## THE JANUARY TERM AT WESTERN MARYLAND COLLEGE

The January Term has been an important part of the Western Maryland College curriculum since 1969 and provides both students and faculty with an unusual educational experience. Breadth and depth, while vital components of a liberal education, should not constitute the only objectives of students or of faculty members in their common pursuit of learning. There is a third dimension in this pursuit - intensity - a dimension which the January Term experience is designed to provide. Students and faculty are encouraged to view the January Term as a cooperative venture where all of those involved can explore new areas and expand their intellectual horizons.

The January Term takes several directions. For some students it is the opportunity to pursue independently, in an organized and guided way, projects or areas of study which deeply interest them. For others it is an opportunity to enroll in a course even though they have no previous background in the field. For others it means a time for exploration in an area of interest unrelated to their regular academic programs. For students interested in travel, it is a fine opportunity to join with others in a study tour. For all, it is a period of concentrated study normally beyond the range of the more usual course experiences. This flexibility and experimentation in learning, which is the special feature of the January Term, will thus supplement and enrich the pattern of course work in the two regular semesters.

The January Term at Western Maryland, then, may be envisioned as a time to cultivate special interests in depth; a time for creative work; a time for experiment; a time for interdisciplinary dialogue; a time to explore art galleries, museums, and libraries in the area; a time to engage in special projects; a time for travel and study abroad; a time for study and reflection.

## ELIGIBLE STUDENTS

Students are required to complete successfully one January Term.

Students in good standing at Western Maryland College are eligible to participate in the January Term; these include full-time students, part-time students, and those who plan to enroll full-time in February. Only full-time students will be permitted to live on campus during the January Term. Special students may apply for admission to the January Term through the Dean of Academic Affairs.

## CLASS MEETINGS

Generally, *all* classes meet at 10 a.m. on the first day of January Term. A list of courses and meeting rooms will be distributed to all students during the fall semester. After the first day of class, meeting times are flexible and are at the discretion of the professor. Students should expect to spend, on the average, *a minimum of two hours a day in class and four hours a day out of class* working on assignments. Of course, this varies. Some courses require attendance all day in a classroom setting; others require fewer class hours and more independent work by students.

## REGISTRATION

**PLEASE READ THESE INSTRUCTIONS CAREFULLY** so that you will have the best opportunity to enroll in the course of your choice. In order for Western Maryland College to meet state enrollment reporting deadlines, January Term registration begins September 17.

## REGISTRATION (continued)

Review the January Term catalog and select the courses you are interested in taking, placing your top three choices, in order, on your registration card (on the back cover). *Please use a pencil* so changes can be made if needed. If any of your choices require an instructor's permission/interview (check catalog), get the required signatures before registration. You cannot register for these courses without the required signature. A signature does not guarantee a space in the class; it is only a request for the class, based on your priority at registration.

### First Enrollee – Course Procedure

If the course you have chosen indicates that it is open to first enrollees, you should follow the procedure described in this section.

A **group number** has been assigned to you on a random basis and is indicated on your January Term registration card attached to the catalog. Students who lose their registration cards with their group number will be assigned the highest group number. Registration cards that have the name or group altered will not be accepted.

## First Enrollee – Course Procedure (continued)

A list of closed courses will be posted outside the Registrar's Office for your information.

## **Special Course Procedure – Study Tours; Special Studies; Internships**

Students wishing to enroll for study tours, special studies or internships *must* turn in their cards during the registration period. A late fee of \$15 will be charged to students who register after September 23. Students enrolling in the special courses do not have to use the group number procedure; they may drop their cards off any time in the Registrar's Office during the registration period.

Students registering for special studies or internships must have the following items filled out on their card: department, credits, grading plan, and sponsor's signature. In addition, they must fill out a special studies/internship contract, which may be obtained from the Registrar's Office. *Completed contracts are due by October 4 in the Registrar's Office.*

### **Late Registration**

Late registration begins September 23 in the Registrar's Office. The \$15 late registration fee must be paid to the Office of Student Accounts before your registration is processed.

### **Course Changes – Drops/Add**

A copy of your January Term schedule will be placed in your campus mailbox after the registration period is complete. Please check it carefully to ensure that you are properly enrolled for the course of your choice.

## Course Changes – Drops/Add (continued)

Drop/Add will begin September 23 and changes may be made until October 4. After October 4, no course changes for January Term will be accepted until January Term begins. To make changes, follow these procedures:

- 1) Obtain a drop/add form from the Registrar's Office.
- 2) Secure instructor's signature for any dropped or added course.
- 3) Turn in drop/add form to the Registrar's Office. No change is complete until the drop/add is turned into the Registrar's Office.

Please notify the Registrar's Office if you are not going to attend your January Term class.

## GRADES AND CREDITS

Courses and projects will be graded in one of three ways: regular letter grades, credit/fail, or student's option (where the students select during the first *two days* of January Term whether they wish to receive regular letter grades or Credit/Fail).

**NOTE:** "Credit" is awarded for work of C quality or better. "F" is given for work below the quality level of C.

Students are permitted to take a course in their major during January Term. It is up to the discretion of the department head and the student's adviser as to whether or not a course may count toward major requirements.

Regular semester courses are not offered during the January Term, and January Term courses cannot be used to satisfy basic liberal arts requirements. All credit taken in the January Term will

count toward graduation.

Students carry only one full course (two credits) during a January Term. All courses carry two credits unless otherwise noted.

## EXPENSES

Full-time undergraduates are entitled to enroll in one January Term without paying additional tuition. Students who take a study tour as their first January Term may subsequently take one campus January Term without additional tuition. However, all students must pay any special fees required by the course for which they register. *Students who drop any course requiring extra fees after October 7 are still obligated to pay them unless the professor agrees to waive the fees. It is the student's responsibility to obtain the professor's approval to remove any fees.*

Students remaining in the residence halls during January Term are required to pay a board fee; however, no extra fee is charged for the room. Boarding students who take off-campus courses or who are required to miss more than \$25 worth of meals will receive board refunds in the form of credit on the next semester's bill. It is the student's responsibility to file for the refund before the end of the first week of classes in the Spring semester. These forms are available in the Office of Student Affairs. Students on leave of absence or not enrolled at the college in the fall and who return for the January Term will be charged tuition, room and board for the session. The 1991 tuition and fee schedule follows:
