin is not required.

Three periods a week. Credit, three semester hours. This course may not be counted toward a major in Latin.

301; 302. TACITUS AND ROMAN COMEDY.

First semester: Tacitus' Agricola and Germania; second semester: Plautus' Capitoi and Terence's Phormio; composition once a week throughout the year.

Three periods a week. Credit, three semester hours each semester.

305. VERGIL.

Readings based chiefly on Books VI-XII of the Aeneid, but including selections from other portions of Vergil's writings. Attention is given to the development of Vergil's art as a writer and to the literary significance of the Aeneid.

Three periods a week. Credit, three semester hours.

851; 852; 451; 452. SPECIAL STUDIES IN LATIN.

Directed study planned and conducted with reference to the needs of those students who are candidates for departmental honors in Latin. Qualified students who are not candidates for such honors, but who desire to take the course, are also admitted.

Credit, one to three semester hours each semester, depending upon the quantity and quality of the work done.

DRAMATIC ART

Associate Professor Esther Smith; Mrs. Winfrey

No major is offered in this field.

203, 204. INTERPRETATION.

A study of the art of interpreting literature, including analysis of material, voice training, elements of expressive action, imagery, motivation, and improvisation. Laboratory recitals are held each week, thus affording the students practical experience in platform and stage behavior. Each student receives individual instruction and criticism.

Three periods a week. Credit, two semester hours each semester.

303, 304. PLAY PRODUCTION AND ACTING.

Play production: the theory of stage design in color and line; the building and painting of scenery; the making of stage models; costuming, make-up, lighting, and state management.

Principles of acting, characterization and advanced improvisation. The one act play is studied in class and presented in public to give the students experience in acting. Body training is continued; voice production and phonetics are studied.

[57]

Prerequisite, Dramatic Art 203, 204. Extra tuition fee, \$7.50 each semester.

Two periods a week and individual assignments. Credit, two semester hours each semester.

403, 404. DRAMATIC INTERPRETATION.

Survey study of the history of the world theatre; study of the works of major dramatists and laboratory production of plays to illustrate this study; principles of acting and character interpretation with private instruction adapted to the individual need and development of the student; public presentation of full length plays. Prerequisite, Dramatic Art 393, 394. Extra tuition fee, \$7,>00 each semester.

One class period a week and participation in dramatic productions. Credit, two semester hours each semester.

ECONOMICS AND BUSINESS ADMINISTRATION

Professor Price; Assistant Professor Giunta; Mr. Beaver and Mr. Kiefer*

Economics 201, 202 is a prerequisite to all courses numbered 301 and above except 316.

ECONOMICS

201, 202. PRINCIPLES AND PROBLEMS OF ECONOMICS.

In the first semester, the study of the economic organization of society, family income and expenditure, factors affecting national income and employment, prosperity and recession, and monetary and fiscal policies of government. The second semester includes the study of the free pricing system; problems of agriculture; monopoly; distribution in the form of wages, rent, interest, and profit; international trade; the development of underdeveloped areas of the world. See note above.

Three periods a week. Credit, three semester hours each semester.

205. ECONOMIC GEOGRAPHY.

A study of the resources of the world at man's disposal and the natural conditions under which their utilization may be achieved; populations of the world, climatic regions, general aspects of the earth's surface, minerals, forests, manufacturing, agriculture, commerce, transportation, and industrial location.

Three periods a week. Credit, three semester hours.

^{*}First semester, 1956-1957.

804. INTERNATIONAL ECONOMICS.

Principles of international trade, exchange, and investment; problems of trade restriction, cartels, underdeveloped areas of the world; commercial policies of countries of the world.

Three periods a week. Credit, three semester hours.

Alternates with Economics 312. Not offered in 1957-1958.

305. LABOR ECONOMICS.

History, policies, and the economic significance of organized labor; theories of wages; methods of promoting industrial peace; development of labor legislation and social insurance.

Three periods a week. Credit, three semester hours.

800. MONEY AND BANKING.

A study of the history of money, prinicples of banking, international monetary problems, and modern monetary theory and policies.

Three periods a week. Credit, three semester hours.

312. COMPARATIVE ECONOMIC SYSTEMS.

A study of theories of capitalism, socialism, communism, fascism, planning, and cooperatives. Topics include Marsism, Fabian Socialism, and the British Labour Party, the USSR and the satelite states, Capitalism in the United States and abroad, economic planning under capitalism, cooperatives in the United States and abroad.

Three periods a week. Credit, three semester hours.

Alternates with Economics 304. Offered in 1957-1958.

818. PUBLIC FINANCE.

Principles and problems of taxation; the theory, character, and trend of public expenditures; the sources of public revenue and public indebtedness-national, state, and local.

Three periods a week. Credit, three semester hours.

Alternates with Business Administration 308. Offered in 1957-1958.

322. THE HISTORY OF ECONOMIC THOUGHT.

The development of economic theory from ancient times to the present; contributions of Greece, Rome, and the Middle Ages; major emphasis on mercantilism and nineteenth and twentieth century capitalism.

Three periods a week. Credit, three semester hours.

[59]

351; 352; 451; 452. Special Studies in Economics.

Open only to those students who have demonstrated to the satisfaction of the Department both the desire and the ability to do independent work. Students normally enter at the beginning of their junior year with the expectation of continuing during their senior year.

Credit, one to three semester hours each semester, depending upon the quantity of the work done.

403. INTERMEDIATE ECONOMIC THEORY.

A course divided into two parts. The first part is concerned with the principles of resource allocation under the price system, including the theory of demand, theory of production and cost; pure competition, monopoly, oligopoly, monopolistic competition, pricing and employment of resources. The second part comprises selective reading from the literature on the incomeexpenditure theory of national income and employment.

Three periods a week. Credit, three semester hours.

406. BUSINESS CYCLES.

A study of the cause of economic fluctuations, their description and measurement. Theories of business cycles such as those of Schumpeter, Hawtrey, Cassel, Keynes, Mitchell, and others are explored. Monetary and fiscal policies of government and their management for the purpose of economic stabilization are examined. The international propagation of business cycles is studied.

Three periods a week. Credit, three semester hours.

BUSINESS ADMINISTRATION

*101, 102. ELEMENTARY ACCOUNTING.

A study of accounting for single proprietorships, partnerships, and corporations; manufacturing accounting; and accounting for non-profit organizations.

Three periods a week. Credit, three semester hours each semester.

301, 302. BUSINESS LAW.

Real and personal property, contracts and torts, sales, negotiable instruments, business organizations, insurance and suretyship, landlord and tenant, bailments, carriers, trade regulations.

Three periods a week. Credit, three semester hours each semester.

Offered in alternate years, not in 1957-1958.

808. PRINCIPLES OF MANAGEMENT.

A study of the fundamentals and problems of administration including the development of organization, staffing, direction, policy formulation and planning, and the process of control.

Three periods a week. Credit, three semester hours.

Alternates with Economics 318. Not offered in 1957-1958.

816. PERSONNEL ADMINISTRATION.

Hiring, selecting, testing, training, and adjusting of employees; employee representation, compensation, and pension plans; employer-employee cooperation, internal and external communications, unemployment, and legal relationships.

Three periods a week. Credit, three semester hours.

323. CORPORATION FINANCE.

Financial problems involved in the creation and management of the various types of corporate business enterprise.

Three periods a week. Credit, three semester hours.

Alternates with Business Administration 325. Not offered in 1957-1958.

325. MANAGERIAL ACCOUNTING.

The application of accounting principles and techniques to various types of managerial problems in control and planning. Techniques useful for personnel evaluation are studied such as cost standards, analysis of variances, methods of relating cost changes to volume, and breakeven charts. Case studies involve the application of these techniques. Prerequisite, Business Administration tol. 102.

Three periods a week. Credit, three semester hours.

Alternates with Business Administration 323. Offered in 1957-1958.

EDUCATION

Professors Bailer and Sara E. Smith; Assistant Professors Adkins and Nuss

No major is offered in this field. The student in Education majors in one of the subjects which he is preparing to teach. He may meet certificate requirements in several subjects other than the major.

In order to secure a certificate to teach in the high schools of Maryland, the student should rank in the upper four-fifths of his class and must meet the following requirements of the State Department of Education:

1. Graduate from college.

[61]

ter

2. Complete the number of semester hours listed in one or more of the following fields: Sem. Hrs.

English	Sem.
Social Studies	- 5
Distributed as follows:	
History, including American History	18
Economics, Sociology, Political Science,	
Geography, or Consumer Education	6
Mathematics	
Including, preferably, College Algebra, Tri onometry, Solid Geometry, Analytics.	
If any one or more of the first three subject mentioned have been completed in high school	ol,
the college credit required may be correspondin ly reduced, provided, however, that the math ematics courses pursued in college shall total	ie-
least twelve semester hours.	at
least twelve semester hours.	
Based, preferably, on four years of high scho Latin.	
French	COLUMN .
Based, preferably, on at least two years high school French.	of
Chemistry	100.14
	2 201
Biology	
Physics If any of the above three subjects have be studied in high school, twelve semester hours oc lege credit in the subject, plus six semester hour in any other natural science, will be considered meet the requirements, although eighteen semest hours are urged.	ol- irs to
High School Science	3
Six semester hours each of Chemistry, Ph sics, and Biology; at least twelve semest	er
hours of one of these three sciences; and thr semester hours in other sciences.	ee
Meet the professional requirement of eighteen seme urs as follows:	55-
Educational Psychology	1027 P
Principles of High School Teaching	-5.00
Special Methods, Observation, and Practice	
Elective from recognized courses in Education	
or a certificate in Art, Home Economics, Music, or	

Education, four years of work of college grade are required, at least thirty semeter hours of which must be in the special subject in question. To qualify as a part-time librarian, a minimum of twelve semester hours of courses in Library Science is required. The program of work will be under the direction of the head of the department concerned. The certificate for junior high school teachers who do not qualify for any of the above certificates will be granted upon completion of twelve semester hours of work in each of the three fields, langlah, social studies, and steachers. For certification to teach any for eighteen semester hours of college work in that field and for special methods and practice teaching in the subject.

Students preparing to teach must plan their work so that one semester of the smior year may be kept entirely free for professional training. Consideration will be given to the student's choice of semester, but the class must be divided into two approximately equal groups.

803; 303R. EDUCATIONAL PSYCHOLOGY.

The nature of the learner and the learning process; increasing the effectiveness of learning; evaluating the outcomes of instruction; olfered only to students in Education unless written permission is granted by the Education Department. Prerequisite, Psychology 203.

Three periods a week. Credit, three semester hours.

305; 305R. BASIC METHODS IN EDUCATION.

The analysis and development of basic competencies for public school teaching. This course should be preceded, when possible, by Education 503.

Three periods a week. Credit, two semester hours.

317; 317R. PSYCHOLOGY OF HUMAN DEVELOPMENT. See Psychology 317; 317R.

407; 407R. PRINCIPLES OF HIGH SCHOOL TEACHING.

