SUMMER SESSION

June 19 - August 26

First Term, June 19 - July 22

Second Term, July 24 - August 26

1933

Western Maryland College
Westminster, Md.

January 20, 1933.

The Summer Session at Western Maryland is an integral part of the college year. The ten-week session, equivalent to two thirds of one semester, is broken into two five-week terms:—

First Term, June 19 to July 22,

Second Term, July 24 to August 26.

Registration must be completed for first term before 4 p. m., Saturday, June 17; for second term, July 22. Classes will meet promptly on June 19th and on July 24th, beginning the first and the second terms respectively.

In case the schools in certain counties do not close before June 19th, special arrangement will be made for their students to carry the work.

Regularly catalogued courses carrying full college credit are given in the summer session. A three semester-hour course meeting three hours a week for 15 weeks during the regular session, must meet, in summer, nine hours a week—six one and one half-hour periods—for five weeks. A student in regular session carries five or six such courses; in the Summer Session he carries but two such courses to earn six semester hours of credit each term.

The Summer Session at Western Maryland College achieves certain definite objectives among which are the following:—

It enables college students to continue their study during the summer and graduate in three years. i. e. By eliminating the long summer vacations, students may secure in three years the eight semesters of college work usually required for graduation. They may then secure positions, go to graduate schools, or continue for a year of advanced study at Western Maryland.

A student entering as a freshman in June 1933 and continuing through three year-sessions will graduate in June 1936; those entering in September for the regular sessions only will graduate in 1937.

It enables our students, transfers, and others who for one cause or another are out of regular class rank, to adjust their credits and improve their standing in the college.

It enables teachers and others to work for self improvement and advanced credits during the vacation period.

It enables ministers and others interested in religious work to pursue courses in Religious Education during the vacation period.

Some of the courses offered are:

English	Mathematics
Language	Biology
Literature	Chemistry
Children's Literature	Physics
French	Character Education
History	Religious Education
American	Secondary Education
European	Music Education
Economics	(piano and voice)
Geography	Physical and Health
Government	Education

EXPENSES

Registration Fee, one or both terms	5.00
Tuition, each term	30.00
Room and Board, two in a room, each term	35.00
Expenses, not including books and laboratory fees, one term, \$70; both terms, \$135.

The location of a college is important. In selecting a college for summer study, climate is especially important. A place high, dry, with good water and pure air, ten to twenty degrees cooler than the surrounding country, that is Western Maryland.

Westminster is connected by good roads with Baltimore, Washington, Gettysburg, and other points of historical, academic, and professional interest.

Western Maryland College, healthfully located, topping one of the foothills of the Piedmont, is an ideal place for summer work and play.

Comfortable living and boarding accommodations are provided on the campus.

Please send me a SUMMER SESSION Bulletin.

A GENERAL STATEMENT

Western Maryland College closes its sixty-sixth regular session June 5 and opens its second summer session June 19, 1933. This session is an integral part of the college year. The ten-week summer session, divided into two five-week terms, is two-thirds of one semester; and three summer sessions earn the credits of two semesters or one college year. The summer session as organized achieves certain definite objectives:

1. It enables college students to continue their study during the summer and graduate in three years; i. e., by foregoing the long summer vacations, students may secure in three years the eight semesters of college work usually required for graduation. They may then secure positions, go to graduate schools, or continue for a year of advanced work at Western Maryland. A limited number of teaching-fellowships may be secured, in which case, part of the year will be given to High School teaching or assisting in college and part to advanced study in secondary education and in the teaching majors.

For the student in Education, the year of advanced work is invaluable. The fifth year or the equivalent of the masters degree as a requirement for high school teaching is becoming more general, especially in the larger cities.

2. It enables students, transfers and others, who for one cause or another are out of regular class rank, to adjust their credits and improve their standing in college.
3. It enables ministers and others interested in religious work to pursue courses in Religious Education during their vacation periods. See Summer School of Religious Education, page 14.
4. It enables teachers and others to work for self-improvement and for advanced credit during the vacation period, and to do college work, carrying residence credit, through the continuous ten-week session.
5. It enables elementary and high school teachers to renew certificates and to obtain advanced credits for the work completed. The requirement for renewal may be met during either term of five weeks.

