

# BLACK AND WHITE

A WEEKLY NEWSPAPER WITH A PURPOSE

Vol. 1, No. 1

Western Maryland College, Westminster, Md.

Jan. 22 '24

## DR. WILLS SEES NEED FOR PAPER

His Letter Calls Attention To Value Of The Newspaper.

Messrs. Editors:—As a member of the college community who has no official relations with the BLACK AND WHITE, I should like to express a thought or two in connection with the first issue.

The appearance of this paper is an encouraging event in the college life. Such a publication has for a long time been needed. The Monthly has its place, and merits the full moral and financial support of everybody in the college; but its field is different from that which will be occupied by the BLACK AND WHITE.

The college needs a means of disseminating news. The college life is broad enough and large enough not to have to depend upon casual conversation for its knowledge of events of importance. As a record of the college from week to week, the paper will have permanent historic value.

The college, again, needs a means of giving out official information and of making announcements of events that concern the college community. Faculty meetings, meetings of athletic, social, literary, and religious organizations, with programs of regular and special meetings, will be announced officially, avoiding the mistakes and uncertainties that inevitably accompany the word-of-mouth transmission of

## ST. ANDREWS DEFEATED 35 TO 18

Green Terrors Fast Five Wins Another.

Flashing an attack which gave great promise of the future, the green quail routed around the St. Andrews team, piling up 35 points while their opponents gathered 18. Grant Williams, who has been under the weather for several days, was replaced at forward by Cuneo. Tiny proved himself a worthy substitute, making up for his lack of agility by accurate shots from difficult angles. Every man played well and in the second half an entirely fresh team was substituted. A few more of our football stars were given a chance to strut their stuff on the basketball floor, thus giving a final touch to the game. The line-up was as follows:

W. M. C.	St. Andrews
Weigle	Gibson
Cuneo	Smith
Stanley	Brambo
Flanagan	Sullivan
E. Williams	Earl

Referee—Rohrbaugh.

## LEROY BYHAM ELECTED CAPTAIN

Football Letter Men Of 1923 Select New Leader At Annual Banquet.

The annual feed for footie" men was held on Friday, January 18 at 6 P. M. in the

College Tea Room. Dr. Wills was toastmaster and called upon Dr. Ward, Coach Shroyer and former Captain Grotton for speeches, as well as several other distinguished guests. After these addresses the Letters were awarded by Dr. Ward to all men qualifying in 1923. Those men were automatically taken into the W. M. C. Varsity Club, of which Grotton is president. Clayton, Cuneo, E. Williams, Duncan, McRobey, Tozzi, Byham, Grotton, Holt, Stanley, Sillin, Long and Kinser were the men who received their letters. LeRoy Byham was unanimously elected captain of the 1924 team. We all feel sure that no more capable man could have been selected. The BLACK AND WHITE wishes to extend its hearty congratulations and wishes Captain Byham a most successful season.

Mr. Ralph Cover, Captain G. A. Monagan, Captain H. Gibson, Mr. Harry M. Kinney, Norris, J. Stone and Warner were among those invited.

Sillin and Byham were presented with gold footballs for being selected on the All-State teams.

## CO-EDS VICTORIOUS

Win Over Strong Y. W. O. C. A. Team After Gruelling Contest.

The W. M. C. girls Varsity basketball team working together like a clock, every girl doing her best, emerged winners in the outstanding game of the season. Seeking vengeance for the way they were treated last year, the girls put their heart and soul into the game in an effort to turn the trick. Their efforts were not in vain for when the final whistle blew the score stood 32 to 21 in our favor. As usual the game was crowded and the team played a game worthy of the best possible support from all. The splendid passing and shooting of both teams and the closeness of the score kept the excitement at a high pitch throughout the en-

(Continued on Page 2, Column 3)

## DR. WARD'S CAMPAIGN GROWS

Expression From Entire Country Indicates Tremendous Interest.

The chief item in the great campaign to raise \$1,100,000 for Western Maryland College is the present one to raise the first \$500,000. The remaining \$600,000 is to be raised at a later date.

This \$500,000 is to be expended for the erection of the following buildings, and in the order named:

Boys' Dormitory	\$125,000
Gymnasium	75,000
Girls' Dormitory and Dining Hall	125,000
Science Hall	100,000
Boys' Dormitory	125,000

There are 2,000 alumni and former students. An effort will be made to get at least 1,000 of these to enter into the organized campaign, and each of these 1,000 to give or RAISE \$500 in subscriptions over a period of five years. The remaining 1,000 will be asked to help in other ways to put the campaign across.

## WESTERN MARYLAND REPRESENTED AT WORLD CONVENTION

7,000 Students From All Over World Gather At London.

From December 28th, the opening day of the convention until the close, January 1st, the students belonging to the Tri-State Delegation including all colleges within Maryland, Delaware, and D. C. were united in studying the world's problems.

On Sunday afternoon the Western Maryland delegation joined the denominational meeting at the M. P. Church, where the Rev. George L. Farrow is pastor. At this meeting, Dr. Bloomfield of the Foreign Missionary Board of the M. P. Church, gave a very timely message concerning the opportunities and needs of the foreign field.

Members of the delegation assisted New Year's Eve in the Watch Night Service held at the M. P. Church.

On New Year's Day the Tri-State Delegation assembled at the Hotel Severin where they held their New Year's Dinner, during which time many speeches were heard relating to the value of the convention and what each individual had received to take back to better his campus life.

The convention opened with the fact that student life needs a spiritual awakening and the key note throughout was that Christ is the Way, the Truth, and the Life.

Miss Elizabeth Ward, Mr. Frank W. Grippin and Mr. Douglas were students representing W. M. C.

## UNIVERSITY OF PENNSYLVANIA CANCELS

Misunderstanding Causes Postponement Of Rifle Match.

Due to a delay or loss of targets in mailing the rifle match between U. of Penn. and W. M. C. was postponed until a later date.

The following named men, members of the rifle team, will compete in the Hearst Trophy match: Albert A. Darby, Captain; C. Reynolds, T. Thore, D. Taylor, G. Baker, H. Bowen, E. Reamy.

## WESTERN MARYLAND STARTS WRESTLING

Makes Fine Showing At Morgantown, Thrilling 2,500 Fans.

Western Maryland, in opening her first season in the mat game, brought credit upon herself against one of the best teams in the country. Although losing by a score of 25-0 only two of our men were thrown, the other five staying the entire 9 minutes with the best W. Va. could produce, and at W. Va. wrestling is considered a major sport. "A real exhibition of strength and determination," was the way Steve Harriett, ex-South Atlantic champion and assistant coach described it. "I want to extend to you an invitation for a match for next year, and have enjoyed having you here to night. Lots of luck," was the comment Coach Dayton made.

Better treatment while there and a better

### THE BLACK AND WHITE CLUB

Sometime ago a group of students saw that the student life was lacking in something, perhaps in ideals, perhaps in brotherhood, perhaps in spirit of co-operation; noticed the indifferent attitude of the majority of students, and their lack of interest in student affairs; found no consciousness of purpose in carrying out any appointed work, no matter what its nature, and in seeing this need this group founded the Black and White Club. No more need

be said of its aims and ideals than this extract from its constitution:

#### PREAMBLE

"We, the members of this organization in hereby pledging ourselves to foster a more perfect fellowship among the student body of this school, to strive for a bigger and better school through bigger and better men; to secure a higher scholastic standing through the manifestation of a fraternal spirit in helping men throughout the school scholastically; to promote a more co-operative spirit among the students; in athletics, especially among those inclined, to establish this Constitution wholly in a spirit of service and hearty co-operation with the school and all its interests."

With these aims in mind it has labored on, taking account of ways and means to make its ideal come true; A Bigger, Better W. M. C. It is no uplift society in any sense. It is social and it believes in the principles of student brotherhood. It is democratically purposed and it believes that the College shall stand first in the thought and lives of its students. Its membership is limited in the future to those men who take a keen interest in any activity that distinctly benefits the College.

Its first work of a public nature was the welcoming of all Alumni on Thanksgiving Day. For this purpose, and through the co-operation of Coach Ken Shroyer, the Club had large placards printed bearing the words "WELCOME ALUMNI," and underneath the symbol of the Black and White Club. Every club member wore the club colors and a card of introduction. Every member had previously prepared his room as a reception room with the Club's insignia on the door, and with conveniences for refreshment and smokes in abundance. A great number of old and new Alumni were thus entertained and all expressed their keen appreciation.

A committee was appointed about this time to ascertain just what could be done to boost the school and carry out the ideals of the Club. This committee decided a weekly news-

### CATHOLIC UNIVERSITY HELD TO A 23-21 SCORE

#### Terrors Nearly Pull The Unexpected.

Catholic University, victors over Washington College, Lehigh, Columbia U. and several other strong teams, was given the surprise of its life Saturday night, when our boys journeyed to Washington and all but snatched the bacon from the pan. It took the Terror five two quarters to become acclimated, the half ending 10 to 2 in the opponents' favor. The second half was a different story, however, the boys began to find the basket and before the first team knew what had happened had changed the score to 19 to 11 in our favor. With five minutes to go the Catholic University team with an irresistible attack, came through in the pinch, scoring six field goals, the game ending 23-21. The lineup was as follows:

G. Williams	F.	Eberts
E. Weigle	F.	Breslin
M. Stanley	C.	Fitzgerald
G. Lynch	G.	Lawler
E. Williams	G.	Lynch

Field goals—Weigle, 4; Stanley, 1; Flanagan, 1; Eberts, 3; Breslin, 3; Fitzgerald, 1; Lynch, 1; Lawler, 1. Fouls—Weigle, 5; Stanley, 3; Flanagan, 1; Breslin, 2; Eberts, 1; Lynch, 2.

### R. O. D. B. CLUB ENTERTAINS

#### Gives Dinner Party In College Tea Room.

Something novel was introduced on the Hill when the R. O. D. B. Club entertained fourteen girls at a formal dinner party in the College Tea Room, Wednesday evening, January 16. The Tea Room was effectively and tastefully decorated, carrying out the color scheme of pale blue and yellow with crepe paper, candles, and flowers. Music, dancing, and other dinner specialties formed a part of the evening's

entertainment, and a pleasant surprise came with the serving of the last course, when the favors announced the Blue Bird's message.

Those present were, R. O. D. B. Club: Misses Atkinson, Barnes, Davis, Duley, Gardner, Hay, Holland, Hollins, Nutter, Parsons, Price, Roberts, Simpson, Wenner. Their guests were—Misses Millard, Gehr, Hooper, Mifflin, McAlpine, Linthicum, Ward, Stone, Thomas, Laurence, Pile, Pittman, Turner, Brown.

paper was one of the things lacking in the school life and since every college in the East has its weekly paper tremendously subscribed to by its students and heartily endorsed by its faculty, this College ought to have its newspaper. Therefore the Club prepared plans to publish one and secured the approval of the Administration.

Thus, the Club takes pleasure in announcing this first issue of "THE BLACK AND WHITE." It is the students' newspaper in every sense, and through it the undergraduate voice will be heard. The paper has great plans for growth. As the subscription list grows and the advertising increases there will be a small profit. This profit will instantly be used in making the paper a larger sheet and a better one. Within a few months we hope to print a sheet twice the size of the original one, but we have had to start in a small way, and we want the subscription of every student in the college and prep. school as well as all faculty members and Alumni. A weekly newspaper requires hours of constant effort on the part of many students, but it is the glory and service of the school for which the paper is working.

The next issue will be one of eight pages. Coach Ken Shroyer is sending this issue into every High School and prep. school in the East and Middle West. Think of its tremendous advertising possibilities; the influence it can exert in bringing students to the college; the feeling of being "come far and wide." A school is known by the value of its publications to a large extent. This is your paper; your school; don't delay in turning in your subscription!

### OUIJA WALKS AT ALUMNI HALL

#### Burnell Ford Entertains With Scientific Marvels.

Burnell R. Ford, scientist, experimenter, and expert in electricity, entertained the college and city at Alumni Hall last Friday night with his interesting and instructive lecture. His opening experiments illustrated the various methods of inducing an electric current into a wire. This part of the lecture was purely elemental. After this, Mr. Ford turned to more interesting experiments. He collected the light from a candle and transferred it to an electric bulb, causing the latter to light. Mr. Ford here predicted that in the future the sun will furnish light for both day and night. Surplus energy will be collected during the day and converted into light for the dark hours. The lecture then passed to spiritualism. He claimed that an overwhelming proportion of spiritualists were frauds, making Sir Oliver his sole well known exception. To illustrate their methods, he moved an ouija board, standing at a distance of fifteen feet from the apparatus. He made the ouija perform seemingly impossible feats, caused it to answer questions by a method which was unfathomable, until Mr. Ford explained. He said that similar tricks were employed by professional mediums, who resort to any stratagem to bewilder their victims. He said that scientists have successfully defied spiritualists to give a demonstration which cannot be explained by laws of science. He then closed his lecture with an exhibition of the power of radio waves in various ways. He caused an explosion, agitated a doll, lighted a lamp, all by radio waves. For his last exhibition, he unveiled by radio waves, a photograph of President Coolidge, surrounded by flags of all nations.

The entertainments at Alumni Hall have been the source of much valuable knowledge, and real enjoyment. The lecture and musical programs have been of the finest type, given

by men of experience and ability. The students heartily voice their appreciation of the faculty's selection and hope that the future will bring forth still higher commendable and truly enjoyable performances.

### PEEPS DEFEATED

#### Brutes Succumb To Onslaught Of Westminster All-Stars.

Westminster All-Stars defeated the W. M. C. Peeps 14 to 13 in a closely contested game. Neither played air-tight ball, however it was an interesting game enjoyed by all. The lineup was as follows:

Custard	F.
Adams	G.
Landman	C.
Carpenter	G.
Portis	G.
Referee—Peiffer.	

### CO-EDS VICTORIOUS

(Continued from Page 1, Column 2)

time. Preceding the Varsity game the Second team defeated the Y. W. C. A. substitutes 24 to 19. This game also proved very interesting and gave the supporters double quantity for their money. Line-up:

Varsity		Y. W. C. A.
E. Roberts	F.	W. Haden
V. Wilson	F.	McGill
R. Warren	C.	J. Barnacle
L. Hollins	C.	S. Baber
D. McAlpine	G.	Meyers
G. Lauder	G.	Adams
Substitutes—Western Maryland,		
Roberts, Barnes for McAlpine, Leizar for Lauder.		
Second Team		Y. W. C. A. Subs
Bishop	F.	Lentz
Allnut	F.	McGill
Farlowe	C.	Shuller
M. Brown	C.	Baker
Barnes	G.	Gunter
Leizar	G.	Hudson

Green Terror Five Loses For The First Time  
This Season.

Fate and bad luck joined hands with the Wyman A. C. in an effort to stop our fast traveling terror. They were successful as far as the score goes but to those followers of the team, who were lucky enough to see the game, was given an exhibition of speed and fight which made the old-timers sit up and take notice. Flanagan was all over the floor, breaking up passes, while Ez Williams kept the opposing forwards stepping lively at all times. The game was a clean hard-fought one, neither side being able to claim any great advantage over the other. The Wyman's proved themselves a clever set of cagers. The work of Ward Kelly at centre was especially good. The line-up:

W. M. C.	F.	Wyman's A. C.
Weigle	F.	Kress
Cumee	F.	Travers
Stanley	C.	Kelly
Flanagan	G.	Panetti, Byard
E. Williams	G.	Willis, Panetti

Referee—Bohrbaugh.

**WESTERN MD. STARTS WRESTLING**

(Continued from Page 1, Column 1)

trip could hardly be imagined.

The first match of the evening was between Smith, 117½, and Woodford, 114. After two minutes of sparring around Woodford held the advantage on the mat for 57 seconds. Smith then crawled on top and held the advantage for 2 minutes, when Woodford, in an attempt to gain the advantage fell the victim of a body chancy. Smith has been a regular for two years and Woodford's work and grit received compliments from W. Va. coach.

The second match between a native, Harry, and Hulroid, 128. After 30 seconds of sparring both men hit the mat. Phillips unfortunately falling into a scissors. The remainder of the bout was a pure demonstration of grit and physical prowess in which W. Va.'s best could not win, Phillips staying for the entire 9 minutes. He received much applause from the fans as he left the mat.

In the third match Millendu, 137, met Clark, 137. Here some real "stuff" was shown. "Fats," although suffering with a severe cold and slight fever could not be persuaded to forfeit the match and so met one of the best that exists in his class. It was only because of his physical condition that he was thrown.

Wylie, 147, met Tozzi, 143. This man has been a regular for W. Va. for several years and a furious and interesting bout followed in which Wylie probably was the more aggressive and thus gained the decision.

In meeting Sueder, 157, Hall, 156, when in condition could easily have won. In the first 3 minutes Hall was rushing his opponent off his feet but with his severe cold, tired, and he lacked the strength to pin the man down when repeatedly his superior knowledge had gained him several advantages held. Even then Harvey only missed a draw by 29 seconds. His tongue was cut early in the match and four stitches were required to heal the wound.

In the last match Elliott, 188, was determined not to let Storm, 210, throw him and stayed the time.

In Pitsenberger, 175½, against McRobey, 169, W. Va. staked most of their hopes for a throw. A whirlwind for speed, a veteran of many matches, and South Atlantic Champion, this man was destined to content himself with a mere decision. In the first few seconds he made a flying tackle for Mack, but was met by a rigidly administered stiff arm. This set the crowd off and Mack's exhibition of grit and strength had a great many of the fans pulling for him.

All in all it was a creditable affair and now that the team is started everyone expects some real things from Coach Hall's men.

**ALOHA ANNOUNCES POPULARITY CONTEST**

Pictures Of Winning Contestants To Appear  
In The Annual.

The Aloha through Editor Benson has announced as one of the new departments this year, a popularity contest in which all subscribers are entitled to vote. The names of all candidates must be submitted two weeks before the date of contest, and winning contestants will have pictures printed in the Aloha.

**Y. M. HOLDS OPEN FORUM**

Heated Discussion Over Race Problem Stimulates Interest.

The first open forum this year was held Wednesday evening in the Y. M. C. A. A question of great importance discussed at the recent Convention at Indianapolis was the subject. Mr. Grippin, presented the topic, "The Race Question." This truly is a big problem. It was brought out in northern states that negroes are admitted to some schools and sit next to and mingle with students of the white race. An instance was cited where the highest honors of the class were carried off by a negro girl of about 16 years.

Our friends below the Mason and Dixon Line took different views on the question. Booker T. Washington, students of Howard University, Washington, and of Morgan College, Baltimore, were discussed pro and con. "Y" offers rare chance to meet and discuss these world problems. All students can benefit thereby.

**ONEILL'S DISPLAY ON THE HILL**

On Thursday, Jan. 24, O'Neill's of Baltimore will display a fine assortment of costumes and millinery at 2 spr. sts. in Westminster Maryland at the Western Maryland College Union Parlor.

**BLACK AND WHITE STAFF THANKS CO-ED REPRESENTATIVES FOR HEARTY SUPPORT**

The staff of the new weekly newspaper wishes to sincerely thank the co-ed representatives of the paper who so energetically assisted in making its first issue a success.

**CLIPPINGS FROM THE BLACK AND WHITE FOR MEMORY BOOKS**

Many students keep Memory Books. The type of Memory Book sold in the college is ideally fitted for the use of clippings, and in fact, this is the best possible way to complete a Memory Book. Week in and week out you will have for your use a printed writup of every College event ready to be pasted in your book. Keep your Memory Book from clippings out from YOUR subscription to the BLACK AND WHITE.

or to John D. Makosky, W. M. C. post office.  
The Seminary, Alumni of College, and Alumni  
of Seminary and all others interested are in-  
vited to correspond. All such matter must be  
received before Sunday noon of each week in  
order to appear in the next issue of THE  
BLACK AND WHITE.

## PREPS BEAT JUNIOR VARSITY

Defeat W. M. C. Seconds 23 To 11

In a fast preliminary game the Junior Var-  
sity was overwhelmed by the youngsters, the  
Preps showing a decided improvement over the  
work of the previous game. Line-up:

Custard	F.	P. Garrett
Oldfield	F.	J. Reynolds
Lindeman	C.	Grippin
Carpenter	G.	J. Bonn
Portis	G.	Hurley

Referee—Capt. Weigle.

## WAGS ELECT OFFICERS

Much Wagging Done At Monthly Meeting  
Of Club.

Western Maryland Mountaineers held their  
regular monthly meeting in the parlor of the  
Main Building on Saturday, January 19. This  
meeting was of unusual interest because offi-  
cers for the second semester were elected as  
follows: President, A. H. Bender; vice-presi-  
dent, F. M. Castle; secretary, M. F. Simpson;  
treasurer, Frederick Peiffer. After the elec-  
tion the meeting was put in the hands of the  
entertainment committee. The most laughable  
feature of the evening was the suitcase race, in  
which the boys displayed their total ignorance  
as to how to don women's apparel. Before  
the meeting adjourned the committee in charge  
served refreshments. The next meeting of the  
Washington-Allegany-Garrett Club will be held  
Saturday, February ninth.

## Jesters Make Rapid Strides

Manager Ogburn Expresses Keen Satisfaction Over Progress Made.

The result of several hard practices, chiefly directed toward the perfecting of the double quartet, has uncovered a vast amount of new talent in the Jester organization. This year promises a bigger and better program than last year. The Jester orchestra met Wednesday night and Director Chaik is much gratified with the fine material among his musicians.

One very special new feature this year is a short play.

Prof S. B. Schofield, general director, has the hearty appreciation of the undergraduate body for his energetic and untiring efforts in aiding the entertainers.

The organization has regretted the loss of last year's valuable talent in the persons of G. Hall Duncan, Charles T. Reed, and William W. Chase.

Mrs. H. M. Kimmey, Director; Miss Emily Richmond, Soloist; Miss Elizabeth Diffendal, Pianist; C. Gardiner Warner, President; J. M. Chaik, Vice-President and Orchestra Director are devoting their time in making this an outstanding success for W. M. C.

The candidates are: Bowen, Price, D. E., Price, H. W., Harris, Phillips, Stonessifer, Johnson, G. L., Woodford, Hatch, Stevens, P., Winter, Warner, McMillan, Stewart, Cooper, Benson, Wilson, Jett, Coleman, Makosky, and Holt.

## Lion Tamers Worship The Muse

Study Present Day Contemporary Poets And Poetry.

The Eader Chapter of Lion Tamers, of which Miss Pearl A. Eader is Grand Potentate, held an interesting meeting in Lewis Hall on Wednesday night. In the absence of the president, Lynn F. Gruber presided.

Selections from the works of Kipling, Service, Van Dyke, Burroughs, Seger and Foss were read by several of the members.

This club is the strongest literary body on the Hill and much interest is always manifested in its meetings.

On February 9th, at 8 P. M. in Smith Hall the Lion Tamers invite the college to attend their first illustrated lecture on Art. The lecture promises much inspiration and beauty and the club hopes for a large attendance.

## Administration Institutes New Type Examinations

Unique System to be Tried for First Time.

The examination plan that is being tried in the college for the first time this week works as follows:

The teacher may use for examination in a subject all the recitation periods scheduled for that subject during the week. If he uses fewer periods than the scheduled number, those not so used are to be devoted to regular class work.

There are no generally prescribed rules or formulas to be followed, such details being matters for each teacher to settle with his own class.

The advantages of conducting examinations according to this method are:

1. There will be less disorganization of the college work than when everything stops short for an examination period.
2. All the time will be profitably used, since such time as is not needed for examination will be given to class-work.
3. Those teachers whose courses do not call for examinations will not have their regular work interrupted.

The general spirit of co-operation with which the new method is being tried will make it possible to determine whether it is desirable to substitute it permanently for the old method.

## Alumni Banquet At Hotel Emerson

Annual Mid-Winter Banquet Will Be Held Friday, February 1st.

On Friday evening, February 1st, the Alumni will convene in the Hotel Emerson in their annual Mid-Winter banquet. Great plans have been made, and the most enjoyable dinner ever held is the object of Mr. T. K. Harrison, chairman of the Banquet Committee. Mr. Harrison in his letter to the editor of the "Black & White," gave particulars which should certainly lead to an interesting evening. Entertainment is to be furnished by the "funniest man in America." Class tables will aid in making the reunion more perfect.

## Our Sharpshooters In The Cineas

Western Maryland Rifle Team Filmed In Action By International News.

Last Wednesday on Hoffa Field, the Rifle team of W. M. C. was filmed by the International News. The moving picture was taken by cameramen sent from New York by the Hearst International News Film Corporation especially to film our experts. The news reel will be shown all over the country next week.

The photographer was very systematic in filming the team. He first clicked a few feet of Capt. Monagon explaining the fine points of the rifle to members of the rifle team. He followed this with pictures of the team firing in four groups, each group composed of three men; a man firing, a coach, and the man next in the order of fire. The men fired in three positions; prone, kneeling, and standing. After this an individual picture was taken of Capt. Darby. Then Capt. Monagon, Capt. Gibson, the new professor M. S. and T., and Sergeant Rice were filmed before the targets in animated conversation.

This is the first time Western Maryland has appeared in the moving picture world. The tremendous advertising advantage of the appearance of our men in the films may readily be understood. Our college name will be placed before audiences in all parts of the country, and our excellent team will be held up for the plaudits of the Nation.

## W. W. Club Plans Elaborate Banquet For Black And White Club

The Black and White Club wishes to acknowledge the invitation extended to them by the W. W. Club. The girls are planning a banquet to be given in the college Tea Room on the evening of February 12th, in honor of the Black and White Club.

### Another Fish.

The novice at trout-fishing had hooked a very small trout and had wound it in until it jammed against the very end of the rod. NOVICE: "What do I do now; I've finished winding?"

OLD-TIMER: "Climb up the pole and stab it."

### HONOR BRIGHT

The small urchin in whispering a confidence to a friend will say: "Honest 'ats true; hones Injun." A school-boy will lend truth to a statement by, "Honor bright." The President of the United States when taking the oath of his office repeats, "On my honor." Honor is that intangible something that a real man has. It makes him despise deceit; it teaches him to shun the mean and common. To be an honorable man, then, is to be worthy of having honor conferred upon you; it is the mark of an exalted rank however humble your station. Honor is an outward mark of high esteem. Only the world can say you are an honorable man; only those who know you or know about you will emulate you when you have passed on by saying you have lived honorably. Men may have acquired millions but yet lacked this thing—honor.

Nothing is of more importance in a college than the attitude of the student in questions of truth and falsehood. The under-graduate standard of honor for college officers is of such exactness that his ethical standards cannot be questioned. So, too, the question of honor in athletic training is watched by every student, and the slightest deviation from the straight path brings the condemnation of the entire student body upon him. Undergraduate leaders in all colleges with few exceptions are men of highest honor, and there can be no doubt, if one will only stop and think, that the students themselves are gradually uplifting and purifying college honor.

### DEBATERS SETTLE

#### PRELIMINARY HOSTILITIES

#### Webster Chooses Negative Side of Much-Mooted Question.

Webster announces that Oliver F. Betton, Charles L. Trader and Robert F. Ward will represent the Society in the annual inter-society debate. Charles E. Bish, G. McD. Garrett and Chapin Day will up-hold the honor of Irving. Sterling W. Edwards, editor of the "Black and White," was selected as one of Irving's debaters but he has declined this honor feeling that his time is too much occupied with the editorial duties of the new weekly publication. The question for debate is: "Resolved: That the United States, in joint action with England, France, Italy and Japan, shall recognize the Soviet government of Russia." The Webster debaters, headed by leader Betton, have after due deliberation, selected the negative side to support. Each year one Society chooses the question and the other Society is privileged to select either end of the question. Last year Webster chose the subject; this year Irving made the selection. Thus Webster is exercising her just prerogative in choosing the negative.

#### A GIRLS' RIFLE TEAM FOR WESTERN MARYLAND

The officials of the R. O. T. C. contemplate forming a rifle team for the girls of Western Maryland College. This team has been approved by the administration. If this be done, the girls may rest assured that an opportunity will be given them to show their ability with a rifle. We can organize a rifle team for the girls this year, and, by next season, schedule matches with such institutions as Maryland College, the University of Maryland, Drexel, and the University of Maryland. There is no reason why we can not have as efficient and effective a girls' team as other first-class colleges.

### ALL-STARS DEFEAT PREPS

#### College Basketers Win Close Game in Extra Time.

Tuesday, Jan. 22—"Excitement galore," was what everyone said about the preliminary game last Tuesday night, between the College All-Stars, composed of former high-school athletic stars, and the Prep School dribblers. An additional five minute session was necessary in order to break the 19 to 19 tie. The college men proved their metal in this period, winning by a 22-21 score.

#### Line up:

All-Stars		Preps
Hurley	F	Custard
Dorsey	F	Rawlins
Sillin	C	Lindeman
Holt	G	McRoby
Bona	G	Carpenter

Referee: Smith and Duncan. Timekeeper: Baughman.

To have lived, then, and to have men say when you have gone, "He was an honorable man," that is a title of distinction; no more can be said of a king.

### MUIR NAVAL POST WINS

#### Defeats Green Terrors 25 to 19

Tuesday, Jan. 22.—The Muir Naval Post, with one of the best teams seen at the Armory for a long time, gave our boys the hardest game of their season, and by clever passing and shooting beat them by a six point margin. The Post ment took the lead at the opening of the fracas, when Coach Shroyer, in an effort to save his first team, started a broken line-up. When the entire first team finally took the floor, the Naval men had been spotted eight points and although the game immediately became more interesting, the Terrors were unable to over-come the handicap. The passwork of the entire Post team and the shooting of Dalley and Miller featured for the visitors. Weigle scored for the college, however the whole team put up a good fight.

#### Line up:

W. M. C.		Muir Naval Post.
Byham	F	Dalley
Cune	F	Miller
G. Williams	C	Steckman
E. Williams	G	Levinson
Flanagan	G	Lipnick

Substitutions: W. M. C.—Stanley for G. Williams; Weigle for Byham; G. Williams for Cune.

Goals: Weigle 3, Stanley 2, Flanagan 1, Dalley 3, Miller 4, Stanley 2, Levinson 1.

Fouls: Cuneo 1, G. Williams 4, Stanley 2, Dalley 3, Miller 2, Lipnick 1.

Referee: Rollbaugh. Timekeeper, Baughman.

Learn to laugh. It is better than medicine. Never let your face look like a funeral. Look for a fight and some one will put a black circle under your eye. Learn to stop croaking. Smile through your tears, but smile.

### RIFLE TEAM FREEZES LOSERS

#### Gettysburg College Shoots Holes Thru Western Maryland Icebreakers.

The rifle team lost its second match of the season to Gettysburg by a score of 467 to 433. Handicapped severely by cold weather, which was accentuated by the inadequately heated gymnasium the team was unable to emerge victorious. However, marked improvement is expected immediately, for after this week the team will have practice three nights a week under the supervision of Capt. Monagan, Capt. Gibson, and Sgt. Rice. Capt. Gibson, has taken much interest in the team and will have complete charge of the testing of ammunition and the tryouts of the men.

#### Passing of the Horse.

I'd hate to be a Horse-fly  
And with the Horse-flies Buzz.  
The pickings for the Horse-fly  
Ain't what it used to wuzz.

#### Athletics

"I'm always on the team," said the Horse-fly.

# Green Terror Sports

## WHO IS WHO AT WESTERN MARYLAND

**DR. A. N. WARD, President of W. M. C.**

Dr. Ward the President of W. M. C. is the man behind every department in the college and is putting forth every effort to make W. M. C. the best Co-ed college in the East.

Dr. Ward assumed command of the college some years ago and since that time has built a \$60,000 athletic field and grand stand and a \$150,000 dormitory. He is now going to raise \$1,100,000 for the college.

Back up, Alumni and get behind your president and your college. Let's go!

### OUR ALL STATE MEN SILLIN—HALE-BACK BYHAM—TACKLE CUNEO—TACKLE CLAYTON—END

### VARSITY BASKETBALL

This is only the third year for Varsity Basketball at Western Maryland but the enthusiasm for the sport is growing from year to year. At present it ranks next to football in the line of major sports. All the games at home are played in the Westminster Armory on Longwell street, and the town people of Westminster are firm supporters of the team. The team will suspend all action for a week, due to examinations.

#### Remaining Schedule.

- Feb. 6. Blue Ridge College at Westminster.
- Feb. 9. St. John's College at Annapolis.
- Feb. 13. Loyola College at Westminster.
- Feb. 14. Blair Naval Post at Fourth Regiment Armory, Baltimore.
- Feb. 16. Mt. St. Mary's College at Westminster.
- Feb. 19. Y. M. H. A. at Carlin's Park, Baltimore.
- Feb. 21. Wash. College at Westminster.
- Feb. 26. Catholic University at Westminster.
- Feb. 29. Blue Ridge Col. at Westminster.
- Mar. 1. Y. M. H. A. at Westminster.
- Mar. 5. Loyola at Baltimore.
- Mar. 7. Mt. St. Mary's at Emmitsburg.
- Mar. 11. Allied Club at Westminster.

### THE ATHLETIC SYSTEM AS INSTITUTED BY KEN SHROYER

Two years ago when Western Maryland College decided to secure a new man to take charge of Athletics, Ken Shroyer, after due consideration was placed at the head of the ship with instructions to take entire charge of the athletic program of Western Maryland. He was told to do his best to inaugurate and perfect an athletic policy that would endure and steadily improve with coming years.

When Shroyer started his work things were at ebb-tide and everything had to be built anew. He has been very successful and a strong foundation has been laid for future work.

Coach Shroyer's policy is to have every man at College take an active part in some branch of athletics. Those not interested in some form of college sport, must take calisthenics.

Within one year he has instituted seven new sports, all of which are intercollegiate in importance.

### W. M. GRAPPLERS MEET F. AND M.

#### McBry Scores First Fall in Schools History.

Seven bouts, 3 of which went to the Blue and White on decisions and 2 on falls, with the remaining bout going to the credit of W. M. due to the excellent work of McBry in pinning his man in fifty-seven seconds, proved intensely interesting and furnished sufficient excitement to the large audience at Lancaster, Pa., on Saturday night.