The principles involved in the selection, organization, and teaching of the subject matter of the high school.

Six periods a week, eight weeks. Credit, three semester hours.

409; 409R. STUDENT TEACHING.

Conference, observation, and participation in the high schools of Maryland. Prerequisites, Education 303 and 305. Extra tuition fee, \$100.

Six weeks. Credit, six semester hours.

411; 411R. GUIDANCE.

Principles and techniques of guidance by the homeroom and classroom teacher.

Four periods a week, eight weeks. Credit, two semester hours.

413; 413R. AUDIO-VISUAL INSTRUCTION.

The study of available materials in this field with a view to their effective use in the classroom and in life. Materials fee, \$3.00.

Eight periods a week, four weeks. Credit, two semester hours.

415; 415R. THE JUNIOR HIGH SCHOOL.

Historical development; curricular and extracurricular programs; present status in Maryland; the small junior high school.

Eight periods a week, four weeks. Credit, two semester hours.

417; 417R. CURRICULAR PRINCIPLES AND PRACTICES.

Contrasting conceptions of the curriculum; a survey of curricular trends and an evaluation of recent innovations in selected schools.

Eight periods a week, four weeks. Credit, two semester hours.

SPECIAL METHODS OR TEACHING COURSES

All candidates for the high school teacher's certificate are required to complete a course in special methods in one teaching subject and are urged to complete such a course in a second teaching subject. In these courses the candidate reviews and reorganizes the content of his teaching subjects, constructs largetopic or unit assignments which can be taught effectively to high school pupils, and studies the methods and techniques of teaching the several subjects. Each course gives considerable attention to the organization of the subject treated and its place in the curriculum.

Four periods a week, eight weeks. Credit, two semester hours.

The courses, listed below, are taught by departmental teachers qualified to do this type of work.

421; 421R. THE TEACHING OF ENGLISH.

423; 423R. THE TEACHING OF FRENCH.

425; 425R. THE TEACHING OF MATHEMATICS.

427; 427R. THE TEACHING OF SCIENCE.

433; 433R. THE TEACHING OF LATIN.

485; 485R. THE TEACHING OF ART.

437; 437R. THE TEACHING OF HISTORY AND SOCIAL SCIENCE.

For courses in the teaching of Home Economics, Music, Library Science, and Physical Education, and for additional courses creditable for teachers of these special subjects, refer to these departments under Courses of Instruction.

ENGLISH

Professor Makosky; Associate Professors Hendren, Howery,* and Wenner; Assistant Professors Hendrickson and Hovey; Mrs. Hovey

COMPOSITION

*101, 102. COMPOSITION.

A brief review of the principles of grammar and composition; training in reading; the study of significant literature; regular practice in writing and speaking.

Three periods a week. Credit, three semester hours each semester.

132. ADVANCED COMPOSITION.

A course in composition for students who wish to practice writing with a view to developing individual taste and ability. Admission to the class requires the consent of the instructor.

Three periods a week. Credit, three semester hours.

231. NEWS REPORTING AND EDITING.

A study in the work of the reporter with practice in writing and editing.

One period a week. Credit, one semester hour.

Alternates with English 233. Not offered in 1957-1958.

232. REVIEWING AND CRITICISM.

The fundamentals of criticism with application to the fields of music, art, drama, and books.

One period a week. Credit, one semester hour.

Alternates with English 234. Not offered in 1957-1958.

233. FEATURE WRITING.

A course in the technique of writing feature articles for newspapers and magazines; types of features, sources of ideas; writing and marketing.

One period a week. Credit, one semester hour. Alternates with English 231. Offered in 1957-1958.

*On leave, second semester, 1956-1957.

[65]

234. NEWSPAPER MANAGEMENT AND MAKE-UP.

Newspaper organization, circulation, advertising, and promotion with some attention to typography and page make-up.

One period a week. Credit, one semester hour.

Alternates with English 232. Offered in 1957-1958.

481, 482. WRITING UNDER DIRECTION.

Work on an extensive project in one of the fields of creative writing, under the guidance of a member of the department.

One period a week. Credit, one semester hour each semester.

LITERATURE

106. TYPES OF ENGLISH POETRY.

The study of a limited number of poems illustrative of the major types of verse composition.

Three periods a week. Credit, three semester hours.

107. CLASSICAL MYTHOLOGY.

See Latin 107.

108. WORLD LITERATURE.

Characteristic selections from representative authors, with emphasis upon great European literature from the Middle Ages to the present time.

Three periods a week. Credit, three semester hours.

201, 202. SURVEY OF ENGLISH LITERATURE.

Readings from the literature of England, with a history of the literature, from the earliest period to the end of the nineteenth century.

Three periods a week. Credit, three semester hours each semester.

207. THE ENGLISH LANGUAGE.

A course in the history, phonetics, and functional principles of the English language, with special attention to current American usage.

Two periods a week. Credit, two semester hours.

208. ADVANCED GRAMMAR.

A study of how words behave when they are integrated into phrases, clauses, and sentences. The course is designed to provide a thorough command of conventional grammar; it also includes a brief introduction to the methods of contemporary linguistics.

Two periods a week. Credit, two semester hours.

209. SURVEY OF AMERICAN LITERATURE.

Readings from the literature of the United States, touching upon its backgrounds, with emphasis upon the achievements of the nineteenth century.

Three periods a week. Credit, three semester hours.

210. AMERICAN POETRY.

The major American poets from Freneau to Sandburg, against the background of their lives and their times.

Three periods a week. Credit, three semester hours. Alternates with English 216. Offered in 1957-1958.

Anternates with English 210. Onered in 1957-1956.

211; 212. THE ENGLISH NOVEL.

A study of the British novel from the early eighteenth century to the present, with special attention to the evolution of various types in the works of the major authors.

Three periods a week. Credit, three semester hours each semester.

216. AMERICAN FICTION.

The development of the American novel from its beginnings to the present day.

Three periods a week. Credit, three semester hours. Alternates with English 210. Not offered in 1957-1958.

- 221; 222. GREEK LITERATURE IN ENGLISH TRANSLATION. See Greek 221; 222.
- 224. LATIN LITERATURE IN ENGLISH TRANSLATION. See Latin 224.

301. BRITISH DRAMATIC LITERATURE.

A study of the British drama from the miracle plays to the end of the nineteenth century.

Three periods a week. Credit, three semester hours. Alternates with English 307. Offered in 1957-1958.

304. SHAKESPEARE.

Ten to twelve plays, three of them (one tragedy, one comedy, and one history) read intensively.

Three periods a week. Credit, three semester hours.

[67]

307. INTELLECTUAL AND SOCIAL BACKGROUNDS OF AMERICAN LITERATURE.

A survey of American culture from colonial times to the present, with particular emphasis on the relationships among social conditions, intellectual history, and literature.

Three periods a week. Credit, three semester hours.

Alternates with English 301. Not offered in 1957-1958.

911. MASTERS IN LITERATURE.

A study of one major figure in English or American literature. A different subject is selected each year; in 1957-1958, the subject will be Ralph Waldo Emerson.

Three periods a week. Credit, three semester hours.

812. THE AGE OF CHAUCER.

Selections from the great British mediaeval literature, with particular emphasis on the work of Chaucer.

Three periods a week. Credit, three semester hours. Offered in alternate years, not in 1957-1958.

918. BOOK SELECTION.

See Library Science 318.

321. MILTON AND HIS CONTEMPORARIES.

Main currents of seventeenth-century literature, with particular emphasis on Milton's poetry and prose.

Three periods a week. Credit, three semester hours.

Alternates with English 323. Offered in 1957-1958.

322. EIGHTEENTH CENTURY LITERATURE.

Poetry and prose of the eighteenth century, with emphasis upon the Neoclassic writers and the forerunners of the Romantic Movement.

Three periods a week. Credit, three semester hours. Alternates with English 324. Offered in 1957-1958.

323. ROMANTIC LITERATURE.

Major writers in British verse and prose from 1798 to 1832. Three periods a week. Credit, three semester hours. Alternates with English 321. Not offered in 1957-1958.

324. VICTORIAN LITERATURE.

Poetry and prose which reflects the philosophies and social problems of the years between 1832 and 1900.

Three periods a week. Credit, three semester hours. Alternates with English 322. Not offered in 1957-1958. 831. CONTEMPORARY DRAMA.

The continental, British, and American drama from Ibsen to the present day.

Three periods a week. Credit, three semester hours.

882. TWENTIETH CENTURY LITERATURE.

The main trends in recent literature, excluding the drama. as found in representative works of a considerable number of British and American writers.

Three periods a week. Credit, three semester hours.

351; 352; 451; 452. SPECIAL STUDIES IN ENGLISH.

Directed study planned and conducted with reference to the needs of those students who are candidates for departmental honors in English. Qualified students who are not candidates for such honors but who desire to take the course are also admitted. Candidates for honors are expected to begin their work in the junior year and to continue it through the senior year.

Credit, one to three semester hours each semester, depending upon the quality and quantity of the work done.

403, 404. DRAMATIC INTERPRETATION. See Dramatic Art 403, 404.

FRENCH See Modern Languages.

GENERAL SCIENCE

Professor Summers

No major is offered in this field.

101; 102. PHYSICAL SCIENCE.

An integrated course of study selected from the fields of astronomy, chemistry, geology, and physics. Demonstrationequipment fee, \$2.00 each semester.

Three periods a week. Credit, three semester hours each semester.

GEOLOGY

Professor Summers

No major is offered in this field.

802. PHYSICAL GEOLOGY.

A study of the physical characteristics of the earth together with the forces which build up and destroy them.

The class work is augmented by a study of specimens from

[69]

the JOHN W. LEE MINERAL COLLECTION and by field trips. Materials fee, \$2.00.

Three periods a week. Credit, three semester hours. Offered in alternate years, not in 1957-1958.

GERMAN

See Modern Languages.

GREEK

See Classics.

HISTORY AND POLITICAL SCIENCE

Professors Whitfield and MacDonald; Associate Professor Hurt; Assistant Professor Griswold

A student may elect a major in History or in Political Science.

HISTORY

Of the four courses marked with an asterisk, the first two taken are to be considered as Introductory Courses for a major in History.

*101. GREEK HISTORY.

A brief survey of ancient civilization preceding a study of Greek History.

Three periods a week. Credit, three semester hours.

- *102. ROMAN HISTORY. Three periods a week. Credit, three semester hours.
- *107. HISTORY OF THE UNITED STATES TO 1865. Three periods a week. Credit, three semester hours.
- 108. HISTORY OF THE UNITED STATES SINCE 1865. Three periods a week. Credit, three semester hours.
- 201. MEDIEVAL EUROPEAN HISTORY, 476-1500. Three periods a week. Credit, three semester hours.
- 202. EUROPEAN HISTORY, 1500-1815. Three periods a week. Credit, three semester hours.
- 205. EUROPEAN HISTORY, 1815-1914. Three periods a week. Credit, three semester hours.
- 206. EUROPE SINCE 1914. Three periods a week. Credit, three semester hours.

[70]

808. AMERICAN FOREIGN POLICY.

A history of American diplomacy from 1776 to the present. *Three periods a week.* Credit, three semester hours. Alternates with History 307. Not offered in 1957-1958.

- 304. LATIN AMERICAN HISTORY. Three periods a week. Credit, three semester hours. Alternates with History 308. Not offered in 1957-1958.
- 307. ECONOMIC AND SOCIAL HISTORY OF THE UNITED STATES SINCE 1865.

Three periods a week. Credit, three semester hours. Alternates with History 303. Offered in 1957-1958.

808. HISTORY OF ENGLAND.

A study of English history from Henry VII to the present. *Three periods a week*. Credit, three semester hours. Alternates with History 304. Offered in 1957-1958.

POLITICAL SCIENCE

*103. AMERICAN NATIONAL GOVERNMENT.

National political institutions with particular attention to the principles, processes, structure, and functions of the federal government.

Three periods a week. Credit, three semester hours.

*104. WORLD POLITICS.

An examination of major factors which condition international politics, with emphasis on national, imperialistic, and ideological factors involved.

Three periods a week. Credit, three semester hours.

202. STATE AND LOCAL GOVERNMENT.

State, county, and municipal government, with selected references to governmental problems of the State of Maryland.

Three periods a week. Credit, three semester hours.

209. INTERNATIONAL ORGANIZATION.

Basic problems in international relations and organization with appropriate analysis of the procedures and institutions in world cooperation.

Three periods a week. Credit, three semester hours.

Alternates with Political Science 205. Offered in 1957-1958.

[71]

205. POLITICAL THEORY.

A survey of political theory related to the nature and purpose of the state and based on the analysis of ideas of leading ancient, medieval, and modern philosophers.

Three periods a week. Credit, three semester hours.

Alternates with Political Science 203. Not offered in 1957-1958.

303. FAR EASTERN RELATIONS.

International relations against the background of historic, economic, and strategic factors in Eastern Asia.

Three periods a week. Credit, three semester hours.

Alternates with Political Science 305. Offered in 1957-1958.

305. PUBLIC ADMINISTRATION.

An examination of the nature and development of public administration in the United States with attention to policies of organization, management, personnel, budgeting, forms of administrative responsibility, and governmental services. Prerequisite, Political Science 109.

Three periods a week. Credit, three semester hours.

Alternates with Political Science 303. Not offered in 1957-1958.

806. COMPARATIVE GOVERNMENT.

Analysis and comparison of the political institutions and methods of democratic and authoritarian governments.

Three periods a week. Credit, three semester hours.

Alternates with Political Science 308. Not offered in 1957-1958.

808. CONSTITUTIONAL LAW.

Introduction to the study of the principles of constitutional law as related to the changing political, social and economic problems of the United States. Prerequisite, Political Science 109.

Three periods a week. Credit, three semester hours.

Alternates with Political Science 306. Offered in 1957-1958.

351; 352; 451; 452. Special Studies in History and Political Science.

Open only to those students who have demonstrated to the satisfaction of the Department both the desire and the ability to do independent work. Students normally enter at the beginning of their junior year with the expectation of continuing during their senior year.

Credit, one to three semester hours each semester, depending upon the quantity and quality of the work done.

HOME ECONOMICS

Professor Daisy W. Smith; Associate Professor Gray; Mrs. Schofield

Requirements for a certificate to teach Vocational Home Economics in the high schools of Maryland: Home Economics, thirty semester hours, including the Introductory Courses; Art 105, 106, 202, 207) Biology 307; Chemistry 101, 102, or 103, 104; General Science 101, 102; Sociology 101, 202.

*101. ELEMENTARY FOODS.

The application of general principles of cookery; food preservation. Laboratory fee, \$12.00.

One class period and two three-hour laboratory periods a week. Credit, three semester hours.

Note: All students taking foods courses are required to wear plain white uniforms and a net to cover the hair.

*102. ELEMENTARY CLOTHING AND TEXTILES.

Study of textile fibers as background for intelligent buying; emphasis on Bishop method of construction applied to the making of washable garments, and on clothing conservation. Laboratory fee, \$2.50.

One class period and two three-hour laboratory periods a week. Credit, three semester hours.

201. CLOTHING.

Clothing selection as related to the individual; techniques of construction applied to wool and synthetic fibers; elementary flat pattern designing. Prerequisite, Home Economics 102. Laboratory fee, §2.50.

One class period and two three-hour laboratory periods a week. Credit, three semester hours.

202. FOODS.

Food selection and costs; comparative study of quick foods and those prepared from basic materials; practical applications in meal-planning and preparation. Prerequisite, Home Economics 101. Laboratory fee, \$12.00.

One class period and two three-hour laboratory periods a week. Credit, three semester hours.

1957

[73]

301, 302. NUTRITION.

À study of the various food constituents and their importance in the maintenance of health; principles of modern diettherapy; planning and preparation of special diets. Prerequisites, Home Economics 202 and Chemistry 101, 102, or 103, 104-Laboratory fee, S6.00 second semester.

Two class periods a week the first semester. One class period and one three-hour laboratory period a week the second semester. Credit, two semester hours each semester.

303. HOUSE PLANNING AND FURNISHING.

A study of the principles of house planning and construction with emphasis on current trends in housing; the application of the principles of design and color in home furnishings. Laboratory fee, $\$_5$.00.

Two class periods and one three-hour laboratory period a week. A field trip is required. Credit, three semester hours.

806. UNIT 1. HOME NURSING.

The principles involved in the prevention and care of illness in the home.

UNIT 2. THE SCHOOL LUNCH.

A study of the problems connected with the selection, preparation, and serving of the school lunch.

Two periods a week. Credit, two semester hours.

808. HOME MANAGEMENT.

The systematic planning of the daily routine in the home; management of time, energy, and money; selection, use, and care of household equipment; problems of family living.

Two periods a week. Credit, two semester hours.

851; 352; 451; 452. SPECIAL STUDIES IN HOME ECONOMICS.

Directed study planned and conducted with reference to the needs of those who are candidates for departmental honors in Home Economics. Qualified students who are not candidates for such honors but who desire to take the course are also admitted. Candidates for honors are expected to begin work in the junior year and to continue it through the senior year.

The class usually meets once a week for one and one-half to two hours. Credit, one to three semester hours each semester, depending upon the quantity and quality of the work done.

403. MANAGEMENT HOUSE.

Planning and preparation of meals, marketing, household accounting, hospitality, and group living. Students taking this course live in the management house and carry on the work of a home. Required of all students who major in Home Economics. Prerequisites, Home Economics 301, 302, and 308. Laboratory fee for day students, §42.00: barding students, §14.00.

Six weeks in residence. One class period and two group conference periods a week. Credit, three semester hours.

404. CHILD DEVELOPMENT.

A study of child care and training which will lead to the best physical, mental, emotional, and social development.

Two class periods and three hours of participation in the nursery school a week. Credit, three semester hours.

Note: Students qualifying for the high school teacher's certificate should take the course in their junior year.

405. ADVANCED CLOTHING.

Construction of tailored suit or coat; consumer buying problems in the textile field. Prerequisites, Home Economics 102 and 201. Laboratory fee, \$2.50.

One class period and two three-hour laboratory periods a week. Credit, three semester hours.

407. INSTITUTION MANAGEMENT.

A study of institution organization, administration, equipment, personnel management; the production, marketing, and serving of food supplies; the essential principles of institution accounting. Field trips are made to hospitals, cafeterias, school lunch rooms, markets, and wholesale establishments.

Three periods a week. Credit, three semester hours.

408. QUANTITY COOKERY.

The preparation and serving of food in large quantities; menu planning from the viewpoint of nutritive and economic values. Meals are planned, service supervised, and practical work is done in the kitchen and bakery of the college dining hall. Prerequisite, Home Economics 200.

One class period a week and individual laboratory assignments. Credit, three semester hours.

429, 430. Special Methods in Home Economics.

A study of the methods of teaching Home Economics in the junior and senior high schools. A summer home project is required of each student.

Two periods a week. Credit, two semester hours each semester.

LATIN

See Classics.

LIBRARY SCIENCE

Professor Simkins

No major is offered in this field.

318. BOOK SELECTION.

A study of the various types of literature and the criteria for its selection for the school library; a discussion of publishers and book buying, the use of book selection tools, the making of oral reports, booklists, and annotations. Individual problems of selection are assigned.

Three periods a week. Credit, three semester hours.

Alternates with Library Science 320. Offered in 1957-1958. 320. CATALOGING AND CLASSIFICATION.

Principles and techniques of cataloging books, with special reference to the school library.

Three class periods and one two-hour laboratory period a week. Credit, three semester hours.

Alternates with Library Science 318. Not offered in 1957-1958.

322. REFERENCE AND BIBLIOGRAPHY.

Evaluation and use of various types of reference material, including general reference works, special subject books, the vertical file, and the periodical. Problems are based on the material studied.

Three periods a week. Credit, three semester hours.

Alternates with Library Science 324. Not offered in 1957-1958.

824. Administration of School Libraries.

A study of the problems of organizing and administering the school library, including the responsibility and the opporunity of the library in carrying out the educational objectives of the school program.

Three periods a week. Credit, three semester hours.

Alternates with Library Science 322. Offered in 1957-1958.

MATHEMATICS

Professor Spicer; Assistant Professor Peck

*101. COLLEGE ALGEBRA.

Review of exponents, radicals, systems of linear equations; intensive study of quadratic equations, ratio, proportion, variation, progressions, mathematical induction, binomial theorem, inequalities, complex numbers, theory of equations, permutations, combinations, probability, and determinants. Prerequisite, qualification on the Mathematics Placement Test administered to freshmen.

Three periods a week. Credit, three semester hours.

*102. TRIGONOMETRY.

Three periods a week. Credit, three semester hours.

103; 103R. INTRODUCTORY COLLEGE ALGEBRA.

A special course for students with mathematical ability but without the background for Mathematics 101. The course begins with more elementary subject matter, but includes as much of the material of Mathematics 101 as possible.

Four periods a week. Credit, three semester hours.

105. INTERMEDIATE ALGEBRA.

A course designed for students entering with one or one and one-half units of high school algebra.

Three periods a week. Credit, three semester hours. This course may not be counted toward a major in Mathematics.

201. ANALYTIC GEOMETRY.

Three periods a week. Credit, three semester hours.

202. ELEMENTARY CALCULUS.

The fundamental formulae of differentiation and integration with their applications.

Three periods a week. Credit, three semester hours.

301, 302. ADVANCED CALCULUS.

Definite integrals and applications, series, expansion of functions, hyperbolic functions, partial differentiation and applications, multiple integrals.

Three periods a week. Credit, three semester hours each semester.

1957

[77]

808. ADVANCED ANALYTIC GEOMETRY.

Selected topics in plane geometry; three dimensional geometry.