There is frequent demand on the part of those working for renewal or advancement of elementary certificates for more courses functional for elementary teaching. This demand is met by such courses as Public School Music, Children's Literature, Dramatics and Pageantry for Children, Physical and Health Education, and Nature study, given specifically for the elementary teacher, and by such courses as Biology S1-2a, Matter and Energy, Character Education, Human Geography, and Statistical Method, which are given with the elementary teaching and learning problems very much in mind.

However, elementary teachers holding first grade certificates may renew by taking all academic or subject-matter courses. We quote from the by-law which applies: "It is recommended that two semester hours of the summer school credit presented for the renewal of a full first grade, elementary school principal's, high school teacher's, or high school principal's certificate, must relate to the applicant's work. These credits may be in education or in an academic subject which the applicant is teaching. The other course or courses taken in summer school may be free electives." It is accepted that most of the cultural courses on the college level relate to the work of the elementary teacher.

"Certainly with the preponderance of Education courses which the teach-

er has had in normal school and, frequently, in summer schools since graduation, and, with professional guidance which he has under Maryland's excellent system of supervision, it is apparent that the urgent need of the elementary teacher is for additional academic rather than professional courses."

The enrollment of the summer session is made up largely of teachers and prospective teachers, and the courses offered are made as functional as they can well be made to keep them on the college level. The classes are small, enabling the instructor to follow the individual interests of the student, to use individual and group conferences in lieu of or to supplement the formal recitation, lecture, and discussion.

GENERAL INFORMATION

LOCATION.—The College occupies an eminence at the west end of Westminster, nearly one thousand feet above tidewater, affording a view of town and landscape rarely equaled for beauty. College Hill is ten degrees cooler in summer than the surrounding valleys half a mile away. The elevation, good water, and mountain breezes make summer work here a pleasure.

Westminster is a city of about five thousand inhabitants, thirty miles northwest of Baltimore and fifty miles north of Washington. It is on the Western Maryland Railway and is accessible from all points by good hard roads.

INSTRUCTIONAL PLANT.—Science Hall, Lewis Hall, and the Library will be open for summer classroom and laboratory work. The College Library has been pronounced the best working library in the State outside of Baltimore.

LIVING ACCOMMODATIONS.—McDaniel Hall, one of the residence halls for women, and one of the men's dormitories will be open for summer school students who do not commute. Meals will be served in the New Dining Hall. Several farms owned and operated by the College furnish fresh produce for the dining hall. Other buildings and improvements on the forty acre campus, including Hoffa Field and other playgrounds, are available for summer school use.

STUDENT'S OUTFIT.—It is necessary for each student to bring the following articles: bed linen, pillow, blankets, and couch cover for a single bed, towels and personal articles. Commercial laundries will do student work at a nominal cost. The College Laundry will not be in operation during this session.

ADMISSION.—Applicants must present evidence of satisfactory preparation for College. This may be graduation from an accredited senior high school or graduation from an approved secondary school.

Students over twenty-one years of age may enter for special work upon satisfying the College and the department concerned that they can pursue the course with credit.

REGISTRATION.—All students must register for the first term before Monday, June 19; for the second term before July 24. Each term of the summer session meets the state requirement of thirty days of recitation. Perfect attendance is necessary to obtain full credit. Registration may be made by mail. Those wishing to avail themselves of this privilege will write for the necessary blanks, fill out and return with the registration fee of five dollars.

CREDITS.—A course meeting daily, one hour periods, for one term, thirty recitation hours, carries two semester hours of college credit; both terms, four semester hours; a course meeting one and one-half hour periods carries three and six semester hours credit, respectively.

EXPENSES

Registration Fee, one or both terms.....	\$5.00
Tuition, each term	30.00
Room and Board, two in a room, each term.....	35.00
Expenses, not including books and laboratory fees, one term.....	70.00
Both terms.....	135.00

COURSES OF STUDY

First term courses are designated by odd numbers; second term courses, by even numbers; and session or two term courses, by double numbers. When these double numbers are separated by a hyphen, both terms must be completed before any credit is given; when double numbers are separated by a comma, credit is given for the first term whether the second term is completed or not.

Periods are normally eighty minutes long, or one and one-half college hours; and the expression, "six times a week," means nine college hours of recitation weekly.

In several departments, courses in advance of those catalogued will be conducted, on demand, as conference courses. This work will be in charge of the head of the department concerned who will determine the eligibility of the student, the manner in which the course will be conducted and checked, and the credits earned.