Bouts: 115 lb. class—Bishop, won in 2 minutes, 45 seconds, by fall with head chancery and body hold over Rawlings, W. M. 125 lb.—Kahly won decision from Phillips, W. M. in 6 minutes, 15 seconds, time advantage. 158 lbs.—Mantz won in 3 minutes, 33 seconds by fall with half-Nelson over Kelbaugh, W. M. 135 lbs.—Schaak won decision only after two extra 3 minute periods over Clark with a 2 m. time advt. 175 lbs.—McBry W. M. won by fall over Funk with combination head lock and body hold in 57 seconds. Heavyweight class—Faust won in 1 minute, 9 seconds, by fall with body hold over Elliott, W. M.

### "SAM" SCHOFIELD

"Sam" Schofield is the man that handles the athletic association offer. "Sam" makes a success of anything he tries.

### ATHLETIC DIRECTOR

**KEN SHROYER**

(Baltimore American Photo.)

of West Virginia Wesleyan, who had entire charge of athletics at Western Maryland College.

### THE HISTORY OF OUR 1924 FOOT BALL CAPTAIN

LeRoy Byham, the man that is to captain the 1924 gridiron eleven of Western Maryland comes from the little town of Kane, Pa., where he graduated from the Kane High School in 1920. There he made all state one year and was captain of his team for three consecutive seasons. Byham went to Bucknell University where he made a varsity berth his first year. The following year Byham attended Allegheny College at Meadville, Pa., where he also made a varsity position and was picked on the all-state team and the all Eastern team. He is now one of the Green Terror men, and in 1924 he will be the principal cog in the Western Maryland machine.

**YOU ALL KNOW "BY."**

Left to Right top Row—Head Coach Shroyer, Associate Coach Root, Cunio, Hall, Tenn ey, Messler, Hurley, Stewart, Duncan.  
Middle Row—Bona, Kinsey, Stanley, Phillips, Merrill, Long, Holt, Sillin, Douglass, Weigle.  
Bottom Row—Mayers, Clayton, McRobie, Tozzie, G. Williams, Groton, Byham, E. Williams.

## Scored 166 Points to Opponents 52

Men not in Picture—Peiffer, Elliott, Linderman, Flanagan, Schofield, Speir.

### FOOTBALL SCHEDULE 1924

When Athletic Director, Ken Shroyer, announced the 1924 football schedule, W. M. C. Alumni and football followers took off their hats as a compliment to the success that marked Shroyer's work. Under his guiding hand athletics at Western Maryland have grown rapidly and soundly in the two years he has been the head of the athletic department. With his co-workers, Shroyer deserves much credit for the recognition Western Maryland now has received as evidenced by the schedule arranged for 1924, which is printed below in this issue of the Black and White.

#### 1924 Varsity Schedule.

Sept. 27 Bucknell University at Lewesburg.  
Oct. 4 U. S. Tank Corps, at Westminster.  
Oct. 11 Geo. Wash. U. at Washington, D. C.  
Oct. 18 St. John's College, at Westminster.  
Oct. 25 Catholic University, at Hanover, Pa.

Nov. 1 Carnegie Tech., at Pittsburgh, Pa.  
Nov. 8 Fordham University, at New York.  
Nov. 15 Washington College, at Chestertown.  
Nov. 22 Loyola College, at Westminster.  
Nov. 27 Mt. St. Mary's Col., at Emmitsburg.

### GREEN TERROR MANAGER

#### Oliver Betton '24, Proves Good Manager.

On the shoulders of Oliver Betton has fallen the thankless job of being Shroyer's right hand man as well as Manager of foot ball. He is a manager excelled by none and equalled by few. Betton is a hard worker and gives a great deal of his time to his job. To make a long story short he is O. K.

The Western Maryland College Athletic Department now offers a complete course in Coaching. The course consists of the theory and practice concerning the athletic program at this college.

### THE FRESHMEN OF W. M. C. OR THE GREEN TERROR PUTS

One of the additions to the 1923 sport curriculum was the Freshman football team. It was instituted as an experiment however, today it is one of the established sports on the Hill. The students as well as the Westminster fans displayed much interest and enthusiasm over the team. Their season was a very successful one losing only two games on their schedule, which was composed of the best Prep schools around this part of the country. Elaborate preparations are being made for next years campaign.

#### Freshman Record.

33	Charlotte Hall	0
19	Guilford A. C.	0
7	Frederick All-Stars	0
18	Laurel High School	6
23	Gettysburg Academy	0
0	Mount St. Mary's	7

**FRANK SILLIN**  
(Sun's Photo)

The Western Maryland back who made the Sun's All-State team. Everybody knows him!

#### WESTERN MARYLAND COLLEGE STARTS WRESTLING

Western Maryland College has the honor of being the first college in the state of Maryland to place a varsity wrestling team on the mats. An unusual amount of interest has been shown in the prargeling sport. About 33 men have taken up the green and gold colors in the mat arena.

Ken Shroyer, Athletic Director, spent 3 months last summer looking over wrestling coaches and finally decided on Harvey B. Hall as the leader of the Terror mat men. Coach Hall is a graduate of Charlotte Hall Military school and has been coaching the wrestling team of his Alma Mater for 3 years, where he has had wonderful success, bringing many honors to himself and to the Calvert county school. All swear by him and he is conceded by all to know his stuff. Coach Hall is developing a good team and the wrestling sport is another one of W. M. steps to the front.

**CAPTAIN GROTON**

Captain Ralph Groton comes from Pocomoke City, Md. The old saying is that good things come in small packages. He played every minute of every game, never having to be retired on account of injuries. Groton was an Ideal Captain, and we welcome him with us again next year.

#### LINE COACH CHARLES ROOT

"Charlie" Root was line coach with Ken Shroyer for two years in W. Va., and came to the Methodist institution to take charge of the varsity line, which he did in the best of style. He developed the best line in the state of Maryland. Every football man and every sportswriter that saw the line at work said it was well coached and knew the game from A to Z.

**ASSISTANT COACH BARNEY SPEIR**

Speir is a graduate of Western Maryland College and has had much success with his teams. He had entire charge of the college's first Freshman team and their record speaks for itself. Barney is the friend of everybody on the Hill and his watch-word is SUCCESS.

**THE JESTERS**

The W. M. C. Jesters is a musical club fostered by the Athletic Association and operated as an advertising medium for the college. The Jesters toured the Eastern Shore, and Westminster vicinity, carrying about 30 men, presenting a varied program of music and comedy.

## COLLEGE CHATTER

On Saturday afternoon, January 19th, Misses Marjorie McWilliams and Dorothy Beachley entertained in their sunny apartment on the third floor of McDaniel Hall. Games were played which afforded much amusement after which chicken, potato chips, Maryland biscuits, sandwiches, olives, celery, cake and punch were served. Those present at this delightful affair were Misses Hastings, Todd, Richardson, Chambers, Harriman, R. Jones, Diffenbaugh, Bafford, Bell, Messick, Dixon, and Bean.

For the first time in seven years W. M. is sending out a deputation team under the direction of the "Y". Among the churches which the team has visited are Kreider's Reformed of Westminster; M. E. of Patapsco; St. Paul's at Sykesville, and Christ's Church at New Windsor. The team is composed of Grippin, chairman; Trader, Hudgins, Dinkle, Paul Stevens, Harris, and Eaton.

The Officers Club, of which Lieut. C. G. Warner is president, held their 1st, 1924 meeting Wednesday night in the Senior Apartments. Several new members were initiated, and the following evening wore their cheeseknives to Parlor.

Thru an oversight in printing last week the name of Frederick M. Peiffer, of the Green Terrors was omitted from the list of those who received letters at the annual football banquet. Peiffer is also a new member of the Varsity Club.

The "Y" is conducting a checker tournament in the club room. Betton, Duncan, Makosky and Cuneo are leading to-date.

## WASHINGTON COLLEGE WINS

Defeat Weakened Team By Large Score.

Saturday, Jan. 26.—Washington College defeated our cagers in the first state game of the season. The team was without the services of three of its best men; Capt. Kinsey, Stanley and Cuneo being on the sick list. At the start of the game it looked as though we would more than hold our own. However, lack of team-work on the part of our men, who had been shifted to entirely new positions, and the wonderful shooting of Carroll and Dunshot proved our downfall. Though fighting desperately to stave off apparent defeat our men went down with colors flying to the tune of 48 to 11.

Line up

W. M. C.	Washington College
Weigle	F Carroll
Byham	F Dunshot
G. Williams	C Grant
E. Williams	G Cavanaugh
Flanagan	G Karrington

## —IT'S YOU—

If you want to live in the kind of a school

Like the kind of a school you like

You needn't slip your clothes in grip

And start on a long, long hike.

You'll only find what you left behind—

There's nothing that's really new

It's a knock at yourself when you knock your school;

It isn't your school it's you!

Real schools are not made by men afraid

Lest somebody gets ahead.

When everybody works and no body shirks,

You can raise a school from the dead.

And if, while you make your personal stake

Your roommate can make one too,

Your school will be what you want to see;

It isn't your school it's YOU.

Truth is elastic. Don't stretch it unless you want it to fly back and hit you.

A German spy on his way to be shot, remarked to the Tommy who was escorting him; "I think you English are brutes to march me through this rain and slush."

"Well," said the Tommy, "What about me? I have to go back in it."

## Eds End Year With Victory

Varsity Basketball Season Terminates With 23-18 Win Over Normal School.

Saturday, Feb. 2.—Western Maryland concluded their season at Towson by defeating the Normal School girls in a hard-fought game 23-18. The banquet and examinations did not serve as real training for the girls, but the girls employed that extra bit of grit and fight that counts. Quite a number of fouls were called against W. as against the few called on Normal. Gold and Green guards were especially on the jump and played an excellent game, allowing only four shots to dip the basket. Normal scored her remaining points on fouls. The shooting of Wilson was the star feature of the game.

## Aloha Goes TO White House

President Coolidge Becomes Subscriber to 1924 W. M. C. Annual.

Editor in chief A. E. Benson of the Aloha Staff has received a request from the President of the United States that he be mailed an Aloha at his own expense. However the Aloha Staff will, in person, journey to Washington and present the Aloha to Mr. Coolidge with their compliments and the love and esteem of the college.

This is the first time in the history of the college that an annual has been presented to the President and it marks the outgrowth of a new desire and ideal, as set forth by Editor Benson, in making the Aloha no longer a Senior class production, but a beautiful masterpiece which typifies the atmosphere of the whole college life and her activities throughout the whole

cross purposes between the student and the administration have been successfully ironed out, and this year the college is immensely proud of its most beautiful masterpiece, a masterpiece of skilled art and creative energy on the part of the staff.

The staff will also deliver personally a message to the widow of the late Woodrow Wilson at her residence on "S" street, Arlington, D. C.

The Aloha will like-wise journey to a home in Marion, Ohio, where the widow of President Harding resides.

## Alumni Banquet Huge Success

Marks Golden Anniversary of the Class of '74.

Sixty-three members of the class of 1924, the largest graduation class in the history of the college, were the honor guests at the Alumni Banquet held at the Hotel Emerson, Baltimore, on Friday evening. This is the first time in the annals of the institution that a senior class has been entertained by the Alumni.

The banquet was a complete success in every sense of the word. Too much praise cannot be given the Alumni Banquet Committee for the decoration and entertainment. Green and Gold pennants, the college colors, were artistically arranged on the walls of the hall. American flags occupied prominent places.

Mrs. Crowder represented the class of 1874, which was graduated from this institution fifty years ago. Dr. Straughn gave his class yell, entering into the spirit of the occasion with considerable vim and vehemence. Caleb O'Connor, with his comic songs and stories, was much in demand, with Matt Horn at the piano. Twenty-five minutes of Strickland Gillean's humor made people laugh who had never laughed before. Short speeches were made by Dr. A. N. Ward, Curley Byrd, Vice-President of Maryland University, and director of athletics, and Coach Ken Shroyer of Western Maryland.

Dr. Ward reported on the progress Western Maryland is making in the campaign for \$500,000. He stressed the fact that more equipment is needed to receive the increasing number of applicants for admission to Western Maryland. Mr. Byrd spoke of Western Maryland as an ideal college, because it combines the intellectual and the spiritual in its teaching. Mr. Shroyer reviewed athletic progress at Western Maryland, and forecast an increasingly brilliant future, backed by the hearty support of the Alumni.

Every alumnus was presented with a copy of Black and White, and much favorable comment was aroused. In addition, Mr. Charles L. Trader, of the Black and White Club, spoke at length on the club, its purpose, its plans, and the newspaper. Everyone enjoyed and admired his speech.

## YEARLING GRAPPLERS FORCED TO BREAK TRAINING

Tozz's Brilliant Work Supplemented by Hazardous Trip Home.

The Freshmen team suffered defeat at the hands of the more experienced and better equipped rival, Gilman Country School. Gilman won the first three of the matches on fall and earned the decision in the other two. McRoby, on account of the

(Continued on page two.)

A. E. BENSON

Arthur E. Benson, editor of the 1924 year book, whose untiring efforts have made possible the finest Annual the college has ever known.

## BENSON PLANS AERIAL PHOTOS

Aloha Chief to Have W. M. Featured From The Air.

Editor-in-Chief, A. E. Benson; Raymond S. Matthews, Advertising Manager; J. Gleason Eaton, Business Manager; Margaret C. Wenner, Assistant to the Editor; Margaret C. Gardiner, and Ethel V. Roberts assistants to the Advertising Manager, are planning many wonderful features to have prominence in the 1924 Annual, chief of which is a series of aerial photos of the college buildings, the campus and Hoffa Bowl.

Autographed photos of President Coolidge, Ex-President Harding, and Ex-President Wilson are to honor the pages of the Annual, together with the salutations of the three presidents and a biography of each distinguished character.

The skilled work of Art Editors Ritchee and Duncan is especially attractive and they have made many artistic contributions that are the best in years.

The Aloha's financial condition is firmly established, and the staff has more than doubled the income from advertisements in any previous year. The style of the book will be that of a Pathe News of the year's activities, with many new features and interesting departments.

Arrangements are now being made to turn an evening meal, later in the Spring when the Aloha comes off the press, into a banquet for presenting the Annual to the college.

The year-book goes to press the first week in April and will be ready for distribution the first of May.

### SELECTING THE FITTEST.

Educators throughout the country have agreed that selection of the fittest to partake of higher learning, is the only means of clearing up the so-called evils of the modern trend of education.

Observing students at Western Maryland have noticed with sincere regret the enrolling of new students for the past few years who can in no wise appreciate or assimilate even a small part of a college education. Athletics, or coercion at home may cause this, but sooner or later these men or women only bring discredit on the institution. One thing is certain: discredit brought upon the fair name of W. M. C. by a former graduate, either directly or indirectly can never be erased, and students, who are accepted here only because they can pay the college fees, impede the progress of those who are possessed of ideals and have the welfare and growth of the institution at heart.

Directly or indirectly every man or woman who enters college with no worthy ideal in view, is preventing some real man or woman sometime, somewhere, from acquiring his or her rightful heritage.

### PHYSICS STUDENTS CONSTRUCT PLAN TO REVOLUTIONIZE WORLD COMMERCE

Theorists J. E. Cole and I. M. Dinkie Leading Lights in Marvelous Project.

A plan to revolutionize world commerce as outlined below has its origin in the Physics department, though Prof. Woodhead, Prof. Webster, and Miss Eader play leading parts in the perfecting of the project. The plan, as conceived in the minds of Cole and Dinkie, students in Physics, includes parallel walls from Japan to Panama, a canal through the Isthmus at sea level,

similar walls to Europe and a marine railway into Switzerland.

Because of the fact that the sea level of the Pacific is thirteen feet higher than that of the Atlantic, an inestimable amount of power is available. It is figured that if the water were allowed to flow from the Pacific into the Atlantic, that the force of the flow would create sufficient current to drive a ship from the Orient, through the canal, force it to Europe, and still possess enough momentum to carry it up an inclined railroad into Switzerland, where its cargo would be distributed to all parts of Europe by means of gravity. The ship then will reload in London, but, while empty, would not obtain sufficient speed in moving down the railroad to carry it to London, therefore the young theorists see the necessity for loading a mountain peak on board as ballast which will supply the deficiency in power. While in the English Channel the peak will be dropped and in course of time the channel will be filled up by the continued depositing of this ballast. One serious obstacle was overcome when Prof. Woodhead made arrangements with the Woods Hole Biological Laboratories of Mass., to supply earthworms to dig the canal.

Upon the suggestion of Miss Eader the English Channel, when filled up, will be sold to the League of Nations as a neutral ground on which the powers of Europe may have their private fights. The majority of the funds which will be used for the development and maintenance of a new culinary department at Western Maryland; the remainder will be used in building a new mission parlor, the plans for which have been drafted by Prof. Webster and are very unusual as they consist entirely of alcoves, nooks, and recesses.

### BLACK AND WHITE UNEARTHS

#### INTERESTING FACTS

#### W. M. C. Once Buell's Seminary.

Last week the Black and White uncovered some interesting facts regarding the history of College Hill. In conversation with a retired member of the Maryland bar, who now resides in Westminster, much of interest to Western Marylanders was discovered.

In Civil War times, College Hill was a closely wooded ridge, studied with many huge oaks, the last of which still stand on the President's lawn. A regiment of Delaware Cavalry was encamped in a clearing where the main dormitory now stands. A detachment of Stuart's Confederate cavalry entered the eastern end of the old town, but the Delaware regiment charged wildly down from the hill, driving Stuart's riders in mad retreat.

A few years later a distinguished musician, a cultured, refined and educated gentleman, Fayette R. Buell, financed and built a boarding school upon the site now occupied by the main dormitory. Many interesting stories are built about this school which was called Buell's Seminary. Students had stoves in their rooms and visitors were compelled to wade ankle-deep thru ashes that littered the halls and the stairs. The instructors and professors were all of Buell's family and numbered many talented musicians. The Seminary continued under administration of the Buells until some time later when the late Dr. Ward and a number of others prominent in this vicinity in that day, purchased the Seminary and renamed it Western Maryland College.

It was about this time that the gentleman who related these facts to our News Editor was travelling thru the West on business. While spending some time in a little town in Northern Wisconsin, he met two farmers named Buell. On better acquaintance he came to know that Fayette R. Buell was their uncle, and that he had spent most of his younger life in travelling on the coast stage. Fayette R. Buell's brother, the father, had, after the founding of the college, given up his successful career also and had purchased a farm. However he wandered about the country playing his fiddle and his farm grew up in weeds.

Western Maryland, thus begun in a very small way, has grown into a prominent Eastern College and not many years ago passed before it will be one of the largest and finest co-ed. institutions in the East.

### A PHONOGRAPH RECORD OF

#### "DEAR WESTERN MARYLAND"

The Aloha Staff, thru Editor Benson, is herein considering the prospect of contracting with a reputable phonograph concern for the producing of a record having on one side "Dear Western Maryland" and on the other "Alma Mater." This plan merits much support and many Alumni have spoken their approval. The student body is asked to consider the plan intelligently and when asked, at a not far-off date, to give evidence of their support in a circular letter to be filled out and returned to the college. The probable cost of the record would be about one dollar, a reasonable sum indeed, and a phonograph record has this advantage: certainly it has a warm place in the hearts of all of the Alumni and of the faculty and student body. Its value in yet to come could hardly be estimated in keeping the love for Western Maryland ever bright in the hearts of its possessors. The co-operation and consideration of the readers of the Black and White is earnestly requested.

### YEARLING GRAPPLERS FORCED TO BREAK TRAINING

(Continued from page one.)

absence of his class in scholastic meets, was unable to participate. Tozzi and Dooley did the best work for W. M., when, at the end of the main bout between Dooley, and his all-State scholastic champion-rival the referee declared the affair a draw, Dooley just missing a decision by 20 seconds. In the extra period, Clay had handled himself like the veteran he really is and maintained the top position long enough to win by decision.

Tozzi's much celebrated opponent had a lucky day and should appreciate the manner in which the gods of fate smiled upon him. Tozzi well deserved to win, and on after one of those unfortunate breaks a Lovens manage to score the "top position" and gain the decision.

After the match the team was entertained at a most elaborate dinner at Gilman. A match and dinner were supplemented the theatre for some, and visits to old acquaintances for others. More experience were in store. Fifteen miles from home a car slowed down and stopped. In an attempt to repair the stalled engine Hall cured a "head lock" on the carburetor a Dooley wrapped a "scissors" around the feed pipe, and thereby "fixed" it.

To summarize, all arrived safe on the hill at 5:00 A. M. Report, no church.

**COLLEGE CHATTER**

The Black and White expresses the whole college's regret for Hall Duncan's leaving. Duncan has served his college on the athletic field and as an editor and leading spirit of "Black and White." May the good luck he deserves go with him.

At supper Friday, Prof. Woodhead chased all freshmen with dirty faces from the mess hall. He even dragged one unfortunate young man from under a table. Some people say the sophomores were to blame.

A charming surprise party was given by Verba Bafford in honor of Adele Owings' birthday on Friday evening. Dancing was the entertainment of the evening, followed by delicious refreshments. Everyone passed an enjoyable hour.

A rising young minister of the sophomore class was noticed parading the Area Saturday morning. Rumor has it that his room was cold. To remedy this condition, he built a fire in the corridor.

Mr. Richard Gabriel Stone spent last week-end in Oxford, on the Eastern Shore.

✓The Misses Rice and Miss Pauline Price entertained at a most enjoyable dinner party on McKinstry Hall Friday evening in celebration of the ending of exams. A delightful repast of fried chicken, Maryland biscuits, pickles, fruit salad, cake and other good things were served. The rest of the evening was enjoyably spent in the telling of childhood pranks and adventures. The guests were: Misses Carnes, Canaway, Boyer and Bowers.

The sigh of relief heaved on College Hill Friday at 3:45 P. M. broke three windows-pane in the 20th story of the Gas and Electric building in Baltimore. Exams were over!

✓The consensus of opinion around the college seems to be that the late examinations, which have passed from our midst, have caused more worry and strain than it is fair and proper to impose upon college students. The annoyance of preparing for an exam for every period in the week created a condition of worry, and an atmosphere of undue anxiety and a nervous tension which is detrimental to proper study.

The Y. J. C. Club met Saturday night. After the meeting a Valentine social was held in which the winners of amusing games were rewarded with equally amusing prizes. The girls provided the refreshments. Miss Millard and Miss Richmond were the guests of honor.

**WOODROW WILSON IS DEAD**

Woodrow Wilson, one of the truly great, one of the truly famous men in the history of the world, is dead. Mr. Wilson is particularly close to the college world because he served it as a football coach and as President of Princeton University. This well-known leader joins the ranks of our deceased great, standing with Washington and Lincoln as men who have reached sublime heights and accomplished great things in the service of their fellow-men.

**ARE ATHLETES SUPERIOR TO NON-ATHLETES?**

Roy M. Dorcus, a graduate student in psychology at Hopkins, revealed in recent tests that athletes display more speed, accuracy, and steadiness than non-athletes. Further tests of these same athletes later in the year, after they had worked hard through the football season, proved, when tested with non-athletes, that the superiority had increased.

Perhaps this may help to prove to authorities in various colleges that athletics are beneficial to a student as well as to prove to certain others that we are now living in the PRESENT and that the student life of thirty years ago, devoid of athletics, will not meet PRESENT needs.

**ALOHA THANKS BLACK AND WHITE STAFF FOR ASSISTANCE**

In a letter to the Black and White Staff, the editor of the Aloha expresses his sincere thanks for its valuable assistance to the efforts of his Staff. The Black and White is solidly behind any undertaking which is for the advancement and uplifting of the college.

## LION TAMERS' CLUB TO PRESENT ART LECTURE

**Stereopticon Pictures Will Be Big Feature.**  
The Lion Tamers' Club under the direction of their esteemed Potentate, Miss Eader, will furnish an entertaining and instructive program on Thursday, February 7th, at 7:30 P. M. in Smith Hall. The program will consist of stereopticon projections of American Art accompanying the lecture.

The Club was organized under the supervision of Miss Pearl A. Eader and it has been the Club's purpose since that time to accomplish something worth while, both for its own and the College's material benefit, and to show appreciation for the interest Miss Eader has taken in the development of social life among the students on the Hill.

The Club takes great pleasure in inviting the college to share with them the program for the evening, believing the audience will be inspired and pleased by the beauty of the entertainment.

## Tri-State Conference Meets

250 Students from Colleges in Maryland, Delaware, and Virginia Gather at Hood College.

The Tri-State Conference, held at Hood College, February 8th, 9th, and 10th, for the purpose of studying the varied relations and obligations of student life, opened Friday evening with a Get-Acquainted Supper at the "Y" Hut. The opening session followed in the College Chapel, at which time Kirby Page, leader of the Fellowship of Reconciliation and student of international and industrial problems, delivered one of the most forceful and enlightening addresses of the conference on the subject of world problems. Among the speakers at the morning, afternoon and evening sessions on Saturday were Dr. Smith of Howard University, and Dr. Chau, of China. Saturday evening the students were entertained at a banquet held in the magnificent college dining hall, at which time President Apple of Hood delivered the welcoming address.

Sunday services began with a communion ceremony at 7 A. M. At 10:00 A. M. a students' hour was held, followed at 11:00 A. M. by the addresses of Rev. White, Mrs. Paul Harrison, missionary to Arabia, and E. T. Thompson, missionary to Japan on the subject, "What is God's Plan." Western Maryland had one of the largest delegations at the convention, being represented by the Misses Ward, Finkbine, Bloomquist, Reimnuth, and Messrs. Ward, Eaton, Harris, Weltrauch, Griesen, Bennett, Stone, Newman, and Stevens.

## "BRUTES" SMASH WAY TO VICTORY Defeat Clever Westminster Aggregation.

Saturday, Feb. 9.—The W. M. C. Preps, in a fast preliminary to the Varsity game, put the K. O. on their unfortunate victims from St. Johns of Westminster. The game was a roughly contested one, both sides seemingly forgetting that they were playing basket ball and not football. Although there were quite a few attempts at scoring the efforts were in the main futile, the final count being 8 to 2. With MacRobie as pivot man, Manager Merrill's University knight rushed the ball from all corners of the floor but failed to score when in position. However, our "Little Green Terrors," seem to improve with every game. The play of the St. Johns team was creditable, there being no outstanding stars.

Line-up:

W. M. C.

Custard F  
Oldfield C  
MacRobie F

## R. O. T. C. Honors Wilson

Corps is Paraded in Memory of Ex-President

A very fitting tribute was paid to the memory of Woodrow Wilson by the R. O. T. C. at Western Maryland. On the afternoon of his funeral, February 6, the Battalion was paraded in front of Baker Chapel. The College was closed at 3:00 P. M. and the parade was formed at 3:10. The spectacle was marked by all the dignity which the occasion demanded, and the Corps was drawn up in line facing the chapel. After the band had played the National Anthem, Captain Monagan read the following general order to the Battalion from the 3rd Corps Area Headquarters:

"The funeral of Woodrow Wilson will be honored on Wednesday. On that day the national flag will be displayed at half staff; troops and cadets will be paraded and this order read to them.

"At dawn of the day of the funeral, thirteen guns will be fired and afterwards a single gun will be fired at intervals of thirty minutes between the rising and setting of the sun, and at the close of the day a salute of forty-eight guns will be fired. Officers of the army will wear the usual badge of military mourning on the left arm, and a saber for a period of thirty days. The national and regimental colors or standards of the various organizations of the army will be draped in mourning for the same length of time."

It will be noted that the salute of thirteen guns, emblematic of the thirteen original colonies, and the salute of forty-eight guns, emblematic of the states now in the union, form the highest military honor which can be paid any deceased citizen of the nation.

## CO-EDS MAKE ENVIABLE RECORD

Lost But One Game in Difficult Season. The girls basketball team closed a highly successful season several weeks ago. Nineteen games were played, and only one was lost. Lutherville managed to eke out a 16-14 win over the girls, but in the return game, Western Maryland's co-eds proved their superiority by a 25-16 margin. Notre Dame, after going down to a 23-11 defeat, succeeded in holding Western Maryland's stars to a 13-13 tie. These were the only set-backs the girls received, and they are negligible in view of the sound defeats administered to these teams at other times. The girls met every prominent team in the district, and defeated them all. They are real champions. Their record:

25 Lutherville 16  
23 Notre Dame 11  
14 Lutherville 16  
16 Penn Hall 13  
13 Notre Dame 13  
39 Normal School 9  
32 1st team Y. W. 31  
25 2nd team Y. W. 19  
23 Normal School 18

## Terrors Down St. Johns

Johnnies Forced To Take The Count After Thrilling Game.

Saturday, Feb. 9.—Ken Shroyer's revamped Green Terror Five, came into its own Saturday night and defeated the ex-cadets, 27 to 26. The score tells the tale. The contest was a nip and tuck affair from start to finish, with first one side and then the other leading. The deciding goal of the game was made in the last minute or so of play. Stanley made the initial markers of the game, donating two fouls and one field goal before the visitors realized that the whistle had blown. However, J. Matthews, of the Orange and Black, started his regime of fancy shots and soon tied the score with a few points or so to spare. From this time on to the final minute of play, the game hung in the balance, fate showing little favoritism. Four times during the fracas the count was tied but never could either side gain more than a five point margin. The shooting of Stanley, assisted by the four other fighting Terrors, was the deciding issue of the game. The boys from Annapolis showed lots of grit and fight and much credit is due them for the excellent exhibition which they gave. Their floor work was of the highest calibre and kept Western Maryland boys on their toes at all times. Matthews again proved himself a tower of strength on the offence, while the guarding of Stecker and Erberts was only excelled by the work of our fast traveling forwards. However, "To the victors belong the spoils," and to Western Maryland comes the knowledge that once again we have taken the measure of one of our friendly enemies.

The Line-up:

W. M. C.

Cuneo F  
Weigle F  
Stanley C  
Flanagan G  
E. Williams G

St. Johns

Mathews  
Jarvis  
Rapp  
Stecker  
Erberts

Sub.—W. M. C., Byham for Cuneo. St. Johns, Webb for Stecker, Barger for Rapp. Field goals—W. M. C., Cuneo 1, Weigle 2, Stanley 3, Flanagan 1, Byham 1. St. Johns, Matthews 5, Jarvis 1, Rapp 1, Stecker 1, Webb 2, Fouls—W. M. C., Cuneo 1, Weigle 1, Stanley 3, Byham 1. St. Johns, Matthews 3, Rapp 2, Barger 3. Timer—Merrill. Referee—Robbraugh.

## TERROURS TURN BACK BLUE RIDGE

New Windsor Stars Fall in Exciting Game At Westminster.

Last Wednesday evening the Green Terror Five took the measure of the crack Blue Ridge Basketeers in a close and interesting game, the final score being 35-25. During the first half the lead zigzagged between

### "V" HOLD MEMORIAL SERVICE

A. E. Benson Delivers Eulogy On Woodrow Wilson.

Wednesday night, the Y. M. C. A. held a solemn memorial service in memory of the Nation's departed leader, Woodrow Wilson. The eloquent eulogy of Arthur E. Benson, a man well qualified to deliver this fitting tribute to Mr. Wilson because of his keen appreciation of the life and achievements of the ex-President, occupied the major part of the ceremony. The eulogy follows:

"In a narrow crypt in Bethlehem Chapel lies the mortal remains of the War's greatest hero. There reposes the tragic remains which scarce four days ago was the dwelling place of the world's most magnificent figure. The figure of Woodrow Wilson, death arouses in the nation the same tense emotions which surrounded him living. Shattered in health for more than four years, a private citizen for nearly three years, the silent force of his extraordinary personality lived on the extraordinary could be no greater tribute to the strength of the unwavering flame which was his spirit. The great light of the age has gone out, flickering as it did for many days, now almost gone, then brighter, then a tense waver, a flicker, dimmer, dimmer, and then the soft breezes from Heaven's gate softly blew the tiny flame from mortal eyes. But the halo, the magnificent halo, still thrills the mind of man. The body, though cased in marble, still radiates its lines of force, more powerful and more glorious than ever before. Death was but the physical end of the tragic sacrifice he paid. He died to save mankind from the doom of devastating war. He died that a world might live.

"We mourn the death of Wilson because

he was the hero of the world's greatest war. He stirred little sympathy, but thru all his suffering he maintained a calm, magnificent fortitude. He faced Death's angels with these immortal words 'I am ready.' While others bowed their heads in reverential worship and breathed whispered prayers, he answered the call of Flanders Field and slipped quietly out. Woodrow Wilson had 'gone West' and we fancy that just beyond the pale of death, myriads of comrades gathered their beloved leader to their bosom. Gone West; how often these words darted through my eyes with tears; a chiefain in life, an immortal in death.

"While the mortal remains passed down the avenue, amid the wilderness of gloom, a world paid tribute to its departed leader. He had raised aloft the only hope of universal peace; he had kept faith with his departed comrades, though it pleased the world to strike him down with cruel words. Ah, how differently they received those mortal bones, tears streaming down their faces, stifled sobs, tense devotion, and reverential prayers for that broken body. One remembers other days, when cheers and loud acclaim received him, nations bowing at his feet, worshipping him as a world savior."

### BLACK AND WHITE NEWSPAPER FINANCIAL SUCCESS

Thru the hearty co-operation of the student body of the college, the support of both faculty and Alumni, the new weekly newspaper is assured for the remainder of the college year. To those who have been sceptical of the purpose of the paper, and its financial condition, and to those who have been decidedly adverse in their criticism, there is one word yet to be said. The world of business has come to know that "Every Knock is a Boost." The paper has found this to be true, and since its first issue at the present time the paper is an assured financial success.

The Black and White wishes to thank all those who have assisted in placing this first Western Maryland newspaper on such a sound financial basis.

### FREEDOM

In any community the greatest of freedom prevails; freedom of thought, freedom of expression, freedom of action. There is no group in a community appointed to reprimand or punish its citizens for every petty or trifling offense. Likewise the citizens of a community allow under no circumstances whatever, any individual or group to continually indulge themselves in surreptitious surveillance, or to interfere with the privacy of the home, its occupants or their private property. Swift and severe punishment is meted out to those who infringe upon the freedom of others.

The college is a miniature community, but one on a higher intellectual, moral and social plane. Therefore the trivial incidents of the community are a negative factor in the social life of a college and should be utterly ignored. Freedom in a college then, is of the utmost importance and any usurping, in the slightest degree, of this freedom, on the part of the student body or of the administrators, is a detriment to the social welfare of the student body. College is defined, in the minds of the narrow few, as a preparation for life, but in the minds of the broadest, it means life itself. Education is social efficiency, civic pride and character. Therefore, the student body of a

college must permit of no detraction whatever from its right to enjoy its social freedom.

### MOUNTS DEFEAT TERROR FIVE

**Score 21-13 Win Over Western Md. Tossers.**  
In an extremely hard fought and closely contested game, Mt. St. Mary's emerged on the long end of a 21-13 score at Emmitsburg Thursday night. Both teams had repeated opportunities to sink short shots, but had difficulty finding the basket. Western Maryland showed the effects of the gruelling contest with Blue Ridges slightly before, and also seemed a bit handicapped by the strange court. Grant Williams, Ez Williams and Flanagan were all ejected from the game on account of personal fouls, attesting to the fierceness of the play. Coach Shroyer predicts a win for the W. M. cagers when they encounter the Mountaineers at home later in the season.

The line-up:

Western Md.	Mt. St. Marys
Williams, G.	F Ruiz
Weigle	F Johnson
Stanley	F Grogan
Flanagan	G Hart
Williams, E.	G Kislosky
Sub.—W. M. C. G. Williams for Cuneo, Byham for E. Williams, Kinsey for Flanagan. Mt. St. Marys, Abby for Kislosky. Referee—McDevitt.	

### LION TAMERS' ART PROGRAM PRONOUNCED SUCCESS

Chapin W. Day's Lecture Accompanied by Stereoscopic Pictures.

On Thursday at 7:30 P. M. in Smith Hall the Lion Tamers' Club of which G. McD. Garrett is president, presented its first illustrated lecture of the year.

Mr. Garrett, in an opening address, touched upon the inspiration and benefit that will be derived from classical lectures of this nature. He then read a short introduction to the program. This was followed by the main lecture of the evening, given by Chapin W. Day. Mr. Day's lecture was accompanied by pictures of the work of the greatest American artists. The theme thrust stressed the fact that American Art is now coming into its own among the Art of the world. Prof. S. B. Schofield, lent his valuable assistance, and helped make the evening a decided success.

Those among the audience who were lovers of true art received real inspiration and the few who were not aware resolving to cultivate a deeper appreciation of the artistic.

This is perhaps the first time that a club has presented a lecture to the student body, as heretofore the administration has sponsored such programs. It cannot but be apparent that a new individualism is permeating the life of the college. The Lion Tamers' Club is to be congratulated on its new undertaking which will further the broadening of the college life upon the hill.

He—Last night I dreamt I was married to the most beautiful girl in the world.  
She—Oh, George! Were we happy?

### The "Has" and the "Are"

I'd rather be a "Could Be."  
If I could not be an "Are."  
For a "Could Be" is a "May Be."  
With a chance of touching par.  
I'd rather be a "Has Been."  
Than a "Might Have Been" by far.  
For a "Might Have Been" has never been.  
But a "Has" was once an "Are."

Oh, Boy! you should see the selection of Greeting Cards Bonsack has just received. Birthday, Easter, Wedding anniversaries, Sympathy, Congratulations, Party announcements, Mother's Day, etc.

Don't forget mother on her birthday.

W. W. CLUB HOLDS BAZAAR

W. W. Fair Maidens Hold Unique Entertainment.

A very distinctive form of entertainment was given by the W. W. Club on Saturday afternoon. "The Bazaar" was its title, but in reality, it was a miniature circus.

The guests danced in the Reception Room until either of the two circuses guided, who were the Misses Sterling and Owings, could take them thru the different side shows.

Miss Wheeler played palmist and each visitor was eager to have her fortune told when she saw "The Seventh Daughter of the Seventh Daughter, Who Was Born On

## COLLEGE CHATTER

Monday morning, in Chapel, Dr. Ward delivered a short eulogy on Woodrow Wilson. After this the student body stood in reverent silence for a few moments in memory of the passing of the ex-President.

Before a highly appreciative audience Friday night at 7:30 P. M. in Smith Hall, the students of the departments of speech and music gave a recital of vocal music, piano numbers, and readings. Miss Wantz sang two pleasing numbers, and Mr. Richmond's reading was very touching. Mr. Newman excited the audience emotion in a mirth-provoking selection. The recital, on the whole, showed marked superiority over the last one, but there is still room for improvement.

The Hash-slingers' Club, of which Bronco Trader is Grand Potentate, will do the Epicurean stunt at their Annual Banquet on Valentine's Day, February 14th, in the College Tea Room.

Weltrauh: Prof, do you use a red or blue pencil when you are correcting examination papers?

Prof. Woodhead: I use black; its sadder.

### Telegrams.

Exams. over. Six men leave school.

"THEY ALL COME BACK."

Monday evening the D. A. M. Club gave a delightful birthday party to two of its members, the Misses Olive Mumford and Bessie Hayman. The club was recently organized among the freshman girls, and the party was its debut in the social life of the college. Those present were: Misses E. Jones, Hughlett, Ferguson, Spedden, Brown.

W. M. this year will begin Intercollegiate debating. Irving and Webster Societies have each made their selection with the result that Bish, Trader and Betton will represent the college. Edwards has been named alternate and business manager. Arrangements have been made to meet Elizabethtown College, at Elizabethtown, Pa. It is hoped also, that Davis and Elkins, and Washington College will be scheduled before the end of the year.

"The Banks of the Nile."

The next stop was before the stage of Punch and Judy. Poor Punch was very sorry to announce that Judy was ill and would not be able to assist him in his act. He proved to be very clever though and everyone enjoyed his wit. The other attraction in this room was a grab bag.

The last side show proved to be "Shakespeare as Is." Miss Beatson as Romeo and Miss Stone as Juliet gave a 20th century version of this great tragedy. To counteract this strained atmosphere, Miss Allnutt and Miss Winfield, dressed as negroes, took the guests back to "Ole Virginia." Last but not least came the refreshments. A great deal of the success of "The Bazaar" was due to the clever and original costumes worn by the members of the W. W. Club.

## TERRORS TURN BACK BLUE RIDGE

(Continued from page one.)

the last playing quintets. At the close of the half, the score stood 17-17. In the first few seconds of the last period, Blue Ridge fought her way to a 24-21 lead, amid the encouraging cries of her adherents and the wild pleas of the supporters of the Green and Gold. Here the Terror toasters showed their real ability, coming from behind and scoring fourteen points while their opponents were to sink only one free throw. Dunbar starred for Blue Ridge, scoring all but six of their points, while Stanley was the ace for Western Maryland, making more than half of the home team's counters. The line-up:

Williams, G.	F	Blue Ridge	Dunn
Weigle	F	G. Speicher	Dunbar
Stanley	C		
Flanagan	G		Hope
Williams, E.	G		D. Miller
Sub.—W. M. C., Cuneo for G. Williams.

Western Maryland College, Westminster, Md.

Feb. 19 '24

## Irving Wins Annual Debate

**Bish, Garrett and Trader Foremost Orators  
In Intersociety Contest.**

Irving Literary Society won by a unanimous decision of the judges over Webster Literary Society in the eighth annual debate between the two societies on Friday night in Smith Hall. The question was, "Resolved: That the U. S. government should recognize the Soviet government of Russia."

The main issues were:

1. Is the Soviet government of Russia stable?
  2. Is the Soviet government governing its intercourse with the other states in accordance with International Law?
  3. Would recognition of the Soviet government by the U. S. government be harmful to the U. S.?
- The affirmative side was upheld by C. E. Bish, C. W. Day, and G. McD. Garrett for Irving, while the negative was maintained for Webster by O. F. Betton, R. F. Ward, and C. L. Trader. Captain H. N. Gibson acted as chairman of the debate, and the Rev. Chalmers W. Walck, pastor of St. Paul's Reformed Church of Westminster; Prof. M. J. Shroyer of the Westminster Theological Seminary, and Prof. E. W. Flohr, President of Blue Ridge College acted as judges.

The affirmative thrust the debate stressed the fact that the Soviet government has been a stable government for 6 years and 3 months, and placed emphasis upon the point that recognition of Russia would be a remedy for her social and political differences with the U. S. The negative sought to prove that the internal affairs of Russia show her to be unstable and that her people are not in sympathy with Sovietism. Mr. Betton in his rebuttal dwelt upon the fact that the U. S. could not recognize Russia as long as she adhered to the principles of Karl Marx and not Christ, while Mr. Bish in his final argument piled up overwhelming evidence to prove that Russia is stable in its form of government; that non-recognition because of disapproval with the Soviet form of government is an unjustifiable interference with Russia's internal affairs, that the Soviet government in its international relations thus far with twenty-nine nations has violated not one of the international laws and that not only would recognition, not be harmful, but in many ways beneficial. He branded U. S.'s present policy as inconsistent in its entirety.

### Irving Establishes Precedent.

In thus winning the 1924 debate, and since Irving also won last year's debate, this society has established a record, by defeating her opponents two years in succession, a feat never before accomplished in the history of the college.

## College Clubs In Banquet

**W. W. Club Gives Dinner For Black and White Club. Dr. and Mrs. Wills Guests of Honor.**

On the evening of Lincoln's birthday, the W. W. Club entertained the Black and White Club in the college tea room. Dr. and Mrs. Wills, and Miss Faith Millard were the guests of honor. Forty members of the two clubs attended the affair which lasted two hours and thirty minutes. The tea room was tastefully decorated with red streamers and crimson hearts. Each table was a miniature work of art in itself with table lamps that would have been subjects for admiration at a king's table, while clever place cards and menus assisted in the general perfection of the room's appearance.

After the dinner, which was most attractively served, Miss Helen Stone, the president of the W. W. Club made a few remarks, commending the achievements of the Black and White Club and offering the co-operation and assistance of her organization in all that the newer body may undertake. Mr. Jesse P. Dawson, Jr., president of the Black and White Club, extended the club's thanks to the young women for all that they had done, and predicted great things for the two organizations in the future. Dr. Wills gave a stirring talk on college spirit and what youth and energy can accomplish working with it.

Cherry Ice Cream	Rochester Salad	Heart Cakes
Candy	Demi-Tasse	

## PREPS SCORE TWO VICTORIES

**Little Terrers Prove Ability In Clean  
Contests At Westminster.**

In Wednesday's preliminary game, the Junior Terrers gave their adversaries a distinct set-back by scoring a 12-8 drubbing. The game was interesting, but the superiority of the Preps was marked, and they had little difficulty in bringing home the bacon. Saturday, the Prep School eagles took the St. Johns Club into camp, again administering a 17-6 defeat. Lindeman and Oldfield led in the dashing attack of the Brutes. The line up of the St. Johns game:

W. M. P. S.	F	St. Johns
Custard	F	Cootes
McRobie	F	Tubman
Lindeman	C	Wills
Artigliani	G	Yingling
Carpenter	G	Walsh
Substitutions—Stallings and Oldfield for Custard and McRobie. Stem for Cootes.		
Scoring—Field goals, McRobie 2, Lindeman, Oldfield, Stallings, Yingling.		
Referee—Bender.		

## Prospects For Baseball Season

**Batteries Working Daily. Much New Material of Promise in the College.**

With the battery candidates showing their wares three times a week in the gymnasium, and outdoor practice on the program next month, W. M. C. intends to put a baseball team in the field which will be a credit to the institution.

Dorsey, right-hand hurler is again available for mound duty and is expected to be one of the mainstays of the team. Southpaw Williams will vary the monotony by serving 'em up from the port side, while Clark, veteran of last season, will be seen behind the plate. Matthews, crack first baseman; Galloway, who played an effective game at the keystone sack, and Garrett, as shorts, op, will work the infield.

Outfielders of last year, Kelbaugh and Taylor, are both expected to battle for their jobs. Byham of football fame, will go after a position on the pitching staff. Merrill, portside, also has his hat in the ring, while Benny Artigliani, former City College boy, is a candidate for backstop.

Sillin and Hall are newcomers who would like to wander in the outer gardens and incidentally spear a few hoists.

Windy Lindeman, Third Corps Area product, is seeking work at the hot corner, and looks like the most probable candidate for the third-base vacancy.

While the schedule has not as yet been announced a number of games have been scheduled. On the list are Frederick, of the Blue Ridge League; Mount St. Mary's, Quantico Marines, and St. John's, University of Maryland will be encountered at College Park, Georgetown at Washington, and Carnegie Tech at Westminster.

A captain will be elected shortly, and the tossers will test their prowess outdoors beginning the middle of March.

## TERRORS LOSE TO POST TEAM

**Naval Team Defeats Western Maryland 20-20  
In Fast Game at Baltimore.**

Thursday evening, at the Fourth Regiment Armory, Baltimore, the Western Maryland Green Terror Five went down in honorable defeat before the Muir Naval Post, a leading independent team of Baltimore. The game was hard fought with the issue in doubt up to the caging of the final basket. The W. M. C. hoopers seem to be running in a streak of tough luck, losing many close contests by small margins. The Muir Post game was just another example of this.

The line up:		
Western Maryland	F	Muir Post
Wieg	F	Miller
G. Williams	F	Dalley
Stanley	C	Stickman
Planagan	G	Lipnich
E. Williams	G	Levinson

### COLLEGE DANCES

In a recent copy of the Yale Daily News there appeared this extract in a column headed "Thirty Years Ago At Yale."

"The decorations for the Promenade are now completed. The interior of the 2nd Regt. Armory has been entirely transformed by an immense canopy of soft, white material, worked into square panels by delicate lines and flounces of shrimp pink," etc.

Yale University of 30 years ago should not have enjoyed social life more pleasant than the student body at Western Maryland enjoys now in 1924. Yet there are the facts. The Yale Promenade is one of the most delightful occasions of the whole social year at the University.

Western Maryland, for years past has been subject to many strict rules regarding social intercourse. A certain degree of regulation is always necessary in a "Co-ed" college.

At the present time all the colleges of the State have frequent dances, where the intermingling of the sexes has resulted in a higher type of college life. Administrators who were somewhat in doubt as to whether any good would arise from such innovations, have since expressed their keen approbation of the splendid success that has accompanied frequent dances where college men and women meet under proper chaperonage. Hence, they can be no doubt in the thought of the broadminded as to the worth, that such social affairs, held within the confines of the college, can bring forth. Besides being one of the most prominent forms of recreation, dances are beneficial to the mental, moral, and physical life of the college.

## MOUNTAINEERS TRIUMPH OVER W. M. C. St. Mary's Quint Defeats Shroyer's Crippled Cagers by Score of 29-8.

Western Maryland's basketballers, fighting hard against overwhelming odds, met the clever Mt. St. Mary's aggregation Saturday night in Westminster, losing by the score of 29-8. Stanley, whose father is desperately ill, was unable to play, thus crippling the offensive strength of the team. By close guarding and fierce fighting, the score was held to 11-6 during the first half, but in the last period the Mounts opened up an aggressive offense and netted many pretty goals, running up a 29-8 tally. Despite the score, the game was unusually fast and interesting, chiefly due to the scrap injected into the fray by the W. M. tossers.

The line up:

Western Maryland		Mt. St. Mary's
Weigle	F	Johnson
Byham	F	Ruiz
G. Williams	C	Grogan
Planagan	C	Hart
E. Williams	G	Abhey

### NEW CLUB FORMED AT W. M. C.

Soph. Girls Reveal Existence of the J. U. G.

At a Valentine party given by Misses Lawyer and Pritchard, the J. U. G. Club was discovered for the first time by an upper classman. After due consideration it was decided that rather than swear this "discoverer" to secrecy, it was better to introduce the college to the J. U. G. Club whose members are the Misses Todd, Richardson, McWilliams, Beachley, Fisher, Benson, Stubbs, Robinson, Turner, Pittman, Lawyer and Pritchard. For three months this step had been contemplated but owing to the lack of initiative of several of its members, who insisted upon keeping the existence of the club a secret, it had been delayed until this upper classman forced matters to a conclusion. The Black and White welcomes another club in the social life of the college, and hopes that it will devote its energies to the uplifting of W. M. C.

### MEDICINE MADE FROM CHILDREN'S BODIES

Dr. Harrison Protests Cause of Arabia and Miss Rockwell That of India.

Last Tuesday morning in the Seminary Chapel, Dr. Paul Harrison of Arabia, spoke to a mixed group of college and seminary students. He is a pioneer in the medical work in that country, and spoke from the standpoint of one who has been seeing in the land of the Arabs, laying down the principle that the hardest thing that a missionary has to do is to get acquainted with the people. He stated that, to be successful, one must cast aside intellectual and social differences. He spoke of the superatition of the people, telling how the boys and girls died in mortal terror from the presence of the Christian doctor, who, according to them, made medicine of little boys and girls.

Tuesday evening under the direction of the Y. W. C. A. and Y. M. C. A., Miss Rockwell of Isabella Thorburn College, Lucknow, India, addressed the student body. She spoke of the pressing need for teachers in India to save the people from agnosticism. Her display of hand-made fabrics and silks was very beautiful.

Miss Rockwell received her inspiration for Missions at a Student Volunteer Convention held at W. M. C. 12 years ago, when she was a guest of Dr. and Mrs. William R. McDaniel.

## OPEN FORUM

To the Editor of the Black and White:

Unless I am very much mistaken, the sum of \$1.00 is added to the total annual fee of each girl who enters W. M. C., said \$1.00 being for the privilege of using the gas ranges in the two diet kitchens of the college. The amount of gas consumed thruout the year in these two kitchens, by about one-half of the girls that really use it, could not possibly cost \$200.00, i. e., providing there are 200 girl students who have entered this year. Furthermore we girls have noticed that from time to time we have not been allowed to make use of this paid-for privilege because the kitchens have been closed to us for as long as two weeks, for reasons we cannot understand. We not only feel that this fee is too much, but we also feel that we should be allowed to use the diet kitchens when it is our right and privilege to do so.

We ask that the faculty kindly consider this matter and remedy it as soon as possible.—W. T. S.

(The Black and White wishes to state that only letters of merit will be printed in this column, and that no letters must be signed as evidence of good faith.)

### HASHSLINGERS HOLD BANQUET

Tea Room Scene Of Much Jest and Merriment.

When St. Valentine tuned in on the College Tea Room broadcasting station Thursday night, the 14th, he heard Mr. Lynn F. Gruber, as toastmaster announcing the first speaker of the evening. Or perhaps at that time the victrola was vying with the soup for pre-eminence. However, in justice to the food disseminators, it is only fair to say that their table manners were little short of flawless. This was more or less necessary as there were ladies in the assembly. At all times Mr. Gruber was complete master of affairs. He introduced each speaker with some fitting remark, usually a polite jest which never failed to reward its donor with a similar rejoinder. The affair was a thoroughly enjoyable one and a great success.

The Hashslingers Club, of which Broncho Trader is Grand Commander, and Paul R. Kelbaugh, Vice-Grand Commander, thus makes its debut in the social life of the college and becomes one of the prominent organizations on the hill.

### INTERCLASS BASKETBALL BEGINS

Girls Will Play Series of Lively Games.

The series of inter-class games was started last Tuesday by the Freshman Prep game which resulted in the defeat of the latter, the score being 31 to 12. The Preps deserve much credit for their brave showing and worthy playing. Engle and Stephenson starred for the Preps while Wilson and Lauder gave the Freshman their usual support. Line up:

Wilson	Preps
Wilson	Bishop
Rayme	R. F.
Brown	Engl.
Rosenstock	C.
Lauder	St-phenon
Smith	Lohrnick
	Bevard
	Wills

Substitutes, Preps—Sites for Lohrnick, Davis for Bevard, Bevard for Davis. Freshman—Hughlette for Lauder, Richmond for Smith.

Dr. James unable to overcome gravity; doctors report no ribs broken.

Radiator gets head-lock on Clark. Wins decision by 13 stitches.

Hash distributors feted by faculty. Next one in 1939.

56 men attend Friday meeting of Literary societies for first time in school year.

William E. (Pussyfoot) Johnson will speak in Alumni Hall, February 23, at 8:00 P. M. on the question of Prohibition. Mr. Johnson has just returned from a tour of Europe and Africa.

A delightful, "on-the-installment-plan," Valentine party was given by the Misses Leander and Seniorsville on Friday night and Saturday afternoon. The room was tastefully and appropriately decorated in "Hearts." A most delicious repast was served to Misses Whaley, Leizer, Kingsley, Dryden, G. Bean, Crossman, Finkbine, Chambers, Massey, McWilliams, Dettbach, Harriman, Lauder, Richmond, Betty and Dorothy McAlpin, Davis, and Waddell.

The bell has rung, to announce the end of Parlor, at 6:45 P. M. for the past few weeks. Parlorites want to know the reason why.

Everybody at W. M. C. make this week "Everybody Speaks Week." All preps and undergrads be nice to everybody else. Southerners will say "Hay" and "How you all." Northerners will say "Hello" and "Howdy." Everybody catch the spirit and greet everybody else.

One of the most interesting of the many events that celebrated St. Valentine Day was the Home Economic Department banquet. A delicious menu was prepared and served by the Soph. Cookery class in the sewing laboratory, which was artistically decorated in red and white with many hearts. The credit for the decoration goes to the Freshman, Junior, and Senior students in the department.

Dr. and Mrs. Ward were guests of honor, and Miss Elizabeth Ward was toastmistress. Many interesting speeches, explaining the work of the department, were made by the Misses Richmond, Devilbiss, Hagblitt, Owens, Richards, Coonan, Chambers, and Duley. Miss Troy, head instructor in the department, and Dr. Ward spoke in appreciation of the efforts put forth, and expressed a desire that greater things would be accomplished in the future.

#### Y. M. H. A. DOWNS TERRORS

#### Emerge Victorious in 38-24 Fracas With W. M. C.

The Y. M. H. A., one of Baltimore's fastest club teams, secured revenge for the defeat of last year, when they downed the Terror cagers 38-24, Wednesday night. The Baltimoreans rushed into an early lead piling up ten points before the home basketballers netted a single shot. After that it was a nip and tuck battle, with the W. M. quintette never overcoming the early lead. The second half was a pretty exhibition of fast basketball, with Stanley scoring often for the Green and Gold. The absence of Flaagan was keenly felt. However, the team made an excellent showing against the champions of Baltimore. The line up:

Western Maryland	Y. M. H. A.
Weigle	F Cohen
Byham	F Goodstein
Stanley	C Werner
E. Williams	G Abrams
G. Williams	G Hoffman

#### ON THE OUTSIDE LOOKING IN

To the undergraduate readers of Black and White:

You young men and women of Western Maryland who are about to start out upon your missions in life and leave behind memories which are dear to you, will soon come into the full realization of what it is to be "On the outside looking in." You will feel the desire for some concrete form of knowledge which will keep you in touch with the activities of the college you love.

The new college week is satisfying a need and has meant much to me and many other former students and alumni. Too much credit cannot be given to the founders of this most essential college function and the full support of the students, as well as that of all old Western Marylanders, should be willingly given.

I take this opportunity of citing my own feelings about the paper, trusting that it will come before the subscribers to the Black and White, and hope that it may help to send more deeply in the minds of those upon whom the responsibility rests, the absolute necessity for this publication; and to let you all know the gap which it has filled and is filling for me.—P. A. A.

#### BLACK AND WHITE MAILING LIST STEADILY INCREASES

The Black and White is now mailed to the four points of the U. S. It travels as far south as Arizona and as far west as Oregon. Black and White is already a big factor in the life of the College and the Alumni, and as such, will carry the fame of the college to many throughout the country.

The Staff requests that the few students and faculty members who have not settled for their subscription do so by March 1st, so that the business managers may be relieved of this work.

Friday and Saturday nights, February 21 and 22, the Senior class of Westminster High School will present "Miss Somebody Else" at the Opera House.

The Misses Lohrfinck and Bevard of the prep school proved their loyalty to their basketball team by entertaining them on Tuesday evening, following the game. After refreshments, the girl spent the evening composing clever verses to one another.

## LION TAMERS' CLUB ADDRESSED BY REV. C. W. WALCK

Lecture Stressed The Business of Being a Man.

On Thursday night the 14th, the members of the Lion Tamers' Club were eager listeners to a most interesting lecture by Rev. Chalmers W. Walck of St. Paul's church of Westminster.

The theme of his entire talk may be summed up in his title, "The Business of Being a Man." But the connotation went even further than this, as an extract from his lecture will show.

"And not in the far-distant future, a business man will pick up his phone in this country and talk to his associate in Europe; and, at the end of his conversation he will say, 'I will drop over this afternoon after work.'"

It was with such presentation of the marvels of the age to come that Rev. Walck cautioned the Lion Tamers to be ready to meet the problems of that day.

There has never been a lecture on the Hill that was listened to with any more enjoyment and profit. The club is to be congratulated on being able to obtain such a renowned speaker as Rev. Walck to address the organization.

# BLACK AND WHITE

A WEEKLY NEWSPAPER WITH A PURPOSE

Vol. 1, No. 6

Western Maryland College, Westminster, Md.

Feb. 26 '24

## B. & W. Launches New Venture

Flying Squadron to Represent W. M. C. in All Local High Schools.

A six man team, selected from the Black and White Club, is authorized to represent Western Maryland in the High Schools of the county and vicinity. Many other colleges have such teams, but hitherto Western Maryland has never done anything along this line. The idea had its origin in the Black and White Club, and received the sanction of Dr. Wills, who commended it as an excellent plan. The High Schools at Skyville, Taneytown, Hampstead, Mount Airy, Union Bridge, and Reisterstown will be among those visited. Arrangements have already been closed with four of the above schools. The team contemplates visiting the schools during their weekly assemblies, spending about forty-five minutes in presenting the advantages which Western Maryland possesses along social, athletic and scholastic lines. The team of Edwards, Trader, Garrett, Bish, Clayton, and Makosky has been selected to do this work. It is hoped that this venture will be continued in future years, that it will convince many white while students of the advantages of attending Western Maryland, and that it may spread knowledge and renown of the college throughout the surrounding communities.

## COASTING ON THE HILL

Whatever may be the drawbacks of the heavy snowfall the sport derived from sledding and the skating which the Athletic Field offers, more than recompenses those inclined toward winter sports around the college for the inconvenience of icy walks and snowy roads. For many a day on the coasting has held sway with both students and faculty, while the skating has been excellent, especially considering the fact that the elements for creating a smooth surface were brought together in a purely accidental fashion. Arrangements were made to flood the Athletic Field earlier in the year, but due to the uncertainty of the weather conditions, the plans were not carried to completion. It was again considered during this last week but owing to the fact that the pipes had been drained for the winter, operations were again deferred. The skating and the sledding offered by the natural conformity of the big bowl attracted many patrons of the winter sport and also many onlookers, who derived a great deal of pleasure from watching the more daring of the sledders plunge down the hill, strike the sharp declivity near the base, and shoot out over the ice to land on the field below. The big bobbed made several trips over the jump, at one time landing a load of Prep girls in undignified postures on the ice. The college took a great deal of interest in the sport, and it is to be hoped that future snows will bring forth similar sport.

## Costume Party A Success

Gymnasium Scene of Colonial Dances and George Washington Display.

Friday night in Yingling Gymnasium, the whole school gathered for the celebration of George Washington's birthday. The program consisted of patriotic songs, followed by an interlude given by the Lion-Tamers' Club for the purpose of determining the value of war. This little character study involved impersonations of many famous men from Washington to Lowell and from Napoleon to Hugo. The summation of opinion seemed to be that war, as a non-constructive element of civilization, was of no value and should be abolished. Then came the dancing, which proved to be a very charmingly costumed and gracefully executed series of manoeuvres. The young ladies, tastefully gowned in the styles of bygone years, showed unexpected aptitude in the handling of their old fashioned garments, while the gentlemen displayed all the courtliness and finished grace which is rightfully associated with the colonial times. The colorful scene was made more attractive by the old time gowns worn by a large percentage of the girls, who seemed to enter into the spirit of the occasion and vie with one another for the most perfect replica of their grandmothers in the days of Washington. After the stately minuet, the Virginia reel and the Colonial dancing game, refreshments were served.

## WASHINGTON TROUNCES W. M. C.

Chestertown Boys Play Fast Basketball. Winning by a 44-23 Score.

The championship cagers from the Eastern Shore, playing a brand of basketball which seems destined to carry them to another State title, bowled over the Western Maryland basketballers Thursday night by a score of 44-23. The game was fast and furious from the first whistle, with Western Maryland taking the lead when Grant Williams dropped in two pretty baskets. The pace did not slacken throughout the game, while the spectators were constantly electrified by some pretty shot or sparkling bit of pass play. The Terror tossers were handicapped by the absence of Stanley, the sterling center, but put up a stiff resistance, notwithstanding. The line up:

W. M. C.	Washington
Weigle	F Carroll
Hines	F Dumschott
G. Williams	C McGran
Flannagan	G Carrington
E. Williams	G Flore
Byham for Hines.	Hines for E. Williams.

Don't be a button. It only works when pushed.

## "Pussyfoot" Johnson To Speak

Well-known Prohibitionist Will Appear at Western Maryland February 28.

One of the best-known of all the political speakers among modern American orators, "Pussyfoot" Johnson, the famous prohibitionist who has for a long time occupied a prominent place in the newspapers and the public eye, speaks in ~~and on~~ <sup>at</sup> Thursday evening, February 28. Mr. Johnson has stirred up a great deal of adverse criticism and has created many enemies, as any man of his forceful character and staid opinions is sure to do. For many years he has supported the prohibition movements, being one of the undoubted leaders from the very origin of the Bryan principle. His unchanging opinions have often provoked embarrassing situations for him, as in the case of the London episode in which Mr. Johnson lost the use of one eye. He had been speaking to a crowd of non-prohibitionists in London, when he was attacked by a group of students who stoned him, one of the missiles striking him in the eyes, incapacitating that member. In Scotland Mr. Johnson advanced the same views he had supported elsewhere with the result that he was again attacked by several of his hearers armed with beer cans. Mr. Johnson has traveled through Europe and Africa in the last few years, lecturing everywhere on the subject on which he is an authority. In every place in which he lectures, Mr. Johnson meets decided opposition, but his bitterest enemies are forced to admire him for his unchanged convictions, his bull dog persistence, and the tenacity with which he holds to his excellent ideals. In his speech on next Thursday Mr. Johnson will be in a friendly and sympathetic atmosphere. The college looks forward for a pleasurable and profitable evening when the great prohibitionist speaks.

## FRESHMEN VICTORIOUS

Last Tuesday the Freshmen defeated the Seniors in a hard-fought game, the final score being 34-24. At the end of the first half the Seniors were leading by a score of 18-6, but in the last period the Freshmen netted many pretty goals. The game was fast and exciting, and much class spirit was displayed in the gallery. The Freshmen girls attributed their victory to the support given by the other members of the class. Line-up:

Freshmen	Seniors
Wilson	R. F. Nutter
Rayne	L. F. Roberts
Brown	C. Warren
Rosenstock	S. C. Hollins
Louder	R. G. Barnes
Smith	L. G. Price
Substitutes:	Freshmen, Richmond for Smith.

### WHAT ABOUT LITERARY SOCIETIES?

That the Literary Societies are at the present time fulfilling their purpose, that they are occupying the place that they should in the minds of the student body is, without doubt, problematic. The question arises, do the students want Literary Societies? Are the societies in their present form beneficial? If so, why the lack of interest?

It is quite easy for one who has spent six years on the hill to perceive the gradual "wasting away" of societies. Several years ago every Friday afternoon found the entire student body in the society halls. Today numbers of new students have never entered their doors.

The reason is believed to be this: The entire thought of the student body is in process of evolution. The ideas of the class of '24 differ materially from those of the class of '04.

A feeling of electiveness seems to have permeated the minds of all. Let the Literary type have their literary societies. Let those of other inclinations or ability have their particular society or club. To contend that just one type of society can be made tasteful to the entire student body is foolish and illogical.

The time has come when students with a common interest or a common incentive are forming their own particular group, and there is no use attempting to close our eyes to these existing conditions. As these clearly seem to be the facts, let us recognize them as such and help each other live and grow.

### A LITTLE SLACK IN THE ROPE

Last week was "Everybody Speak Week." A certain amount of improvement in speaking to men, was noticed but the consensus of opinion is that if there were some definite phrase of greeting better results could be obtained. Most colleges have their own traditional phrase of welcome. Nothing but "Hi Gentlemen" is heard at Washington and Lee; University of Oklahoma has "Howdy;" Penn State has, "How ar' yu Gentlemen," and Boston Tech, "Hello Men." The plain "Gentlemen" seems not to be in use in any college in our immediate vicinity, and so after much consideration this greeting has been proposed. It is recalled that Freshman Rule No. 26, states that "Freshman will speak to all students and members of faculty, speaking without waiting to be addressed by his superior."

In the collective use of their voices we have nothing but praise for the Freshman, but individually, when met upon the street or on the campus not only yearlings but many upper classmen seem to become tongue-tied or voiceless. It is not as plain what you say as the spirit in which you say it. However now that we do have some definite greeting let no man pass without your singing out "Gentlemen."

### OLYMPIC CANDIDATES IN ACTION Georgetown Scores 39 Points in the Annual Hopkins Indoor Games at the Fifth Regiment Armory, Baltimore.

Baltimore, Saturday, February, 23.—Displaying their wares before a record-breaking crowd gathered in the fifth Regiment Armory Saturday night, first-footed college stars from all over the country gave an exhibition of running, the equal of which has never been witnessed in these parts. Georgetown walked away from all opponents in point scoring. The next highest being Johns Hopkins Saturday night, Louis Clark and Verne Booth, stars on Hopkins track team and likely candidates for the United States Olympic team, won their events in handy style. Clark, who is one of the foremost candidates for the honor of representing this country in the International athletic classic, astonished the onlookers by smashing the world's indoor record for the 100 yard dash by one-fifth of a second. Clark beat a big field of crack sprinters to the top in the phenomenal time of 9-4/5 seconds.

### SHARPSHOOTERS SHOW IMPROVEMENT Beat Boston Tech, and Lose to V. M. I. by Close Score.

Saturday the Varsity rifle team shot a close match with Virginia Military Institute, one of the strongest military colleges in the country. The Southerners just managed to defeat Western Maryland's sharpshooters by the close score of 467-463. Last year V. M. I. easily vanquished our riflemen but the score indicates the closeness of this year's match. The men who shot and their scores were as follows: Darby, Capt., 90; Sillin, 90; Ashburne, 93; Stone, J., 94; Baker, 95. Other men who shot were Trice, Taylor, Shockley, Hays, and Price.

Last week the riflemen defeated Boston Tech. by a score of 444-416. The five men whose scores made up the team's aggregate and their individual records were as follows: Raynolds, R., 92; Darby, 89; Willard, 89; Price, D. E., 88; Trice, 86.

## OPEN FORUM

To the Editor of the Black and White:

It seems a shame to me that a school of the size and reputation of Western Maryland should be so careless of the condition of walks as to leave the paths snowy for more than a day and icy for a week, after a snow. Many girls slipped on the spot by the stone bench, and finally, after one of our number had sustained a broken wrist, the authorities were so moved that they immediately sprinkled the spot with ashes. It appears to me that the ounce of prevention should have been used instead of the ash can of cure. Why isn't something done about things like this? At another particularly slippery place in front of the Prep school, several girls fell Thursday night after the basketball game, amid the laughter of the Prep boys, who had gathered there for the express purpose of seeing someone fall. Fine gentlemen they are! Monday Miss Robinson fell. I should think that would bring results, but no! I imagine they are waiting for somebody to be killed. I am sure this can be remedied, with very little trouble. It's the little things which no one thinks of that really make a college a fit place in which to live. Forethought and consideration obviate many difficulties. Why not use a little?—F. D. W.

To the Editor of the Black and White:

There has been a condition prevailing in our college for some time which I think could easily be remedied. I refer to the condition of the boys' showers. There is no need to explain this condition to the proper authorities as they already know of it. But what I wish to do is to remind them of the fast approaching baseball and tennis seasons and the need for better bathing facilities. Western Maryland is growing athletically as well as scholastically, and we should improve as they facilities grow with our needs. The condition at present is nothing less than deplorable. I defy any man to find three fellows taking a shower at the same time and getting perfect satisfaction. I have been advised that with a little change in the plumbing which would not require over three-quarters of a day's work at the most, this condition could be improved upon. I do not mean to knock but to boost, and I hope that the proper authorities will recognize this need and take immediate steps to remedy it.—I. N. B.

This week the B. & W. Staff has received quite a number of letters setting forth various grievances of the student body. The purpose of this "Open Forum" is to place before the college world while objections, a knowledge of what will bring about their correction and thus be beneficial to the college. Miscellaneous brick bats will be given no consideration, as anybody can be a knocker. It takes a thinker to be a booster.

### PREPS TIE SCRIB TOSSERS

Preliminary Game Results in 11-11 Tally. Thursday night in a preliminary game to the Washington College-W. M. I. fracas, the Brute Hall Tossers managed to come from the rear with sufficient punch to secure a tie with a miscellaneous aggregation of basketeers gathered from the Hill. The required time for playing off the tie was not forthcoming, so the result is still in doubt. The game was hotly contested, and the fast playing and close score kept the audience on edge.

### COLLEGE CHATTER

Mr. J. H. K. Shannahan, '02, an official of the Bethlehem Steel Company which is located at the Sparrows Point plant, will lecture at Western Maryland College on March fourth on the steel industry. Mr. Shannahan has sent word that the subject of his lecture will be "The Romance of Steel," and those who know him and his association with the steel industry predict that the time will be well spent for those who hear it. The lecture will include lantern slides taken at the Sparrows Point plant. This lecture is open to the public.

Last Friday evening in the Fourth Regiment Armory, Baltimore, the Mt. St. Mary's basketball team defeated Washington College, 46-30. Yoyo Ruiz was the bright star of the game caging nine field goals and two foul shots out of two attempts, for a perfect record. The defeat of the Flying Pentagon was entirely unexpected and the size of the score certainly rules Mt. St. Mary's the favorite for their next tilt on a neutral floor.

There ain't no use tellin' no body 'round this place your troubles. Just now I was tellin' one of the profs about my narrow escape and I said to him: "You come mighty near losing a valuable member of this here student body a little while ago."  
"My word," sez he, "Who?"  
"Me," responds I.  
"Shucks" sez he, "for a moment you had me anxious."

Mr. Donald S. Gates, Instructor of Business Administration at Goucher College, is organizing a party to travel throughout Europe this summer. All points of interest in England, France, Holland, Switzerland, Italy and Belgium will be visited. The tour is arranged to extend over a period of seven-to-eight days. The entire cost is \$1,095.

Mr. Gates is also personally conducting a coast-to-coast tourist party in the U. S. visiting every noteworthy point of interest. This trip is designed to last 55 days, the cost being \$890.

For detailed information write Business Manager of Black and White or Mr. Donald S. Gates, Tudor Hall Apts., University Parkway and 40th St., Baltimore, Md.

Marion Curling, the girls' cheer leader for the Freshmen Class, true to her promise and her Class' team, entertained them in Smith Hall, Wednesday afternoon. Place cards in the shape of basketballs tied with green and gold ribbons were appropriately used. The team heartily enjoyed the party, as well as Miss Curling's clever speech. The girls extend their thanks to the Freshmen and its friends of other classes who stood behind them so faithfully at the game Tuesday.

### PREPS LOSE TO JUNIORS

In the Junior-Prep basketball game last Monday, the Preps after a hard fight again were defeated by a score of 24-8. The Juniors led throughout the entire game, with Allnut starring for the winners. Engle and Willis fought hard for the Preps. The line up:

Juniors	Preps
Allnut	R. F. Bishop
Smith	L. F. Engle
Farlowe	J. C. Stevenson
Stone	S. C. Lohrlink
Beaver	R. C. Bevard
McAlpine	L. C. Willis

### F. & M. SWEETS MATS

#### Score 21-0 Victory Over Western Maryland Grapplers, Winning Every Bout By Decision.

The strong wrestling team of Franklin and Marshall College pinned the shoulders of Western Maryland's mat team to the canvas Saturday night in the Westminster Armory. This match marks the first time a full evening's entertainment has been provided by grapplers in this city. The match was close despite the score, as four of the seven matches went an extra six minutes. It was in these extra periods that the F. & M. matmen showed their real ability, shaking off the holds of their opponents and retaining the advantage that they themselves received, in every case winning the decision by time. The six additional minutes after the main bouts generally produced the most action. Neither side seemed to be able to hold an advantage in the regular nine minute periods, and the wrestling in this time was relatively uninteresting. Thrills were produced in the latter moments however.

### MARYLAND FOOTBALL IN 1924

#### Sports in Maryland to Be The Best in Middle Atlantic States.

The football schedules of the colleges in the State of Maryland apparently place Maryland at the head of all the Middle Atlantic States in the major college sports. Schedules show the Maryland teams to be playing twelve of the best teams in the United States, which is a fact within itself that cannot be excelled by any of the other Middle Atlantic States.

College elevens which represent the best in gridiron circles, are now looking to Maryland for some of their major battles, knowing that they are to battle the best in the Middle Atlantic States. The big game of the United States Naval Academy, University of Maryland and Western Maryland are as follows: Navy—Marquette, Princeton, Penn State, University of Vermont, Bucknell, Army, University of Maryland—Yale, Washington and Lee, V. P. I., University of North Carolina, and Catholic University. Western Maryland—Carnegie Tech., Bucknell, Fordham, and Catholic University. Bucknell plays both Navy and Western Maryland, while Catholic University plays both U. of M. and Western Maryland.

These three Maryland schools had unusually strong Freshman teams all of which won a big majority of their games and the coaches of the three institutions are figuring on last year's Freshman team to be an asset to the 1924 Varsity Squads.

### OPPORTUNITY TO RECEIVE COMMISSION

An opportunity to become a second Lieutenant in the regular army is offered every male citizen in the United States between the age of twenty-one and thirty, provided he possesses the necessary educational qualifications and is of good character and physique. This announcement was made public today by Captain G. A. Monagon, in which he specifically states that the opportunity would be extended to any one filing application whether or not they were connected with the College. Applicants should communicate without delay with either Captain Monagon, Western Maryland College, Westminster, Maryland, or Adjutant, Third Corps Area, Standard Oil Building, Baltimore, Maryland.

### HOLLOW HEADED HITS

Dr. James absent Wednesday. Reports  
Thursday with taped ribs.

The cutest patch was noticed on the back  
of Byham's Jersey.

Joe Reynolds makes basket from middle  
of the floor. Selah.

The skating around the college is fine. A  
little rough on habiliments, however.

Thursday night, Prof. Woodhead slides on  
his Athletic Field.

Students do not mix enough with the  
faculty, for their own good. We noticed  
Misses Robinson and Hurley breaking the  
ice Monday.

2,600 years ago Shroyer said: "The  
Varsity pins, Freshman numerals, and the  
1923 baseball letters will be here next  
week." (With apologies to Aesop.)

A wise man never blows his knows.  
Seldon heard around W. M. C.: "We have  
ice cream and cake today."

Editor-in-chief, three assistant editors,  
and several co-ed representatives on a  
week-end—thank goodness for the strike-  
less.

Freshman autocrat commenting upon the  
snow: "I would that I were back in High  
School that I might engage in athletics."

The match that we heard a most favorable  
report from on last Monday was held be-  
tween Kinsey and High, T. N. T., a reporter  
from the War Department, gave their match  
a good send off.

We like to see the young folks have a  
good time.

## W. F. McDowell Delivers Sermon

Famous M. E. Preacher Speaks in Alumni Hall.

Bishop William F. McDowell, introduced by Dr. Ward as a "man of all churches," and as the "leader in the union of the Methodist churches," preached before an appreciative audience of college men and women, faculty and towns-people. The service was held at four o'clock in Alumni Hall, and everybody was invited. A very impressive service was arranged, beautiful hymns, sweetly sung anthems, all leading up to the simple, yet eloquently appealing sermon of the bishop.

His topic was the "Temptation of Jesus." Until not so long ago, he had never understood the story of the devil's temptation of Jesus, he said, but recently a light had come to him. He now saw that temptation of this order were inevitable to a man in the position of Jesus, and with this idea came the realization that much of the story was symbolic. In the temptation of changing the stones to bread, he pointed out that this was a test between the physical and the spiritual. He asked: "How will you use your powers, —for your own personal advantage, or for your task?" In the temptation of the temple, he called to notice that the way to get a hearing for a message was to have a message worth hearing, and that a thing should be done not because of its results but because it is right. In regard to the temptation of the mountain, the Bishop said that it was better to win by death than by dishonesty; at a spotless character and an untainted nor were preferable to an easy victory lined through a dishonorable lowering of Christian standards. He said that all temptations had something in their favor, ended with the question: "How will you win your world—by bowing down to the evil, or by maintaining the uncompromising attitude of Christ?"

## ENTER OFFICIALS TAKE PRELIMINARY TRIP

Isit Eastern Shore to Make Final Arrangements for Vacation Performances.

Prof. S. B. Schofield, graduate business manager, Manager Ogburn and President Turner left Thursday at noon to visit the area in which the Jesters will show during spring vacation, for the purpose of setting final details concerning the trip. The topping of a program and the proper advertising of the Jesters has been very cleverly handled. This year the college glee club will appear at Laurel, Delaware. This is the first time that the organization has ever staged a performance in Delaware, and unusual response is expected. The Jesters

(Continued on page four)

## "Pussyfoot" Disappoints Many

Noted Prohibitionist Fails to Appeal to Those Expecting Sensational Speech.

Thursday night in Alumni Hall, William E. Johnson, better known to his admirers and his enemies as "Pussyfoot," spoke to an enthusiastic audience composed of town people, college students, and faculty. The meeting was held under the auspices of the World Prohibition Association, and was one of a series of similar gatherings which make up Mr. Johnson's campaign through Maryland. The meeting was opened with a prayer by Rev. Edwards of the M. E. church, which began shortly after eight o'clock. Then followed a brief introduction of Mr. Johnson, who gave a short summary of the prohibition movement, its progress and its need for further funds for the proper promulgation of the work. Mr. Johnson then introduced his co-partner, a Congressman from Tennessee, who made a brief but interesting speech, had cards passed through the audience and proceeded with a money-raising petition. He amused the audience with a great many funny tales while the cards were being distributed, signed and collected. His mission fulfilled, he resigned the platform to Mr. Johnson, who then delivered the address of the evening.

### Johnson Stresses Prohibition Principle

Johnson's subject was "The Cross and the Crescent," a talk on the spreading of the prohibition principle through foreign lands. His theme seemed to be the power and the responsibility of religion, either that of the cross or that of the crescent, in the extermination of the liquor traffic. His speech was profusely illustrated by sparkling extractions from his undoubtedly complete store of experiences in the foreign world. Several humorous stories and occasional flashes of wit were also injected into the speech, but those who thronged to Alumni Hall, expecting to be regaled by flights of humor were greatly disappointed. Those, too, who expected "Pussyfoot" to rise to supreme heights of flowery oratory, also failed to receive satisfaction. The speech resolved itself into what few expected, namely, a rather ordinary presentation of the prohibition movement in foreign fields. The lecture would not have been that disappointing to many if it had not been that "Pussyfoot," Johnson, looked upon as an extremely unusual and capable speaker, delivered it. His hearers looked for flowers; they received facts.

### CARD OF THANKS

I wish to tender my sincere appreciation for the beautiful expressions of sympathy which were sent me during the illness and death of my father.

MARK O. STANLEY.

## Y. M. H. A. Noses Out Terrors

Gain Two Point Advantage After Extra Period.

Saturday, March 2—The Y. M. H. A. team, one of the strongest professional teams in Baltimore matched their brains and brawn with the fighting Terrors and only after an extra five minute session had been played were they able to get a two point advantage. The game was a whistle to whistle battle, ending with the score standing 24 to 22 in favor of the Hebrews. G. Williams was the star of the game, substituting at centre for Stanley, who, due to a long trip from West Va., where he has been attending the funeral of his father, was not able to participate. Williams played the best game of the season showing that he has the stuff in him if given a chance to produce. Cohen was the outstanding ace for the "Y" aggregation, dropping in eight field goals and two fouls. The official game ended with the score tied 22 to 22. In the extra five minutes of play which was ordered to decide the victors, the horseshoe well on Cohens neck and he dropped a perfect shot from the middle of the floor. This was the last game of the season and although the game was lost the team finished in a flash of glory.

Line-up:

W. M. C.	Y. M. H. A.
Weigle	F Cohen
Byham	F Goodstein
G. Williams	C Werner
E. Williams	G Abrams
Flanagan	G Hoffman

Field goals: Weigle 2, Byham 2, G. Williams 4, Flanagan 1, Y. M. H. A.—Cohen 8, Goodstein 1, Abrams 2.

Fouls: Byham 1, G. Williams 2, Flanagan 1, Y. M. H. A.—Cohen 2, Timer, Bockman, Referee, Spear.

### JUNIORS DOWN SOPHS 19-3.

Win Over 2nd-Year Girls in Hard-Fought Battle.

After a hard-fought battle on Monday afternoon, the Junior team was victorious over the Soph tossers. Pittman made the first score for the underclassmen. From then until the end of the third quarter, the score seasawed. In the last quarter, however, Stone made several pretty shots bringing the final score 19-9 in favor of the Junior sextette. Line-up:

Juniors	Sophs
Allnutt	F Pittman
Smith	F Lenderking
Farlowe	J. C. Lawyer
Stone	S. C. Turner
McAlpine	G Robinson
Beaver	G Leizear

Substitutions: Juniors—Beatson for Stone, Stone for Allnutt. Sophs—Blocker for Pittman, Kingsley for Turner.

### MORE PRIVILEGES

The editor is in receipt of the letter printed below which sets forth the views of the whole student body on the failure of the faculty to recognize the reasonable and just demands of the girls in the college.

"To the Editor of Black and White:

Our college girls, in coming from family environment, are isolated from the world for four years and left to work out their own social problems without sympathy, guidance, or supervision, except to be disciplined if they offend certain conventions more or less reasonable. These are the conditions of their college life and have been for years.

"No doubt our President is cognizant of these undesirable conditions and the results they have produced in the past and are producing at the present time. Just a few mornings ago, while before the student body, he said that he would like to change things and would change them in a day, if he were permitted. This sounds as though he is placed in a position similar to that of the King of England, namely: to follow the dictates of others with the sole privilege of suggesting or advising.

"Some will say that the girls have self-government. Is not that all a student body could ask for? I beg to differ, it is not self-government, although it is so-called. When the girls enroll as students they are considered incapable of conducting themselves properly until the day they receive their diplomas. An example of this occurred at the beginning of the school year when the senior girls asked for a few privileges; not unreasonable for a group of high-school girls, much less a class of supposedly dignified seniors. These privileges were uncon-

### BLUE RIDGE PROVES EASY

Terrors Prove Too Cissy for Maroon and White.

Friday, Feb. 23.—Shroyers Basketeers visited New Windsor. In the dusk of the night, closed on the Blue Ridge Basket-tossers and ran up a 26 to 12 score before the farmers were aware that the whistle had blown. Grant Williams broke into the lime-light, ringing the bell for a total of 17 points. The wearers of the red suits seemed to be at sea from the start. Dunbar, who usually stars, couldn't get light thru the W. M. C. fast traveling guards. The game really was more closely contested than the 26-12 score would indicate. Line-up:

W. M. C.	Blue Ridge	
Byham	F	Dunn
Weigle	F	Speicher
G. Williams	C	Dunbar
Flanagan	G	Hope
E. Williams	G	Miller

### FINE PERFORMANCE OF "THE MUSIC MASTER" AT ALUMNI HALL

Miss Davault Entertains With Finished Expression of Interesting Plays.

Miss Annie Davault, a finished performer in the art of reading, held the interest and the attention of her hearers at Alumni Hall Tuesday evening. Miss Davault opened the evening's entertainment with a light selection, namely "The First Year." She recited the first act of this popular play, which kept her audience on edge by the sparkling and clever diction. Then she entered into her real work of the evening. Her presentation of the "Music Master" was most interesting and stirred the heart strings of the audience. The recital was of high calibre, and Miss Davault gave repeated evidence of her histrionic ability and her decided versatility.

### COLLEGE DISCUSSION GROUPS

Y. M. C. A. Schedules Saturday Afternoon Meetings.

Saturday afternoon the discussion groups met in various rooms in the men's dormitories for the purpose of talking over pregnant problems of college life. In Owings Hall the group assembled in the apartment of Sillin and Hall, while in Ward Hall the meetings were held in Hutch Ward's room in Senior Hall and Hudgins' room on Junior Hall. Problems of vital interest were discussed by everyone. The total attendance was approximately thirty. These meetings are held every Saturday immediately after the noon meal, and the Y. M. C. A. invites everyone to attend.

ditionally refused.

"It is a present day feeling that if our democracy is to prosper, the business must be laid in college. If not before, and students must early be taught the duties and responsibilities that fall upon the individual in a democracy. It is also the consensus of opinion that there has arisen among self-governing students a better attitude toward the college and a greater desire to co-operate in those things that make for a more wholesome college atmosphere. If the students desire to co-operate in these matters why should not the administration meet them with intelligent recognition of their graduation from grammar school days." H. W.

The Black and White heartily endorses this letter and believes sincerely in facts or facts. The girls desire more privileges. They should have them.

## OPEN FORUM

To the Editor:

Since this paper seems to act as an excellent medium for the exchange of view of College matters and activities, I am taking the liberty of writing you a few lines on an all-important subject, that of Commencement.

Has it occurred to you, or to any of the readers of this paper, that there has been something lacking in the last few commencement; a dullness present that you cannot define, but which you were sure was present? You are right, it was a lack of enthusiasm. Commencement, it seems to me, ought to be the grand finale of the year; the opportunity to show the school to our friends and its progress to our Alumni; something to be looked forward to by student and alumnus alike.

There seems to be each year, a tendency to cut this or that feature without good substitution, and the whole looked upon as a necessary evil which must be gotten over with as soon as possible. In marked contrast to this, note Hopkins University and the Naval Academy, two institutions whose standards are of the highest. They devote an entire week to this important function and thousands of people attend because they know they are going to enjoy themselves. The whole trouble seems to be the fact that the student is the smallest thing about commencement. Especially is this true of the graduating class. In my humble opinion at least one day of the week should be devoted to the graduating class, their activities free from faculty supervision and let them have a real "Class Day." Think over this matter, students and Alumni and see if something cannot be done to rectify it.—W. M. C. Alumni.

To the Editor:

Last week I read with much interest your editorial on Societies. The theme of this editorial, as I understood it was that societies are wasting away and that club made up of individuals of like inclination are to take their place. I, too, have been on the hill for six years and it is my belief that the benefit which can be derived from societies by the entire student body, is just as great now as ten years ago. The call for the temporary laxity in attendance is interest is due not so much to a change in the thinking of the students as to a tendency toward non-thinking. If any evolution has taken place it has been one toward laziness. If anything adverse to societies has permeated the student mind, it is a spirit of "don't care" and laziness. The possibilities are in the literary societies; it takes work to get them out. Here it is, then, that the shoe pinches.—T. K. T.

### McROBIE ENTERS OLYMPIC TESTS

Will Try For Place as Light-heavy-weight on Boxing Team.

Coach Shroyer announced recently that McRobie, the star boxer of last year's football team, will enter the Olympic tryout April 23-24. McRobie will go in for the boxing championships, competing in the light heavyweight class. This year's tryouts are being held in the 4th regiment armory, Baltimore, and are under the auspices of the South Atlantic Association of the Amateur Athletic Union of the United States.

## COLLEGE CHATTER

To the Editor of Black and White:

I want to congratulate the Black and White upon the editorial on Societies in last week's issue. I am heartily in sympathy with the views set forth and am especially glad to see such an immediate reaction being taken to the existing conditions. It is not for me to say that eventually fraternities will replace the societies, rather I would see both at W. M. C., but I do know that those organizations which served the purposes of the student body in the "good old days" can not be expected to hold that same value forever. A Much-interested Alumnus.

Wednesday, March 12th, at 6:30 P. M. in the Y. M. C. A. building, Coach Bill Wood, of Gettysburg College, will speak to men only. The coach and three students of Gettysburg compose a team that is interesting many colleges with a special message to men. President Stevens of the "Y" invites all men and their friends to be present.

On Monday morning the town girls held their annual feed in the town study hall in Smith Hall. From all reports the fair Westminsterites spent a most enjoyable "morning," but it is not clear at the present time just what consideration was given the other half of the town students. Men have stomachs, too.

On Saturday, March 1st, "Doc" Flanagan, athlete extraordinary, received a telegram requesting his immediate return home from college due to labor troubles on his 1,500 acre ranch. It is sincerely hoped, by the entire student body that he will be able to return before long.

## WHY WORRY OVER EXAMS?

You have two alternatives: Your professor is either easy or hard. If he is easy, you have nothing to worry about. If he is hard, you have two alternatives: Either you study hard or you bluff. If you study hard, you don't need to worry. If you bluff, you have two alternatives: Either your bluff works or it doesn't. If it doesn't work, you need to worry. If it doesn't work, you have two alternatives: Either you are conditioned or you funk. If you are conditioned, you don't need to worry. If you funk, you won't have to worry any longer. Therefore, why worry? —Black and Blue Jay.

The Y. J. C. Triangle Club of which Miss Mahi Smith is President, held a pleasant social meeting Friday in McDaniel Hall in which a good time was had by all. In keeping with St. Patrick's celebration, the refreshments were artistically decorated with green. Despite the absence of the entertainment committee the eighteen members present had a good time. Thanks to Frank Gripen. The guests of the Club were the Misses Eader, Wheeler, Bavard, Davis, and Messrs. Gruber, and Dinkle.

The marriage of Mr. Paul C. Cissel and Miss Aloze Walters of the class of '21 was solemnized in the M. P. Church at Rockville, Md., Saturday, February 21. Mr. Cissel, major of the cadet battalion in '21, has now been "busted" to a private and of course will be expected to take commands rather than give them. The Black and White extends its hearty sympathy.

The local "Y. W." is planning to hold a bazar and supper on Saturday, March 15, 1924, in the parlor of McDaniel Hall. The object is to raise money for this year's budget. It is the hope of the general committee that all of the students will take an active part in making this the big "Triangle" success of the year. Contributions will be gladly accepted from all friends and former students of the college.

The College of William and Mary at Williamsburg, Va. has announced a summer school in France under its auspices, with its own instructors. The class abroad is limited to 35 men. Those interested can communicate with Director C. G. Fichtner of that institution.

## BRIGHT OUTLOOK FOR TENNIS TEAM

Jones Only Veteran Lost Thru Graduation.

Manager Shannahan has given a favorable report on the material and schedule for this year's team. Capt. Harry Bratt is assured the services of such veterans as Shannahan, C. L. Dawson and Sapp, to form a nucleus for the team. In addition to these men Hines, Trice, Strayer, Makosky, Coleman and Holt will attempt to secure places on the team. From this array of new material not only will the vacancy be adequately filled, but a furious battle for every position is assured. Consequently the most difficult schedule in many years is being arranged, and some fast and high grade tournaments are expected on the clay lots east of Faculty Row.

Matches are being arranged with St. Johns, Mt. St. Marys, Blue Ridge, Washington College, Loyola and the University of Maryland. It is planned to play two matches with each opponent, one on visiting courts and one at home. An interesting and successful season is expected.

## PREPS TAKE THE COUNTRY

Second Team Defeats Brute Hall Stars.

Saturday, March 2.—The college second team downed the Preps 12 to 11 in the preliminary to the Y. M. H. A.—W. M. C. game. Matthews' long shots proved fatal to the youngsters, while Garrett was all over the floor. Line-up:

Preps	W. M. C. 2nd Team
Stallings	F Garrett
McRoby	C Matthews
Lindeman	G Carley
Carpenter	C McWilliams
Artigana	G Bona

## SOPIH TEAM SCORES VICTORY

Defeats Preps 7-5 in Exciting Game.

The Soph Sextette scored a victory over the prep aggregation on Tuesday afternoon. The Sophomores made the 1st goal, Lenderking caging one from the floor. The game was fast and exciting, the 1st half ending in favor of the preps, the score being 5-3. But the Sophs picked up speed, running up a 7-5 score in the last period. Eagle started for the Preps. Line-up:

Sophomores	Preps
Pittman	F Engle
Lenderking	F Rupp
Lawyer	J. C. Stevenson
Turner	S. C. Lohrnick
Robinson	G Bevard
Leizgar	G Wills
Substitutions, Sophs—Blocker for Pittman. Preps—Davis for Lohrnick, Seitz for Rupp.

## Black And White Club Announces Rifleman Lose By Close Score

### Prize Contest

Student Submitting Best Letter to Receive \$5.00 and Have Photo Published.

The Black and White Club, in continually seeking to forward the best interests of the college, thru its committee on College Welfare, of which Paul R. Kelbaugh is chairman, announces a prize letter-contest which all students of W. M. C., and the preparatory school may enter.

The letter must be a constructive criticism of some phase of the social or the intellectual life of the college, a change in which will promote the general welfare of the college and will be necessary if this institution is to maintain its place as a first class college.

The rules of the contest:

1. The letter must contain not more than 250 words and be written in ink on one side of business stationery.
  2. The letter must state distinctly the reason for the proposed change, and must clearly set forth a means by which the change may be effected.
  3. The prize will not be awarded unless 125 letters are submitted.
  4. All letters are to be handed to John D. Makosky, Secretary of the Black and White Club.
  5. All letters must be submitted not later than April 25th. Letters received after this date will not be considered.
  6. All letters are to remain the property of the Black and White Club.
  7. The judges are to agree unanimously upon the best letter, and from their decision there can be no appeal.
  8. The judges shall make their decision by May 15th, and on the following morning at the Chapel service, the prize will be presented to the winning contestant.
- The judges are:

Dr. G. S. Wills, of the faculty; Paul R. Kelbaugh, of the Black and White Club; H. H. Ward, President of the Irving Literary Society; R. P. Culler, President of the Webster Literary Society; Miss Margaret C. Wenner, President of the Philo Literary Society, and Miss Elizabeth Gehr, President of the Browning Literary Society.

**The Prize For The Best Letter Is \$5.00.**

The prize for the winning letter is \$5.00 and the Black and White will publish the winning letter, and a cut of the winner if one can be obtained.

There are 437 students at W. M. C. and it is sincerely hoped that two-thirds of these will submit letters.

REMEMBER—the contest closes April 25.

Saturday, March 8, the University of Pittsburgh sharpshooters managed to defeat W. M.'s riflemen by the close score of 482-476. This is the highest the Varsity squad has shot this year, the individual average being 95-1/5. The high five for W. M. were Darby 99, Ashburne 96, J. E. Stone 95, D. Price 94, Baker 92.

The rifle team has completed their shooting for the 3rd. Corps Area, and chances seem to favor a good standing in the field of fifteen colleges. The result of the ten highest in the four positions were: standing 728, kneeling 855, sitting 921 and prone 950. These are comparatively high scores. The Fore Tech expects better averages for the Hearst Trophy, which is to be fired just before vacation.

The rifle team has fired an unusually hard schedule this year, meeting such teams as V. M. I., Boston University, the University of Pennsylvania, Penn State, Gettysburg and Massachusetts Institute. This is the first time the schedule any Western Maryland team has undertaken. The coaching of Capt. Gibson supplemented by that of Sgt. Rice is perhaps the largest factor in the success of the team.

### FRESHMAN GIRLS CHAMPIONS

The Freshman girls basketball team has established itself as the undoubted champions in interclass basketball. The Frosh have defeated every other class by decisive scores, coming from behind to defeat the Seniors 34-24, and playing high grade basketball to vanquish the Juniors 32-9.

The Freshman-Sophomore game was more or less of a track meet, the final result being 60-1. The Prep game was won with equal ease. The shooting of Wilson and the guarding of Lauder contributed materially to the Freshman victories. The college may be considered extremely fortunate in the possession of such stars for the three coming seasons.

### JUNIORS ENTERTAIN AT CARDS Delightful Party Given in Honor of Their Basketball Team.

Misses Rukey, Buchan, Horney and Hife were hostesses at a progressive card party in the reception room of McDaniel Hall on Saturday evening from seven-thirty until ten P. M.

The party was given in honor of the Junior Girls' Basketball team. Among those present were Misses Troy, Allmar, Matthews, Farlowe, Stone, Beston, Smith, Hines, Eaton, Darby, Grippen, Day, Trader, and Welbraugh.

Miss Farlowe won the first prize and Miss Smith succeeded in capturing the booby prize. The parlor was attractively arranged and those present thoroughly enjoyed the evening.

## Steel Lecture At Smith Hall

J. H. K. Shannahan of Bethlehem Steel Co., Delights With "Romance of Steel."

Tuesday, March 4th, in Smith Hall, Mr. J. H. K. Shannahan, a prominent executive official of the Bethlehem Steel company of Sparrows Point, delighted the college with a highly interesting and technical lecture of the steel industry. He entitled his lecture the "Romance of Steel" and in his introduction showed that in the history of the making of steel, from the mining of the iron ore in the company's mines in Chile, Cuba, Sweden, and Africa, until the final shipping of the finished steel products to every part of the world, there is a true romance interwoven. Mr. Shannahan accompanied his explanation with a series of stereopticon slides illustrating every step of the steel industry. The slides were taken under his supervision at the Sparrows Point plant, and enhanced the lecture to a remarkable degree.

### Gives Interesting Statistics.

He cited a few statistics of the steel industry in which he said the Bethlehem Steel Company is second in the largest in the world, turn out yearly more steel than does France, England, and Belgium combined. The payroll is more than \$250,000 per week, and the company sells over 1,000,000 worth of products every day.

The company operates its own fleet of ore-carrying vessels, built in its own yards, which is the largest fleet of ore-carriers in the world.

In conclusion Mr. Shannahan addressed a few remarks to the male students present.

(Continued on page three.)

### COACH BILL WOOD TO SPEAK AT "Y"

Gettysburg's Football Coach Is Idol of Campus.

Wednesday night, the twelfth, "Bill" Wood, with two or three men from Gettysburg College, will have charge of the Y. M. C. A. service. Mr. Wood is a young man of large stature and possesses the qualities of a gridiron warrior. He seems to have the knack of understanding and getting close to men and it is through this medium that he has won a place in the hearts, of not only the wearers of the togs, but every man on the campus. Gettysburg was defeated only twice the past season, the victors being Penn State and Lehigh.

The Y. M. C. A. is very fortunate in securing these men. This should be and will be one of the biggest meetings this year. Coach Shroyer says: "I am glad the men will be down, and I will be on hand to welcome them."

A reception committee composed of Prof. Schofield, Coach Shroyer, Groton, Byham, Trader and Stevens will greet Wood and his cohorts.

## THE BLACK AND WHITE

A weekly newspaper devoted to making  
Western Maryland College a Bigger,  
Better Institution.

Published weekly by  
The BLACK AND WHITE CLUB.

Application made at Post Office at Westminster, Md., as second-class matter.

### Subscription rates:

For remaining school year ..... \$ .70  
Single copies ..... .05

Subscription prices by mail, payable in  
advance 85c.