Three periods a week. Credit, three semester hours.

Alternates with Mathematics 307. Not offered in 1957.1958.

306. HISTORY OF MATHEMATICS.

One period a week. Credit, one semester hour.

307. HIGHER ALGEBRA.

An introduction to modern algebraic theory, including elementary theory of numbers, group theory, rings, fields, polynomials over a field, algebra of matrices.

Three periods a week. Credit, three semester hours. Alternates with Mathematics 303. Offered in 1057-1058.

310. THE MATHEMATICS OF INVESTMENT.

A study of simple and compound interest, discount, annuities, sinking fund, bonds, and life insurance.

Three periods a week. Credit, three semester hours. This course may not be counted toward a major in mathematics.

315; 315R. INTRODUCTION TO STATISTICAL METHODS.

An application of statistical methods to the fields of economics, education, psychology, and health; measures of central tendency, dispersion, and skewness; frequency distributions, graphs, the probability curve, and correlation; time series, seasonal variation, trends, curve fitting, and forecasting. Prerequisite, two units of high school algebra or the equivalent. Equipment fee, §5,00.

Three periods a week. Credit, three semester hours.

316. COMPLEX VARIABLE.

An introductory course in the theory of the functions of a complex variable.

Three periods a week. Credit, three semester hours.

Alternates with Mathematics 318. Offered in 1957-1958.

818. VECTOR ANALYSIS.

Vector algebra, vector calculus, curvilinear coordinates, Green's Theorem and Stokes' Theorem, with applications. Prerequisite, Mathematics 301; knowledge of basic physics is highly desirable.

Three periods a week. Credit, three semester hours.

Alternates with Mathematics 316. Not offered in 1957-1958.

351; 352; 451; 452. SPECIAL STUDIES IN MATHEMATICS.

Directed study of some phase of mathematics in which the student finds an interest.

At least one hour of conference and report a week. Credit, one to three semester hours each semester, depending upon the quantity and quality of the work done.

401. DIFFERENTIAL EQUATIONS.

Three periods a week. Credit, three semester hours.

MECHANICAL DRAWING

No major is offered in this field.

101, 102. GRAPHICS.

Free-hand lettering, techniques of mechanical drafting, practical applications of descriptive geometry, development of surfaces and types of projection. Laboratory fee, \$3.00 each semester.

One three-hour laboratory period a week. Credit, one semester hour each semester.

PREMEDICAL COURSE

Western Maryland College is one of the colleges approved by the American Medical Association for the giving of a premedical course. All the better medical schools either specifically require a baccalaureate degree for entrance or give preference to students who hold such a degree. On the basis of the requirements of such schools, the following courses beyond the basic requirements have been prescribed for a premedical major at Western Maryland College:

Biology 301, 302 (301, 203, 315, and 305 recommended); Chemistry 101, 102, 311, 312, 902 (109, 401 ecommended); Dehysic 201, 202 (301 recommended); Mathematics, six semester hours (additional semester hours (additional semester hours are required by some medical schooly. Electives should include at least six semester hours of Social Studies beyond the basic requirements and, if possible, additional courses in Psychology. Philosophy, and Literature.

MILITARY SCIENCE AND TACTICS

Lt. Colonel Bennett, Major Clark, Captain Howard No major is offered in this field.

In 1919 the War Department authorized the establishment at this college of a Senior Unit of the Reserve Officers Training Corps. All men students who are physically fit and who have college standing

[79]

1957

as freshmen or sophomores are required, upon registration, to become members of the Corps and take the basic course (Military Science 101, 102, 201, 202) unless excused by the President. Transfer students having college credits ranking them in the junior class are exempt from the requirement to complete the basic course.¹

The necessary texts, equipment, and a complete uniform are supplied by the Federal Government at no expense to the student.

"The advanced course is offered to those students who have completed the basic course or received credit for the same through active service in the Army, Navy, Marine Corps, or Coast Guard. The students must be selected by the Professor of Milliary Science and Tactics and the President of the College and must entire into a momentum paid them they will complete the course in college and attend a period of summer camp training as prescribed by the Secretary of Defense.

101, 102.

Organization of the Army and ROTC, individual weapons and marksmanship, American military history, military drill. Required of freshman men.

Four periods of class and laboratory work a week. Credit, one semester hour each semester.

201, 202.

Map and aerial photograph reading; crew-served weapons and gunnery; military drill. Required of sophomore men.

Four periods of class and laboratory work a week. Credit, two semester hours each semester.

301, 302.

Leadership; military teaching methods; organization, function, and missions of the arms and services; small unit tactics and communications; military drill.

Five periods of class and laboratory work a week. Credit, three semester hours each semester.

401, 402.

Military operations including command and staff procedure, military estimates and combat orders, military intelligence, military teams and training management; logistics, including supply and evacuation, troop movements, and motor transportation; military administration; military justice; service orientation; military drill.

Five periods of class and laboratory work a week. Credit, three semester hours each semester.

†See page 31.

MODERN LANGUAGES

Professor Hildebran; Assistant Professors Snader and Willen; Mrs. Summers

A student may elect a major in French; no major is offered in German or Spanish.

FRENCH

*101-102. ELEMENTARY FRENCH.

Pronunciation, the elements of grammar, simple conversation, reading.

Three periods a week. Credit, six semester hours.

*103, 104. INTERMEDIATE FRENCH.

A review of grammar, representative novels and short stories of the ninetenth century; vocabulary, idoms, pronunciation, exercises and conversation based on the reading. Classes are conducted in French insofar as the progress of the students will permit. Prerequisite, two units of high school French or French 101-102.

Three periods a week. Credit, three semester hours each semester.

201, 202. INTRODUCTION TO FRENCH LITERATURE.

Readings of representative works of French literature. Emphasis is laid on vocabulary building, idiomatic usage, the ability to read rapidly, and literary appreciation. Collateral reading and reports are required. There is a liberal use of French in the classroom. Percequisite, French 109, 104, or the equivalent.

Three periods a week. Credit, three semester hours each semester.

203, 204. FRENCH CONVERSATION.

Prerequisite, French 104.

Two periods a week. Credit, one semester hour each se-

303, 304. ADVANCED COMPOSITION.

Prerequisite, French 201, 202.

One period a week. Credit, one semester hour each semester.

305. FRENCH DRAMATIC LITERATURE OF THE SEVENTEENTH CENTURY.

Intensive and extensive reading of the principal plays of Corneille, Molière, and Racine. Prerequisite, French 201, 202.

Three periods a week. Credit, three semester hours.

Alternates with French 307. Not offered in 1957-1958.

[81]

306. CONTEMPORARY FRENCH LITERATURE. Preresquisite, French 201, 202. Three periods a week. Credit, three semester hours. Alternates with French 308. Not offered in 1057-1958.

307. FRENCH LITERATURE OF THE NINETEENTH CENTURY.

Development of the drama, the novel, poetry, and criticism with their relationship to other phases of modern French culture. Prerequisite, French 201, 202.

Three periods a week. Credit, three semester hours. Alternates with French 305. Offered in 1057-1058.

308. MASTERPIECES OF FRENCH LITERATURE.

A course dealing with the great landmarks of French literature, with particular attention to the masterpieces of the eighteenth century. Prerequisite, French 201, 202.

Three periods a week. Credit, three semester hours. Alternates with French 306. Offered in 1957-1958.

351; 352; 451; 452. SPECIAL STUDIES IN FRENCH.

Directed study planned and conducted with reference to the needs of those students who are candidates for departmental honors in French. Other qualified students may be admitted with the consent of the Department.

Credit, one to three semester hours each semester, depending upon the quantity and quality of the work done.

GERMAN

No major is offered in this field.

101-102. ELEMENTARY GERMAN.

Pronunciation, the elements of grammar, simple conversation, reading.

Three periods a week. Credit, six semester hours.

108, 104. INTERMEDIATE GERMAN.

A review of grammar; the reading of texts of moderate difficulty including German scientific literature; analytical study of compound words, gerundives, and participial construction. Prerequisite, two units of high school German or German 101-102.

Three periods a week. Credit, three semester hours each semester.

201, 202. INTRODUCTION TO GERMAN LITERATURE.

A study of selected works of German literature with particular attention to Lessing, Goethe, and Schiller. Prerequisite, German 108, 104.

Two periods a week. Credit, two semester hours each semester. (See note to German 203, 204.)

208, 204. ADVANCED COMPOSITION.

Prerequisite, German 109, 104.

One period a week. Credit, one semester hour each semester.

Note: Whenever possible, German 201, 202 and 203, 204 should be elected during the same year.

801. GERMAN LITERATURE TO THE NINETEENTH CENTURY.

A study of the development of German literature from its origins to the nineteenth century. Prerequisite, German 201, 202.

Three periods a week. Credit, three semester hours.

302. GERMAN LITERATURE OF THE NINETEENTH AND TWENTIETH CENTURIES.

A study of the development of German literature of the nineteenth and twentieth centuries. Prerequisite, German 201, 202.

Three periods a week. Credit, three semester hours.

SPANISH

No major is offered in this field.

101-102. ELEMENTARY SPANISH.

Pronunciation, the elements of grammar, simple conversation, reading,

Three periods a week. Credit, six semester hours.

103, 104. INTERMEDIATE SPANISH.

A review of grammar; the reading of texts of moderate difficulty, some of which are selected from Spanish-American authors. Prerequisite, two units of high school Spanish or Spanish 101-102.

Three periods a week. Credit, three semester hours each semester.

[83]

1957

203, 204. Advanced Spanish.

Intensive study of selected masterpieces of Spanish literature with emphasis on regionalism; collateral reading and reports. Prerequisite, Spanish 109, 104, or the equivalent.

Three periods a week. Credit, three semester hours each semester.

Alternates with Spanish 205, 206. Offered in 1957-1958.

205, 206. SURVEY OF SPANISH LITERATURE.

A survey of Spanish literature from the beginning through Romanticism; discussion of literary movements with reading of representative texts; collateral reading and reports. Prerequisite, Spanish 109, 104, or the equivalent.

Three periods a week. Credit, three semester hours each semester.

Alternates with Spanish 203, 204. Not offered in 1957-1958.

MUSIC

Associate Professors Cole, deLong, and Spangler; Assistant Professors Heggemeier, Key, and Rover; Miss Buddé

The College is a member of the National Association of Schools of Music and has the approval of the Association for a Bachelor of Arts deeree in applied music.

A student may elect a major in one of the following divisions of the Department of Music Music History and Literature, Public School Music, Piano, Voice, Organ, Violin, or a woodwind or brass instrument as determined by the teaching staff. Students beginning a major in music should be able to play piano accompaniments of moderate difficulty.

Introductory courses for a major in any one of these divisions are the theoretical courses: 101, 102, 205, 205, 207, 208. (Music 507, 308 should be substituted for 207, 208 by those majoring in Music History and Literature.)

THEORETICAL COURSES

*101, 102. SIGHT-SINGING AND EAR-TRAINING.