Following each course title is the scheduled time of the course and the room or rooms in which the course is conducted. Classrooms in Lewis Hall are designated by letter; those in Science Hall, by number.

BIOLOGY

S 1-2. GENERAL BIOLOGY. Lec. 10:30	39	DR. BERTHOLF
Lab. 12:40	32	MR. BENNIGHOF

An introductory study of the principles of living things, illustrated by selected forms from the plant and animal kingdoms. It is designed for general interest and scientific orientation and is a prerequisite to advanced work in Biology.

Laboratory fee, \$8.00.

Six hours of class-room work and six hours of laboratory weekly, both terms.

Credit, six semester hours.

S 1a-2a. THE WORLD AND LIVING THINGS. 9:20	39	DR. BERTHOLF
--	----	--------------

A correlation course in the physical and biological sciences, attempting to present a brief and unified picture of the nature of the world and of living things, making use of as many visual aids as possible but without formal laboratory work. Designed for those who expect to take no further courses in science in college.

Course fee, \$5.00.

One and one-half hours daily, both terms.

Credit, six semester hours.

- S 3. INVERTEBRATE ZOOLOGY. Lec. 10:30 30 DR. BERTHOLF
Lab. 12:40 30

Morphological and systematic study of representative forms from the various phyla of invertebrate animals. Special attention is given to fauna of local interest.

Laboratory fee, \$5.00.

Six hours each of class-room and laboratory work weekly, first term.

Credit, three semester hours.

- S 4. GENERAL BOTANY. Lec. 10:40 34 MR. BENNIGHOF
Lab. 12:40 34

A study of the structure and reproduction of typical plants from all phyla, with special emphasis on the flowering plants. Considerable time is given to the collection and study of local flora.

Laboratory fee, \$5.00.

Six hours each of class-room and laboratory work weekly, second term.

Credit, three semester hours.

- S 17. BIOLOGICAL NATURE STUDY. Lec. 9:20 34 MR. BENNIGHOF
Lab. 3:20 34

A study, mainly in the field, of plants and animals of this region, with regard both to their classification and structure, and to their relationship to the environment.

Laboratory fee, \$2.50.

Three hours of class-room work and six hours of laboratory work weekly, first term.

Credit, two semester hours.

CHEMISTRY

- S 1, 2. GENERAL CHEMISTRY. Lec. 10:40 R MR. SCHOFIELD
Lab. 12:40 S

A systematic study of the elements and their compounds, with the fundamental laws and theories.

Laboratory fee, \$5.00 each term.

Nine hours lecture, nine hours laboratory a week.

Credit, four semester hours each term.

- S 17, 18. MATTER AND ENERGY. 8:00 23 and B MISS SMITH

An elementary non-mathematical approach to chemistry and physics; a unified course in the physical sciences using lecture and demonstration largely instead of laboratory work.

Six hours a week.

Credit, two semester hours each term.

DRAMATICS

- S 9, 10. DRAMATICS AND PAGEANTRY FOR CHILDREN. 2:00 24 MISS ELDERDICE

Aims to lead to an understanding of the place of dramatization in education; to aid in the selection of material; to develop creative ability in acting and in stagecraft. Practice in the production of class plays for the elementary school.

Six times a week.

Credit, two semester hours each term.

SECONDARY EDUCATION

Courses in secondary education are open only to students of junior rank; i. e., to graduates of normal schools and to those who have had the equivalent of two years of college work.

S 1, 2. PRINCIPLES OF HIGH SCHOOL TEACHING. 8:20 23 MISS SMITH

The principles involved in the selection, organization, and teaching of the subject matter of the high school. Class-room economy.

Six times a week.

Credit, two semester hours each term.

S 3. APPLICATION OF PSYCHOLOGY TO EDUCATION. 8:00 20 DR. EBAUGH

The principles of psychology applied to the solution of school and class-room problems. Habit formation and the laws of learning.

Six times a week.

Credit, three semester hours.

S 4. APPLICATION OF PSYCHOLOGY TO EDUCATION. 8:00 20 DR. EBAUGH

The psychology of the high school pupil. Psychology as it affects curriculum construction and program making. Intelligence tests and their use.

Six times a week.

Credit, three semester hours.

