THE JANUARY TERM AT WESTERN MARYLAND COLLEGE

The January Term has been an important part of the Western Maryland College curriculum since 1969 and provides both students and faculty with an unusual educational experience. Breadth and depth, while vital components of a liberal education, should not constitute the only objectives of students or of faculty members in their common pursuit of learning. There is a third dimension in this pursuit - intensity - a dimension which the January Term experience is designed to provide. Students and faculty are encouraged to view the January Term as a cooperative venture where all of those involved can explore new areas and expand their intellectual horizons.

The January Term takes several directions. For some students it is the opportunity to pursue independently, in an organized and guided way, projects or areas of study which deeply interest them. For others it is an opportunity to enroll in a course even though they have no previous background in the field. For others it means a time for exploration in an area of interest unrelated to their regular academic programs. For students interested in travel, it is a fine opportunity to join with others in a study tour. For all, it is a period of concentrated study normally beyond the range of the more usual course experiences. This flexibility and experimentation in learning, which is the special feature of the January Term, will thus supplement and enrich the pattern of course work in the two regular semesters.

The January Term at Western Maryland, then, may be envisioned as a time to cultivate special interests in depth; a time for creative work; a time for experiment; a time for interdisciplinary dialogue; a time to explore art galleries, museums, and libraries in the area; a time to engage in special projects; a time for travel and study abroad; a time for study and reflection.

ELIGIBLE STUDENTS

Students are required to complete successfully one January Term.

All students at Western Maryland College are eligible to participate in the January Term; these include full-time students, part-time students, and those who plan to enroll full-time in February. Special students may apply to attend the January Term through the Office of Academic Affairs.

CLASS MEETINGS

Generally, *all* classes meet at 10 a.m. on the first day of January Term. A list of courses and meeting rooms will be distributed to all students during the fall semester. After the first day of class, meeting times are flexible and are at the discretion of the professor. Students should expect to spend, on the average, a *minimum of two hours a day in class and four hours a day out of class* working on assignments. Of course, this varies. Some courses require attendance all day in a classroom setting; others require fewer class hours and more independent work by students.

REGISTRATION

PLEASE READ THESE INSTRUCTIONS CAREFULLY so that you will have the best opportunity to enroll in the course of your choice.

Review the January Term catalog and select the courses you are interested in taking. Place your top three choices, in order, on your registration form (back cover). *Please use a pencil* so changes can be made if needed. If any of your choices require an instructor's permission/interview (check catalog), get the required signature before registration. You cannot register for these courses without the required signature. A signature does not guarantee a space in the class; it is only a request for the class, based on your priority at registration.

A **group number** has been assigned to you and is indicated on your January Term registration form (back cover).

Registration will take place in the Office of the Registrar on Tuesday, September 19 (Group 1) and Wednesday, September 20 (Group 2).

Bring your January Term registration form to the office anytime between the hours of 9:00 a.m. and 4:30 p.m. You may also bring the registration form of a friend who cannot be present, as long as he/she is in the appropriate group. Be sure to have your registration form completed. List all three choices, should your first course be closed.

When you hand in your form it will be checked for any problems. The staff will enter on the computer as time permits, all January Term registrations in the order that they were received in the office. All registrations will be entered by Friday, September 22, and you will receive a confirmation notice in your campus mailbox during the next week. Please check it carefully to ensure that you are properly enrolled for the course of your choice.

A list of closed courses will be posted outside the Office of the Registrar for your information.

If you wish to enroll for a study tour, special studies or internships you *must* turn in your form (catalog, back cover) during the registration period. But you do not have to use the group number procedure. You may drop off your form any time in the Office of the Registrar during the registration period.

Students registering for special studies or internships must have the following items filled out on their form: department, credit hours, grading plan, and advisor's and sponsor's signatures. In addition, they must fill out a special studies/internship form, which may be obtained from the Office of the Registrar. *Completed forms are due by September 29.*

Late Registration

Late registration begins September 25 in the Office of the Registrar.

A \$25 late registration fee must be paid to the Office of Student Accounts if you registrar on or after January 3.

Course Changes – Drops/Add

Drop/Add will begin September 25 and will be accepted until January Term begins. To make changes, follow these procedures:

- 1) Obtain a drop/add form from the Office of the Registrar.
- 2) Secure instructor's signature for any dropped or added course.
- 3) Turn in drop/add form to the Registrar. No change is complete until the drop/add is processed by the Office of the Registrar.

Please notify the Office of the Registrar if you are unable to attend your January Term class.

GRADES AND CREDITS

Courses and projects will be graded in one of three ways: regular letter grades, credit/fail, or student's option (where the students select during the first *two days* of January Term whether they wish to receive regular letter grades or Credit/Fail).

NOTE: "Credit" is awarded for work of "C-" quality or better. "F" is given for work below the quality level of "C-".

Students are permitted to take a course in their major during January Term. It is up to the discretion of the department head as to whether or not a course may count toward major requirements.

Regular semester courses are not offered during the January Term, and January Term courses cannot be used to satisfy basic liberal arts requirements. All credit taken in the January Term will count toward graduation.