The singing and dictation of scales, intervals, triads, rhythmic patterns, and melodies. Prerequisite, satisfying the requirements for taking piano for credit.

Three periods a week. Credit, two semester hours each semester. 107; 108. MUSIC APPRECIATION.

A course, consisting principally of lectures and recitals, designed to give the average listener a better understanding and appreciation of the world's great music. Beginning with the elements of unsic-rhythm, melody, design, etc.-the course presents successively the music of 19th Century Romanticism and 18th-Century Classicism; the Older Music-the Middle Ages, Remaissance and Baroque; and the soth-Century-Impressionism, Contemporary Europeans, and the American School. The course is open to all students; no technical knowledge is required. Materials fee, Szoo each semester.

Two periods a week. Credit, one semester hour each semester.

*205, 206. Elementary Harmony.

Written and keyboard harmony; harmonization of melodies and basses with principal and secondary triads and inversions, and dominant seventh chord and inversions. This course must be taken concurrently with Music 207, 208.

Two periods a week. Credit, two semester hours each semester.

*207, 208. SIGHT-SINGING AND EAR-TRAINING.

Advanced sight-singing and ear-dictation. This course must be taken concurrently with Music 205, 206.

Four periods a week. Credit, two semester hours each semester.

219. MUSIC OF THE ROMANTIC PERIOD.

A survey beginning with the music of Weber and progressing through the nineteenth century with emphasis on the symphonic music of this period. Prerequisite, Music 107; 108, or permission of the instructor. Materials fee, \$2.00.

Three periods a week. Credit, three semester hours. Alternates with Music 215. Offered in 1957-1958.

214. MASTERS IN MUSIC.

A study of one major composer's life and representative compositions. In 1957-1958, the subject will be George Frederick Handel. Prerequisite, Music 107; 108, or permission of the instructor. Materials fee, \$2.00.

Three periods a week. Credit, three semester hours. Alternates with Music 216. Offered in 1957-1958.

[85]

1957

215. CONTEMPORARY MUSIC.

A study of the principal trends in music since 1900 with illustration by piano and phonograph. Prerequisite, Music 107; 108, or permission of the instructor. Materials fee, \$2.00.

Three periods a week. Credit, three semester hours.

Alternates with Music 213. Not offered in 1957-1958.

216. OPERA.

The opera from its beginning to the twentieth century with emphasis on the cultural and general historical background. Prerequisite, Music 107; 108, or permission of the instructor. Materials fee. \$2.00.

Three periods a week. Credit, three semester hours.

Alternates with Music 214. Not offered in 1957-1958.

807, 808. ADVANCED HARMONY AND COMPOSITION.

⁴ Written and keyboard harmony; harmonization of melodies and basses; secondary seventh chords, diminished seventh chords, altered chords, and non-chordal tones; modulation and transposition; original composition in the simple forms for piano, voice, violin, and chorus.

Two periods a week. Credit, two semester hours each semester.

309, 310. FORM AND ANALYSIS.

The study of harmonic and contrapuntal forms; formal and harmonic analysis of representative compositions in the different forms.

Two periods a week. Credit, two semester hours each semester.

911. COUNTERPOINT.

The study of the combination of melodic lines in the Renaissance and baroque styles; analysis, performance, and composition in the two, three, and four-part representative forms involving the typical devices.

Two periods a week. Credit, two semester hours.

312. COUNTERPOINT.

A continuation of Music 311, with particular attention to classical and modern styles.

Two periods a week. Credit, two semester hours.

Alternates with Music 314. Not offered in 1957-1958.

Courses of Instruction-Music

814. ORCHESTRATION.

A historical study of orchestral and band instruments; composition for woodwind, brass, and string choirs.

Two periods a week. Credit, two semester hours.

Alternates with Music 312. Offered in 1957-1958.

351; 352; 451; 452. SPECIAL STUDIES IN MUSIC.

Directed study planned and conducted with reference to the needs of those students who are candidates for departmental honors in Music. Qualified students who are not candidates for such honors but who desire to take the course are also admitted.

Credit, one to three semester hours each semester, depending upon the quantity and quality of the work done.

400, 401. HISTORY OF MUSIC.

Development of music from early civilizations to the present time; collateral reading; records and scores to illustrate the music of the different composers and periods.

Three periods a week. Credit, two semester hours each semester.

407. 408. ADVANCED ANALYSIS AND KEYBOARD HARMONY.

Harmonic and formal analysis of sonatas and string quartets by Haydn, Mozart, and Beethoven; compositions of the romantic and modern schools; fugues from the Well-Tempered Clavichord; modulation and transposition from passages in these compositions; original modulations.

Three periods a week. Credit, two semester hours each se-

APPLIED MUSIC

Instruction in Piano, Voice, Organ, Violin, and other instruments is given in two half-hour private lessons a week.

A minimum of sixteen semester hours in applied music is required for a major in piano, voice, organ, violin, or other instruments.

Admission to these courses and the amount of credit which may be earned each semester will be determined by the Department of Music. Credits may be distributed in any division of applied music as follows:

First year: one semester hour each semester.

Second year: one or two semester hours each semester.

Third year: one to three semester hours each semester.

Fourth year: one to three semester hours each semester.

In order to rank as a senior majoring in a division of applied music, the student must have completed at least ten

[87]

semester hours in that division by the end of the junior year. A public recital must be given in the senior year.

PIANO

Students are accepted in all stages of proficiency, but in order to receive credit toward the degree, they must be sufficiently advanced to study Bach dance movements or Two Part Inventions and sonatinas or sonatas by Haydn, Mozart, or Beethoven.

Students majoring in piano are required to study, in the junior and senior years, the Bach Well-Tempered Clavichord and sonatas and pieces of corresponding grade by composers of the preclassic, classic, romantic, and modern schools.

Sixteen semester hours credit in piano are required for a piano major.

VOICE

Students are accepted in all stages of proficiency, but in order to receive credit toward the degree they must be sufficiently advanced to read music of moderate difficulty.

Advanced interpretation of song literature in the fields of art song, oratorio, and opera is required in the senior year of students majoring in voice.

Sixteen semester hours credit in voice are required for a voice major. Students majoring in voice must be able to play piano accompaniments of moderate difficulty.

ORGAN

Ability to play piano music of moderate difficulty is required of students who wish to receive instruction in organ.

Students majoring in organ are required to study, in the junior and senior years, important works of Bach, Franck, Mendelssohn, Widor, and modern composers.

Sixteen semester hours credit in organ are required for an organ major.

VIOLIN

Students are accepted in all stages of proficiency, but in order to receive credit toward the degree they must be sufficiently advanced to study Progressive Violin Studies, Volume I, by Gruenberg, and sonatas and sonatinas by Haydn, Schubert, and Mozart.

Students majoring in violin are required to study, in the junior and senior years, sonatas by Beethoven and a concerto, sonatas, and pieces of corresponding grade by composers of the preclassic, classic, romantic, and modern schools. Sixteen semester hours credit in violin are required for a violin major. Students majoring in violin must be able to play piano accompaniments of moderate difficulty.

OTHER INSTRUMENTS

Students are accepted in all stages of proficiency for the study of woodwind and brass instruments as determined by the teaching staff.

Students majoring in these instruments are required to study advanced literature for the various instruments in the junior and senior years.

Sixteen semester hours credit in one instrument are required for a major.

PUBLIC SCHOOL MUSIC

A minimum of sixteen semester hours credit in applied music is required for a public school music major.

231. BRASS INSTRUMENTS.

Instruction in and methods of teaching the various brass instruments.

Two periods a week. Credit, one semester hour.

232. STRING INSTRUMENTS.

Instruction in and methods of teaching the various string instruments.

Two periods a week. Credit, one semester hour.

921. WOODWIND INSTRUMENTS.

Instruction in and methods of teaching the various woodwind instruments.

Two periods a week. Credit, one semester hour.

322. PERCUSSION INSTRUMENTS.

Instruction in and methods of teaching the various percussion instruments.

Two periods a week. Credit, one semester hour.

831, 332. TEACHING VOCAL MUSIC IN THE JUNIOR HIGH SCHOOL.

A study of methods in teaching sight-reading and notation; voice hygiene and voice testing; vocal materials for the junior high school. This study is combined with teaching in the Westminster public schools.

Two periods a week. Credit, one semester hour each semester.

[89]

383-334. METHODS OF TEACHING PIANO.

Methods of teaching piano to children and adults, with emphasis on teaching beginners of all ages; a survey of suitable teaching materials for all grades, including discussion of the technical and musical problems involved. Prerequisite, six semester hours of Piano.

One class period and one period of supervised teaching a week. Credit, two semester hours.

335, 336. TEACHING INSTRUMENTAL MUSIC IN THE JUNIOR HIGH SCHOOL.

A study of instrumental materials and procedures in the junior high school.

Two periods a week. Credit, one semester hour each semester.

405. INSTRUMENTAL CONDUCTING. The development of an adequate baton technique and scorereading ability as related to instrumental groups. Materials fee, \$5.00.

Two periods a week. Credit, one semester hour.

406. VOCAL CONDUCTING.

A continued development of conducting technique with emphasis on conducting without baton and special choral problems. Materials fee, \$5.00.

Two periods a week. Credit, one semester hour.

431,432. TEACHING VOCAL MUSIC IN THE SENIOR HIGH SCHOOL.

The methods of teaching various phases of vocal music in the senior high school.

Two periods a week. Credit, one semester hour each semester.

433,434. TEACHING INSTRUMENTAL MUSIC IN THE SENIOR HIGH SCHOOL.

The methods of teaching various phases of instrumental music in the senior high school.

Two periods a week. Credit, one semester hour each semester.

MUSICAL ORGANIZATIONS

Membership in the College Band, Choir, Glee Clubs, or Orchestra is not limited to students majoring in music. Members of the Orchestra or Choir who take the course in participation, which consists of one-half period of class study and two periods of practice each week, receive one semester hour of credit each semester. This credit may not be applied toward a major, and a maximum of eight semester hours credit thus gained may be applied toward the Bachelor's degree.

[90]

RECITALS

During the course of the year, formal recitals are given by the music faculty, the students, and the musical organizations of the College. Informal recitals are given weekly. There are also opportunities to hear concerts by visiting artists and organizations. Attendance at recitals is required of students taking applied music for degree credit.

PHILOSOPHY AND RELIGION

Professor Holthaus: Associate Professor Crain

A student may elect a major in Philosophy, in Religion, or in Philosophy and Religion. For the major in Philosophy and Religion, any two of the courses in the Department marked with an asterisk are to be considered as introductory courses.

*211; 211R. PROBLEMS OF PHILOSOPHY.

An introduction to the chief problems with which philosophy is concerned, and a study of some of these from the viewpoints of the leading modern schools of philosophical thought. Three periods a week. Credit, three semester hours.

*218. HISTORY OF PHILOSOPHY: ANCIENT AND MEDIEVAL.