### CO-OPERATION VS. CRITICISM

The President of the college is directing all his energies toward raising the sum of \$1,000,000 to be expended in making Western Maryland a bigger, better institution. He is being severely criticized from many quarters. Some few alumni have felt the task is too colossal to be undertaken at the present time. This is not true! The proposition must be considered in an open-minded manner. Western Maryland must progress, else she can no longer exist as an educational institution. The student body grows year after year. For the past four years, since Dr. Ward has taken the helm, much has been done; the college has tremendously progressed. We must still further advance, and to do this, the college must be materially strengthened; many new buildings must be built, and a much larger teaching staff must be secured. The future calls for tremendous effort along this line, and the president has seized the opportunity now to prepare for greater things.

It is, therefore, tremendously essential that the destructive criticism of those who cannot see with the clearness of vision that the president possesses, cease from their useless quibbling. What is needed is more co-operation: co-operation from student body, from alumni, from trustees, from every friend of the college. For the fund is going across!

The student and alumni alike must fall in line, and devote their utmost, energetic co-operation to every plan that is for the advancement of this gigantic task of a far-sighted man for a greater institution.

### INTERCOLLEGIATE ORATORICAL PRELIMINARY CONTEST AT SMITH HALL

#### Fine Work Displayed by Four Contestants.

The intercollegiate oratorical preliminaries brought out the best talent of the college in the art of eloquent expression Friday night in Smith Hall. The four contestants, Richmond, Eaton, Trader and Kelbaugh revealed an extraordinary ability and versatility both in self possession and self expression. In piling up the flowery language Richmond was at his best, and his flights of oratory were equal to the best. Eaton's selection, containing a great deal of real thought, was probably the deepest of the four orations. Trader made a deep impression by his calm logic, his clear voice, and his unperturbed appearance. Kelbaugh, showed that he has the material of a real orator.

The college may be counted fortunate in being represented by one of these particularly able men, who seem to be nearly evenly matched. Richmond, who represented Western Maryland last year in the State intercollegiate contest probably stands as first choice, with Trader a close second for the honors.

### JUNIORS DEFEATED BY FRESHMAN CAGERS

#### Frosh Champions Win in 3-2 Battle.

Two battles were staged in the Gym on Tuesday—one in the gallery, a battle of cheering voices; the other on the court, a battle of muscle, head, and grit. The gallery decision is not as yet determined out on the court the spoils went to the Frosh basketballers. Both teams fought well, the Juniors giving a good exhibition of their skills but the underclassmen played fast and loose with them in the latter half winning by the 32-9 score.

#### Line-up:

Freshman	Juniors
Wilson	Alant
F	Matthews
F	Farlowe
Rosen	Stone
Rosenstock	J C
Lauder	G
Smith	McAlpine
	Beaver

Substitutes: Lewis for Beaver, Beaton for Stone, Stone for Beaton.

### PREP TEAM BECOME

#### COUNTY CHAMPIONS.

#### Brute Hall Stars Gain Title by Final Victory over Local High School.

Tuesday night at the Armory the Prep Basketball team defeated the local High School 16-13. At the end of the 1st half the H. S. stood firm with a 4-2 lead. The Preps, closing in, and playing brilliant ball, carried off the honors with a 16-13 defeat. This signal victory makes the W. M. C. Prep team the champions of Carroll county.

### PREPS GIVE BIG PARTY

On Saturday at 7:30 in Pretty Parlor the peppy Preps gave a party which was the best entertainment ever known in the history of the Prep School. From all accounts it was a great success.

The girls turned out in full array with some very snappy styles and collars. Brute Hall was also well represented.

Some of the games that were played during the evening were winking, snubbing and spooning, while the Misses Dunlap, Carnes and Warner rendered some very good jazz songs on the piano.

To the surprise of the party in walked

## OPEN FORUM

Mr. Sterling W. Edwards, Editor:

Enclosed find my check to the amount of seventy (70) cents in payment for subscription to the Black and White for the balance of the year. Only my splendid ability to forget has kept me from doing this sooner. The first I heard of the paper was at the banquet in Baltimore.

You and the others responsible for this splendid progressive step are to be congratulated. Western Maryland has had need of just such a paper for sometime. With the growth of the college and the ever-increasing activities some medium has been needed to keep the current news before the students and Alumni. The Black and White has met that need. Again, let me congratulate you.

To read the paper weekly brings back a great many pleasant memories of my college days and also enables one to know just what is going on in the "Hill." I believe it a duty of every Alumnus to know what his or her college is doing. A monthly publication cannot meet the need. You can depend upon the writer to boost the Black and White whenever possible.

If my memory serves me well, the first effort to start a weekly publication was in 1916, but the faculty would not consent. There have been several efforts since, but it took you and the Black and White Club to do the work.

Be sure to see that some record is left to let the next business manager know that I want to subscribe next year. I do not want to get the second or third issue, but all from the first on.

Wishing you and your staff much success, I am,

Yours very truly,  
W. J. KINDLEY.

### FRESHMAN SWAMP SOPHOMORES.

#### Pile Up 60-1 Score Against Upper-classes.

The Freshmen basketball team, which seems certain to win the school championship, added another victory to their long line of successes Monday, when they triumphed over the Soph tossers in a one-sided contest. The score was 60-1, the shooting Wilson accounting for the magnitude of the Freshmen tally. The line-up:

Freshmen	Sophs
Wilson	F
Rayme	F
Brown	C
Rosenstock	J
Lauder	G
Smith	G

Substitutes: Sophs, Blocher for Pittman.

### THE INQUISITIVE REPORTER ASKS A QUESTION

"Do you think that Calisthenics is of any real value in the college curriculum?"

Winters, Senior: "Good, Lord, what are you asking me for?"

Faherty, Fresh: "It is."

Mrs. Stover, Social Director: "Yes, I think it is of real value."

Miss Roberts, Senior: "No!"

Brute, Senior: "If Hoot gives it, it is of value, if Sgt. Rice gives it, it is not."

Mr. J. L. Bennett, ex-member of Brute Hall, who was especially welcomed by a certain member of fair sex present. Later in the evening refreshments were served and the party closed with a farewell game.

"Shh-h, no!"  
"Then why'd you put that pants button in  
the collection they took up for 'em, today?"

## COLLEGE CHATTER

Announcement has been made of the engagement of Miss Dorothy Sedgwick McDaniel, only daughter of Dr. and Mrs. Wm. R. McDaniel to Mr. Ober S. Herr of this city. Miss McDaniel is a graduate of W. M. C. of some few years ago and, since that time has been Librarian at the college. Mr. Herr is a veteran of the World War, a prominent member of the Masonic lodge and the Rotary Club of this city, and occupies a position of much responsibility in the Westminster Savings Bank.

The Officers Club met in the Senior Apartments on Wednesday night, and six new members were elected to the club: Sapp, Long, Stone, J. E., Galloway, Chandiee, and Newnam. The next day the officers were resplendent in their new uniforms of dun-garees. It was a pity there was no snow on the ground so that they might indulge in athletics.

On Saturday Coach Ken Shroyer served as a judge in the Olympic meet pre-lims. The tryout was the 26-mile marathon from Laurel to Baltimore. Frank Zuna of the Millrose Athletic Association, New York City was winner in a group of 56 competitors, his time being 2 hours, 41 minutes and 39-2/5 seconds.

Several of the younger members of the student body who have recently come from Mother's Kitchen, found the raisins in the college pantry full of worms the other night. It seems too bad that the lights go off at 10:30 since quite a few suffered from gastronomic difficulties.

Prof. A. B. Woodhead, chief of the Biology Department, spoke at the weekly dinner of the Rotary Club on the question of "Hereditarity and Transmitted Characteristics." The Rotarians tremendously enjoyed the lecture and Mr. Woodhead was the recipient of many congratulations.

The Athletic Department announces a Varsity Show at the Star Theatre on March 19th and 20th. On the 19th Yale University's "Columbus" and on the 20th, "Omar, The Tent Maker," are the feature pictures. The Musical Club under Mrs. H. M. Kimmey, will contribute to the entertainment and Charles L. Trader is to serve as Master of Ceremonies.

The Sophomore Class has failed to keep its eyes on the Frosh. The Frosh break all the rules on the list, they do. They forget to wear their egg shells, they leave no keys in the boards, they part their hair in the middle and stick it down with cowfat, they wear loud neckties, they do. A good suggestion is that the Soph Class incorporate into their new budget system a plank that will correct these infractions of rat rules.

G. E. Hatch of the Soph Class, one of the more progressive students, has started a series of "Sunday Afternoon Sings" in the "Y" club room. Backed up by President Stevens of the "Y" the first meeting was a big success, a large number of students attending and all catching the spirit. It is to be hoped this custom will grow with the coming weeks. Hatch and Stevens have the good old W. M. C. spirit.

Westminster High School has put over a splendid financial and brilliant success, a musical comedy, "The Revue of Revues." Why not the college tackle one also?

The first baseball game of the season is with Washington College on May 1st, on Hoffa field. The next game is with Blue Ridge College at New Windsor, May 2.

## Telegrams

Where was Bluebeard Gruber's eighth wife last Sunday?

Charles Bish goes to Woman's Hospital for week-end.

Zprig az gumb. 55% increase in handkerchiefs sent to laundry last week.

It is not known to many but Bill Price financed the dance last Friday night. Pretty hard on Bill.

Reamy shakes a wicked leg at the dance. "Hoot" returns from Washington to find few Sophomore wisecracks patiently waiting. All Frosh are warned to pay their income tax. (See other telegrams.)

## W. A. G. CLUB CELEBRATES

The Wags had a rattlin' good time in their old waggin, "Mission Pastor," on Saturday at 8:00 P. M. A short business meeting was followed by an interesting entertainment of sparkling novelties. Refreshments were also a part of the proceedings. The Wags are a peppy club with lots doin' all the time. They will give a St. Patrick's party on Saturday the 15th, at 7:30 P. M. in the same old waggin. Everybody is requested to look as green as possible.

## DR. NAGEL LECTURES ON FAR EAST

Delivers Illustrated Address on Educational Situation in Singapore.

On Wednesday evening Dr. George A. Nagel, of Singapore, delivered an illustrated lecture under the auspices of the "Y." on the educational situation in the Malay peninsula. Despite the fact that attendance was not compulsory, a good crowd assembled in Smith Hall to enjoy Dr. Nagel's illustrated talk. The body of the lecture was occupied with plans and explanations concerning the college which is to be built in Singapore, and with slides revealing the progress already made in the christianizing and educating of the natives. Dr. Nagel, thoroughly at home in his subject, contributed lavishly from his large store of those humorous incidents certain to occur in dealings with foreigners. Many of the slides which Dr. Nagel showed represented scenes of unusual beauty and revealed unguessed secrets of native life. The lecture was greatly appreciated by faculty and students alike.

## STEEL LECTURE AT SMITH HALL

(Continued from page one.)

stressing the characteristics by which the world judges a successful man.

Prof. S. B. Schofield lent his assistance with the stereoscopic machine and helped in making the evening a decided success. Mr. Shanahan is an alumnus of Western Maryland who has the real interests of the school at heart. His amiable personality, his keen knowledge of steel, and his high position in the world are a few of his many attributes which make the college honor him as one of her most distinguished sons.

At a meeting held last Wednesday by  
the Sophomore class a unique budget system  
was inaugurated. The plan in brief is as  
follows: "That a fee of five cents per week  
be collected from each member of the  
class. This fee will be collected each week  
by a team of ten girls, and ten men. Each  
collector is to be responsible for five mem-  
bers, a list of which will be given him by  
the class president."

This plan has been adopted in considera-  
tion of the already anticipated obligation,  
which confronts every live class on College  
Hill namely, the publication of the "Aloha."

It is the purpose of the author of this  
plan to provide an excellent opportunity for  
every member of the class to participate  
in a movement toward conducting the class  
in a real up-to-date business manner. The  
nominal fee of five cents per week makes  
it comparatively easy for 100% of the class  
members to contribute, thus obtaining a  
better class spirit and creating greater in-  
terests among its members through their  
co-operation.

The question of how the money was to  
be disposed of was raised in the class meet-  
ing. Would the "Aloha" receive sole con-  
sideration, or would other things be taken  
into account? It was decided that the  
"Aloha" was to be kept uppermost in the  
plans for the disposition of the budget  
funds, but that such things as class parties,  
dances, class banquets and other minor so-  
cial affairs be financed or at least be  
partially aided by drawing on the budget.

While there are some in the class who  
seem at present to doubt the practicality  
of the plan, still it is hoped that by the end  
of this year it will prove satisfactory and  
workable.

# BLACK AND WHITE

A WEEKLY NEWSPAPER WITH A PURPOSE

Vol. 1, No. 9

Western Maryland College, Westminster, Md.

March 18 '24

## Snowball Battles On The Hill

**Snow Is Transferred From Ground To Walls And Anatomy.**

Tuesday noon after the big snowfall, the quadrangle was the scene of a pugacious exhibition unequalled in the annals of the college. More eyes were blacked, more ears were soaked, more ROTC Jerkins were soured than in any similar fracas within the memory of the oldest inhabitant. When the Black and White reporter awoke and cautiously flattened his nose against a window pane, the Preps and Freshmen, fifty strong, were excavating the snow from the middle of the quadrangle and assiduously plastering the walls of the old building and the physiognomies of about twenty Sophs, who stood in a solid phalanx, returning shot for shot despite the discrepancy in the numbers of their sharpshooters. The fight waged cold and furious, with many individual touches that added great interest from an onlooker's viewpoint. Many spectators rooted from dormitory windows, the Post-office porch and other vantage points. Dean Schofield, after a snowball had missed his left nose by 5/32 of an inch, measured with a calometer, decided that the battle might rage icily on.

**Long and Kinsey Lead on Shock Troops.**

In the very thickest of the fray, several cohorts led by Legatus a um Long and Kegatus Kinsey, sallied out from Fortress Ward, joined snowballs with the battling Sophs and succeeded in driving the insurrectionists over the promontory beyond Schofield Hall. The various legions then returned to their out.

**Hostilities Renewed On Thursday Noon.**

Hostilities were resumed Thursday noon, when the Frosh, hanttered leisurely pre-schoolward, briskly peppered by the hard pursuing Frosh. Nothing much occurred until a Prep member of the Hashslingers Club emerged ten minutes after his gang had retired gracefully. He made the Prep School in 9-3/5 seconds, collecting more snow than Dr. Cook ever saw before breakfast.

**G. CLUB GIVES ANOTHER PARTY**

**Have Novel Affair In Their Old Waggon**

Thursday night the W. A. G. Club, one of the most social clubs at the college, had a very peppy evening in its old waggon. After up to its slogan "A Ratlin' Good Time in Their Old Waggon," and keeping in step with St. Patrick's spirit, the members, guests with Pres. Alva P. Bender hold the reins, rattled around merrily. The evening was begun by singing "Tipperary," rather green song. Then followed a contest of guessing green conundrums, Miss Dunslop winning the prize a box of (Continued on page four.)

## Bill Wood Speaks In The "Y"

**Delivers Strong Talk to More Than A Hundred Men.**

Last Wednesday evening the largest crowd that has ever attended the Y. M. C. A. gathered in the "Y" hall to hear Bill Wood, the Gettysburg football coach. Mr. Wood was accompanied on the trip by Mr. Johnson, Gen. Sec. of the Y. M. C. A. at Gettysburg and Chris Hansen, "Y" President of the Pennsylvania College. The delegation attracted a great deal of attention among the men; every seat in the "Y" room was taken, the back benches and walls were lined and the stairs were jammed with eager listeners. The audience numbered more than a hundred and all stayed till the benediction. Dr. Wills, Dr. Stephens and Dean Schofield represented the faculty at the meeting and listened as attentively as the most ardent football fan.

**Gettysburg Delegation Introduced.**

President Paul Stevens of W. M. C. A. opened the meeting and introduced the first speaker, Mr. Johnson, Secretary of the Gettysburg "Y." Mr. Johnson's talk was on "The truly big life." He said that to him the truly big life must embrace three characteristics, namely: honesty, purity and selfishness. He said that these characteristics might be attained by three methods, by the studying of the Bible, by prayer and by service to the fellowmen. Mr. Johnson delivered a straight-from-the-shoulder, earnest talk. He was followed by Chris Hansen, Pres. of the "Y," who spoke on the Youth Movement. He illustrated his talk by extracts from his own life. He said that he had been an average fellow, lacking something which Christianity had supplied. His most prominent mark seemed to be "Religion is necessary to bring out the best that is in a man."

**Wood Holds Audience With Strong Talk.**

Bill Wood, Gettysburg coach, spoke next. With an intense crisp manner of speech. This very earnest man drove his point home in an extremely forceful manner. He stated that he had been good because it was for his interest to be so. He said he had kept away from churches because there were hypocrites within their walls. He said that he had reversed his attitude and had taken for his standard "First Jesus Christ or nobody." He told of his brother, a hopeless drunkard, who had been saved by open air, prayer and the persistent faith of Mr. Wood himself. He stated that athletics make the college better and cleaner. Some of his remarks follow: "Do good; keep the scars away. Be clean. Go square; be true to it and take somebody along with you." Bill Wood said he gets fun from living. He said that he could not remember. (Continued on page four.)

## Y. W. C. A. Inaugurates Bazaar

**Supper And Sale Held In McDaniel Hall.**

The Y. W. C. A. held a bazaar in the basement of McDaniel Hall on Saturday evening. The affair was extremely well patronized by college students, faculty and town people. From 5 to 8 P. M. a steady stream poured thru the dining hall and the bazaar room. Six attractively decorated booths made up the bazaar. Fancy work, novelties, candy, cake, etc., were sold in these booths. The color scheme of the room was green and white. St. Patrick's day colors, and the girls were attired in green sweaters and white skirts. The dining room contained five tables also decorated in green, and laden with articles green and cooked. The affair was a tremendous success.

**Laudable Aims of Y. W. C. A.**

The bazaar and supper were given by the Y. W. C. A., in order to raise funds for the proper promulgation of the Christian work in W. M. The girls' organization, of which Miss Agnes Atkinson is the acting president during the sickness of Miss Cairnes, has been very active lately and finds itself constricted by insufficient moneys for the proper carrying out of its aims. The Y. W. C. A. has sent representatives to conferences of delegates from surrounding colleges, and expects to continue this work along similar lines. The Y. W. is a big factor in the moral influences and Christian associations of the college, and each year takes a large part in the welcoming of new students and the adjustment of Freshmen to their environment.

**LION TAMERS CLUB TOURS**

**SOUTH AMERICA  
Literary Devotees Hear Splendid Travel Lecture.**

Mr. George Mather of Westminster, who has traveled extensively thruout the greater part of South America and sailed practically around this vast continent, gave an impressive and comprehensive lecture on the experiences and observations of his travels before the Lion Tamers Club on Thursday night.

The theme of Mr. Mather's lecture may be summed up in his opening sentence, which was: "When one speaks and thinks of South America, he must think and speak in the superlative." He went on to show that South Americans have a slight feeling of enmity towards the U. S. because its citizens speak of themselves as Americans. He said the South Americans have as much right to this title as we have, and said that they are very careful to distinguish North America from South America.

The Club can count itself very fortunate in being able to secure Mr. Mather to lecture to them, as his views on the coming continent of the future are keenly analytical and unbiased.

"J. G. C."

The letters "J. G. C." mean nothing worthwhile in the life of the college. They probably stand for a club or society of upperclasswomen who, each year, place a number of pledged girls in an extremely ridiculous position before the eyes of the college. The pledges are usually girls dressed in the costume of a girl to a classmate, rather than degrading to womanhood and discreditable to the dignity of the institution. Every year a number of the Junior girls have submitted to a great many childish demands which are certainly "grammar school stuff." It is true that no girl is compelled to go thru "J. G. C." But, after remaining in college 3 years the matter seems to become a seeming obligation. The girls are forced to make a series of "pledges" useless for anything but to go thru the humiliating and silly process of the final meeting in the Tower in consideration of the fact that it is merely a society for initiation into nothing, with no worth or value to the college.

It also seems that every year the custom grows a little worse. This year an element of possible cruelty has been introduced, probably due to the absence of the Dean of Women. This is a condition that ought not be tolerated and much sentiment has found its way to the paper concerning it.

Nothing of any worth or benefit to the college has ever come from "J. G. C." It would certainly seem that as a number of the women on the faculty are members of the organization, it should really mean something. Yet, instead of worthwhile things growing from it, it still remains simply a silly tradition that should be abolished or else turned into a purposeful organization.

### THE INQUISITIVE REPORTER ASKS A QUESTION

**Neuman, Senior:** "It's a \_\_\_\_\_ of a plan but its the best we have up here. I will be glad when Spring comes."

**Shannahan, Junior:** "Parlor itself, I don't think much of it."

**Sillin, Frosh:** "It's a great life if you don't weaken."

**Miss Duley, Senior:** "It's all wrong."  
**Miss Emily Jones, Frosh:** "There's nothing to parlor; it is merely two personalities getting together."

**Miss Davis, Prep:** "It's rather dumb sometimes."

**Reamy, Soph:** "It's sort of a dumb organization."

**VARSITY SHOW MARCH 19-20.**

Fine Program Prepared by Coach Shroyer  
and Jester Officials.

On March 19 and 20, the Varsity shows will be staged at the New Star Theatre. Excellent pictures have been procured, "Columbus" for the 19th and "If I Were Queen" for the 20th. The Glee club program will be given on each night, and is well worth hearing twice. The orchestra will render various numbers, among them "Covered Wagon Days," "That Old Gang of Mine," and "I Love You." The entire club sings several songs, "Beside a Babbling Brook" and "Down in Maryland." The soloists are: Price and Stonesteger for solos, while Price and Stonesteger get together in a mean duet—"Papa Loves Mama." The fairy godmother of the Jesters, Mrs. H. M. Kimmey, will render several attractive numbers on the Star's new pipe organ. The program as a whole is one of the most complete and interesting that has ever been offered in Westminster.

**THE CAPITAL CLUB FORMS AT W. M. C.**  
Service and Fellowship Motto of Men's New  
Organization.

The month of March marks the birth of a new organization on College Hill. The Capital Club has been formed by men of the several classes.

The purpose of this organization is to encourage and foster virtue, loyalty and patriotism at Western Maryland College. The club is desirous to help create genuine good-fellowship and to stimulate each one's desire to be of service to his fellow man.

## SCARBARD AND BLADE

The Officers Club, which has recently sought the approval of trustees to allow a petition to the National Society of Scabbard and Blade for the inauguration of a society here, has been meeting with much success, both from the executive committee of the trustees and from many alumni.

If the club is successful in having the petition granted, it will be another great step forward for the college. Capt. H. Gibson, who has been very active in developing the Rifle Team, has taken much interest in the plan and it is largely thru his efforts that the club has been making such rapid progress toward the founding of the society here. The college can well be proud of the Officers Club which is carrying out some creditable and progressive ideals.

It is hoped that a Senior Class at some not far distant day will refuse to stage this useless and foolish exhibition or change it into a thing of honor and worth to the col-

## OPEN FORUM

To the Editor of Black and White:

For some weeks past I have been studying the attitude of a good many students towards scholastic attainment and I have noticed with regret the apparent attitude of many students to get thru with as little work as possible, rather than to make the mark of a scholar to get thru a class recitation without opening a book, or if this cannot be done, to read the answer out of the book. It seems to me that this is not only a poor spirit, but is also a bad habit. It sometimes keeps the professor from advancing his class as fast as he wishes. I admit that the bookworm is lopsided and that the man who does not develop socially, physically and morally as well as intellectually is not a well rounded man, but the primary object of coming to college is to obtain wisdom. College is not a summer resort or a social club and the duty of a college student is not to engage in a bluffing contest. What is the use of bluffing? What is the use of following us? With what influence are we going to surround the incoming students? Should not we leave to them an atmosphere hallowed by the presence of the sage and an inducement toward the getting of wisdom? I have said "after all the principal things," E. N.

To the Editor:

I have been reading with much interest the Open Forum and have noted the letters which particularly bear on the changes needed on College Hill. Being a student who has the interest of the school at heart, I am sure that the writers of some of the letters have considered the whole matter at stake. The reasons for all the changes and improvements are necessary and just, but the students may be at fault, too. While some of the faults show that the administration is entirely in the inspection of the conditions, the fact still remains that many students have not the attitude toward the welfare of each other that they should have.

It is only common knowledge that whatever is done to hurt the college hurts the entire student body. Whatever a student may do, because he may have some grudge, in destroying property, acting in a manner unbecoming a gentleman, or maliciously or secretly injuring the property of a body of a fellow student, he must know that he only does he hurt himself. He breaks down the morale of the college student should feel that students are his brothers, and work with them in creating an upward college life that is of the type. Good fun, wholesome recreation, little bi-play now and then is not at all attitude of the student with a fine opinion of any student should have a connection from the college, and "that's mean m-b-be."

The thing for every student to do is to lose himself in his studies and college, as hard for both, lay down his hammer and start blowing a horn and seek to make the college feel that he is a part of it.—E. G. F.

BURKINS AND HUDGINS

## COLLEGE CHATTER

Friday night at 7:30 a recital was held in Smith Hall. Pleasing piano numbers were rendered by the Misses Jones, Merrick, and D. McAlpine, while the Misses E. McAlpine and Davis entertained with vocal selections. The musical numbers were followed by a farce entitled "His Soul," in which Mr. Richmond, Mr. Newman, Miss Diltman and Miss Takemura took part. This feature was a decided addition to the program, and furnished much pleasure for the audience.

"Columbus," the moving picture, made under the auspices of Yale University, will be shown at the Star Theatre on March 20 as part of the Varsity Show program. The picture discloses to popular view the first voyage of Columbus in a fashion that is a delight to the mature mind. Probably human art will never excel this attempt to recreate the past. One of the chief comforts one derives from the presentation is that everything is absolutely true. The scenes, the costumes, the events are all accurate to the minutest detail.

The Black and White Flying Squadron was compelled to remain inactive last Wednesday. On account of the condition of the road due to the snowstorm, it was impossible to visit Sykesville High School. The Squadron will visit Union Bridge this week, however and has made arrangements for the postponement of the Sykesville engagement until some time later in the Spring.

The authorities are contemplating "skinning the diamond." This action would mean the scraping of the grass around the base lines and would make a favorable picture of properly performed, besides furnishing a level diamond facilitating fast work by the infielders. Last year a great deal of complaint was voiced by visiting teams about the roughness of the infield. "Skinning the diamond" would speed up games, and add to the general satisfaction of both players and spectators.

In Alumni Hall, Friday at 8:00 P. M., Charles Crawford Gorst, birdman and naturalist, will lecture on birdlore. Mr. Gorst is one of the foremost birdmen in the country, and the college will be glad of the opportunity to hear this lecture, which is under the auspices of the Parent-Teacher Association of Westminster High School.

The Frederick County Club, of which Roger P. Culler is President, met on Saturday evening and a pleasant time of games and social conversation followed. Miss Virginia Hastings was received as a new member.

## BASEBALL GETS UNDER WAY

Manager Castle Says Schedule Is Virtually Complete.

Baseball candidates, though hampered by the late snowfall, have been seizing every opportunity to get in a little practice, both on the walks and in the gymnasium. The battery candidates have been warming up constantly and appear to be in excellent shape. The fielders have not had much chance to accustom themselves to uneven bounces as they have been confined by climatic conditions to the gym.

While the athletes give themselves have been busy with the glove and bat, the manager, F. M. Castle, has been equally active in drawing up the schedule. The first game comes on April 12 only a few days after return from Spring vacation. From then on, an interesting and difficult schedule, including games with the Quantico Marines, Hanover, Frederick, and Blue Ridge College, has been arranged.

The schedule follows:

April 12—Md. State Normal, at home.

April 17—Loyola College, at home.

April 18—Pa. Millt. College, away.

April 19—Univ. Del., away.

April 24—Frederick, at home.

April 30—Mt. St. Mary's, away.

Two games with Frederick, 1

home, 1 away.

May 14—Blue Ridge, away.

May 22—Georgetown University, away.

May 23, 24—U. S. Marines, away.

Two games with Hanover, of Blue Ridge

League, dates not settled.

May 30—Franklin Marshall Col., away.

June 4—Mt. St. Mary's, at home.

June 7—Alumni or Westminster Club, at

home.

With the Fidelity and Deposit Co., of Baltimore, for 33 years and surviving the company's underwriting operations for two decades, Charles R. Miller was chosen to succeed the late T. A. Whelan as President. Mr. Miller, who was previously the company's vice-president, was born in Westminster in 1860 and was graduated from W. M. C. in the class of '81. Western Maryland is justly proud of her distinguished son, who is one of the foremost authorities on surety underwriting in the business.

J. G. C., the secret organization of Western Maryland's upperclass-women held its annual Spring initiation Friday night, after two days of pol'uting the campus and classrooms with examples of how really horrible good looking girls can appear. Much of the initiation was funny, particularly the scene in the tea room Friday noon. However, in large part, most of the situations were ludicrous but disgusting. The men lost their usual amount of sleep Friday night.

We will show our

1. Think clearly.
2. Love your fellow men.
3. Act purely.
4. Trust God.

### W. A. G. CLUB GIVES ANOTHER PARTY

(Continued from page one.)

Whitman's. The potato race caused much excitement and hilarity a number of couples participating in cornering green potatoes. In the guessing contest, Miss Hayman won the prize, a deck of cards, for guessing the number of green potatoes in a green bucket.

After the games, refreshments were served, consisting of fruit salad, green mints, and sandwiches cut in shamrock shape. Miss Dunlap at the piano, did the thing up green by cleverly leading the club in singing "Wearing Of The Green," "Dear Western Maryland," "Alma Mater," and "Good Night Ladies."

Prof. and Mrs. H. Barnett Speir, and a number of friends of the Wags were guests and the splendid success of the evening was due to the energy of the program committee and also to the efforts of Pres. Bender and Miss Dunlap.

Western Maryland College, Westminster, Md.

March 25 '24

## Flying Squadron Visits U. B. H. S.

First Trip Is Crowned With Much Success.

Wednesday morning the Black and White Flying Squadron went to Union Bridge and spoke before the high school of that town. The Union Bridge high school is the first on the list of schools that the representatives of the Black and White Club expect to visit with their series of speeches concerning the advantages that Western Maryland offers to the high school graduate. The trip was extremely successful from every point of view. The school assembled at 9 A. M. and for three-quarters of an hour, the students listened to the speeches of the members of the Squadron, who set forth the many excellent points of college life on the hill.

### Edwards Introduces Speakers.

S. W. Edwards, as chairman of the Flying Squadron, on being introduced by Prof. M. D. Leister, opened the program with a general speech of introduction on the merits of Western Maryland, and then presented each of the following speakers. The first speaker was J. D. Makosky, who spoke on the social life at Western Maryland, stressing the associations that are formed, and the friendships that are cemented in college. He was followed by C. L. Trader who spoke upon student government, and the immense value of a college education which is possible for everyone to secure.

### Clayton Discusses Athletics.

Athletics was discussed by W. R. Clayton, who revealed the bright future for Western Maryland in the world of sport, and recounted some of her past exploits. G. M. Garrett won the hearts of his audience by his pleasing presentation of the merits and training afforded by the literary societies. C. E. Bish concluded the series with an enlightening talk on the curriculum at the college and the ranking of cost of attending Western Maryland. Prof. Wolfe, principal of the school, was most cordial in his welcome to the Squadron and his pupils were attentive and earnest listeners throughout the program. A distinctly favorable impression was created by the Flying Squadron, and this feeling will be furthered by Mr. Michael D. Leister, '23, who is teaching at Union Bridge in the departments of Chemistry, Biology and Physics. C. G. Warner, Pres. of the Officers' Club was active in distributing the Black and White newspaper, as well as catalogues to the pupils present.

On Wednesday, March 26th, the Flying Squadron will visit Mt. Airy, one of the largest high schools in the county, where an equally successful meeting is hoped for by the speakers and the college.

## Aloha Springs Big Contest

Black and White Picks Probable Winners In Popularity Classic.

Thursday morning Matthews, Benson and Dalton of the Aloha Staff, with a capable force of assistants, cleared the decks for action in Lewis Hall and the Popularity Battle was on. Here and there were excited lower-classmen with a ballot half marked, wondering who they should vote for in the remaining blanks. The Fresh, runner up, concocted a villainous scheme to elect a male member of the Soph Class as 'Most Ardent Lover,' but it is said that a Junior will win by a large majority. There was considerable query as to the Best Girl Athlete since no girl seemed to play both Varsity basketball and Varsity tennis. All in all the contest was a decided success, and was enjoyed hugely by the whole college.

### Black and White Picks Probable Winners.

The Black and White consulted a number of both men and women students and from the opinions given, selects the Most Popular Man from among Sillin, Chalk, and Trader, with Sillin probably a few lengths nearer the tape. The Misses M. Davis, Pitman and Thomas for Most Popular Woman, seem to run a neck-to-neck race, in which Miss Davis may touch the string 1/5 sec. ahead of the others.

For Best Clown among the men, Holt or Kelbaugh were without doubt the day's best bets, and dope from the women's gallery predicts Holt as being on the winning motorcycle. As for Best Clown among the women, Miss Isaacs, Miss Simpson, and Miss M. Davis entered as best on the ticket, tho' Miss Isaacs, says rumor, who was given a handicap of considerable distance, due to being in excess of the heavyweight entry limit, will increase her distance in the final laps and will probably win by a quarter mile.

The 'Most Ardent Lover' among the men lies among Kelbaugh, Messler, Ebb Ward and Len Price. Here the weather man is likely to fail in his predictions since Ward is expected to come thru on a landslide, while Price will not in the least be snowed under. The choice for Most Ardent Lover in the list of women eligibles, Misses Pickens, Baer and Ruley, present a most intricate aspect even to Aunt Ada herself, for in the Crystal Gazer's Ball, surrounding their better halves with most affectionate ministrations, are Miss Baer and Miss Ruley with Miss Ruley a tulip's diameter from first place.