Students carry only one full course (two credits) during a January Term. All courses carry two credits unless otherwise noted.

While taking a January term course for two credits students may also complete a non-credit course.

Students may take any given January term course only once for credit. (This stipulation does not apply to internships/special studies.)

During the 1992 Spring semester, the faculty changed its policies on grading for repeated courses. Now, if you repeat and pass a course you previously failed, you will gain hours toward graduation, you will receive the quality points for the new grade, and the original failing grade will no longer be used to determine your grade point average. If you repeat a course you previously passed, you will not gain any new hours towards graduation. However, if your second passing grade is higher than the first, it will be used to determine your grade point average. If it is not higher, then the first grade will continue to be used. The grade not used will be listed as an "R". In either case, there is no limit to the number of repeats a student may take.

EXPENSES

Full-time undergraduates are entitled to enroll in one January Term without paying additional tuition. However, all students must pay any extra fees required by the course for which they register. Students who take a study tour as their first January Term may subsequently take one campus January Term without additional tuition. *Students who drop any course requiring extra fees after classes begin may be obligated to pay them unless the professor agrees to waive the fees. It is the student's responsibility to obtain the professor's approval to remove any fees.*

Students remaining in the residence halls during January Term are required to pay a board fee; however, no extra fee is charged for the room if the student lived on campus during the fall semester. Boarding students who take off-campus courses or who are required to miss more than \$25 worth of meals will receive board refunds in the form of credit on the next semester's bill. It is the student's responsibility to file for the refund before the end of the first week of classes in the Spring semester. These forms are available in the Office of Student Affairs. Students on leave of absence or not enrolled at the college in the fall and who return for the January Term will be charged tuition, room and board for the session.

The 1996 tuition and fee schedule follows:

1996 JANUARY TERM

Tuition -----	\$355 (flat rate)
Board -----	\$300
Room -----	\$0
Interns/Special Studies --	\$105 per credit hour
Audit -----	\$210 (flat rate)
Registration fee -----	\$30 for non matriculated students
Other Fees -----	As designated by course.
<i>Special fees may be required for certain courses.</i>	

A \$25 late fee will be charged to all WMC students registering on or after classes begin (excluding WMC students studying abroad and entering students).

After the start of the course, the following refund policy will prevail:

Tuition – fewer than 3 days – 80 percent refund
3rd day – 60 percent
4th day – 40 percent
5th day – 20 percent
after the 5th day – no refund

Room – no refund. New and transfer students – refund only if room can be filled. Refund will then be pro-rated from date of withdrawal.

Board – A pro-rated refund will be made from the date of withdrawal.

PAYMENT OF TUITION AND FEES

Students who register by November 30 will be billed for applicable tuition and fees by December 1 and are payable in full by December 31, 1995. Registrations made after December 1 must be paid in full at the time of registration. Checks should be made payable to Western Maryland College.

The required textbooks for January Term courses may be purchased at the college bookstore.

Only those students enrolled in a course or project and intercollegiate athletes participating in the sports season during the January Term are permitted to remain on campus and use the facilities of the college.

JANUARY TERM PROGRAMS AT OTHER COLLEGES

January study at other colleges having interim programs must be approved by the Registrar. Various departments have knowledge of special projects in their fields. As with all transfer courses, permission must be obtained prior to enrollment to ensure transferability. Forms are available in the Office of the Registrar.

Western Maryland will consider applications from students at other colleges having interim programs. Arrangements are usually made for a tuition exchange, and the visiting student pays the stated room and board fee, providing housing is available on campus.

Registration forms may be obtained from:

The Office of the Registrar
Western Maryland College
2 College Hill
Westminster, MD 21157-4390

Forms must be processed by the appropriate officer at the applicant's home college and must be accompanied by a non-refundable registration fee of \$30.

NOTE: Western Maryland College reserves the right to make adjustments in its courses of instruction.

Internships

(1199; 2299; 3399; 4499)

Western Maryland College conducts an active program of student internships through cooperative programs with the government, business, industry, institutions, and individuals. Internships are arranged directly through the academic departments of Western Maryland College, and each internship must be sponsored by a member of the faculty having relevant expertise. The student should submit a written proposal to the faculty sponsor, indicating the academic dimensions and objectives of the internship. An internship form, available in the Office of the Registrar, must be submitted.

Instructor: ----- Any faculty member

Prerequisites: ----- Permission of the instructor who will serve as the student's project adviser for the internship

Location: ----- On or off campus

Open to: ----- FR, SO, JR, SR

Grading plan: ----- To be determined jointly by student and adviser

NOTE:

- (1) A department is under no obligation to accept special studies/internship students.
- (2) All special studies/internship contract forms should be submitted in final form to the Office of the Registrar no later than September 29.

ALL DEPARTMENTS

Special Studies

(1191; 2291; 3391; 4491)

Special Studies are included in the curricular offerings of the various departments to provide students with the opportunity for individual study under direction of a faculty member. The study, agreed upon by the sponsoring faculty member and the student, should be an experience not otherwise available within the regular college offering. *All students who plan to be on campus for this type of study or project must be enrolled in this course, regardless of the credit involved.*