An introduction to philosophy through a study of the systems of Greek and medieval philosophers beginning with Thales; special emphasis on Plato, Aristotle, and the Christian philosophers of the Middle Ages.

Three periods a week. Credit, three semester hours.

214. HISTORY OF PHILOSOPHY: MODERN.

An introduction to modern philosophy through a study of Descartes, Spinoza, Leibnitz, Locke, Berkeley, Hume, Kant, Hegel, Schopenhauer, and others.

Three periods a week. Credit, three semester hours.

303. LOGIC AND REFLECTIVE THINKING. The general principles of inductive and deductive logic, and the use of these principles in the solution of problems in such fields as science, philosophy, and religion.

Three periods a week. Credit, three semester hours.

804. GREAT AMERICAN THINKERS.

A study of the development of philosophy in the United States, with special attention to the lives and writings of selected leaders from Edwards to Dewey.

Three periods a week. Credit, three semester hours.

805. ETHICS.

A study of the leading types of ethical theory, the origins of morality, and the principles involved in moral action.

Three periods a week. Credit, three semester hours.

808. PHILOSOPHY OF RELIGION.

An exposition of the chief points of view in the philosophy of religion which compete for acceptance among western students, with analysis of some of the major issues upon which they differ. Prerequisite, Philosophy 211 or the equivalent.

Three periods a week. Credit, three semester hours.

323. SOCIAL PHILOSOPHY.

An evaluation of man's history, institutions, and social control.

Three periods a week. Credit, three semester hours. Alternates with Philosophy 325. Offered in 1957-1958.

325. AESTHETICS.

A survey of the chief distinctive points of view in the philosophy of art and problems presented by the arts.

Three periods a week. Credit, three semester hours.

Alternates with Philosophy 323. Not offered in 1957-1958.

RELIGION

106. THE USE OF THE BIBLE.

Main ideas of the Bible and their application in present-day life. Passages will be studied from both the Old and the New Testaments.

Three periods a week. Credit, three semester hours.

*201: 201R. OLD TESTAMENT LITERATURE.

An introductory course designed to provide an understanding of the history, religion, and literature of the Hebrew people from the time of the patriarchs to post-exilic Judaism.

Three periods a week. Credit, three semester hours.

*202: 202R. NEW TESTAMENT LITERATURE.

An introductory course covering the history, religion, and literature of New Testament times.

Three periods a week. Credit, three semester hours.

210. RELIGION IN AMERICA.

A brief consideration of the place of religion in American history; concentrated study of the basic ideas and the contemporary forms of organization and interpretation of the major faiths in the United States-Judaism, Roman Catholicism, and Protestantism. Prerequisite, Religion 201 or 202.

Three periods a week. Credit, three semester hours.

307. RELIGIONS OF MANKIND.

A brief survey of the forms of religion among primitive peoples; historical and comparative study of the great living religions of the world.

Three periods a week. Credit, three semester hours.

911. THE LIFE AND TEACHINGS OF JESUS.

A consideration of the sources for the life of Jesus; the world in which he lived; his religious and ethical teachings; his mission and its significance for Christian faith.

Three periods a week. Credit, three semester hours.

Alternates with Religion 321. Not offered in 1957-1958.

814. CLASSICS OF CHRISTIAN THOUGHT.

^A A study of some of the most significant interpretations of the Christian faith, including those of St. Augustine, St. Thomas Aquinas, Martin Luther, John Calvin, Blaise Pascal, and Soren Kierkegaard.

Three periods a week. Credit, three semester hours. Alternates with Religion 316. Not offered in 1957-1958.

916. RELIGION AND CONTEMPORARY LIFE.

The religious approach to problems of individual life and the social order contrasted with major nonreligious solutions such as Freudianism and Marxianism.

Three periods a week. Credit, three semester hours. Alternates with Religion 314. Offered in 1957-1958.

921. BASIC CHRISTIAN BELIEFS.

A study of the Christian point of view concerning God, man, evil and suffering, the Incarnation and Atonement, the Church and sacraments, history, and the Kingdom of God.

Three periods a week. Credit, three semester hours. Alternates with Religion 311. Offered in 1957-1958.

351; 352; 451; 452. SPECIAL STUDIES IN PHILOSOPHY AND RELIGION.

Directed study planned and conducted with reference to the needs of students who are candidates for departmental honors. Qualified students who are not candidates for such honors are admitted with the consent of the Department.

Credit, one to three semester hours each semester, depending upon the quantity and quality of the work done.

[93]

1957

PHYSICAL AND HEALTH EDUCATION

Associate Professors Havens and Parker; Assistant Professors Clower and Todd

A student majoring in this department must also complete with a grade of C or better eighteen semester hours beyond the introductory courses in another department.

Certificate Requirements: Physical Education 101, 102, 201, 202, 203, 204, 205, 502 or 346, 341 or 343, 342 or 344, 403, 404, 407; Biology 102, 315, 302 or 411; Itos semseter hours chosen from Physical Education 206, 305, 306, 306, 310. Chemistry, Nutrition, and Sociology are desirable electives.

*101; 102. PHYSICAL EDUCATION.

Instruction in a wide variety of team games and individual sports. A portion of the course is devoted to group discussion and individual conferences on problems arising from the activity.

Three periods a week. Credit, one semester hour each semester.

*201; 202. PHYSICAL EDUCATION.

Instruction in individual sports and recreation seeking to develop sufficient skills to insure permanent interest in healthful activities. One period per week is devoted to health teaching throughout the year.

Three periods a week. Credit, one semester hour each semester.

203. RECREATION LEADERSHIP.

A critical study of the theory of play; a classification of play activities; the leadership of community recreation with methods and materials of teaching activities suitable for use in school, church, playground, and similar social institutions.

Three periods a week. Credit, two semester hours.

204. INTRODUCTION TO PHYSICAL EDUCATION.

An analysis of the values of physical education, the development of objectives and their application to the educational program.

Two periods a week. Credit, two semester hours.

205. FOLK DANCES.

Methods of instruction and choice of materials for teaching folk dancing. Students do practice instructing within the class group.

Two periods a week. Credit, one semester hour.

[94]

206. TAP DANCING.

Methods of instruction and choice of materials for teaching tap dancing. Students do practice instructing within the class group.

Two periods a week. Credit, one semester hour.

302. THE TEACHING OF PHYSICAL EDUCATION ACTIVITIES FOR WOMEN.

The theory and practice of teaching individual sports; analysis of techniques, rules, and methods of instruction for both skilled and unskilled groups.

Three periods a week. Credit, two semester hours.

805. HEALTH EDUCATION.

The principles, methods, and materials for instruction in health in the secondary schools; correlation of health teaching with the sciences, home economics, and physical education.

Two periods a week. Credit, two semester hours.

ROG. SCHOOL HEALTH PROBLEMS.

The organization of health education to permit the efficient conduct of the health examination, the follow-up and correction of defects, the control of communicable diseases; the hygiene of environment; normal growth and development; mental hygiene.

Two periods a week. Credit, two semester hours.

808. CORRECTIVE PHYSICAL EDUCATION.

Practice in orthopedic examination; detecting reconstruction problems and learning how to carry out a program in correctives under the supervision of an orthopedist.

Two periods a week. Credit, two semester hours.

Alternates with Physical Education 310. Offered in 1957-1958.

910. SAFETY EDUCATION AND FIRST AID.

Methods and materials for the teaching of safety and first aid. A study is made of the nature and causes of accidents in the daily living of the school child with emphasis upon the prevention and emergency care of injuries incident to physical activities and athletics.

Three periods a week. Credit, two semester hours.

Alternates with Physical Education 308. Not offered in 1957-1958.

841. SPORTS FOR MEN.

The theory and practice of coaching high school football

[95]

and soccer; the teaching of fundamentals, team play, psychology of coaching, and care of injuries.

In Physical Education 341 and 342, an additional hour credit is allowed for those students who are selected by the instructor for extensive field work in the Carroll County school system.

Three periods a week. Credit, two or three semester hours. (See note to Physical Education 342.)

842. SPORTS FOR MEN.

The theory and practice of coaching basketball, baseball, and track; officiating in these sports, with practical experience in the public schools; co-operation with county school authorities in conducting track and field meets and tournaments. See explanation under Physical Education 341.

Three periods a week. Credit, two or three semester hours.

Note: Students electing Physical Education 341 or 342 must have individual skills developed through at least one season on a varsity squad or the equivalent.

843. TEAM SPORTS FOR WOMEN.

The theory and practice of teaching hockey and basketball; analysis of techniques, rules, and methods of instruction for both skilled and unskilled groups.

Three periods a week. Credit, two semester hours.

344. TEAM SPORTS FOR WOMEN.

The theory and practice of teaching volleyball, softball, and speedball. Special emphasis is placed upon conducting the Maryland state program of physical education.

Three periods a week. Credit, two semester hours.

846. THE TEACHING OF PHYSICAL ACTIVITIES FOR BOYS.

Methods of group instruction for a modern sports program. Three periods a week. Credit, two semester hours.

403. ADMINISTRATION OF PHYSICAL EDUCATION.

The problems of administering a physical education program: interscholastic and intramural athletics, purchase and care of equipment, budget and financing, and public relations.

Three periods a week. Credit, three semester hours.

404. PHYSIOLOGY OF ACTIVITY.

The mechanics of different activities; physiological effects of exercises; developmental problems. Prerequisite, Biology 315. *Two periods a week*. Credit, two semester hours.

Note: Students qualifying for the high school teacher's certificate should take the course in their junior year. 407. PROBLEMS OF PHYSICAL EDUCATION.

The development of a practical program of physical education using the problem approach to the selection of activities that will provide for biological needs, social development, and character training. Data accumulated through the cooperative survey of secondary schools form the basis of the course.

Two periods a week. Credit, two semester hours.

411. TESTS AND MEASUREMENTS IN HEALTH AND PHYSICAL EDUCATION.

A study of various tests and measurements in the field of health and physical education. Special attention is paid to the methods of giving and scoring tests and the uses to be made of the results obtained. An evaluation of test materials and testing programs forms an important part of the course.

Two periods a week. Credit, two semester hours.

PHYSICAL SCIENCE See General Science.

PHYSICS

Professor Summers; Assistant Professor Peck

*201, 202. GENERAL PHYSICS.

Mechanics, sound, heat, light, magnetism, and electricity. Prerequisite, a working knowledge of algebra through quadratic equations and of trigonometry. Laboratory fee, \$5.00 each semester.

Three class periods and one three-hour laboratory period a week. Credit, four semester hours each semester.

801. MECHANICS.

Selected topics in analytical dynamics, with emphasis on the solution of problems. Prerequisites, Physics 201, 202 and Mathematics 201 and 202. Laboratory fee, \$5.00.

Three class periods and one three-hour laboratory period a week. Credit, four semester hours.

Alternates with Physics 303. Not offered in 1957-1958.

303, 304. MAGNETISM AND ELECTRICITY.

Theory and problems. Prerequisites, Physics 201, 202 and Mathematics 201 and 202. Laboratory fee, \$5.00 each semester.