S 101, 102. HISTORY OF EDUCATION. 9:20 20 DR. EBAUGH

A review of the development of educational theory and practice in Europe. A study of the progress of education in the United States since 1789. The growth of democracy and nationalism in education in the leading countries of the world.

Six times a week.

Credit, three semester hours each term.

S 103. CHARACTER EDUCATION. 10:40 29 DR. LITTLE

A critical study of current theories and methods of character education; the contributions of recent research to the changing concepts of character; the conditions of character growth; and an evaluation of current methods in various educational systems.

Six times a week.

Credit, three semester hours.

TEACHING COURSES, treating the organization and teaching of the upper grade and high school subjects, the so-called "methods" courses; the subject content is reviewed and reorganized in the construction of large-topic or unit assignments; the systematic teaching of these units with a view to developing in the young student good, independent study habits; testing for sequent learnings; etc. The course follows very closely the outline for the course in "Special Methods" contained in By-law 30, of the Maryland State Department of Education.

The theoretical part of the work as outlined above will be given in a unified first term course:—

S 19. SPECIAL METHODS. To be arranged. DR. EBAUGH
MISS SMITH

Six times a week.

Credit, two semester hours.

The applications to the several subjects will be given during the second term in courses S 230 to 290, schedule to be arranged.

- S 230. TEACHING OF ENGLISH.
 S 250. TEACHING OF FRENCH.
 S 260. TEACHING OF HISTORY.
 S 270. TEACHING OF MATHEMATICS.
 S 280. TEACHING OF LATIN.
 S 290. TEACHING OF SCIENCE.

In these courses Dr. Ebaugh and Miss Smith will be assisted by departmental instructors.

ELEMENTARY EDUCATION

- S 31. PUBLIC SCHOOL MUSIC. (See Music.)

- S 41. LITERATURE FOR THE PRIMARY GRADES. 9:20 21 MISS ALDER

A study of literature suitable for the first three grades; standards by which literature for these grades may be selected; methods of presentation.

Six hours a week.

Credit, two semester hours.

- S 43. LITERATURE FOR THE GRAMMAR GRADES. 10:40 21 MISS ALDER

A study of the literature suitable for grades four to seven. The course will study criteria for the selection of material, problems of collateral reading, and methods of securing interest in reading.

Six hours a week.

Credit, two semester hours.

Other courses especially suited to the elementary teacher.

Biology S 1-2. A science course using visual aids other than laboratory.

Biology S 17, 18. Biological Nature Study.

Chemistry S 17, 18. Matter and Energy.

Education S 103. Character Education.

Social Science S 21, 22. Human Geography.

Social Science S 31, 32. Principles of Sociology.

THE SUMMER SCHOOL OF RELIGIOUS EDUCATION
WESTERN MARYLAND COLLEGE
WESTMINSTER, MD.

July 1-21, 1933

Faculty

ALBERT NORMAN WARD, A. M., D. D., LL. D., President, Western Maryland College, Westminster, Md.

SAMUEL BIGGS SCHOFIELD, A. M., Dean of the College, Western Maryland College, Westminster, Md.

LAWRENCE CALVIN LITTLE, A. M., D. D., Dean of the School of Religious Education and Professor of Religious Education, Western Maryland College, Westminster, Md.

CHARLES EDWARD FORLINES, A. M., D. D., LL. D., Professor of Religious Education, Westminster Theological Seminary, Westminster, Md.

LEWIS HENRY BRUMBAUGH, A. M., Associate Professor of Religious Education, Western Maryland College, Westminster, Md.

KATHLEEN PASCHALL, A. M., Instructor in Religious Education, Western Maryland College, Westminster, Md.

Purpose

The Summer School of Religious Education is an integral part of the regular Summer Session of Western Maryland College, but is conducted only for the last three weeks of the first half of this session, that is, for the three weeks, July 1 to 21, inclusive.

The primary purpose of the Summer School of Religious Education is to provide opportunities for training on the part of leaders in the educational work of the church. Courses in various phases of church work, particularly in religious education, are offered by recognized leaders in their respective fields. Unusual opportunities are to be found for the following types of students.

1. Pastors, Directors of Religious Education, and other professional leaders in church work who wish to supplement their training by taking additional courses in religious education.
2. Officers and teachers in the church and church school who wish to prepare themselves for more effective leadership.
3. College and seminary students who wish to secure additional credits toward their college or seminary degrees.
4. Laymen who would like to engage in constructive study under competent leadership of present-day problems in religion and in character education.