Best Student among the men swims around W. R. Clayton, Grotton and Robert Ward with Clayton leading by a fast over-hand stroke, and Ward, a wave-crest in the rear, overhauling him by a speedy (Continued on page four.)

## Bird Lecture At Alumni Hall

Charles Crawford Gorst, Pleases College Assembly.

Mr. Charles Crawford Gorst, a renowned bird imitator and nature student, gave the college on Friday night, the benefit of his gleanings from nature-study in a remarkably interesting manner. Mr. Gorst started his evening program with a whistling solo, accompanied by Miss Harris at the piano. After several disrupting contortions of his physiognomy, Mr. Gorst settled into a pleasing presentation of his whistling song.

That nature has its grip on thousands that are not able to express themselves, in words, was evidenced by an observation of Mr. Gorst. His imitations of bird songs, accompanied by his own paintings of bird life, were very effective. Mr. Gorst said he has spent, on an average, three hours per day of his life in studying birds in their native haunts. He said that he has waited and practiced and called for hours at a time, while in uncomfortable positions. Patience has been the beauty that has crowned his accomplishments.

All of Mr. Gorst's imitations were accomplished by single and dual notes of the mouth and vocal apparatus.

In the call of the morning dove, for example, a combination whistle and throat call was used.

### LITERARY SOCIETIES SELECT CONTENTANTS Browning, Philo and Webster Decide on June Week Orators.

The Literary Societies at the college after heated preliminary contests have selected their orators for the June Week Intersociety Contests at Alumni Hall.

Philo has selected from a large number of contestants for this honor, the Misses Warfield and Pritchard with Miss Loudon as alternate, while her rival, Browning Society, rests confidently in knowing that her orators, the Misses Knauff and Massey with Miss Belle as alternate will adequately uphold her honor.

Webster Society basis its faith on Kelbaugh and Trader, with Benton as alternate. Irving has not as yet held its preliminary contest but in all probability will select her representatives from among Garrett, Bish, Trail, McKinnis, Lippy and Devillis.

### NOTICE!

Due to the Easter Vacation, the next issue of the Black and White will appear on

APRIL 15th.

### THE BLACK AND WHITE CLUB AND THE PAPER

Thruout the school there are a few students who confuse the newspaper with the Black and White club. Perhaps an explanation will serve to remove this misconception.

From the founding of the college up to the present time, the student body or the administration (probably both) failed to see the advantage of a weekly newspaper. There is no college in Maryland or the East of the size of Western Maryland which does not have its newspaper. The Black and White Club, realizing this, financed the first newspaper and asked the student body to respond. The student body did so, and nobly. Now, since the paper is financed and supported by the student body, with the exception of the outside subscribers, the Black and White is purely and simply the college newspaper, and not the organ of the Black and White Club, as some suppose it to be. The Black and White Club is, of course, interested in the welfare of the paper, but it does not dictate or suggest in any way what the policy of the paper shall be in regard to any matter concerning the welfare of the college, or as to what shall appear in the news or editorial sections of the paper. Therefore, the paper is the college newspaper, the news is that which concerns the college and the editorials are the views of the Editor. It is hoped that the college will make this distinction and that it will realize the Black and White is its paper, subsidized by no club or faction; a paper free to give its news, free to set forth its views, free to carry the fair name of Western Maryland thruout the United States.

### GOVERNOR RITCHIE ADVOCATES LOAN TO WESTERN MARYLAND

Would Cancel Further State Aid If Senate O. K's Bill.

In addition to two bills before the State Senate concerning Washington College, St. Johns, and Western Maryland, another is pending for a loan of \$125,000 to W. M. C., provided it raises an endowment fund of \$250,000 in addition to a like fund already raised. This bill, like the other—does not affect the State tax rate in the next three years.

Gov. Ritchie, in his speech to the Senate, as quoted in the Sun, said:

"Western Maryland College is by no means in the situation of the others, but I understand it is willing to surrender in the future its regular State aid of \$22,700 in exchange for this loan, and if this is correct the bill is certainly worthy of consideration on this basis.

"I do not believe that a better day's work could be done than turning the University Hospital and its allied schools back to private ownership, putting St. Johns and Washington College on their feet and relieving the State of future aid to Western Maryland College."

### MORE ACTIVITIES FOR CO-EDS

The Girls' Varsity Basketball team's record of this year surpasses the record of nearly every girl's team in the State having emerged triumphantly from a most difficult season, losing only one game. Now that basketball is over and tennis is a sport that only a limited few can participate in, the paper suggests the following activities for the earnest consideration of the girls. With the same amount of energy as displayed in the basketball season, and with the cooperation of the administration, girls activities will take another step forward.

#### A Girls' Rifle Club.

That will shoot against the girls' rifle clubs of Maryland University, Drexel Institute, and like institutions.

#### A Girls' Interscholastic Debate.

That will debate questions and carry on debates the same as the two men's societies.

#### A Girls' Interscholastic Debating Team.

Which will be the natural outgrowth of the interscholastic debates and will compete with debating teams of the larger colleges of the East.

#### A Girls' Varsity Tennis Team.

Which will meet teams from Goucher, Hood, Vassar, Bryn Mawr, Smith, and institutions of like standing.

#### A Girls' Glee Club.

To carry the spirit of W. M. C. into musical effort and accomplishment in a manner akin to the Jester organization.

### VAISITY SHOW PRESENTS

#### BIG PROGRAM

Entertainment at New Star Theater Drags Big Crowd.

On March 19 and 20 the Varsity Show was staged at the New Star Theater. Excellent pictures were shown, "If I Were Queen," on the 19th and "Columbus" on the 20th. The Glee Club program was well rendered each night. The orchestra played several popular numbers, while Coleman Melody, Stonestree and Price made the evening's hit with "Papa Loves Mama," a comic and well rendered duet. Hatch sang "Wildflower" very pleasantly, and Mrs. H. M. Kimmy, the Jester's gifted pianist and organist, was accompanist.

## OPEN FORUM

To the Editor of the Black and White:

The policy of the Black and White has been presented to us as a policy of boosting. We are supporting it as such. However, much indignation has been aroused among the members of J. G. C. by an article containing unjust criticism published in the issue of March 18.

The writer, or writers, of this article showed prejudice, absolute ignorance of facts and college initiations, and inability to grasp the viewpoint of the majority. We do not feel called upon to answer the numerous false accusations, since they are far-fetched and in no way pertain to the real spirit of J. G. C.

We uphold constructive criticism!

—Senior members of J. G. C.

My dear Mr. Editor:

As one outside the Black and White, I have taken a great deal of interest in the reactions wh. your articles, especially your editorials have had upon the public sentiment of the student body. I have noticed that every week some students have been pleased while others have been irritated. I myself, having not been in complete sympathy with all that has been published but I must say that I admire your precision of expression. It is natural that all that is said cannot please everyone, and I believe you feel that it is so intended, but so long as you let those taking offense at what is said, publish their views in the Open Forum, there should be no vehement verbal discontent. Criticism is always constructive when it aims at the destruction of that which is undesirable. After all, the real worth of a college paper lies in its ability to give to the student body material from which each individual can draw his or her conclusions. Therefore, do not let this bit of recent intimated sentiment change your course to that of a non-committal, side-stepping editor, but continue to state your views, in the same straightforward manner, striving of course to have them as representative of the majority as possible and you will bring much success to the Black and White.

—Interested.

This column is at all times for the use of any who may disagree with the views taken by the paper. As the organ of the college, it is the paper's purpose to publish the sentiment of the majority. Those who differ are earnestly invited to present their views to the student body by means of the Open Forum. It is by this means that the paper will accomplish the greatest good for all, and the staff heartily welcomes such letters.

The only responses to the lecturer's imitation of birds were to those of the jaybird, and bluebird which were recognized by Strayer, and Ritchie respectively.

## COLLEGE CHATTER

There is a plan on foot to establish an inter-fraternity club composed of students in the college who are fraternity men. The plan seems to be one of merit and since there are quite a number of fraternity men on the Hill a club of this nature would keep up the old associations and fellowships.

Alfred C. Rice, Jr., of the Junior class very skillfully and efficiently assisted the city fire department in its efforts to combat the flames which ravaged the magnificent home of Mr. Guy G. Steele near Westminster. Mr. Rice was on the job at the start of the fire, and, ascending the ladder to the roof, he played a hose from the chemical tank until forced to descend by the crumbling of the cornice above his head.

The Student Body is much pleased with the efficient efforts of the day force in so quickly clearing the walks and drives about the campus from their blanket of Friday's heavy snowfall.

Dr. North, Supervisor of Secondary Schools of the State, visited several of the departments at the college on Friday, expressing much satisfaction with the work he surveyed.

## At The Bird Lecture.

As the light failed, "Gip" was thrown in the spotlight. His return to attention was remarkable.

As the light failed (same one as above) ascending groans were heard from the chaperones.

When Prof. Schofield, in solemn tones and low, from out the piercing gloom reminded the audience that they were ladies and gentlemen, one sensed a general settling back.

## PEPPY PREPS CAPTURE GAME FROM W. H. S.

On St. Patrick's Day, at four o'clock, the Peppy Preps all journeyed to the Westminster High School's "little gym" to see their team defeat the Westminster Champions. Both teams put up a good fight and it is hard to pick the star of either team. When the final whistle blew the Preps were declared the winners, by a score of 23-17.

Line-up:  
Preps  
Engle  
Bishop  
Stevenson  
Lohrtnick  
Bevard  
Willis  
W. H. S.

## JESTER CLUB ANNOUNCES SCHEDULE

The Jester Club this year, embodying many new and splendid features, will entertain in St. Michaels, Crisfield, Pocomoke City, Berlin and Denton, and probably Baltimore on Saturday, April 5th. The first performance is at Silver Run, Md., on Wednesday, March 26th, and this initial workout is expected to key the Jesters up for their big trip down the Eastern Shore.

As for special features this year, Winters and Chalk, veterans of two years standing, get together for a specialty act. A one-act play enhances the performance and adds a spiciness to the whole entertainment. The Double Quartette, Quartette, and Orchestra round out the program with many popular and classical selections. Miss Elizabeth Diffendall makes the piano weep for the orchestra, and Mrs. H. M. Kimmey, director, accompanies the other musical numbers.

## Hosts Asked To Send In Names.

All students and others who have expressed a willingness to act as hosts to the Jesters, are asked to communicate immediately with Graduate-Manager Schofield, or Manager Ogburn so that they may complete all final arrangements for the Spring trip.

## HARFORD COUNTY CLUB BLOOMS WITH SPRING

President Elmer K. Chandlee, after much concentrated effort was at last successful in arousing the members of the Harford County Club from their annual mid-winter sleep on Saturday night when the club met in pretty Parlor, with everybody looking their prettiest. The Robins sang. Woodford, first assistant to the Pres, wheeled in a member or two who arrived late due to the fact that one Wheel was off the Jordan, and it was consequently Terrell-by Rickey, and not many were able to Pyle on. Archer was a bit lost in the scramble for the piano and cries of "Baker eader, he did," echoed throughout the parlor.

A short business meeting was followed by a card party of four tables in which the quartets were wheeled around twice.

The Refreshment Committee, Misses Pyle, Wheeler, and Terrell served sandwiches and cocoa, after which the meeting closed with music and songs. Miss Eader, and Messrs. Harris and Baker were the guests of honor of the 16 members present.

The next meeting is scheduled for Friday 11th, and the club will reveal some interesting facts about the hitherto unknown history of Harford county.

## Bachelors' Club Gives Hop

### Opening Dance Is Brilliant Affair.

The Bachelors' Club held its opening hop in the Firemen's Hall on March 28th. The committee on arrangements consisted of Raars, Winters and Price and due to the whole club's co-operation and untiring efforts the hall was most artistically decorated in blue and white, the club colors. American Beauty buds, another symbol of the organization were worn by the club members, and given to the guests present. The dance was immensely enjoyed by everyone present and the "Bachelors" are very much pleased with the brilliant success of their first Terpsichorean affair.

This was the first public announcement of the Bachelors' Club, which was organized on February 11, 1924 with a purpose of developing a better fellowship and a higher scholastic standing among its members. The club has been approved by members of the faculty and hops to have the co-operation of the other clubs and the student body in the future. The members are: Byham, President; Galloway, Vice-President; Stanley, Treasurer; Price, B. W. Secretary; Bender, Bona, Bratt, Clark, Clayton, E. R., Earhart, Flaherty, Flannigan, Phares, Reed, Stewart, L. Stonesifer, Strain, Strayer, Warner, Winters.

## RIFLEMEN SHOOT IN HEARST TROPHY Team Completes Successful Season Under The Leadership of A. A. Darby.

The sharpshooters of Western Maryland have just completed a most successful season, showing particularly marked improvement over the work of last year's team. The team was victorious in four out of eight matches competing against such colleges at the U. of Pennsylvania, V. M. I., Boston Tech., and others of equal standing. T. W. Trice, manager of the rifle team, organized a schedule which was the most difficult any Western Maryland team has ever faced. The coaching of Capt. H. D. Gibson, the new assistant P. M. S. and T., was a large factor in the success of the team. In the last two big matches, the Third Corps Area shoot and the Hearst Trophy, the team made a creditable showing against a large field of competitors.

The Hearst Trophy contest has just been completed, and concluded the season for the sharpshooters. Capt. Darby, Baker, Trice, Taylor, Ashburne, Sillin and D. Price were the participants in this meet. Darby and Ashburne were the high scorers, while D. Price, Sillin and Trice also shot accurately.

President Ward and Dean Schofield attended the inauguration ceremony of President Titworth at Washington College, Chestertown, on Thursday. Dr. Ward delivered a short address, welcoming the new leader to Maryland educational circles.

## Jesters Entertain On Shore

### Glee Club Meets Great Success in Baltimore And On The Eastern Shore.

The Western Maryland Glee Club, better known as the "Jesters" met with marked success in their trip on the Eastern Shore and in Baltimore. The entertainment was of the highest type, and much favorable criticism was heard both on the shore and from closer sources. The entertainment was made up of music by single and double quartets, several specialty acts, a petrified parade, orchestra music and a play. The Jesters visited St. Michaels, Crisfield, Pocomoke City, Berlin and Denton on the shore and played in Baltimore the Saturday night before leaving for the land of oysters, fish and stringers.

Too much credit cannot be given Mrs. M. T. Kimmey and Miss Elizabeth Diffendal, who, although in no way connected with the college, accompanied the organization and aided materially in making the performances such pronounced successes. This is the second year Mrs. Kimmey has lent her valuable assistance to the Jesters. Prof. S. B. Schofield, faculty adviser, R. L. Osburn, business manager, and Coach D. K. Shroyer, who handled the advertising, also contributed to the ultimate success of the trip by their untiring and persevering efforts in conducting the preliminary practices and also in mapping out and managing the trip while en route.

### Price and Stonesifer Star.

The singing acts of Hatch and Wilson, who got together in various selections and Price and Stonesifer who sang "Papa Loves Mama" seemed as well received as any offering. The parade of the Wooden soldiers with wooden soldier C. G. Warner Sheridan in command was also productive of much applause. The Jester orchestra was also liked by everyone. The program follows:

In An Old Fashioned Town, Double Quartette and Chorus; Blue Hoozier Blues, Double Quartette and Chorus; That Whistling Lullaby, Single Quartette; Oh! Uncle Moon, Single Quartette; Mama Loves Papa, Price and Stonesifer; African Dumbness, Chalk and Winter; The Parade of the Wooden Soldiers, Wooden Soldiers; Intermission; Three Wishes—A Comedy In One Act; Carney, D. E. Price, Simpson, B. W. Price; Bucks, T. J. Winter; Jim, J. M. Shalk; The Lieutenant, C. G. Warner; Place—A Soldiers' Rest Hut, Somewhere in France, Selections, Hatch and Wilson; The Shell Man, Single Quartette; The Bells of Shandon, Single Quartette; Sleep, Jester Orchestra; The World is Waiting for the Sunrise, Double Quartette; Davie Jones; Double Quartette; Down in Maryland, Chorus; Alma Mater, Chorus.

## Terrors Win Initial Encounter

### Lack Of Practice has its Effects On General Work Of Team.

The Terrors officially opened their season Saturday by a comparatively easy win over the Maryland State Normal School of Towson. The game itself was a comparatively fast one, in spite of the fact that inclement weather has limited the Terror team to three days of real practice.

The team which Coach Shroyer sent on the diamond was essentially the same as represented the Green and Gold in 1923. Byham, a newcomer started on the mound for the Terrors and after a poor start in the first inning had things his own way until relieved by Merrill at the beginning of the fourth inning. Both Merrill and Matthews, who followed him, had things entirely their own way, and merely took it easy because of the fact that it was their initial performance. Artigiani, on the receiving end of the battery, showed excellent form, as his headwork and throws were done in Major-league fashion. Clark, who relieved him at the beginning of the seventh, showed that he has lost none of his prowess from the 1923 campaign. "Fats" was, and always is, in the game to the last ball.

The 1923 infield was intact with the exception of third base where Kelbaugh filled in very well for the experience he has had. The remainder of the infield, Matthews at first, Galloway at second, and Garrett at shortstop, made several errors of commission and omission, but all will be smoothed out with intensive practice. However, the work of Matthews, who is the most consistent first baseman the writer has seen around local diamonds, and of Capt. Galloway, was of the highest order at all times.

The outfield of Long, Groton and Sillin put up a fine offensive and defensive game. Taylor, Reed and Weigle, who relieved these outergardeners, cavorted in approved fashion. The score follows:

	AB	R	H	O	A	E
Galloway	2b	5	2	1	3	4
Garrett	ss	4	1	1	2	3
Artigiani	c	4	1	2	9	1
Clark	c	0	0	0	1	0
Matthews	1b-p	4	0	1	3	1

Charles E. Bish	Business Manager

### COMMENCEMENT

In the Open Forum of a recent issue will be noted a letter bearing on the Commencements. The fact is thereon stressed that heretofore, commencements have been drab, dull affairs, with a striking lack of color or gaiety, or the bubbling spontaneity that should especially mark June Week. A remedy is set forth by this interested alumnus, and the student body is asked to consider the matter sincerely.

The statements are worthy of consideration. Gaiety, freedom and color have been lacking. June Week is not a solemn occasion, though it is one of some dignity. Alumni tell of fearful partings and the sadness that marked their commencements. This must be changed. The college is distinctly proud and respectfully admiring of its Senior Class. June Week is primarily their week. They want their week a time of beauty and wholesome fun; their parting, one of happiness and joy.

A dance, a theatre party, a banquet, a musical entertainment, a lawn party, a picnic, and a reception ought to form part of commencement week, as well as the Baccalaureate sermon, and the inter-society contests. Thus the Senior Class would know that the college is honoring them and contributing much toward making their week one of pleasure and enjoyment.

It is not too early, therefore, to ask that the student body plan to make June Week the happiest in the history of the institution and to give the Senior Class the most enjoyable time of its four years on the hill. It is sincerely hoped that the administration and the student body will fall in line in helping to make 1924 June Week the most wonderful commencement time in the history of Western Maryland College.

### BOOST BASEBALL

Western Maryland has the most enthusiastic squad out for the ball team this year ever. Every student and faculty member should attend all the games, and boost the team in every possible way. There was plenty of pep for football. There can be the same spirit and pep for baseball. Therefore, let every one rally to the support of the team, and make this year's season a great success.

## FLYING SQUADRON VISITS MT. AIRY Western Maryland Representatives Speak In High School Auditorium.

On the Wednesday before Spring Vacation the Black and White Flying Squadron visited the Mt. Airy high school and presented the advantages of Western Maryland to a large and receptive audience. Mr. J. Keller Smith, principal of the Mt. Airy school and Prof. McBride combined efforts in making the members of the squadron feel at home, and although both are graduates of the U. of Maryland, heartily endorsed the ideas and statistics presented by the squadron. The speakers were J. D. Makosky on Social Life; C. L. Trader on Student Government and R. O. T. C.; W. R. Clayton on Athletics; G. McD. Garrett on Societies; C. E. Bish on Curriculum. S. W. Edwards as chairman, introduced the speakers and presided over the meeting. The next two high schools to be visited by the Flying Squadron are Hampstead and Taneytown. Plans are under way to go to Frederick and present Western Maryland to one of the largest high schools in the state.

Varsity. Greater "Y" activity has characterized the religious side of college life. These and many other progressive steps have come in the progress of the year 1923-24. Can the year 1924-25 be a much greater success? With the co-operation of all the student body it will be.

## C. E. BISH ADDRESSES Y. M.-Y. W. C. A. Sunday Afternoon Service One Of Best This Year. Miss Spedden Sings.

Before an earnest audience in Smith Hall on Sunday afternoon, Charles E. Bish delivered a well-conceived and highly interesting address. His thoughts were the outgrowth of many talks with his friend Mr. Te Ming Koo when both were students at J. H. U. Summer Session 1923.

Mr. Koo, a Chinese Government student from Peking, is now at Harvard taking his doctor's degree in Economics. Mr. Bish's talk stressed the increasing philosophy concerning religion, creeds, world politics and society from the viewpoint of an educated Chinese. Mr. Bish summed up his address by saying: "Among the many things we can learn from the philosophy of Mr. Koo is our inability to appreciate the relationships between a man and his environment."

Miss Anita Spedden rendered a beautiful solo in a most pleasing manner which delighted those present, with Miss Gertrude Jones, pianist, accompanying her.

(Perhaps one of the reasons why joint meetings have been so little attended in the past has been the lack of addresses possessing the vitality and worth of the talk of Mr. Bish. Addresses concerning Bible characters are worthwhile, of course, but the close, living contact that a man has with a subject in his experiences will have a vital force the other type necessarily lacks. The program committee can well consider this in future meetings.—E. L. Note)

## OPEN FORUM

To the Editor:

We the new members of J. G. C. feel that we have been entirely misunderstood by a number of the students. Evidently some people know less about this organization than we gave them credit for knowing. In dispute, despite the fact that our looks may have suggested this. It is true that one of the girls lost a tooth, but taffy can be proved as the cause of this and not J. G. C. The illness of our dean had nothing to do with the affair at all, for there was a competent member of the faculty in charge and the dean had been consulted about the initiation before her illness. Furthermore we feel that it takes more than a change of the coiffure of the hair or the prohibition of drug-store complexion to destroy or even harm in the slightest degree true womanhood. If we "polluted the campus" we are sorry, but we know and sincerely hope that others after us may know that J. G. C. does mean something.

Katherine M. Richards.

To the Editor of Black and White:

I have been reading the Black and White with much interest, and somewhat but I was very sorry to see, this week, the very severe criticisms on J. G. C. Being a member of that organization I feel it my duty to protest to him from such remarks.

Of course J. G. C. means nothing to those who have not been seniors, but why ridicule it when it is the only organization of its kind on the hill, and it is the only privilege the girls have that the boys have not? I was not present for the last initiation and so do not know exactly what went on but I have a pretty good idea, and I don't suppose it was any worse than when I was initiated because the same criticisms were made there but not so publicly. I am sure if you go to 15 other colleges you will see fraternities making exhibitions even more foolish than J. G. C. ever made; why ridicule us for what is going on everywhere? You say in the future you hope J. G. C. will be more honorable and worthy, well, I suppose you admit that a carpenter can't work without tools, neither can J. G. C. progress without material with which to progress. It has been the dream of many members to organize it more consistently and have regular meetings. The only time we can have meetings is in the spring or fall when it is warm enough to go up in the tower. We do have meetings it isn't very pleasant to have to keep some one on guard at the windows on protection against the boys. Who ever succeeded in anything without someone's co-operation? How can J. G. C. be successful without the co-operation of the student body and faculty? If meetings were held in the dormitories there would be absolutely no secrecy, due to the curious ones. Can we do more than we have under these circumstances?

I wish the Black and White would give its advice in some other way than by criticizing, then may be its suggestions or ideas would be more heeded. The writers of J. G. C. do mean something to me, even though I am far away I am always for protecting its rights.

Charlotte Gough, Clinton, Md.

### COLLEGE CHATTER

The college is glad to welcome the return of Miss Robinson to the hill again, and to know that she has recovered and is able to resume her duties as Dean of Women.

The airplane view of the college taken before the Easter vacation can be seen at the office of the Editor. It will be an interesting innovation and add much to the new Aloha.

The Black and White Prize letter contest closes on April 25th. All letters must be handed into the committee on that date. See the issue of March 11th for details. Write your letter NOW! You can win \$5.00.

Sillin, Hines, and P. Stevens called on the "Governor" at Annapolis. The "Governor" asked Sill if he came from this country. Sill replied: "No! I come from Ohio." Stevens was of course, much interested in the welfare of the "Governor's" daughter. Hines was still the Shiek as per usual.

On the Jester trip on the Eastern Shore Stonesifer, Stewart and B. Ward repaired the canvas a-top "The Covered Flivver." Stonesifer visits the jail through compulsion and sees the "Handwriting On The Wall."

On Wednesday after Easter, Stanley Jones, Prof. of Education in Lucknow University, India, will speak in the "Y."

Trader, Bish, Kelbaugh and Betton visited the J. H. U.—U. of Richmond debate at the C. E. building at Homewood on March 25th. The Virginians were the victors, and the question concerned the entry of the U. S. into the World Court.

The Quality Shop of Baltimore displayed new Spring wear in the "Y" club room on Thursday.

Profs. Woodhead and Sanders engineered a collecting trip for the Senior class in Biology on Wednesday. Much interesting and valuable material was gathered. The Biology department has been working on a complete classification of the flora and fauna of Carroll county and a few years will see this classification completed. Charts and maps with a catalog of both plants and animals are nearing completion.

The Library will very shortly receive a very valuable gift of about fifty standard works on Botany. The collection is valued at several hundred dollars and will add a much needed shelf to this science. The collection was formerly the property of Dr. W. Ralph Jones of Johns Hopkins and is presented to the college through S. W. Edwards.

### Turn defeat into victory

Don't let your courage fade,  
And if you are handed a lemon  
Just make some lemonade.

When days go wrong, remember they are not self-starters.

She—"Isn't that porch light dim?"

He—"Well, it has quite a bit of scandal power."

Gent—"Is there any soup on this bill-of-fare?"

Waiter—"There was but I wiped it."

### W. W. CLUB SELECTS NEW MEMBERS

Eight Girls of Lower Classes Join Junior Girls' Organization.

Friday and Saturday the W. W. Club conducted its initiation. Four girls of the Freshman class have been selected by the progressive and business-like organization of the Junior girls. All day Friday the young ladies appeared uniformly and becomingly garbed in spotless white, with ribbons of scarlet and silver, the club colors, pinned on their sweaters. The girls presented, both individually and in group, a picture remarkably contrasting with another initiation scene no less faded from the memory of College Hill.

Saturday evening the real festivities were carried on in McDaniel Hall. What transpired during the evening is unknown, but the absence of all disorderly yelling and thudding paddles was remarkable but appreciated by the masculine ear. A pleasing but beautifully impressive ritual service marked the admission of the newly selected members of the W. W. Club.

The girls chosen by the Junior organization to perpetuate the name of the W. W. Club and to carry on thru college life its ideals and principles are the Misses Hazel Bratt, Maud Brown, Bessie Hayman, Emily Jones, Virginia Pittman, Anita Spedden and Virginia Wheeler and Ruth Jones.

### CHRISTIAN ASSOCIATIONS ELECT

The Y. M. C. A. has elected the following officers for the ensuing year: Hudgins, President; Trader, Vice-President; Groton, Secretary; Day, Treasurer; Wooden, Pianist. President Hudgins has named the following committee chairmen: Membership, Reed; Bible, Betton; Handbook, Newnam; Social, Garrett; Jail, D. Price; Interclass Activity, Groton; Devotion, Grapen; Musical Director, Hatch; Finance, Wilson; Vocational Guidance, Burkins; Prep School, Gruber.

The "Y" will send delegates to the State Officer's Training Conference at Blue Ridge College the first week in May and also delegates to the conference at Silver Bay, N. Y.

### Theological Association Elects.

The Theological Association elected at its last meeting the following new officers: Burkins, President; Gruber, Vice-President; Bowers, Secretary; Grippen, Treasurer.

### Y. W. Elects Cabinet.

The Y. W. C. A. has chosen Miss Loudon as the new President, and Miss Strange as Vice-President. The Cabinet further includes, Miss Ruley, Secretary; Miss Owings, Treasurer, and the following committee chairmen: Religious Meetings, Miss Richards; Social, Miss Pittman; Pianist, Miss Gentrade Jones; Sales, Miss Brown; Publicity, Miss Finkb'ne; Hall, Miss Hayman; Social Service, Miss Dryden; World Fellowship, Miss Hite. Miss Loudon is planning many new features for next year and under the combined leadership of the new leader and Miss Strange, the Y. W. will do much to create and further a stronger, better religious atmosphere at the College.

### Sweets!

She was just as sweet as honey, so he met her.

### Came Out Like A Ribbon.

"Now I've got you in my grip," hissed the villain, showing his tooth paste into his valise.

### COMMENCEMENT

In the Open Forum of a recent issue will be noted a letter bearing on the Commencements. The fact is there is stressed that heretofore, commencements have been drab, dull affairs, with a striking lack of color or gaiety, or the bubbling spontaneity that should especially mark June Week. A remedy is set forth in this interested alumnus, and the student body is asked to consider the matter sincerely.

The statements are worthy of consideration. Gaiety, freedom and color have been lacking. June Week is not a solemn occasion, though it is one of some dignity. Alumni tell of joyful partings and the sadness that marked their commencements. This must be changed. The college is distinctly proud and respectfully admiring of its Senior Class. June Week is primarily their week. They want their week a time of beauty and wholesome fun; their parting, one of happiness and joy.

A dance, a theatre party, a banquet, a musical entertainment, a lawn party, a picnic, and a reception ought to form part of commencement week, as well as the Baccalaureate sermon, and the inter-society contests. Thus the Senior Class would know that the college is honoring them and contributing much toward making their week one of pleasure and enjoyment.

It is not too early, therefore, to ask that the student body plan to make June Week the happiest in the history of the institution and to give the Senior Class the most enjoyable time of its four years on the hill. It is sincerely hoped that the administration and the student body will fall in line in helping to make 1934 June Week the most wonderful commencement time in the history of Western Maryland College.

### BOOST BASEBALL

Western Maryland has the most enthusiastic squad out for the ball team this year ever. Every student and faculty member should attend all the games, and boost the team in every possible way. There is plenty of pep for football. There can be the same spirit and pep for baseball. Therefore, let every one rally to the support of the team, and make this year's season a great success.

## FLYING SQUADRON VISITS MT. AIRY Western Maryland Representatives Speak In High School Auditorium.

On the Wednesday before Spring Vacation, the Black and White Flying Squadron visited the Mt. Airy high school and presented the advantages of Western Maryland to a large and receptive audience. Mr. J. Keller Smith, principal of the Mt. Airy school and Prof. McBride combined efforts in making the members of the squadron feel at home, and although both are graduates of the U. of Maryland, heartily endorsed the ideas and statistics presented by the squadron. The speakers were J. D. Makosky on Social Life; C. L. Trader on Student Government and R. O. T. C.; W. R. Clayton on Athletics; G. McD. Garrett on Societies; C. E. Bish on Curriculum. S. W. Edwards as chairman, introduced the speakers and presided over the meeting. The next two high schools to be visited by the Flying Squadron are Hampstead and Taneytown. Plans are under way to go to Frederick and present Western Maryland to one of the largest high schools in the state.

Varsity. Greater "Y" activity has characterized the religious side of college life. These and many other progressive steps have come in the progress of the year 1923-24. Can the year 1924-25 be a much greater success? With the co-operation of all the student body it will be.

## C. E. BISH ADDRESSES Y. M.-Y. W. C. A. Sunday Afternoon Service One Of Best This Year. Miss Spedden Sings.

Before an earnest audience in Smith Hall on Sunday afternoon, Charles E. Bish delivered a well-conceived and highly interesting address. His thoughts were the outgrowth of many talks with his friend Mr. Te Ming Koo when both were students at J. H. U. Summer Session 1923.

Mr. Koo, a Chinese Government student from Peking, is now at Harvard taking his doctor's degree in Economics. Mr. Bish's talk stressed the interesting philosophy concerning religion, creeds, world politics and society from the viewpoint of an educated Chinese. Mr. Bish summed up his address by saying: "Among the many things we can learn from the philosophy of Mr. Koo is our inability to appreciate the relationships between a man and his environment."

Miss Anita Spedden rendered a beautiful solo in a most pleasing manner which delighted those present, with Miss Gertrude Jones, pianist, accompanying her.

(Perhaps one of the reasons why joint meetings have been so little attended in the past has been the lack of addresses possessing the vitality and worth of the talk of Mr. Bish. Addresses concerning Bible characters are worthwhile, of course, but the close, living contact that a man has with a subject in his experiences will have a vital force the other type necessarily lacks. The program committee can well consider this in future meetings.—E. J. Note)

## OPEN FORUM

To the Editor:

We the new members of J. G. C. feel that we have been entirely misunderstood by a number of the students. Evidently some people know less about this organization than we gave them credit for knowing. In part of our initiation was cruelty introduced, despite the fact that our looks may have suggested this. It is true that one of the girls lost a tooth, but taffy can be proved as the cause of this and not J. G. C. The illness of our dean had nothing to do with the affair at all, for there was a competent member of the faculty in charge and the dean had been consulted about the initiation before her illness. Furthermore we feel that it takes more than a change of the coiffure of the hair or the prohibition of drug-store complexion to destroy or even harm in the slightest degree true womanhood. If we "polluted the campus" we are sorry, but we know and sincerely hope that others after us may know that J. G. C. does mean something.

Katherine M. Richards.

To the Editor of Black and White:

I have been reading the Black and White with much interest for sometime, but I was very sorry to see, this week, the very severe criticism on J. G. C. Being a member of that organization I feel it my duty to protect it from such remarks.