Three class periods and one three-hour laboratory period a week. Credit, four semester hours each semester.

Alternates with Physics 301 and 314. Offered in 1957-1958.

[97]

305. LIGHT.

Fundamental principles of geometrical and physical optics. Prerequisites, Physics 201, 202 and Mathematics 201 and 202. Laboratory fee, \$5.00.

Three class periods and one three-hour laboratory period a week. Credit, four semester hours.

Alternates with Physics 307. Not offered in 1957-1958.

306. MODERN PHYSICS.

Atomic structure, theory of spectra, x-rays, relativity, and nuclear physics. Prerequisites, Physics 201, 202 and Mathematics 201 and 202. Laboratory fee, \$5.00.

Three class periods and one three-hour laboratory period a week. Credit, four semester hours.

Alternates with Physics 310. Not offered in 1957-1958.

307. HEAT AND PROPERTIES OF MATTER.

Heat and thermodynamics, elasticity, capillarity, diffusion, and viscosity. Prerequisites, Physics 201, 202 and Mathematics 201 and 202. Laboratory fee, \$5.00.

Three class periods and one three-hour laboratory period a week. Credit, four semester hours.

Alternates with Physics 305. Offered in 1957-1958.

810. ELECTRONICS.

Theory and applications of radio tubes, photoelectric cells, and cathode ray oscilloscopes. Prerequisites, Physics 201, 202 and Mathematics 201 and 202. Laboratory fee, \$5.00.

Three class periods and one three-hour laboratory period a week. Credit, four semester hours.

Alternates with Physics 306. Offered in 1957-1958.

314. THEORETICAL MECHANICS.

Statics and dynamics of particles and rigid bodies. Prerequisite, Physics 301 or six semester hours beyond Physics 202.

Three periods a week. Credit, three semester hours.

Alternates with Physics 304. Not offered in 1957-1958.

316. ADVANCED LABORATORY TECHNIQUES.

Simple glass blowing, high vacuum techniques, and other procedures useful in experimental research. Laboratory fee, \$,00.

One three-hour laboratory period a week. Credit, one semester hour.

Offered in alternate years, not in 1957-1958.

851; 852; 451; 452. SPECIAL STUDIES IN PHYSICS.

²⁷ Directed study planned and conducted with reference to the needs of those students who are candidates for departmental honors in Physics. Qualified students who are not candidates for such honors but who desire to take the course are also admitted. Laboratory fee, nor more than \$15,00 each semester, depending upon the nature of the course.

Credit, one to three semester hours each semester, depending upon the quantity and quality of the work done.

> POLITICAL SCIENCE See History and Political Science.

PREMEDICAL COURSE See page 79.

PSYCHOLOGY

Professor Russell: Assistant Professor Adkins

Psychology 203 is a prerequisite to all other courses in Psychology.

*208; 203R. GENERAL PSYCHOLOGY.

An introductory course designed to offer the student a better understanding of himself and his fellow beings. Individual differences, intelligence, motivation, emotion, perception, learning, and personality are considered. See note above.

Three periods a week. Credit, three semester hours.

*210. PSYCHOLOGY OF PERSONALITY.

A combined practical and theoretical study of personality. Main topics will be the factors and habits necessary for good personal development and mental health, and a brief survey of theories about personality and methods of assessing it.

Three periods a week. Credit, three semester hours.

801. SOCIAL PSYCHOLOGY.

Psychological analysis of the behavior of the individual as a member of social groups. Topics include motivation, beliefs, attitudes, public opinion, propaganda, prejudice, tensions, and social problems.

Three periods a week. Credit, three semester hours.

802. PSYCHOLOGICAL TESTING.

An introductory course in testing; a study of the construction, administration, interpretation, and use of tests of intelligence, aptitude, interests, and personality. Prerequisite, six semester hours of Psychology; students who have not had Math-

[99]

ematics 315 must have the permission of the instructor to enter the course. Materials fee, \$9.00.

Three periods a week. Credit, three semester hours.

309. ABNORMAL PSYCHOLOGY.

The incidence, causes, treatment, and prevention of the disorganized personality. This course may be elected separately, although it is designed as a continuation of Psychology 210. Prerequisite, at least six semester hours of Psychology.

Three periods a week. Credit, three semester hours.

810. INTRODUCTORY EXPERIMENTAL PSYCHOLOGY.

A course designed to familiarize students with the methods and results of laboratory research. Prerequisite, Mathematics 315. Laboratory fee, \$5.00.

One class period and two two-hour laboratory periods a week. Credit, three semester hours.

Alternates with Psychology 312. Not offered in 1957-1958.

812. HISTORY AND CURRENT THEORIES IN PSYCHOLOGY.

A critical survey of influential viewpoints, theories, and trends; the historical development and contemporary systems of psychology.

Three periods a week. Credit, three semester hours.

Alternates with Psychology 310. Offered in 1957-1958.

317; 317R. PSYCHOLOGY OF HUMAN DEVELOPMENT.

Development from the prenatal period through old age, with special emphasis on infancy, childhood, and adolescence; physical, mental, and emotional development, and social adjustment.

Three class periods a week and directed observation in the field. Credit, three semester hours.

318. INDUSTRIAL AND APPLIED PSYCHOLOGY.

An introductory course in the application of psychological principles to the promotion of good human relations, especially in business and industry. The use of tests in personnel selection and training programs will be among the major topics considered.

Three periods a week. Credit, three semester hours.

351; 352; 451; 452. SPECIAL STUDIES IN PSYCHOLOGY.

Directed individual study; open to advanced students in Psychology who are candidates for departmental honors in Psychology. Other qualified students may be admitted with the consent of the Department.

Credit, one to three semester hours each semester, depending upon the quantity and quality of the work done.

READING

Professor Sara E. Smith

No major is offered in this field.

The adjustment to academic work in college is difficult for some students because they lack adequate study habits and reading skills. As one of the features of its personnel program, Western Maryland College gives a reading test to all incoming freshmen and offers a course in reading to all who, from their scores on this and other tests, seem to need additional aid.

101. READING PROBLEMS.

A course given to a group of freshmen selected because of reading difficulties; class work, individual practice, and conferences. Materials fee, \$2.00.

One class period and one conference a week. Credit. one semester hour.

RELIGION See Philosophy and Religion.

SOCIOLOGY

Professor Earp; Assistant Professors David and Griswold

Sociology 101 is a prerequisite to all other courses in Sociology except 106 and 303.

*101: 101R. INTRODUCTORY SOCIOLOGY.

A general course dealing with man's cultural heritage, man's social nature, forms of collective behavior, community and social organization, social interaction, and social change. See note above.

Three periods a week. Credit, three semester hours.

*106. SOCIAL PROBLEMS.

The study of a limited number of social problems such as old age, physical and mental deficiency, drug addiction, alcoholism, unemployment, poverty, sickness, domestic discord, population, minorities, revolution, war.

Three periods a week. Credit, three semester hours.

909. THE FAMILY.

The study of the present-day American family and marriage relationships: mate selection, husband-wife relationships, parentchild relationships, family disorganization, and the family budget.

Three periods a week. Credit, three semester hours.

[101]

205. CRIMINOLOGY.

The study of the causes, incidence, treatment, and prevention of crime and delinquency.

Three periods a week. Credit, three semester hours.

301. SOCIAL PSYCHOLOGY. See Psychology 301.

808. CULTURAL ANTHROPOLOGY.

The study of man's culture, with material drawn from both primitive and complex societies.

Three periods a week. Credit, three semester hours.

306. The Sociology of the Community.

The community as a social system, community organization for meeting problems; other selected aspects of community life, including the fusion of rural and urban patterns.

Three periods a week. Credit, three semester hours. Alternates with Sociology 308. Offered in 1957-1958.

808. SOCIAL ORGANIZATION AND CONTROL.

The study of forces in a society which bring about its organization and the various means utilized in the process.

Three periods a week. Credit, three semester hours.

Alternates with Sociology 306. Not offered in 1957-1958.

323. SOCIAL PHILOSOPHY. See Philosophy 323.

351; 352; 451; 452. SPECIAL STUDIES IN SOCIOLOGY.

Directed study planned and conducted with reference to the needs of those students who are candidates for departmental honors in Sociology. Qualified students who are not candidates for such honors but who desire to undertake special work in the Department are also admitted.

Credit, one to three semester hours each semester, depending upon the quantity and quality of the work done.

401, 402. INTRODUCTION TO SOCIAL WORK.

The study of the theory and application of the principles underlying social investigation and treatment in the fields of public and private welfare. Prerequisite, twelve semester hours of Sociology.

Three periods a week. Credit, three semester hours each semester.

SPANISH See Modern Languages.

(On sabbatical leave, second semester, 1956-1957)

B.S., Radford State Teachers College; Ä.M., Columbia University; Ed.D., Columbia University; additional studies, The Shakespeare Institute and The University of Birmingham, England. [1946]

JANE VINTON HUMBERTSON, Assistant Librarian A.B., Washington College; M.L.S., Carnegie Institute of Technology. [1954]

FRANK BENJAMIN HURT, Astociate Professor of Political Science A.B., Washington and Lee University; A.M., University of Virginia; A.M., Princeton University; additional studies, Johns Hopkins University, Harvard University, University of North Carolina. (1930)

Isaner, THOMPSON ISANOGLE, Associate Professor of Biology (On leave of absence, 1956-1957) A.B., University of Cincinnati; B.E., University of Cincinnati; A.M., University of Cincinnati; Ph.D., Ohio State University. [1942]

JEAN KERSCHNER, Associate Professor of Biology A.B., Hood College; Ph.D., University of Pennsylvania. [1952]

DONALD ROCHESTER KEY, Assistant Professor of Music A.B., Millsaps College; M.Mus., New England Conservatory; additional studies, Boston University. [1956]

RICHARD WAGNER KIEFER, Special Instructor in Economics (First semester, 1956-1957) A.B., Western Maryland College; LL.B., Duke University. [1955]

KARL LEE LOCKWOOD, Assistant Professor of Chemistry B.S., Muhlenberg College; Ph.D., Cornell University. [1955]

WILLIAM ALLAN MACDONALD, Professor of the History of Art A.B., Oberlin College; A.M., Johns Hopkins University; Ph.D., Johns Hopkins University. [1945]

[110]

Faculty

1957

JOHN DONALD MAROSKY, Dean of the Faculty and Professor of English

A.B., Western Maryland College; A.M., Columbia University; Ed.D., Columbia University. [1934]

EUGENE MILLER NUSS, Assistant Professor of Education B.S., Bloomsburg State Teachers College; M.S., Temple University. [1955]

MARIE PARKER, Associate Professor of Physical Education B.S., University of Missouri; A.M., Columbia University. [1929]

MAHLON FRANK PECK, Assistant Professor of Physics A.B., University of Buffalo; A.M., University of Buffalo; additional studies, Catholic University of America, Johns Hopkins University, University of Maryland. [1947]