COURSES

S 101. CHARACTER EDUCATION.

DR. LITTLE

A critical study of current theories and methods of character education; the contributions of recent research to changing concepts of character; conditions of character growth; an evaluation of current methods in various educational systems. While primary consideration is given to character education in the public schools, the place of religious education in a total program of character building is carefully considered. *Credit, three semester hours.*

S 102. PHILOSOPHY OF RELIGIOUS EDUCATION.

DR. FORLINES

A study of the implications for religious education of changing conceptions of religion and of developments in the fields of psychology, sociology, economics, and public education; interpretations of modern trends in religious education with respect to objectives, curricula, methods and organization; emphasis upon aiding the student to develop a personal philosophy of religious education. *Credit, three semester hours.*

S 103. NEW TESTAMENT HISTORY AND LITERATURE.

MR. BRUMBAUGH

A study of the writings of the New Testament in the light of the historical situations which occasioned them, with a view of achieving an appreciation of their permanent religious values. *Credit, three semester hours.*

Note: This course may be substituted for Religious Education 1, offered during the regular term, and required for graduation from Western Maryland College.

S 104. THE RELIGIOUS EDUCATION OF CHILDREN.

MISS PASCHALL

A study of the developing religious experience of the child; elements which enter into a comprehensive program of religious education of children; the use of pupil experience; the interrelation of objectives, materials, procedure, worship and organization; the administration and supervision of religious education in the elementary division of the church school. *Credit, three semester hours.*

Arrangement of Courses

It is possible for a student to take only one of the courses offered in the Summer School of Religious Education. All classes meet daily for two periods of one and one-half hours each, from Mondays to Fridays, inclusive. Credit for three semester hours will be awarded upon the completion of any course.

Facilities

All students except those who live within driving distance of Westminster are expected to secure accommodations at the college. Rooms are available in the college dormitories and meals will be served in the new dining hall. All classes will meet in the new Science Building. The libraries of Western Maryland College and Westminster Theological Seminary will be accessible to students who are enrolled in the Summer School.

Expenses

Registration Fee, \$5.00.

Tuition, \$15.00.

Room and Board, \$20.00.

Total expense for three weeks, not including books, \$40.00.

Registration

Registration for courses should be completed by July 1. All classes will meet promptly on July 3.

Western Maryland College BULLETIN

Alumni Edition

A WORD FROM YOUR PRESIDENT

The Alumni Association has undertaken to raise \$5,000.00 for the College Student Loan Fund. This fund will enable deserving college students, who would otherwise be forced to leave school, to complete their college course.

The Dead Sea is a stagnant pool of water, its banks barren of all vegetation, although it is fed by the sparkling waters of the river Jordan; its waters are five times as salty as the ocean itself simply because it has no outlet.

Our Student Loan Drive will prove to be our outlet or channel of service.

I am confident every Alumnus will respond promptly and enthusiastically.

"Help thou thy neighbor's boat across,
And lo,—thine own has reached the shore."

CHAS. E. MOYLAN,
President, Alumni Association.

TRAVEL SERVICE

Do you contemplate a trip to the World's Fair at Chicago?

Or a trip to Bermuda, the West Indies, Europe or elsewhere? If you do (**at no cost to you**) the Alumni Association has an arrangement with the **American Express Company** by which it will derive a benefit. When you talk "Trip", merely mention that you are a member of the Western Maryland College Alumni Association, and any accommodations you secure will be credited to us. This will help boost our "**Student Loan Fund**".

Write the **American Express Company** for data.

1923 CLASS REUNION

Celebrating its tenth anniversary, **twenty** members of the Class of 1923 held a reunion dinner, Friday evening, June 2nd, at College Inn, later attending the Speech play in **Alumni Hall**. Those present were Mr. and Mrs. Russell Sapp, Mr. and Mrs. Wilbur Yingling, Dr. and Mrs. Wm. Chase, Harrison Baldwin, Mr. and Mrs. Gilbert Martin, Mae Rowe, Earl T. Hawkins, Mrs. Louise Nuttle Cooley, Mr. and Mrs. Frank Redding, Martha Manahan, Mrs. Caroline Foutz Benson, Mr. and Mrs. M. D. Leister, Rev. and Mrs. Chas. H. Reed. Where were the others?