Of course J. G. C. means nothing to those who have not been seniors, but why ridicule it when it is the only organization of its kind on the hill and it is the one privilege the girls have that the boys have not? I was not present for the last initiation and so do not know exactly what went on but I have a pretty good idea, and I don't suppose it was any worse than when I was initiated because the same criticisms were made then but not so publicly. I am sure if you go to 15 other colleges you will see fraternities making exhibitions even more foolish than J. G. C. ever made; why ridicule us for what is going on everywhere? You say in the future you hope J. G. C. will be more honorable and worthy, well, I suppose you admit that a carpenter can't work without tools, neither can J. G. C. progress without material with which to progress. It has been the dream of many members to organize it more consistently and have regular meetings. The only time we have had meetings is in the spring or fall when it is warm enough to go up in the tower. When G. C. do have meetings it isn't very pleasant to have to keep some one on guard at the windows on protection against the boys. Who ever succeeded in anything without someone's co-operation? How can J. G. C. be successful without the co-operation of the student body and faculty? If meetings were held in the dormitories there would be absolutely no secrecy, due to the curious ones. Can we do more than we have under these circumstances?

I wish the Black and White would give its advice in some other way than by criticizing, then may be its suggestions or ideas would be more beneficial. The letters I am far away I am always for protecting its rights.

## W. M. Starts Spring Football

Candidates Hold Daily After-supper Practice.

Western Maryland started spring football practice yesterday. Practice will be held daily from 6:30 to 7:30 P. M., and all Freshmen and Varsity men from last year's team. Seniors excepted, will be included in these daily workouts.

The workouts will include falling on the ball, passing, kicking, wrestling, running hurdles and dashes. Some little time will be spent in signal drill. However practically all the precious will be spent in the teaching of fundamentals. Practice will continue three weeks and at the end of this period a field day will be held and competition staged in each branch of fundamental football.

The Senior coaching class will also be required to attend these practices. This coaching class is composed of college Seniors who are planning to go into the High Schools as teachers and coaches. They will be instructed and given practice in all branches of athletics.

Baseball practice from 4 to 6 and football practice from 6:30 to 7:30 will keep the Green Terror athletes on the jump, many men being out for both of these sports. The baseball pitchers who are all football men are the only players excused from this practice.

## DEBATERS TO MEET ELIZABETHTOWN

First Intercollegiate Debate On Friday Will Be Dual Affair.

On Friday the negative debating team of Betton, Trader and Day, with Edwards as Business Manager, will journey to Elizabethtown College, Elizabethtown, Pa., to meet the affirmative team of that institution, while the affirmative team of Bish, Kelbaugh and Garrett will debate the Pennsylvania's negative team at Smith Hall on the same evening.

Kelbaugh, Garrett and Bish, are a strong team and under the leadership of Mr. Bish, who has represented Irving for three years, a splendid debate is assured the college. The team invites the student body, faculty and townspeople to hear the debate, the question being "Resolved, that the U. S. should enter the World Court as now constituted."

Trader, Day and Betton should also show up well in the debate at Elizabethtown as Betton and Trader have been on the society debating team for three years.

Elizabethtown has an extremely strong team, having defeated a number of colleges on this same question. The question is new to Western Maryland debaters, who however, have been working hard, and will undoubtedly make a good showing.

## Interclub Council Forms

New Movement to Promote Harmony in The Various Clubs.

The Western Maryland Interclub Council now in the process of formation, has as its purpose the unifying and facilitating of that part of each club's work that is for the advancement of the college.

The plan is to have one member of each club on the council and that member shall have one vote. Only clubs having constitutions will have representatives in the council.

The council will make plans for the rushing season next year; will seek to carry on a forward movement toward certain aims which each club is looking toward, and will seek to promote the best interests of all clubs and the college as a whole. It is not intended that the council will exercise any authority over any matter personal to any club.

It is also planned that the council will do a big work in promoting harmony between the different clubs and the college as a whole. It is given its earnest and thoughtful consideration.

## W. M. SENDS ORATOR TO ST. JOHNS

Homer Richmond Who Represented W. M. In 1923 To Go To Annapolis.

One of Western Maryland's foremost orators, Homer Richmond, of the Senior class, will go to St. Johns College, on Friday night to represent the college in the state oratorical contest. The contest is held this year at Annapolis and Dr. Willis of the English Department and Miss Lease of the Speech Department will probably be in the audience.

Mr. Richmond has won much honor since his entrance into the college four years ago and besides having represented Western Maryland on the Intercollegiate oratorical contest in 1923, he has appeared in the June contests several times. In the Inter Society debates, is one of the best actors in the college, having prominent parts in the college plays of the last two years.

Western Maryland can feel herself safe in being so ably represented and the whole college hopes that he, one of her notables on the campus, may bring home the bacon.

## FLYING SQUADRON VISITS TANEYTOWN

Western Maryland Representatives Speak in High School Auditorium.

On Wednesday the Black and White Flying Squadron visited the Taneytown high school and presented the advantages of Western Maryland to a large and appreciative audience. Prof. Hunsberger, the principal, and Miss Naomi Royer, combined efforts in making the members of the squad-

(Continued on page four.)

## Terrors Defeat Loyola College

Jesuits Fail To Hit Or Score. W. M. Wins Easy Game.

The Loyola College nine proved the second victim of the season for the W. M. C. terrors when the Terrors shut out the priests by the score of 11 to 0.

One of the fickle twists of baseball was rung up against the Baltimore boys. Coach Shroyer sent three pitchers to the mound and each turned the Jesuits back without a hit or run. Byham started on the turtle-back and the Green and Gold boys rolled up a seven-run advantage before Merrill took up the burden.

Merrill Repeats Stunt.

Merrill repeated Byham's stunt for three innings and then Dorsey polished off a perfect day by checking the invaders in the final frame.

Artigiani and Dorsey grabbed off the honors with the win, when the big catcher connected for a double and Dorsey slammed out a triple, the two hits netting a total of four runs.

Run Wild On Bags.

The Western Marylanders romped wild on the bags plifering eight, while the snappy fielding held the Baltimoreans without a base to their credit.

### STUDENT GOVERNMENT

Student government at the college has progressed tremendously in the past few years, and future years will find a student body living up to the ideals of this type of government. President Trauer of the Men's Student Council has this to say: "I find that there has been less work of a corrective nature for the council to do this year than in previous years." This is a praiseworthy advance indeed. The Women's President of the Women's Council has, with a few exceptions, found respect for the adherence to its laws and ideals.

The Men's Council, when it has punished offenders, has been too lax in its methods. Severe punishment causes a cessation of misdemeanors; slight punishment never corrects a fault. The Women's body, according to reports, has been hampered by being called upon to handle a great many petty and trivial offenses that should be overlooked. It has been further hampered in its work, and consequently has suffered, by the tainting of a few "informers." College life cannot permit the use of woman suffrage to authority with tales of offenses committed by members of the student body. However, an honest, sincere student should seek to bring to justice anyone who has committed a grave offense that hurts the college. The student body can permit no "detectives." The two student councils, themselves, frown upon these "misinformed informers."

May the student councils strive toward a higher goal in the coming year, and let their work be even more commendable than that of the year 1923-24. There is an ever-increasing respect and dependence upon self-government. May the trivial misdemeanors of college life, therefore, be treated as such, and the grave offenses be handled accordingly. Thus student government will become a greater factor in the lives of the students of Western Maryland.

### FROSH EMERGES FROM RILES WITH SOUND BODIES

Thursday night the freshmen put away their little caps and their company manners, and gathered around the old bon fire. An extremely interesting and highly amusing program was presented by the Frosh, and appreciated by bystanders and window gazers alike. The program embraced quartet selections, a multifarious demonstration by "Sheik" Unger, and dissertations on important topics by Start and Dooley. The Frosh were attractively gowned and presented a very pleasing spectacle. Many of the on-lookers seemed to divide their attention between the Frosh and the dimly visible dormitories, from the windows of which floated dimly remembered. Even Prof. Schofield seemed distracted.

### NEWS IN THE CLUBS

The Bachelors' Club showed a fine spirit in boosting the college when on Friday noon after lunch it presented the whole student body and faculty with baseball schedule folders, containing a list of the games for this season and a place for each game's scores. It bears the words "Compliments of The Bachelors' Club."

The Capitol Club in seeking to co-operate with the Y. M. C. A. in boosting the inter-class baseball games, has offered to the class team winning the most games in the series the prize of a silver loving cup.

The Black and White Club has placed placards at various places on the campus to assist in the general "Clean Campus Campaign," and asks the student body to co-operate in keeping the campus in an attractive condition.

Announcement—The original eleven of the J. U. G. Club, Misses Pritchard, Richardson, Stubbs, Barclay, Benson, Fisher, Lawyer, McWilliams, Robinson, Todd, Turner, welcomed, Thursday night, as sisters into the club, the Misses Pauline Palmer Chambers, Mary Louise Crossman, Elizabeth Jane Diefenbach, Ruth Wentzell Harryman, Virginia Hastings, and Florence Amelita Messick.

The W. W. Club very tastefully and skillfully decorated Baker Chapel for the services on Easter Sunday. In each of the two large windows was placed a candle, flanked by two hyacinths. Beside each hyacinth was a large, decorative fern. A beautiful vase of Easter lilies adorned the chancel. After the services, the club sent a part of the flowers to Miss Cairnes of the Senior class who is recovering from an illness at the president's residence, and sent the rest to the M. P. Church Home.

### FREDERICK COUNTY CLUB ENTERTAINS AT CARDS

On Saturday night at 7:30, the Frederick County Club, of which Roger P. Culler is president, met in the college parlors to enjoy an evening of social conversation and cards.

Plans were made for a picnic sometime during the month of May. The refreshment committee served delicious cocoa, fruit salad and cakes. About eighteen guests and members were present.

### PREPS DEFEAT FRANKLIN HIGH SCHOOL

Wins First Game On Difficult Schedule By Score of 14-0.

On Wednesday the prep baseball team defeated the strong Franklin High School nine of Reisterstown by a score of 14-0. The Baltimore county aggregation came to the college diamond expecting to carry away an early victory, but the lower school nine walked away with a snappy score, shutting out the high school. The preps showed up well and are confident of doing good work throughout their season.

## OPEN FORUM

Dear Mr. Editor:

Perhaps my letter may be a bit different from the letters heretofore published in the Open Forum, but I am sure that it is just as well meant as the rest. I have been having much trouble with my heart lately, and tho' I am but a Freshman, my symptoms are somewhat perplexing. This is my case: I went to parlor a few times but the atmosphere of the place was not conducive to my making progress—I then began to walk around a bit, with the young lady in question on the campus but she caught a cold from the recent snows. Now a Seminole has put in appearance and I am mentally unbalanced as to the probable outcome... (deleted by censor). What in the world shall I do? —D. A. M.

Dear Fresh: We do not conduct an Aunt Ada's column and because of this are sorry not to be able to comply with your request. However would advise you to stop "daydreaming" until you reach the ranks of the dignified Seniors. In the meantime take courage, for spring onions will soon be served in the dining room.

Dear Mr. Business Manager:

I have been receiving a copy of the enterprising journalistic effort so ably piloted by Messrs. Edwards and Co.

I feel it is now in order for me to give it a testimonial as to my feelings toward the infant weekly, and what it has meant in my young life. In helping me on the "Bigger and Better" thing; in fact, some of its snappy phrases have lifted me to Mountain tops of joy, and its more serious passages have served to bring me back to Terra cotta with a resounding thud.

The arguments in the open forum and the editorial come-backs are very interesting and what the institution needs. Our local sheet is handicapped for this reason which seem to have avoided from the start. Nothing is allowed to go into it except self-satisfactory stuff. For example, a rotten play or lecture gets a glowing write up. They think that to tell the truth would reflect on the institution; to discredit it in the eyes of those who donate to its financial upkeep.

I hope that the editor will keep his paper free from political scandal in the elections.

F. F. Horver,  
Lynchburg College.

### COLLEGE SONGS

The College in the past possessed a great number of catchy, worthwhile songs. Football songs, of course, were most prominent on the campus and at games in the Fall. However the college needs songs other than those dedicated to football. Harvard, Yale, Princeton, J. H. U., Tuft's College, and many others have large bound volumes of college songs. Western Maryland's list is pitifully few. Cannot some of the musically inclined students on both sides of the house get together and do some original work? These poetically inclined can further this plan also. The paper will give due credit and publish any songs that are written. The song you write, if a good one, will do much for the college. The paper is earnestly requested by the paper and a number of alumni that a keen interest be taken in giving W. M. C. more songs. Think it over!

It is further suggested that Mr. Caleb O'Connor, Mr. Ralph Cover, and Dr. Stephens, who are always interested in matters of this kind get together in some way and suggest the best possible course to follow.

## During vacation--what?

Conant made \$15.00 a day!

Neil R. Conant was a student at Bates College. He decided that he would take up some selling proposition during his summer vacation. One of the Fuller Brush Company's college representatives, Mr. Ray Smith, happened to call at Bates College, and Mr. Conant got in touch with him. Mr. Smith told him of the opportunities for a college man to sell Fuller Brushes during summer vacation; that he would be given the same thorough training in salesmanship that all Fuller Men receive; that he would have a chance to earn all the while he was learning; and, that the future was limitless, determined only by the man himself.

Mr. Conant saw that this was a real opportunity, and accepted the proposition. He sums up his experience with the Fuller Organization as follows:—"The Fuller Brush Company stands for the new spirit which will soon pervade most other organizations in the future. Mr. Fuller has had the foresight to lead in this spirit. It is upon such a foundation that every man is anxious to help his brother salesman and to see him succeed. A man succeeds by his own efforts, rather than by unearned efforts. Every man who joins the Fuller Organization is absolutely assured of a square deal, and a chance to become a success in life.

"I had various offers from as many organizations. None of them offered me more than \$30.00 a week. But, during my two months of vacation I earned, selling Fuller Brushes, an average of \$15.00 a day." Conant's case is typical, as the average earnings of college men, last summer, were \$135 an hour.

If you are looking for remunerative occupation during this coming July and August, you can get a complete outline of what the Fuller Brush Company offers to college men from

### COLLEGE CHATTER

Saturday's ball game with Pennsylvania Military College, away, was postponed because of wet grounds.

The Jesters will give another performance in the Opera House on the evening of the 24th. A special section is being reserved for the college. Manager Ogburn requests that college students make reservations for seats as soon as possible.

Friday evening the Y. J. C. Triangle Club, of which Miss Mable Smith is President, met in the College Parlors. The evening opened with a short business meeting resulting in the election of Richter as reporter to the paper and Hatch chairman of a committee to draw plans for the annual picnic. Games were then played, followed by refreshments of fruit salad, dainty sandwiches and cake which were served by a committee of young ladies under Miss Bloomquist. Miss Emily Richmond was the guest of honor. The following guests were also present: Misses Beaver, Wright, Roberts, Isaacs, Lohrnick, V. Wheeler, Matthews, Core, V. Richmond; Messrs. Gruber, Weigle, P. Stevens, Price, Denton, Dinkie and McRobbie.

The old residence of Dr. H. L. Elderdice, at the Seminary is being razed to make room for the new residence which is to be built during the summer.

It has come to the attention of the paper that the tennis courts are not being used by all the students alike. Some few students are said to have used the courts for entire evenings. This is not in the spirit of fairness and if these same students continue to monopolize the courts, the Dean may require all players to sign up for each hour to be played on a regular day schedule, of course two courts are for the varsity tennis teams. The rest are for the use of individuals who should have a little consideration for the others who like the sport. Think it over!

### "Y. M." STARTS INTER-CLASS BASEBALL

A series of baseball games to be played between the four college classes has been arranged under the auspices of the Y. M. C. A. Only those men who are not out for the varsity baseball team will be eligible to play. The games will be played on Friday afternoon. If this date is not suitable, the Captains of the two teams scheduled shall decide upon the date. The officials will be chosen by the Captains of the two teams. In case of a tie at the end of the schedule, a series of three games will be played to decide the winner. A silver loving cup will be presented to the victorious team by the Capitol Club.

Much interest has been aroused and much class spirit is manifesting itself over the coming contests. This is the first time that an inter-class baseball schedule has been arranged to include the four classes. The Captains elected to guide their respective teams to victory are: Seniors, Kinsey; Juniors, Darby; Sophomores, Bennett; Freshmen, Price, D. The first game, between the Seniors and Sophomores, will be played during the coming week as it was postponed on last Friday because of inclement weather. The schedule follows:

April 25	.....	Freshmen vs. Juniors
May 2	.....	Juniors vs. Sophomores
May 9	.....	Freshmen vs. Seniors
May 16	.....	Seniors vs. Juniors
May 23	.....	Freshman vs. Sophomores

### ANOTHER CLUB MAKES FORMAL ANNOUNCEMENT

Gamma Beta Chi, the oldest organization of its kind on the hill, wishes to make its formal announcement with this issue of the Black and White. Its purpose is to cooperate with the rest of the student body, and all organizations, for the furtherance of a wider interest in all forms of college life. The officers and members are as follows: President, Shannahan; Vice-President, Jones; Secretary, Wilson; Treasurer, Trice; Chalk, Darby, Devilliss, Hurley, Jordan, McKinsty, Ogburn, Price, D. Reynolds, O. Reynolds, R. Taylor, Veasey, Williams, J. D. Woolford.

The Correspondence Schools will teach you to do everything, from sewing on a button to concocting a salve that will take the bumps out of your lawn, but they can't teach you to cut your own hair.

A WEEKLY NEWSPAPER WITH A PURPOSE

Vol. 1, No. 13

Western Maryland College, Westminster, Md.

April 29, '24

## U. Of M. Wins Oratorical Fray

Former W. M. Student Defeats Representatives of Md. Colleges. Richmond is Second.

On Friday, April 25th, the Maryland colleges held their annual intercollegiate oratorical contest at St. Johns College, Annapolis. Mrs. Eleanor Gloffely Roby, the representative of U. of M., received the unanimous decision of the judges. Her subject was "Ye are the Ladder Casket." The oration was based on the casket scene from "The Merchant of Venice." The main thought centers around the idea of three caskets of gold, silver and lead. The caskets themselves should not be the basis of selection, but the contents. A parallel title of "All is not gold that glitters" might be suggested. Mrs. Roby spent three and a half years in Western Maryland, and her early training in speech was obtained in that institution. Her foundation in oratory was laid in Western Maryland and her work in the contest showed even greater skill than she exhibited in Westminster.

**Richmond Yields Second Place.**  
C. H. Richmond, Western Maryland's orator, secured second place with his oration entitled "Architects of Peace." His selection dealt with the many plans for peace and was extremely thought-provoking in nature.

The program was well arranged with vocal selections, and several addresses by Dr. E. B. Carey, President of St. Johns College and Prof. Charles S. Richardson, of the U. of Maryland. The Judges were Mr. Claude Bennett, Prof. Wm. J. Flagg and Judge Fillmore Beall.

The program follows: Professor Sydney S. Hardy, president; address of welcome. Dr. E. B. Carey, Pres. of St. Johns College; response. Prof. Charles S. Richardson, U. of Md.; oration, Mr. Owen Knight, Washington College, subject, Our Birthright; vocal selection, Miss Lucile Thomas, Prof. C. A. Bingley, accompanist; oration, Clifford H. Richmond, Western Maryland College, subject, Architects of Peace; oration, Mrs. Eleanor Gloffely Roby, U. of Md., subject, Ye are the Ladder Casket; vocal selection, Miss Lucile Thomas, Prof. C. A. Bingley, accompanist; oration, Mr. George Darley, St. Johns College, subject, The Service of Athletics to a Nation; decision of judges.

## OFFICERS CLUB GIVES SMOKER Plans Made For Making R. O. T. C. A Distinguished Unit.

With the beginning of spring drill, the Officers' Club has found a broader field in which it can operate and has taken up this work with spirit. In order to help Western Maryland attain the rare honor of becoming a Distinguished College in rating, the club, under the leadership of Pres. Warner, has

(Continued on page two.)

## Terrors Dam Bridgewater

Seventh Inning Rally Proves Undoing of Virginians.

Having defeated Blue Ridge College at New Windsor on the day previous, the Bridgewater diamond squad was forced to bow to Coach Ken Shroyer's wrecking crew of stick artists by an 8-4 score. A rally in the seventh which proved to be a riot of scoring, netted all the Terrors' runs.

The visiting team made its rallies in the fourth and fifth frames. Three counters were pushed across in the 5th when, with two on base, the Bridgewater pitcher, put the ball in Elderdic's bleachers. Up to this time the visitors were hitting the sphere, but lacked the punch to put across counters.

The seventh inning was all for Western Maryland. Lee-mon Long opened the inning with a screaming single and before the smoke had cleared away had made two runs in the same inning. Squeeze plays and the hit-and-run plays were worked to perfection and each man did his share to bring home the bacon.

Merrill the relief hurler, was very effective and his clotting aided materially in the victory.

## W. M. Wins At Elizabethtown

Negative Team Victors in 2 to 1 Decision. AFFIRMATIVE TEAM LOSES IN SMITH HALL TO PENNSYLVANIANS.

Dr. Meyer, Pres. of Elizabethtown College Holds Reception for Debaters.

On Friday the negative team of W. M. Inter-collegiate Debaters, Trader, Day, and Betton with Eaton as Chief of Transport, and Edwards, Business Manager, journeyed to Elizabethtown College, Elizabethtown, Pa., and engaged the affirmative team of that institution in debating the question, "Resolved, That The U. S. Should Enter The World Court As Now Constituted." The Pennsylvania debaters were John Trimmer, Mary Baugher, Elmer Eshelman, and Lester Royer, alternate.

The debate consisted of 6 alternate, 10-minute constructive speeches and 2 rebuttals from each side 5 minutes in length.

The decision was rendered by sealed ballot from the judges who were Dr. Mc Ness, Principal of the Central High School, Harrisburg, Pa.; the Assistant State's Attorney-General of Pennsylvania, and the principal of Elizabethtown High School.

**Both Teams Debate Well. Betton Uses 9-Point Chart To Advantage.**

The negative team established the fact that they were in favor of a World Court but not the present one as it is now established. Trader in opening for the negative showed that the U. S. should not enter the court because of its specific limitations which rendered it incompetent, most important of which is that the U. S. has no part in the election of judges and thus would not be on a plane of equality. Day effectively showed that the court was inseparable from the League of Nations which the U. S. has repudiated. Betton closed for the negative with a summary of the argument and offered a substitute plan for a world court recommended by President Harding. The affirmative sought to establish that the court was started by the United States and that it was now on a sound basis and constituted a higher step in the settlement of international disputes. In the rebuttal arguments both sides attempted to establish the inconsistencies of their opponents arguments. In the rebuttal for the negative Betton answered the questions of the affirmative effectively and indicated the willingness of the negative to answer others if so desired. The W. M. debaters showed command of the subject-matter, a keen knowledge of platform speaking, and a most pleasing and convincing manner of winning the audience and the judges. Betton brought much honor to himself by his winning manner and his clear explanation of the chart which won for him the decision.

## COLLEGE PARASITISM

This college is a host, a host upon which the student body thrives. All students who live upon this host are not parasites, however, for a parasite is lecherous in design. He lives at the expense of his host. Many students give a great part of their spare time to the college. All the major and minor sports, the "Y" work, the newspaper, monthly, the annual, and the debates, both society and inter-collegiate, require a tremendous amount of energy, time and sacrifice on the part of the few who thus make the college year a happy and pleasant one. Let an earnest student stop a minute and reflect what a miserably uninteresting place this college would be if it were not for the students who give their time and energy in working for the interest of the rest. Therefore, these students are not parasites because they give to the college which is doing so much for them.

Consider the other type. He or she who spends much energy 7 times per week in going to parlor is in the same class as the officer who loves his Sam Browne more than the Service. And the student who is "all study" falls into this class of college parasites. How much studying could he do were it not for the entertainments, the social and athletic programs made possible by the hard work of those students who have the college at heart, and which recreate his intellectual talents?

Pity then, the man or woman who thinks only of his or her studies or personal pleasures and forgets the student body. Every man or woman in the student body and the faculty is obligated to the service of the rest. He who therefore considers himself first and others last is to be despised.

Thus this class of parasites, and there are many such in this college, who live upon the college "host" giving nothing in return, becomes one of the greatest hindrances to progress the college has. What difference does it make if a student stands at the head of his class, if some other man or woman has to do his extra curricular work for him? His high standing is then only obtained thru a contemptible interference to his college. A word of reprimand to this type would resolve itself into this question: "Student of W. M. C., are you of the type that try to return a legitimate service to your college which does so much for you, or are you a lecherous parasite, sucking at the college but giving no sustenance in return?"

## FLYING SQUADRON AT

### TWO HIGH SCHOOLS

Western Marylanders Visit Hampstead and Sykesville.

Wednesday, April 23rd, the Black and White Flying Squadron, representing Western Maryland throughout the high school system of the county, closed its season by visiting both the Hampstead and Sykesville High Schools. The team was somewhat handicapped by the illness of C. L. Trader, the speaker on Student Government and R. O. T. C., but this information was incorporated into the other speeches in such a way that little of the basic value was lost.

S. W. Edwards, the chairman of the squadron, introduced the speakers and assumed charge of the meetings at both high schools. The speakers were J. D. Makosky on Social Life, G. McD. Garrett on Societies, W. R. Clayton on Athletics and C. E. Bish on Curriculum and Finance. Dr. Cross and principal of Hampstead High School and Prof. Blocher welcomed the Western Marylanders at Hampstead, while Prof. Hyson and Miss Lillian Rinehart made the visitors at home at Sykesville.

The schedule of the Flying Squadron is complete with these two high schools. The Squadron has met with a very favorable reception in every high school which it visited, both instructors and pupils voicing their enjoyment and approval of the information tendered and the manner in which the information was presented.

Among the schools of the vicinity which have been visited are the Taneytown, Mt. Airy, Hampstead, and Sykesville High Schools. The value of this work is easy to discern and it is to be hoped that the college will further the venture in future years.

## OFFICERS' CLUB GIVES SMOKER

(Continued from page one)

originated many ideas which have developed in a material way. A bulletin board, presented to the club recently, has been placed in Lewis Hall and daily bulletins, regarding drill and possible improvements of the corps, together with literature of other military value, are posted.

On Monday night the club entertained Capt. H. D. Gibson at a smoker held for the purpose of developing the closest fellowship possible between the acting commandant and the cadet officers.

## NEWS IN THE CLUBS

On Saturday morning the W. W. Club entertained the J. U. G. Club at a picnic in the Shriver Woods near Westminster. The latter club followed out an interesting scheme in unwinding a ball of yarn of the former club's colors and thus found the W. W. Club's hiding place by means of directions located in the ball. A doggie roast served to compensate the J. U. G. Club for any expended in unravelling the yarn. The affair was a decided success, and is another innovation of this progressive club.

## W. M. WINS AT ELIZABETHTOWN

(Continued from page one.)

President Meyer Holds Reception For Team. Following the debate Dr. Meyer held a reception in the college parlors for the visiting team. The faculty and the judges were also present. Refreshments of fruit cocktail, macaroons and iced tea were served the guests, after which Miss Royer and others of the Department of Music rendered a number of piano and vocal selections. Prof. Meyer of the Voice Department sang "Fiddle and I" and Stevenson's "Requiem" in a manner that delighted those present. It was during the reception that the news came from Westminster that Elizabethtown had won there, and the guests parted, happy that the honors had thus been evenly divided. Western Maryland's representatives were royally entertained, and Dr. Meyer, Miss Royer, and the students' reception committee combined efforts in entertaining the team and in making their overnight visit most enjoyable one.

## Pennsylvanians Win At Westminster.

In Smith Hall the Western Maryland debaters were not so fortunate. The question was hotly discussed and both sides brought out some very important issues. The debate was presided over by Prof. A. R. Woodhead and the judges were Dr. Henry M. Fitzhugh, President of Maryland Board of Education, Prof. Shroyer of the Westminster Theological Seminary, and Dr. Henry of Blue Ridge College. The speakers for the affirmative were Paul R. Kelbaugh, G. McDonald, Garrett and C. E. Bish, and for the negative, R. F. Frever, Ethel Wenler, and Shadrach R. Madeira. The visitors had three main points, first, that America's disputes should be settled by independent arbitration rather than by the world court; second, that the court as now constituted is unsatisfactory; third, that there is no will for peace in the world at the present time. The opponents of the affirmative sought to establish; first, that the court is the longest step taken toward world arbitration; second, that the court is distinctly not the League Court, and that it is satisfactory; third, that it is the sole chance for the United States to enter into such a court. The negative side also issued many questions during their speeches. In the rebuttals rather heated discussion broke out.

## Bish and Madeira Present Fine Arguments.

Mr. Bish of W. M. and Mr. Madeira of the Elizabethtown debaters stood out during the entire debate and presented the strongest arguments for their respective positions, both in their main speeches and in their rebuttals. The decision rendered by the judges was a 2-1 verdict in favor of the negative. To all the spectators the contest seemed extremely closely fought, and the decision was necessarily an extremely difficult one.

## Introduction Of Intercollegiate Debating.

The debate with Elizabethtown marks Western Maryland's entrance into the field of intercollegiate debating. The Pennsylvania college has had an extremely successful season, defeating both Trening and Juniata by large margins in both ends of the discussions. Plans are being made to schedule a meeting between the two colleges next year. Western Maryland is justly proud of the creditable exhibition her teams have made in her inauguration of competitive debating with other colleges. It is to be hoped that next year this auspicious beginning will be followed up by a slightly more elaborate schedule.

## STANLEY JONES SPEAKS

IN JOINT MEETING  
Earnest Missionary Tells of Change Wrought  
By Christianity in India.

Sunday afternoon Stanley Jones, newly returned missionary to India, addressed the joint meeting of the Y. M. C. A. and Y. W. C. A. Mr. Jones has been in India for sixteen years and has also furthered Christ's cause in China. His talk made a great impression on those who heard him; an impression not only of the magnitude of the work in which he is engaged, but also of respect for his own high character, although Mr. Jones spoke extremely modestly.

The theme of Mr. Jones' address was the great advance of Christianity in India during the last ten years. The attitude of the natives has undergone a great change in the last decade. Instead of hissing at the pronouncement of Christ's name, the Indians at the present time seek earnestly after more knowledge of the Savior; they admire Him as the perfect personality; they practise His teachings consciously, even though they are not avowed Christians. Mr. Jones said that there were four main hindrances to the acceptance of Christianity by the Indians. These objections are:

1. The fact that Christians do not live Christ-like lives.
2. That Christians tone down Christianity; do not live it hard enough.
3. That Christians do not put enough love into their lives.
4. That Christians do not seek to understand the good parts of other religions.

Mr. Jones prophesies great things for India. He said that the next 25 years will find India Christianized, and that he is happy, as a missionary, to live in India and help put that country on a higher level.

TERRORS NOSED OUT BY BLUE RIDGE  
Western Maryland Defeated in Close Battle.

On April 21st, the Blue Ridge College diamond artists defeated the Western Maryland tossers by a 3-2 score, tallying the deciding run in the ninth inning. The game was intensely exciting with the lead saw-sawing from one team to the other. Byham and Metzger both twirled in top-notch form, striking out many batsmen.

Blue Ridge scored first, but in the seventh Western Maryland pushed two runs across the plate, taking command of the situation. In the latter half of the same inning Derr popped out a home run, tying the score. In the ninth a hit along the baseline and a sacrifice brought in another run, and put the game to Blue Ridge's credit.

CARLISLE NETMEN BEAT W. M.  
Tennis Season Opens With Dickinson College  
At Carlisle.

Western Maryland opened her tennis season with Dickinson College on the latter's courts on Biddle Field. The Carlisle racquet-teams overtopped the Terror team in a shut-out score, 6-0. Summary follows:

## Singles.

Simonetti, Dickinson, won from Bratt, Western Maryland, 6-1 and 6-0.

Bate, Dickinson, won from Shannahan, Western Maryland, 6-3 and 6-2.

Sweet, Dickinson, won from Dawson, Western Maryland, 6-3 and 6-0.

Stringer, Dickinson, won from Trice, Western Maryland, 6-0 and 6-2.

## Doubles.

Simonetti and Stringer, Dickinson, won from Bratt and Shannahan, Western Maryland, 6-4 and 6-4.

Sweet and Bate, Dickinson, won from Sapp and Dawson, Western Maryland, 6-3 and 6-3.

## COLLEGE CHATTER

Prof. E. R. Heiwig of the Department of Zoology, University of Pennsylvania and Prof. W. Byers Unger of the same department at Yale University were visitors at the college during the Easter holidays. They are both graduates of W. M. C.

The paper notes with much pleasure the Spring opening of the Gray Gables Inn, May 3rd. The splendid service and delicious menus have attracted much attention throughout Maryland and the public will be glad to hear of the inn's early opening.

Hon. W. C. Hammer, Congressman from N. C., a former student at Western Maryland, will speak in Alumni Hall on May 11, before the annual meeting of the Lord's Day Alliance. Sen. D. J. Hession of Taneytown, Md., will preside.

FOR THE MAN WHO CARES

YOUR BIGGEST CHANGE IS WITH  
the best known, largest advertised house

You buy a nationally known brand of cigarettes rather than some unknown kind. The reason is obvious. So, too, the public buy nationally known products. That's why over five hundred college men found their greatest opportunity to make money last summer with the Fuller Brush Company. Any salesman will tell you that his work is easier and more successful when he is handling a product of a nationally known organization backed up by national advertising.

Every man joining the Fuller organization, whether permanently or for vacation work only, is thoroughly trained in the methods that have made successful salesmen out of men who had thought they had no selling ability. Hundreds of college men are taking up this work simply as a means of making good money during their summer vacation. We can find places in some excellent territories for a limited number of college men during this coming summer vacation.

We suggest that you have a talk with

A WEEKLY NEWSPAPER WITH A PURPOSE

Vol. 1, No. 14

Western Maryland College, Westminster, Md.

