THE JANUARY TERM MCDANIEL COLLEGE

The January Term has been an important part of the McDaniel College curriculum since 1969 and provides both students and faculty with an unusual educational experience. Breadth and depth, while vital components of a liberal education, should not constitute the only objectives of students or of faculty members in their common pursuit of learning. There is a third dimension in this pursuit - intensity - a dimension which the January Term experience is designed to provide. Students and faculty are encouraged to view the January Term as a cooperative venture where all of those involved can explore new areas and expand their intellectual horizons.

The January Term takes several directions. For some students it is the opportunity to pursue independently, in an organized and guided way, projects or areas of study which deeply interest them. For others it is an opportunity to enroll in a course even though they have no previous background in the field. For others it means a time for exploration in an area of interest unrelated to their regular academic programs. For students interested in travel, it is a fine opportunity to join with others in a study tour. For all, it is a period of concentrated study normally beyond the range of the more usual course experiences. This flexibility and experimentation in learning, which is the special feature of the January Term, will thus supplement and enrich the pattern of course work in the two regular semesters.

ELIGIBLE STUDENTS

Students are required to complete successfully one January Term.

All students at McDaniel College are eligible to participate in the January Term; these include full-time students, part-time students, and those who plan to enroll full-time in February. Special students may apply to attend the January Term through the Office of Academic Affairs.

CLASS MEETINGS

Generally, *all* classes meet at 10 a.m. on the first day of January Term. After the first day of class, meeting times are flexible and are at the discretion of the professor. Students should expect to spend, on the average, a *minimum of two hours a day in class and four hours a day out of class* working on assignments. Of course, this varies. Some courses require attendance all day in a classroom setting; others require fewer class hours and more independent work by students.

REGISTRATION

PLEASE READ THESE INSTRUCTIONS CAREFULLY so that you will have the best opportunity to enroll in the course of your choice.

Review the January Term brochure and select the courses you are interested in taking. Place your top three choices, in order, on your registration form (back cover). *Please use a pencil* so changes can be made if needed. If any of your choices require an instructor's permission/interview (check brochure), get the required signature before registration. You cannot register for these courses without the required signature. A signature does not guarantee a space in the class; it is only a request for the class, based on your priority at registration.

A **group number** has been assigned to you and is indicated on your January Term brochure back cover.

Registration will take place in the Registrar's Office beginning on Monday, September 22.

Bring your January Term registration form to the office during the time assigned for your group. You may also bring the registration form of a friend who cannot be present, as long as he or she is in the appropriate group. Be sure to have your registration form completed. List all three choices, should your first course be closed.

Students registering for independent studies or internships must have the following items filled out on their form: department, credit hours, grading plan, and adviser's and sponsor's signatures. In addition, they must fill out independent studies/internship form, which may be obtained from the Registrar's Office. *Completed forms are due by October 17th.*

Course Changes – Drops/Adds

Drop/Add will begin September 29 and will be accepted until January Term begins. To make changes, follow these procedures:

- 1) Obtain a drop/add form from the Registrar's Office.
- 2) Turn in drop/add form to the Registrar. No change is complete until the drop/add form is processed by the Registrar's Office.

Please notify the Registrar's Office if you are unable to attend your January Term class.

GRADES AND CREDITS

Courses and projects will be graded in one of three ways: regular letter grades; credit/fail; or student's option (where the student decides during the first *two days* of January Term whether he or she wishes to receive a regular letter grade or Credit/Fail).

NOTE: "Credit" is awarded for work of "C-" quality or better. "F" is given for work below the quality level of "C-".

You may take a course in your major during January Term. It is up to the discretion of the department or program head as to whether or not a course may count toward major requirements.

Except for the EPE activities and the Basic Algebra, regular semester courses are not offered during the January Term, and January Term courses cannot be used to satisfy basic liberal arts requirements, except for the activity EPE courses. All credit taken in the January Term will count toward graduation.

Except for the cases mentioned above, you may carry only one full course (two credits) during a January Term. All courses carry two credits unless otherwise noted.

While taking a January Term course for two credits, you may also complete a non-credit course, such as Basic Algebra mentioned above, music lessons, or physical education activities.

You may take any given January term course only once for credit. (This stipulation does not apply to internships/independent studies.)

Repeated Course:

If you repeat and pass a January Term course you previously failed, you will gain hours toward graduation, you will receive the quality points, if appropriate, for the new grade, and the original failing grade will no longer be used to determine your grade point average. If you repeat a January Term course you previously passed, you will not gain any new hours towards graduation. However, if your second passing grade is higher than the first, it will be used to determine your grade point average. If it is not higher, then the first grade will continue to be used. In either case, there is no limit to the number of repeats you may take.

EXPENSES

All undergraduates are required to complete one January Term course without paying additional tuition. However, all students must pay any extra fees required by the course for which they register. Students who take a study tour as their first January Term may subsequently take one campus January Term without additional tuition. *Students who drop a course requiring extra fees after classes begin may be obligated to pay them unless the professor agrees to waive the fees. It is the student's responsibility to obtain the professor's approval to remove any fees.*

Students remaining in the residence halls during January Term are required to pay the 36 block plan. Additional meals may be purchased in blocks of 5 for \$30. Students on leave of absence or not enrolled at the college in the fall and who return for the January Term will be charged tuition, if applicable, and board for the session. Athletes and other students, who are not taking classes this January Term, but who are remaining in the residence halls for the duration, are billed for the 36-block plan.

2004 JANUARY TERM FEES

Tuition -----	\$510 (flat rate)
Board -----	\$225 (36 block plan)
Room -----	\$0
Internships/Independent Studies--	\$145 per credit hour

4th day	-	40 percent
5th day	-	20 percent
After 5th day	-	no refund

Board – A pro-rated refund will be made from the date of withdrawal.

PAYMENT OF TUITION AND FEES

Jan Term charges will be included on the spring 2004 bill and are due on January 6, 2004. Checks should be made payable to McDaniel College and mailed to the Bursar's Office.

The required textbooks and supplies for January Term courses may be purchased at the college bookstore.

HOUSING POLICY

Only those students enrolled in a course or project or intercollegiate athletes participating in the sports season during the January Term are permitted to remain on campus and use the facilities of the college. Anyone else must obtain permission from the Office of Student Affairs.

JANUARY TERM PROGRAMS AT OTHER COLLEGES

The Registrar must approve January study at other colleges having interim programs. Various departments have knowledge of special projects in their fields. As with all transfer courses, permission must be obtained prior to enrollment to ensure transferability. Forms are available in the Registrar's Office.

McDaniel College will consider applications from students at other colleges having interim programs. Arrangements are usually made for a tuition exchange, and the visiting student pays the stated room and board fee, providing housing is available on campus, and if the student lives on campus.

Registration forms may be obtained from:

Registrar's Office
McDaniel College
2 College Hill
Westminster, MD 21157-4390

Forms must be processed by the appropriate officer at the applicant's home college and must be accompanied by a non-refundable registration fee of \$35.

NOTE: McDaniel College reserves the right to make adjustments in its courses of instruction.