ANNUAL MEETING AND BANQUET

The annual meeting of the **Alumni Association** was held in Smith Hall, Saturday afternoon, June 3, at 5:15. Business of the highest importance to you and to the Association was transacted. Briefly, Roll Call, Annual Contributions, Student Loan Fund, and Club Organizations were discussed. Each of these will be found referred to in other sections of this bulletin. The meeting recessed to meet again at 6:30 in the College dining room, where a banquet, under the auspices of the Western Maryland College Carroll County Club, was served to **Four Hundred and Sixty!** That is the largest number that has ever attended an **Alumni** function. More power to the new club. It did a splendid job. If you were not there, you missed a rare treat. Plan, now, to attend next year.

ALUMNI NOTES

Rev. C. C. Douglas, D. D., '99, and Mrs. Douglas, '97, recently returned from Japan, where Dr. Douglas spent his sabbatical year. He is at the University of Southern California.

Chas. G. Moylan, '17, our new President, was recently appointed Judge of the Appeals Tax Court, Baltimore.

Several years ago, two residences on College Avenue were removed. Another is now being taken down. Eventually a dormitory for women will occupy their site.

1933 ROLL CALL

The 1933 Roll Call brings to your attention three major projects that concern you as a member of the Association.

- | | |
|-------------------|--|
| Clubs | 1. Continuation of the policy of organizing local clubs. Three clubs have already been formed. A fourth is in practical operation, without the formality of organizing. Others will be formed as soon as satisfactory meeting dates can be arranged. President Moylan is particularly anxious that Cumberland, Cambridge, Annapolis, Bel Air, Frederick and Salisbury set the example for others to follow. Will You be ready to assist in forming a club in your vicinity when called upon? There is no cost attached to club organizations. |
| Fiscal | 2. Putting the Association on a firm foundation, by contributing regularly to it. When stated dues were abolished, it was with the proviso that each member was expected to contribute to the Association Each Year ; the amount of such contribution was left to the individual ability and desire to help. |
| \$5,000.00 | 3. Raising \$5,000.00 for the Student Loan Fund . Several members have made a start. Two classes have made substantial contributions, calling them "Class Memorials", and intending to add to them year by year. Will You send what you can, using the coupon on page 5. If each member will send something, the task will be done in short order. Contributions will be tabulated and reported by classes. Any commissions from the Travel Service will be added to this fund. |
| Award | |

For the first time, we have committed ourselves to a task. Not so difficult, if each member will take his or her part seriously, and **Do It Now**.

It is impossible for the Secretary to call on you personally, to solicit your contribution. Since this cannot be done, will you answer your Roll Call at once? Checks should be drawn to W. R. McDaniel, Treasurer, and mailed to

T. K. Harrison, Executive Secretary
Westminster, Md.

WASHINGTON CLUB

While the Baltimore **Alumni** were holding their Mid-winter Banquet on February 24, the Washington **Alumni** held a most interesting and successful dinner. It was hoped that they would organize a club, but they felt that they were already so closely knit together that a club would not be necessary. If that does not constitute a "Club", I do not know one. To all intents and purposes they are the **Western Maryland College Washington Club**.

OTHER CLUBS TO BE ORGANIZED

Who will be next? Your new President, Charles E. Moylan, '18, has already asked for the addresses of those in several counties, in order that they may be invited to attend some function, out of which will grow other clubs. None of those that have been formed cost a cent. They are formed for cultural, social and cooperative purposes. No one is tied to expensive programs, and no effort will be made to do this. Form your own local club—then run it to suit your community taste. Bear this in mind, that always there will be available some one who can bring you the latest news from College Hill, always interesting to true **Alumni**.

Two cases of appendicitis have been reported. Both recovered. Dorothy McDaniel Herr and Ann Reifsnider. Has any one been missed?

Louise B. Fisher, '22, is Assistant Registrar at the College. After her graduation, she taught three years, was engaged in Chautauqua work and later was associated with a firm of Marine Insurance Brokers in New York City.

H. Barney Speir, '22, who has been on leave of absence from the college faculty, resumed his duties as Graduate Manager of Athletics, and Professor of Physical Education. Mr. Speir, during his leave, finished his work in Physical Education at Columbia University.