RALPH BEVERE PRICE, Professor of Economics A.B., University of Colorado; A.M., University of Colorado; Ph.D., University of Colorado; additional studies, London School of Economics. [1954]

WILLIAM ROBBINS RIDINGTON, Professor of Classics and Counselor of Guidance and Testing

Å.B., Princeton University; A.M., Princeton University; Ph.D., University of Pennsylvania; additional studies, American School of Classical Studies, Athens, Greece; A.M., Columbia University. 119881

PHILIP SAMUEL ROYER, Assistant Professor of Music A.B., Western Maryland College; A.M., Columbia University; additional studies, Temple University, [1930]

OLIVE RUTH RUSSELL, Professor of Psychology A.B., University of Toronto; Ph.D., University of Edinburgh; additional studies, Austro-American Institute, Vienna, Columbia University. [1949]

CARL LAWYER SCHAEFEER, Treasurer of the College A.B., Western Maryland College; B.S.E., Johns Hopkins University: additional studies, Johns Hopkins University. [1919]

CORINNE TROY SCHOFIELD, Instructor in Home Economics B.S., Columbia University; A.M., Columbia University, [1921]

[111]

SAMUEL BIGGS SCHOFIELD, Dean of Administration and Professor of Chemistry

A.B., Western Maryland College; A.M., Princeton University; Sc.D., Dickinson College; additional studies, Princeton University. [1919]

MARY LOUISE SHIPLEY, Associate Professor of Art A.B., Western Maryland College; additional studies, Martinet School of Art, Maryland Institute. [1938]

ELIZABETH SIMKINS, Professor of Library Science and Director of the Library

A.B., The Woman's College of the University of North Carolina; B.S.L.S., Columbia University; A.M.L.S., University of Michigan. [1946]

DAISY WINNIFRED SMITH, Professor of Home Economics B.S., Acadia University; A.M., Columbia University, [1938]

Estrute SMITH, Associate Professor of Dramatic Art Diploma, Bard-Avon School of Expression; Teacher's Certificate, American Academy of Dramatic Arts; additional studies, Columbia University; student with Binney Cumisson and Louise Gifford; Dramatic Workshop of the New School of Social Research. [1926]

SARA ELIZABETH SMITH, Professor of Education A.B., Western Maryland College; A.M., Columbia University; Ed.D., Columbia University. [1926]

MARGARET JULIA SNADER, Assistant Professor of Modern Languages

A.B., Western Maryland College; A.M., Columbia University; Certificat d' Etudes, Sorbonne; additional studies, McGill University, Cornell University, Pontigny, Mount Holyoke College. [1980]

OLIVER KINGSLEY SPANGLER, Associate Professor of Music A.B., Otterbein College; B.Mus., Otterbein College; M.Mus., Peabody Conservatory of Music. [1938]

CLYDE ALLEN SPICER, Professor of Mathematics A.B., University of Richmond; A.M., Johns Hopkins University; Ph.D., Johns Hopkins University. [1929]

Faculty

1957

HARWELL PRESLEY STURDIVANT, Professor of Biology B.S., Emory University; A.M., Emory University; Ph.D., Columbia University. [1948]

MARIE-ADELE SUMMERS, Special Instructor in Modern Languages A.B., Western Maryland College. [1944]

REMERANDT DEWEES SUMMERS, Professor of Physics A.B., University of Pennsylvania; Ph.D., University of Pennsylvania. [1944]

ROSELDA FOWLER TODD, Assistant Professor of Physical Education A.B., Western Maryland College; A.M., Columbia University; additional studies, Columbia University, [1930]

ALLEN ALBERT WALKER, Visiting Assistant Professor of Biology A.B., Hobart College; A.M., University of Texas; additional studies, University of Texas. [1956]

MINNIE MARSDEN WARD, Librarian A.B., Western Maryland College; A.M., Columbia University. [1924]

EVELYN WINGATE WENNER, Associate Professor of English A.B., Blue Ridge College; A.M., Johns Hopkins University; Ph.D., George Washington University, [1931]

THEODORE MARSHALL WHITFIELD, Professor of History A.B., University of Richmond; Ph.D., Johns Hopkins University. [1929]

JOSEPH CLEMENS WILLEN, Assistant Professor of Modern Languages

A.B., Columbia University; A.M., University of Pennsylvania; additional studies, Colegio de Arequipa, Peru, University of Berlin, University of Pennsylvania. [1993]

JOY SLEEPER WINFREY, Special Instructor in Dramatic Art A.B., Eastman School of Music; A.M., Wellesley College. [1952]

STANDING COMMITTEES OF THE FACULTY

[151]

Endowments

Within the framework of the general Endowment Fund of the College, totaling approximately \$1,250,000, there are a number of special endowments that have been contributed for specific purposes, as follows:

THE OSCAR LAFAYETTE MORRIS LIBRARY MEMORIAL FUND

By the will of the late Oscar Lafayette Morris, of Salisbury, Maryland, the College came into possession of a bequest which has been set apart as a special endowment for the Library, to be known as the Oscar Lafayette Morris Library Memorial Fund.

THE JAMES THOMPSON MEMORIAL

Through a gift made by Dr. and Mrs. William J. Thompson. of New York City, in memory of Dr. Thompson & father, the late Rev. James Thompson of the Maryland Conference of the former Methodia Mislett. The incident of the second second second second is Mislett. The second second second second second second the second second second second second second second the second se

THE JOSEPH ENGLAR SCHOLARSHIP FUND

This fund was established under a bequest of the late Joseph Englar, who was a trustee of the College from 1897 until his death in 1924. The income from this fund is to be used to assist needy students in pursuing their education.

THE HARRY CLARY JONES SCHOLARSHIP FUND

Through a bequest of the late Prof. Harry Clary Jones, two scholarships are offered of sensions, one in the Chemistry Department and one in the Physics Department. If in one of these departments no outstanding candidate appears in any year, two scholarships may be given in the other departments. If no candidate in either of these departments meets the requirements for this honor, then no scholarship shall be awarded in that year, and the income from the investment for that year shall be placed back into the fund and used in awarding additional scholarships in succeeding years, as the Committee on the Award may see fit.

THE LEE SCHOLARSHIP FUND

Through a bequest of Miss Grace Lee, this fund was established to provide scholarship assistance for the benefit and education of deserving students. The beneficiaries are to be students who are unable to meet the full expenses of a college education.

THE FLORENCE E. STONER WESTERN MARYLAND FREE SCHOLARSHIP

By the will of the late Frank L. Stoner, of Frederick, Maryland, a trust fund was set up, the income from which is to be used for the maintenance of a free scholarship at Western Maryland College. The trustees of this fund select the recipient.

THE STONE SCHOLARSHIPS

The will of the late Harvey A. Stone provides that the income from the property he bequeathed to the College shall be applied to the education of male students at Western Maryland College who may be pursuing a course preliminary to entering upon a theological course.

THE W. EDWIN WARFIELD MEMORIAL SCHOLARSHIP

This scholarship has been provided by the Lions Club of Silver Spring, Maryland, in memory of the late W. Edwin Warfield, a member of that Club and an alumnus of Western Maryland College, who died in action during World War II. It provides full tuition annually to one person selected by the Club.

THE WILLIAM G. BAKER, JR., SCHOLARSHIP FUND

This scholarship has been established as a memorial to Mr. William G. Baker, Jr., for many years a devoted trustee of the College. It provides one tuition scholarship annually.

THE JOSEPH S. WHITEFORD FUND

This fund has furnished and endowed a suite of rooms in Albert Norman Ward Hall to be occupied by two worthy young men without charge.

THE WILLIAM R. WINSLOW SCHOLARSHIP FUND

The income from this fund will provide three full tuition scholarships. It is the further stipulation of the donor that the recipient of the scholarship must be willing to earn money to pay for his room and board.

THE FRANK C. MARINO SCHOLARSHIP

Under the provisions of this contribution \$250.00 is available annually to give scholarship aid to needy and deserving students. No discrimination is to be made against any person because of his religious faith.

THE PAGE ETCHISON MEMORIAL SCHOLARSHIP

This scholarship has been established by the Organized Bible Class Association, of Washington, in memory of Mr. Page McKendree Etchison. It provides full tuition for one student from the Washington Area selected by the Association.

THE CAMBRIDGE RUBBER FOUNDATION SCHOLARSHIPS

The Cambridge Rubber Foundation has placed funds at the disposal of the College, which will provide \$aoooo annually to be awarded to a desrving student. Character, need for assistance, and academic ability are to be the determining factors in making the award.

THE ELEANOR B. GAITHER MEMORIAL SCHOLARSHIP FUND

This fund was established under the wills of the late Mr. and Mrs. James H. Gaither in memory of their daughter, who was a member of the Class of 1940.

ENDURING INVESTMENTS

No forms of beneficence exceed in importance gifts to education. Educational institutions are not money-making institutions--their dividends are in character building and in mental development. The tuition which students are able to pay meets only part of the actual cost; the remainder must come from endowment and annual gifts. Friends of Western Maryland College should note the important work the College is doing in the field of higher education, and the opportunity the College offers for beneficence where most satisfactory results may be obtained. More than three million dollars have been expended in this institution in buildings and endowment. The success of the College has been phenomenal in many respects, but its success makes it imperative that a much larger endowment and a more extensive equipment be secured if the College is to go forward in the most efficient way.

The friends of higher education are respectfully asked to consider the claims of this institution and to join in making possible the complete success of the enterprise projected.

Consideration is asked for the following items:

- 1. \$15,000.00 will provide a tuition scholarship.
- \$30,000.00 will endow a scholarship that will provide both board and tuition for one student.
- 8. \$150,000.00 will endow a full, named professorship.
- 4. \$75,000.00 to \$500,000.00 will erect one of the new buildings projected in the plans adopted for the re-grouping of the college buildings.

Gifts in any amounts will be applied to the purposes indicated by donors.

FORMS OF BEQUEST

GENERAL ENDOWMENT

I give and bequeath to Western Maryland College, a corporation established by law, in the Giv of Westminster, and State of Maryland, the sum of ________dullars, to be aftely invested by the Trustees, and the income to be appropriated by the Trustees for the benefit of the College, in such manner as they shall think best.

SPECIFIC ENDOWMENT

I give and bequeath to Western Maryland College, a corportation established by law, in the City of Westminster, and State of Maryland, the sum of _______dollars, to be safely invested by the Trustees of the College, and called the ______Endowment Fund. The interest shall be applied to the payment of the salaries of teachers in Western Maryland College, as the Trustees shall deem expedient.

TUITION SCHOLARSHIPS

I give and bequeath to Western Maryland College, a corporation established by law, in the City of Westminster, and State of Maryland, the sum of...dollars, to be aclely invested by the Trustees, and called the Scholarship Fund. The interest of this fund shall be applied to aid deserving students in Western Maryland College.

ENDOWMENT OF PROFESSORSHIPS

Charitable bequests are void in many states unless made thirty days prior to the death of the testator.
