## THE JANUARY TERM AT WESTERN MARYLAND COLLEGE

The January Term has been an important part of the Western Maryland College curriculum since 1969 and provides both students and faculty with an unusual educational experience. Breadth and depth, while vital components of a liberal education, should not constitute the only objectives of students or of faculty members in their common pursuit of learning. There is a third dimension in this pursuit - intensity - a dimension which the January Term experience is designed to provide. Students and faculty are encouraged to view the January Term as a cooperative venture where all of those involved can explore new areas and expand their intellectual horizons.

The January Term takes several directions. For some students it is the opportunity to pursue independently, in an organized and guided way, projects or areas of study which deeply interest them. For others it is an opportunity to enroll in a course even though they have no previous background in the field. For others it means a time for exploration in an area of interest unrelated to their regular academic programs. For students interested in travel, it is a fine opportunity to join with others in a study tour. For all, it is a period of concentrated study normally beyond the range of the more usual course experiences. This flexibility and experimentation in learning, which is the special feature of the January Term, will thus supplement and enrich the pattern of course work in the two regular semesters.

The January Term at Western Maryland, then, may be envisioned as a time to cultivate special interests in depth; a time for creative work; a time for experiment; a time for interdisciplinary dialogue; a time to explore art galleries, museums, and libraries in the area; a time to engage in special projects; a time for travel and study abroad; a time for study and reflection.

## ELIGIBLE STUDENTS

Students are required to complete successfully one January Term.

Students in good standing at Western Maryland College are eligible to participate in the January Term; these include full-time students, part-time students, and those who plan to enroll full time in February. Only full-time students will be permitted to live on campus during the January Term. Special students may apply for admission to the January Term through the Associate Dean of Academic Affairs.

## CLASS MEETINGS

Generally, all classes meet at 10:00 a.m. on the first day of January Term. A list of courses and meeting rooms will be distributed to all students during the fall semester. After the first day of class, meeting times are flexible and are at the discretion of the professor. Students should expect to spend, on the average, a minimum of two hours a day in class and four hours a day out of class working on assignments. Of course, this varies. Some courses require attendance all day in a classroom setting; others require fewer class hours and more independent work by students.

## REGISTRATION

PLEASE READ THESE INSTRUCTIONS CAREFULLY so that you will have the best opportunity to enroll in the course of your choice. In order for the College to meet state enrollment reporting deadlines, January Term registration will be held September 23.

January Term registration cards will be placed in your mailbox during the week before registration. You should review the January Term catalog and select the courses you are interested in taking, placing your top three choices, in order, on your registration card (please use pencil so changes can be made if needed). If any of your choices require an instructor's permission/interview (check catalog), get the required signatures before registration. You cannot register for these courses without the required signature. A signature does not guarantee a space in the class; it is only a request for the class, based on your priority at registration. There are three types of course enrollments: 1) first enrollee courses; 2) study tour/special studies courses; and 3) special priority courses.

## 1. First Enrollee - Course Procedure

If the course you have chosen indicates that it is open to first enrollees, you should follow the procedure described in this section.

A group number has been assigned to you on a random basis and is indicated on your January Term registration card that was placed in your campus mailbox. Students who lose their registration cards with their group number will be assigned the highest group number. Registration cards that have the name or group number altered will not be accepted.

Registration will take place on Tuesday, September 23, in the Forum, according to the times listed below:

<u>Group</u>	<u>Time</u>
1	4:00 p.m.
2	4:15 p.m.
3	4:30 p.m.
4	4:45 p.m.
5	5:00 p.m.
6	5:15 p.m.
7	5:30 p.m.
8	5:45 p.m.
9	6:00 p.m.
10	6:15 p.m.
11	6:30 p.m.
12	6:45 p.m.
13	7:00 p.m.
14	7:15 p.m.
15	7:30 p.m.
16	9:00 - 4:00 WEDNESDAY in the Registrar's Office

You may bring the card of one other friend who cannot be present. (If you do this, you must present the card during the time indicated for his or her Group Number.)

A list of closed courses will be posted outside the Forum for your information.

PLEASE NOTE: Waiting lists will not be used during this January Term registration.

## 2. Special Course Procedure - Study Tours/ Special Studies/Internships

Students wishing to enroll for study tours, special studies, or internships must turn in their cards during the registration period. A late fee of \$15 will be charged to students who register after September 29. Students enrolling in the special courses do not have to use the group number procedure; they may drop their cards off at any time in the Registrar's Office during the registration period.

Students registering for special studies or internships must have the following items filled out on their card: department, credits, and instructor's signature. In addition, they must fill out a special studies/internship contract, which may be obtained from the Registrar's Office. Completed contracts are due by December 12 in the Registrar's Office. (No internships or special studies will be accepted after January 8.)

## 3. Courses with Special Priorities

Several courses have enrollment priorities. These courses are listed below along with their registration dates and time. In order to eliminate confusion, the Registrar's Office will handle registration of courses with special priorities prior to the Forum registration. At the Forum, available space in these courses will be open on a first enrollee basis.

A copy of your January Term schedule will be placed in your campus mailbox after the registration period is complete. Please check it carefully to insure that you are properly enrolled for the course of your choice.

Drop/Add will begin September 29 and changes may be made until October 10. After October 10, no course changes for January Term will be accepted until January Term begins. To make changes, follow these procedures:

- 1) Obtain a drop/add form from the Registrar's Office.
- 2) Secure instructor's signature for any dropped or added course.
- 3) Turn in drop/add form to the Registrar's Office. No change is complete until the drop/add is turned into the Registrar's Office.

#### GRADES AND CREDITS

Courses and projects will be graded in one of three ways: regular letter grades, credit/fail, or student's option (where the students select during the first two days of January Term whether they wish to receive regular letter grades or Credit/Fail).

NOTE: "Credit" is awarded for work of C quality or better. "F" is given for work below the quality level of C.

Students are permitted to take a course in their major during January Term. It is up to the discretion of the department head and the student's adviser as to whether or not a course may count toward major requirements.

Regular semester courses are not offered during the January Term, and January Term courses cannot be used to satisfy basic liberal arts requirements. All credit taken in the January Term will count toward graduation.

Students carry only one full course (two credits) during a January Term; they may be allowed to participate in an applied Fine Arts course for no credit or for one credit in addition to their full course registration.

## EXPENSES

Full-time undergraduates are entitled to enroll in one January Term without paying additional tuition. However, all students must pay any special fees required by the course for which they register. Students who drop any course requiring extra fees after October 10 are still obligated to pay them unless the professor agrees to waive the fees.

## JANUARY TERM EXCHANGE PROGRAMS

January study at other colleges having interim programs may be arranged for Western Maryland students. As with all transfer courses, permission must be obtained prior to enrollment to ensure transferability. Forms are available in the Registrar's Office.

Western Maryland will consider applications from students at other colleges having interim programs. Arrangements are usually made for a tuition exchange, and the visiting student pays the stated room and board fee, providing housing is available on campus.