Bessie Lee Gambrell, '03, was the first woman to be appointed to a full professorship at Yale.

Elise Hobbs, '29, is in the office of Superintendent of Schools of Carroll County.

Dr. Harrison S. Martland, '01, Chief Medical Examiner of Essex County, N. J., has been appointed Associate Professor of Forensic Medicine at the New York University and Bellevue Hospital Medical College.

The page 5 coupon is for you. Please use it.

WESTERN MARYLAND CLUB OF PHILADELPHIA

Up in Quakertown, a group of **Alumni** began having a series of meetings last Fall, the outcome of which was the formation of the first of a series of Clubs. Pending the formality of electing officers, Howard Newman, '24, is Chairman of the group. The important thing, however, is that this is really Club No. 1, in the carrying out of the policy of the Association to organize clubs in all centers, where there are a number of **Alumni**. Mrs. David H. Taylor (Caroline Wantz, '26) is Corresponding Secretary of the Club.

WESTERN MARYLAND COLLEGE CARROLL COUNTY CLUB

Close in the wake of Philadelphia, came the formation of this splendid organization. Carroll County probably has more **Alumni** than any other balliwick in the country. February 3rd, four hundred and thirty-one **Alumni** and friends met in the College dining room, enjoyed a splendid dinner, followed by a musical program. A committee had been appointed to present a recommendation for organizing. They recommended that the club be formed, and nominated the following as officers for the first year:

President	J. Francis Reese
Vice-Presidents	{ Dr. J. T. Marsh
	{ Mrs. S. Luther Bare
Treasurer	Mrs. Landon C. Burns
Secretary	H. Ralph Cover

The report of the committee was adopted, the club formed and the above officers elected. This club sponsored the **Alumni** dinner on June 3rd, which was such a success.

WESTERN MARYLAND COLLEGE BALTIMORE CLUB

This club was organized Friday evening, February 24th, at the Emerson Hotel. The occasion was the annual Mid-Winter Banquet. The Baltimore **Alumni** followed the general policy in its organization, and the following officers were elected:

Chas. T. Holt, President; George Meyls, Sergt. at Arms.

The club was subdivided into men's and women's groups, with the following officers:

Men's Group		Women's Group		
J. Lester Weihrauch	{	Chairman	Mrs. Marian Gross Schroedl	
William Weech		Secretary	Mrs. J. W. Miles	
		Treasurer	Mrs. Edna Powell Turner	

As this goes to press, **Twenty-eight** students are at work on "The Hill", helping to lay out a new baseball field, make two additional tennis courts, add a practice field for football, provide space for intramural sports, and make College Hill a little more beautiful than ever. **Your Contribution** under projects two and three will make the above task lighter.

Lettie M. Dent, '15, was the first woman Superintendent of Schools in the State of Maryland. She is Superintendent of the St. Mary's County schools, with her office at Leonardtown, Md.

ALUMNI NOTES (Continued)

Rev. Paul F. Warner, '18, was married last August to Miss Dorothy M. Linthicum, of Linthicum Heights, Md. The ceremony was performed by his classmate, Rev. Fred G. Holloway, President of the Westminster Theological Seminary. Paul flew from the Pacific Coast in order to arrive in time for the ceremony. Immediately after the wedding, the bride and groom left for Nogaya, Japan, where Paul has been stationed as Missionary for several years.

Friends of Mrs. E. A. Warfield will be pleased to learn that she has returned to Westminster, where she is matron of the Methodist Protestant Home.

Miss Sara E. Smith, '18, has been on leave of absence from the College Faculty. She has been doing her PhD work at Columbia University.

After a generation of service in the Department of Languages at Western Maryland College, Dr. Ferdinand Bonnotte has been retired and is living with his son, Ferdinand, Jr., at Lothian, Anne Arundel County. Ferdinand, Jr., '03, is teaching at Owensville, Md.

Miss Carrie Mourer, '87, has returned to Westminster after a year spent in travel, principally in Northern Africa and Southern Europe.

In addition to being football mentor at Washington College, George Ekaitis, '31, has taken up professional boxing.

Lyall Clark, '29, has been assisting Dick Harlow on Hoffa Field.

Gordon John ("Jap") Weisbeck, '30, is coach at Buffalo, N. J., High School.

Harry A. ("Mose") Machamer, '29, is coach at Donaldson School.