May 6, '24

## Terrors Trim Mountaineers

Byham Baffles St. Mary's Batsmen, Thomas Meighan Throws First Ball.

Wednesday the Green Terror nine journeyed to Emmitsburg and defeated the crack Mt. St. Mary's club by a 2-1 score. The game was a thriller from the first inning to the last, with Byham having a slight edge in a brilliant pitching duel. His opponent, Woodgie also twirled in top form, but weakened in the crucial ninth. The contest was of added interest due to the presence of Thomas Meighan, the famous moving picture actor who is a graduate of Mt. St. Mary's. Mr. Meighan threw out the first ball in the game.

### Artigliani Bangs Out Three-Bagger.

Neither team scored until the sixth inning, when each side pushed across a run. For Western Maryland, Taylor got on base in a misplay, and raced all the way home when Artigliani cracked out a triple. Mt. St. Mary's scored in her session of the sixth, when Artigliani walked, stole second, and scored on a pretty double by Matthews, who rose to the situation with a snappy hit.

The Western Maryland battery, Byham and Artigliani, displayed exceptional skill. Byham fanned six men, was invincible in the pinches and received perfect support. Artigliani, behind the bat, was a tower of strength and also wielded a heavy bludgeon in the scoring frames.

Innings	1	2	3	4	5	6	7	8	9	Total
Western Maryland	0	0	0	0	0	1	0	0	1	2
Mt. St. Mary's	0	0	0	0	0	1	0	0	0	1

Batteries: W. M. C. Byham and Artigliani; Mt. St. Mary's, Woodgie and Campbell.

## "FAMOUS CAVES OF THE WORLD" IN SMITH HALL

Wirt W. Barnitz Will Deliver Famous Illustrated Lecture.

On Saturday, May 10th at 8:00 P. M., in Smith Hall, Dr. Wirt W. Barnitz, famous New York lecturer, will give his illustrated lecture "Famous Caves of the World."

The lecture is under the auspices of the Y. M. C. A. and a small admission charge will be made to aid the fund for sending delegates to the National Y. M. C. A. convention in June at Silver Bay, N. Y.

The "Y" hopes that the whole college and many townspersons will attend. The money required to send a representative delegation from W. M. C. to Silver Bay is no small item, and by the lecture the "Y" hopes to raise a part of this expense.

Many schemes to finance the delegations to Silver Bay were discussed by different delegates at the "Y" conference at Blue Ridge College and Pres. Huddins of the W. M. C. feels certain that if the college responds by attending the lecture the remainder can be safely arranged by voluntary subscriptions from Alumni and friends of the students.

## College "Y's" Hold Conference

Christian Associations of State Meet at Blue Ridge in Week-end Convention.

On Friday, Saturday and Sunday, delegates from the Maryland college Christian Associations met in a convention at Blue Ridge College. The purpose of the conference was the development and promulgation of a better spirit of co-operation between the Y. W. and Y. M. C. A.'s in the campus life and in state activities. The convention was attended by over fifty representatives from the different colleges. Hood, St. John's, Hopkins, the U. of Md., Western Md., Blue Ridge and Washington were all represented by groups of from two to fifteen men and women. Western Md.'s group of thirteen was one of the largest of the convention. The Misses Loudon, Richards, Brown and Dryden, and the Messrs. Grippin, Harris, Eaton, Weltraugh, Huddins, Groton, Reed, Hatch and Stevens, the Western Maryland representatives, contributed more than their share to the program, and kept things going at top speed, injecting interest and pep into the various discussions and talks. Two of the major discussion groups, taking in all of the delegates, were led by Western Marylanders, the group on Social Activities by Miss Florence Loudon and the group on Membership by Paul B. Stevens. Two of the minor groups, of which there were four in all, were also led by representatives of this college, the group on Publicity being led by Weltraugh and the Community Service group by J. G. Eaton.

### Conference Suggested By Stevens.

At the last Tri-State Student Conference held at Hood College several months ago, slips were passed out with a questionnaire and space for suggestions. In the suggestion column, Paul Stevens, then President of the W. M. "Y" advocated a joint meeting of the Y. M. and Y. W. C. A.'s of the state of Maryland. This is the first meeting of

(Continued on page two.)

## U. OF MD. DEPUTATION TEAM LEADS

### "Y" SERVICE

Mr. Walter Bromley and Miss Betty Amos Give Helpful Talks.

At the regular Y. W.-Y. M. C. A. meeting on Sunday afternoon the U. of Md. delegation to the "Y" conference at Blue Ridge College conducted the service and Mr. Walter Bromley, president of the "Y" at Maryland's football team, with Miss Betty Amos, presented the greetings of their associations and stated their plans at College Park for the coming school year.

Miss Hayman and Miss Albaut, of the local Y. W., accompanied by Miss Ford at the piano, rendered a beautiful duet which pleased the audience.

## Terrors Trounce Town Team

Turn In 6-4 Victory Over Westminster Club.

Saturday afternoon on the old athletic field the Western Maryland nine turned back the Westminster Athletic Club aggregation by a 6-4 score.

In the first inning the athletic club combined two safeties and a bit of rather loose fielding for several runs. Western Maryland evened matters up in their half of the second and in the third each team pushed a tally across the rubber, tying the score at 3-all. In the fourth the Westminster diamond artists assumed temporary command when they hit safely for another run, bringing the score to 4-3.

### 3 Run Rally Puts W. Md. in the Van.

In the fifth however, Shroyer's men hit the ball hard and served up the game. Groton started the rally by walking, stole second and came all the way home when Kelbaugh rapped out a double. With Kelly on second, Artigliani slashed a hot one through short that was too hard for the left fielder to handle. While the outfielders were chasing the ball both Kelly and Benny scored. Artigliani has hit the sphere hard all year and shows a great deal of proficiency in the field.

Capt. Gibson, P. M. S. and T. at the college, umpired the game. Sites, the athletic club pitcher, took exception to Captain Gibson's rulings in regard to balls and strikes and retired in the seventh. The Captain played a good deal of ball in his college days and knows a strike when he sees one.

The performances in the infield showed considerable improvement, due to the efforts of Garrett and Matthews, who exhibited enough school spirit to have the field flattened by a steam roller, besides putting in all Saturday morning on the work.

Innings	1	2	3	4	5	6	7	8	9	Total
Western Md.	0	2	1	0	3	0	0	0	0	6
Westminster A. C.	2	0	1	1	0	0	0	0	0	4

Batteries: Western Md., Merrill and Clark; Westminster, Sites, Duncan, and Wareheim. Umpire, Capt. H. D. Gibson.

## PREPS DEFEAT BLUE RIDGE RESERVES

Junior Terrors Win In Extra Inning Contest 7-4.

The Blue Ridge seconds fell victims to the Terror Preps Saturday afternoon a week ago at New Windsor. The game went eleven innings, the final score being 7-4. Artigliani starred with the stick, polling out a double and a triple. The big catcher has his eye on the ball, and slugs harder in every game, besides handling every chance on the field perfectly. Burroughs pitched well for the Preps, displaying the form and fanning 18 men. Carpenter in the field for the Preps and Dunn for Blue Ridge put up excellent games.

### TO THOSE WHO WONDER WHY

Representative classes at the college have asked the paper to again take a definite stand for more privileges for the co-ed.

It is the consensus of opinion of this group that the prep school, among other things, has hindered, in a measure, the granting of privileges to the women of the college. This may be in a sense true, and undoubtedly is, but the fault does not seem to lie wholly with the prep school. Since most colleges are eliminating their preparatory schools or else distinctly separating them from the college proper, it may be that this college will follow their example. The opinion which may be answered thus: There should be separate student governments for the prep girls and for the college women.

The reasons for this are obvious. Yet the plan now in force functions for both and the same rules deal with prep girls and with college women. This may be due to too much interference on the parts of the Deans of Women resulting in a lack of initiative on the part of the women. Then, too, since the student governments at the college are not strictly such, but co-operative governments, with faculty representatives wielding a veto, one might advocate a strictly student council to decide on questions of student welfare.

Then again, the women's government at the present time is only a fair representative of what the average preparatory school government should be, and, as such, imposes prep school rules on college women. The remedy lies, as stated above, in two separate governments, the present type for prep students; a higher and strictly student type for the college women.

The administration has expressed a keen desire to grant all just and reasonable privileges to the women, but until such a spirit commensurate with additional freedom is shown, in all probability the present rules will remain in force. A beginning might be made by forming the two above types of government at the coming elections on Wednesday.

The whole question boiled down is this: If more privileges are desired, proof of worth, and concentrated, combined effort will secure them. The women lack the concentrated, combined effort. Think it over!

Miss Pearl A. Eader was one of three prominent judges who sided with the winners in the annual Carroll county high school declamation contest at Taneytown, Md.

## CONGRESSMAN HAMMER TO SPEAK

Sunday Afternoon Service May 11th, Marks

Annual Meeting of Lord's Day Alliance.

Congressman Hammer of North Carolina will address the members of the Lord's Day Alliance, the college and townspeople on Sunday afternoon in Alumni Hall, at which time the annual meeting of the Alliance will convene.

Students in the college from North Carolina will gladly welcome a chance to hear their representative in the House and the college will also be glad to hear this able speaker.

## SENIORS BOW TO SOPHS, 16-5

Last Friday the Sophomores and the Seniors played an interesting game, resulting in a lower class victory, by a score of 16-5. The game was extremely interesting for the first four innings, with the Seniors taking an early lead. Both Kinsey of the upper classmen and Bennett of the Sophs twirled well and showed considerable stuff. However Kinsey received miserable support, as everything that was hit resulted in a man one base. The Sophs ran wild in the last inning, piling up seven runs.

Innings	1	2	3	4	5	6	7	Total
Sophs	0	1	5	0	3	0	7	16
Seniors	0	2	0	1	0	2	0	-5

## W. W. CLUB ENTERTAINS EX-MEMBER

Miss Betty Merrick, now a student at Hood College and formerly both a Western Marylander and a member of the W. W. Club, visited at the college during the past week-end. When she arrived Friday evening her sisters of the W. W. Club received her in royal fashion. At 8:00 P. M. the club staged a party in honor of Miss Merrick, at which fruit salad, macaroons and other delicacies were served. After the refreshments the girls adjourned to the porch where the music was continued.

Miss Merrick was particularly active in girls' athletics at the college last year as well as a live-wire member of her class and the president of the W. W. Club.

## FRESHMAN OUTSCORE JUNIORS

Lowerclassmen Hit Well and Break Up Pitching Duel.

For six innings "Jo" Reynolds, star Junior hurler, and Herb Nichols, Frosh twirling ace, engaged in an interesting pitching duel, which was terminated in the seventh inning when the underclass batsmen fell upon the Junior moundman's offerings, netting 8 runs in 2 innings. The tight score and the keen competition kept interest at a high pitch. Price, the Freshman captain, put the game on ice for his aggregation when he clouted the pellet into the tennis courts for the circuit with several sacks overboard.

Innings	1	2	3	4	5	6	7	8	Total
Freshmen	3	0	0	1	0	5	3	0	12
Juniors	3	0	1	0	0	0	0	1	-5

Batteries: Nichols and Price; R. Reynolds, O. Reynolds, Hines and Trix, Umpire, Hall.

## DEPUTATION TEAM HOLDS SERVICE AT PLEASANT VALLEY

Sunday afternoon the W. M. Deputation Team of Clippier, Chairman, and Speakers Eaton, Traker, Chandler, Stevens and MacMillan journeyed to Pleasant Valley to hold service at a joint meeting of the several churches of Pleasant Valley church.

## OPEN FORUM

To the Editor of Black and White:

This is my first year at Western Maryland and there are many things both new and strange to me. At the school I attended before entering this institution, the supervising teachers had the perfect confidence of the entire student body, and reasonable regulations were observed by everyone. These rules were general and natural; petty infractions had no place in the school life, and every student of that school lived a life of unummuting co-operation with the authorities.

Western Maryland seems to me to be a peculiar combination of an intellectual college and a social grammar school, governed by the ideas of ages past. Petty nagging by those who should be the social guides and leaders has resulted in the creation of a spirit, not of satisfied happiness, but of continual discontent, and antagonistic dissatisfaction with existing conditions and restrictions.

Your paper has in a recent issue emphasized the progress that the college has made in the past year. I can only say that I am thankful that I did not attend here in bygone times. I appreciate the efforts of those among the student body who are striving for the social betterment of Western Maryland, but it seems to me that an enormous amount of work shows but slight results. Several of my friends have stated positively that they will not return next year, and I feel exactly that way myself. There are many schools which meet the students half-way with reasonable privileges, that do not have to be captured at the sword's point. I intend to enter such a school.

W. M. should change her tactics and send out boosters instead of knockers. No girl who has a shred of self respect could attend this college for a year without catching the spirit of antagonism, which is often voiced away from the college.

These thoughts are poorly expressed but at the same time they are my sentiments.

—New Student.

(The Editor is unable to find space for a half dozen or so letters of this nature received during the past week. Many have been extremely vitriolic and specifically uncomplimentary in content. This feeling is much lamented by the "Black and White" yet because such a sentiment exists among the student body of women it is only fair to them to print a representative letter.—Ed. Note.)

## COLLEGE "Ys" HOLD CONFERENCE

(Continued from page one.)

the kind that has been held in the Middle-Atlantic States and is the direct result of this suggestion, which came to the notice of General Secretary Tinker of this district.

Interesting talks were made by Miss Weisel, a former Y. W. secretary and by Pat Malin, president of the "Y" at U. of Pa., who, though only 20, is one of the most powerful workers and speakers in college "Y" work.

The most striking result of the conference was the organization of a state joint council of Y. W. and Y. M. C. A.'s for the purpose of introducing and furthering all activities of the Christian Associations in Maryland.

## ERRORS AID ST. JOHNS

## Dorsey Pitches Bang-up Game, But Receives Poor Support.

Tuesday at Annapolis, Dorsey of Western Maryland and Wagner of St. John's staged a pretty pitching duel, with the Terror pitcher receiving miserable support. As a result of poor fielding, Western Maryland went down to defeat by a 6-3 score. In the third inning St. John's combined one safe blow, a pass, and numerous misplays of the Westminster aggregation for a total of 5 tallies.

## Kelbaugh and Byham Hit Hard.

Kelbaugh on third fielded poorly for Western Maryland but discounted these short-comings by hitting well in the pinches, knocking in two of the visitors markers. The other Terror tally was registered in the fourth when Byham leaned on one of Western's slants, driving out a mighty blow that was good for the circuit.

Dorsey hurled an excellent game for Shroyer's diamond artists, striking out eleven opponents, and issuing but four scattered hits. His team-mates however booted the ball badly, and were guilty of a half a dozen glaring misplays, which placed the game on ice for St. John's.

Reds Dugan and Engelke of St. John's hit the apple hard, while the former showed classy fielding around first, scooping up several wild pegs.

Innings	1	2	3	4	5	6	7	8	9	Total
Western Md.	0	1	0	1	0	1	0	0	—	3
St. Johns	1	0	5	0	0	0	0	0	—	6

## PREPS DEFEAT LITTLTOWN

## Barrroughs Pitches 4-3 No-Hit Game.

At Littletown, Pa. on Friday, Barrroughs, star hurler of the Green Terror Preps, tossed in a score of 4-3 in favor of the W. M. Prep School. He pitched a no-hit game, but due to loose fielding and poor support on the part of the Preps, the Pennsylvanians chalked up 3 runs.

Batteries: W. M. C., Barrroughs and Custard; Littletown, Spangler and Shriver.

WE WILL SHOW OUR

## Spring Clothes

DURING THE MONTH OF

MAY

ISAAC HAMBURGER &amp; SONS

BALTIMORE AT HANOVER

## COLLEGE CHATTER

Among the many visitors who spent the week-end at Western Maryland were Miss Ruth Duncan and her brother, G. Hall Duncan who was a prominent student at this college, both in athletics and activities. Miss Duncan is thinking of matriculating at Western Maryland next year, and if she so decides, will be cordially greeted, not only by the friends of her brother, but also by those who met her and succumbed to her charm in her recent visit to the school.

Due to the combined efforts of Matthews, Garrett and a steam roller, the diamond was ironed out in stiff-bosom style for Saturday's game. The snappy fielding of the diamond artists in the game was distinctly noticeable as a result. It seems a shame that the team should work all morning and play all afternoon. The college authorities should provide a squad for this work if it expects the team to win games at home. It isn't a bad idea to make an improvement about the college every once in awhile, anyhow.

FOR THE MAN WHO CARES

Selling is your great  
summer opportunity—

H. F. Bowes is another of the several hundred college men who have been selling Fuller Brushes through summer vacations. He says:—"The first week with the Fuller Company I made \$75.00. The training I received was a source of inspiration to me, and I felt I was obtaining a development I could get in no other way. Fuller Brushes offer an opportunity to the average college man that cannot be excelled in any other line of summer vacation work."

W. E. Harward spent his first college vacation working in a garage. The next vacation work was in a railroad shop. The third summer he took up selling Fuller Brushes. His first week's experience and earnings were most gratifying.—his average earnings for the ten weeks being slightly over \$50.00 a week. Mr. Harward says:—"It is not possible for me to give in words my real estimate of the selling of Fuller Brushes as an opportunity for the average student during vacation periods."

The Fuller Brush Company has a limited number of openings, in fine territories, for college men who desire to take up the work during the summer vacation.

## Corps Stands Stiff Inspection

R. O. T. C. Reviewed on Friday and Saturday by U. S. A. Officials.

Lt. Col. Walter C. Short and Major Robert C. Goetz, of the War Department, inspected the R. O. T. C. Corps and Band on Friday and Saturday. On Friday morning classroom work occupied the attention of the inspectors, and at 4:00 P. M. the annual review was staged on the corps' parade ground. Following which the inspectors gave their attention to squad, platoon, company, and battalion drill and extended order tactics. The R. O. T. C. band, 27 strong, furnished inspiring music for the review and participated in the drill that followed.

On Saturday the various squads assigned to the Springfield rifle, automatic rifle, machine gun and one-pounder were examined both as to theory and practical firing tactics.

The annual inspection of all R. O. T. C. units in American colleges is made by U. S. A. officials to determine their relative standings. The battalion is waiting with keen anticipation for the resulting rating, for much favorable comment was expressed by the inspectors. Cadet-major Messier and his staff, by whose efforts the corps made its splendid showing hope that the battalion may be placed on the distinguished list.

### Sgt. Rice Holds Record for Best Kept Quartermaster Equipment in Area.

Sgt. George Rice, U. S. A. instructor in M. S. and T., at the college was highly complimented by the Warrant Officer attached to the 3rd Corps Area, who preceded the Army officials and made the annual check on all army equipment loaned to the college for use of the corps. Army regulations call for the college to provide a civilian or cadet to take charge of the equipment but Sgt. Rice himself has performed that work here. Col Short expressed his approval of the meritorious work of the Sgt., by stating that in all the other colleges the Warrant Officer required from two to three days to complete his auditing but that Sgt. Rice's accounts and records were completed in three hours.

### CO-OPERATIVE STUDENT GOVERNMENTS ELECT OFFICERS FOR COMING YEAR

The male student body held its annual election Thursday at 12:30 P. M. in Smith Hall. Charles L. Trader was re-elected as President of the council. The representatives elected were: Darby, and Groton, Junior class; Bennett, Garrett and Hurley from the Sophomore class.

The girls elected Miss Verna Bafford as President of the girls' council, Miss Sterling, Vice-President; Miss Todd, Treasurer and Miss Maude Brown, Secretary.

## Terrors in Limelight

Hold 1921 Blue Ridge Champions to 1-0 Score.

Western Maryland journeyed to Frederick Saturday and held the Frederick Hustlers to a 1-0 score. Despite the heavy field, the work of the Varsity was of the highest order, 21 chances being accepted without an error. Manager Armstrong was impressed with the work of Artigiani and Merrill to such an extent that he offered this battery contracts for the 1924 campaign.

The Hustlers annexed their lone tally in the third frame by virtue of an error by Long, an infield out, and a hit by Neptune. Merrill then worked himself out of a hole by fanning the next two men.

The Terrors threatened twice. In the second Galloway singled, stole second and reached third on an infield out, but was stranded there when both Taylor and Groton watched 'em hook.

Again in the fourth, Garrett opened with a single, advanced to second on an infield out, but was also stranded when Kebaugh rolled to the pitcher.

The game was called at the end of the 6th on account of a heavy downpour.

Innings	1	2	3	4	5	6	R	H	E
Western Md.	0	0	0	0	0	0	0	2	1
Frederick	0	0	1	0	0	0	1	5	0

Batteries: W. M., Merrill and Artigiani; Frederick, Cartwright and Schang.

### EXISTEDDFOF PACKS ALUMNI HALL

Schools Furnish Interesting Contest. Westminster Wins Three Events.

At the second annual Existeddfof of the high schools of Carroll county, the largest group of student singers, and the largest audience of music lovers that the county has ever known assembled at Alumni Hall Friday evening at 8 o'clock. Six events were listed, namely: Orchestra, girls' chorus, boys' solos, mixed choruses, girls' solos, and boys' choruses. Westminster high was victorious in three events. The local orchestra was awarded first prize; Frank Lippy, the vocal representative, won the boys' solo event and the Westminster mixed chorus received the judges' decision. Union Bridge high was second, winning first place in the girls' chorus and the boys' chorus. The girls' solo was captured by the Mt. Airy representative, but third place in the festival was awarded to Hampstead high, because of their general excellence in all events.

Much excellent work was exhibited, and all of the events furnished interesting contests. Dr. G. Herbert Knight, the head of the organ department of the Peabody Institute and organist in the Mt. Vernon Place M. E. church was the chief adjudicator and made many complimentary remarks in de-

(Continued on page three.)

## Officers' Club Holds Banquet

Lt. Col. Short and Major Goetz, U. S. A. Inspectors, Guests of Honor.

On Friday evening in the tea-room, the Officers' Club held its first annual banquet. Lt. Col. Walter C. Short, Major Robert C. Goetz, R. O. T. C. inspecting officials, Capt. H. D. Gibson, Sgt. George Rice, Dr. Ward, and Dr. Bonnette were guests of honor. Cadet-Captain Eaton was toastmaster and called upon Cadet-Major Messier for an opening speech. Major Messier expressed his appreciation of the work of his brother officers, due to whose efforts the corps made such a splendid showing.

Lt. Col. Short and Major Goetz Compliment Corps.

Toastmaster Eaton then called upon Col. Short who spoke of the work of the R. O. T. C. in preventing war, as well as being of great benefit to a man and to the country as a whole. Major Goetz called attention to a college man as above the rank of a non-college man. He said college men become leaders of men, and the R. O. T. C. college men become the leaders of the leaders.

Capt. Gibson highly complimented the cadet officers in aiding his work with the corps and the college, and lauded their admirable spirit. He said the officers were men of ambition and that he was proud of their work. He gave credit to Capt. Monaghan, now at Walter Reid Hospital, who began the work of the year.

Dr. Ward also lauded the corps and said that because of R. O. T. C. training he had noticed a better attitude toward courtesy, gentlemen manners, less slovenliness, and upright carriage about the campus. He said the nation must be prepared for war in event of war.

The Misses Sterling, Finkbine and Pittman served the club and guests in an attractive and efficient manner.

### DR. BARNITZ DELIVERS LECTURE Illustrated Talk Reveals Beauties of Endless Caverns of Virginia.

Saturday evening in Smith Hall, Dr. Wirt W. Barnitz delivered a short lecture entitled "Famous Caves of the World." In his preliminary remarks, Dr. Barnitz told a little of his travels and experiences in foreign lands. He has journeyed many times to Europe and also visited Asia and the islands of the Pacific. His lecture proper, however, was confined to the caves of the Shenandoah Valley, of which the one known as the "Endless Caverns" occupied the most prominent position.

## FRATERNITIES AND SOCIETIES

The subject "Fraternities and Societies" is of vital interest to the student body, for fraternities and societies are factors that go to make up a well-rounded college. They are indispensable, and they furnish a type of brotherhood and sisterhood that results in a bond of sympathy, love and college spirit that lives on after college ties are broken.

The time has come in the growth of this college when fraternities and societies must become a part of its life or it will never progress socially. A member of the faculty, liberal and broad in his views, expressed this essential principle some few days ago, when he said, "One-half of a student's life in college is spent in the classroom, and the other one-half in the private rooms of his fellow-students, carrying on a fraternal intercourse."

Any person who looks openmindedly to see what fraternities and societies have meant to the world of education in the past, what they have done to foster scholarship, what they have done to promote a growth of the moral virtues and the great number of the finest colleges and universities which revere these fraternal bodies, cannot but be impressed with their tremendously essential value. One has only to look again to see what Western Maryland has missed and suffered because of their being left out of the college's life.

The whole matter summed up is simply this: The attitude of the student body daily grows stronger and stronger in favor of fraternities. When at some near future date this demand becomes an overpowering force, the trustees of the college will be compelled to consent to this student request. The question is too large to be settled definitely in a month, but, in the future, Western Maryland College must have its fraternities and societies. The voice of the students demands them.

Thus it comes to mean that a well-rounded college life necessitates the fraternal brotherhood which links together the heart of the student life by means of fraternities and societies.

## DEPUTATION TEAM VISITS TWO CHURCHES

On Sunday the Deputation team visited the M. E. church at Carrollton and at night the M. E. church at Westminster. Grippin, chairman, gave an interesting talk and Hatch sang a charming solo "My Task."

## HANOVER TWICE VICTORIOUS

Blue Ridge Leaguers' Heavy Artillery in Action. Terrors Crippled By Drill and Lack of Practice.

The Terrors were the victims of batting orgies on two successive days at the hands of the Hanover Blue Stockings, losing at Hanover by the hectic score of 14-3 and at home by the even worse one of 17-2. The Westminster aggregation played good ball, but the Blue Ridge runners-up excelled in batting and gave the W. M. fielders good track practice.

Handicapped by a consistent game at Hanover, his only let-up occurring when the Hanover left-fielder lifted the ball over the Coca Cola sign for the trip, with the hassocks loaded at the time.

At Westminster, Merrill handled creditably for the Terrors until the seventh, when, with two down, the Blue Ridge boys combed his delivery for 13 runs. Matthews, who relieved him sent them down in order, keeping the "Big Nine" popping them up.

Kelbaugh scored both runs at home and his hitting was a feature in the game at Hanover. The outfield was colored by the work of Taylor in left, who speared some wicked hoists.

## OVERHEARD BY THE COLLEGE CAT

The call of Monagons Army is "Hoot! Hoot!" (With apologies to Hollywood.)

This summer's bathing suits will show that winter has left some folks in bad shape. Elick Clayton informs Col. Short that his rifle weighs forty pounds.

Inspector: "What's the muzzle velocity of your rifle?" Tozzie: "I haven't been in this army long, sir."

"Will the gentleman on my immediate left explain just what a battle sight is?" Richardson, (snappy and firm) "Fire at will, Sir."

Militaristic Junior: "Sir, the main reason for having barbed wire loose when spread on the ground before a trench is that, when stepped on, it raps around your neck."

Col. (after many efforts to determine the meaning of the term "Bench mark"): "You told me this point is 800 feet above sea level. How can you prove that that is true?"

Calvert: "It says so in the college catalog, Sir!"

## OPEN FORUM

To the Editor:

I wonder, my dear sir, if the letter of last week's issue was not written by a girl who may have been temporarily out of sorts, and I feel that had she thought twice about her grievances, she would have found her college chums just as displeased with some things as she was.

The paper, in having an open forum allows anyone to state his views within reason who is a part of the college or a believer in Western Maryland's ideals. It is true that there are a few objectionable features to college co-ed life but there are objectionable things as well, in any society or community and the thing is, not to walk off and let matters stand, but to stick on the job and do your best to improve conditions, for then at the same time you can get your education, an education that will then be more worth while.

In colleges in the North I find objectionable features in the social life, usually as the result of student disobedience to once-just rules, or else due to antiquities or "impeders of progress on the faculties. But the administrations gradually rejuvenate themselves and the student voice governs student politics and affairs. Such is bound to happen at Maryland sooner or later.

In the meantime "New Student," take heart and a hitch or two in your sash; work for your college, for the faculty does not interpret the college, nor the board of trustees, nor those who stand in the way of its progress. YOU, YOU are the interpreter of Western Maryland College to the World, my dear girl.

—Old Western Marylander.

## NEWS IN THE CLUBS

At the last meeting of the J. U. G. Club, two new members, Misses Katherine Foutz and Caroline Wantz were received. The club song, "The Spirit of J. U. G." (sung to the tune of "The Sweetheart of Sigma Chi") was adopted. The song was written by Miss Florence Messick, one of the club's most active members. The song follows:

"When you've said good-bye to College Hill,  
And you see thru a mist of tears  
The faces of comrades dear to you  
Come smiling across the years.  
If your life is a wreckage of broken dreams  
And not a friend is true  
Then think once more of J. U. G.  
Its spirit is calling you.

## Chorus.

It's the spirit of love and purity  
And it will brighten grow  
In the white of the clouds as they float above  
The red of the sunset glow.  
In sisterly love we'll work for you  
And sisters we'll always be  
And may every girl in all parts of the world  
Be loyal to J. U. G."

On Monday evening the Black and White Club entertained the W. W. Club at a theatre party at the Auditorium Theatre. The musical comedy enjoyed was "Sally, Irene, and Mary." The trip was made in three buses chartered for the occasion. Dr. and Mrs. Ward, Dr. and Mrs. Willis, and Miss Faith Millard were the guests of honor.

## DR. BARNITZ DELIVERS LECTURE

(Continued from page one.)

Many beautiful slides, showing interesting and unusual scenes from the "Endless Caverns," were shown. Dr. Barnitz, from his profuse supply of interesting episodes and humorous experience, retained the attention of the audience with no difficulty. Many of the slides were colored and all left a distinct impression of the splendor and magnitude of the great underground passage which Dr. Barnitz says is at least 500,000 years old. The whole cave which is miles long, resembles a huge castle with great rooms, stairways and passages decorated by the hand of nature.

Dr. Barnitz digressed pleasantly, telling many of his experiences the radio field. He presented many sound ideas to his appreciative audience, entirely separate of the actual subject of his lecture, but both interesting and awakening in content. Dr. Barnitz lectures often from station W. J. Z. and his voice is doubtless familiar to many radio fans. He is a traveller, experimenter and an expert on the subject of caves and his interesting lecture was appreciated by all who attended.

The lecture was for the benefit of the "Y" Silver Bay fund and under the "Y" auspices.

Away down South, where they  
can't say "r", they come nearer the  
truth when they refer to it as a  
"bobber shop".

## Grace Sage Gives Readings

"Enter Madame" and Other Selections  
Please College Audience.

Friday evening Grace Sage, entertainer before the Lions' Clubs, Kiwanis Clubs and others, performed in Alumni Hall, pleasing the good crowd of college people who attended the entertainment. Miss Sage was attractively gowned in yellow with wings of a deeper shade, and presented a very pleasing appearance as well as a very interesting performance.

The first number Miss Sage rendered, and the main body of the evening's pleasure, was a play in two acts entitled "Enter Madame." It was an absorbing play, pleasantly placed before the audience, and was accepted heartily by all. Miss Sage continued her performance with the charming little one-act play entitled "The Flower Shop" which touched the hearts of the audience with its strong appeal to the romantic and the emotional. After this Miss Sage passed to something a little more weighty in matter, giving several scenes from "Romeo and Juliet." A poem called "The Tree" was her next offering and the concluding number of her program was a monologue representing an English lady and her son "Reggie" on a tram-car, extremely amusing and entertaining.

A small reception was given by Miss Lease for Miss Sage immediately after the performance, and all the special elocution services were invited. The evening was served as a standard which Western Maryland should try to attain in the line of entertainments.

## W. MD. AND WESTMINSTER TIE

### Terrors and Town Team Tie in Ten Inning Tilt.

In a loosely played contest, Western Md.'s fighting Terrors and the Westminster City team battled to a 7-7 draw, the game being called by mutual agreement. The town experts went down like ten pins before Hines in the first two innings, but the deliveries for several tallies in the third, Dorsey, who relieved him, pitched consistent ball and would have held the town swatters in check if many errors had not helped the Westminster City team along.

The sixth was a heavy inning for the college clouters, and before the dust had cleared away they had pushed five tallies across the plate. The town team tied the score by single runs in the eighth and ninth. Capt. Gibson struck the game, and called a mean strike. The score:

Innings 1 2 3 4 5 6 7 8 9 10 R H E  
West. Md. 2 0 0 0 0 5 0 0 0 0 7 11 3  
Westmin. 0 0 3 0 2 0 1 1 0 0 7 8 2

Batteries: Sites, Bonsack and Warehime; Hines, Dorsey and Artigiani.

## Dramatists To Give Play

Senior Actors Build Own Scenery For "A Mennonite Maid"

Theatre goes at W. M. will be treated to an enjoyable little play by the Senior dramatists on Friday at 8:00 P. M., in Alumni Hall when "A Mennonite Maid" will be staged. This three-act play is adapted from "Tillie, A Mennonite Maid" by Helen R. Martin.

The cast of characters include Homer Richmond and Howard Newman who have the major male parts, Oliver Betton and Herbert Huggins who have labored with two very important minor parts, and Miss Takemura and Miss Ditman who portray the leading female characters. Miss Bell also has a prominent part and puts quite a little jazz in the play.

Miss Takemura has overcome much of her Japanese accent and will undoubtedly carry on somewhat of a flapperish flirtation as "Weezy" a young country girl with hay in her hair. Miss Ditman, the heroine, as the Mennonite Maid, provided she can make the part live in herself, will very nicely but not too persistently, portray the evolution of a backwoods girl from a secluded religious atmosphere to that of a modern woman. Judging from her past performances across the footlights in "Her Soul," "The Captain" and "The Chrysanthemum" she will in all probability lend an air of steadiness to the play.

### Huggins To Do The Funny Man Stunt.

Huggins as the green country boy, with an ear of corn in his pocket, is scheduled to provoke gales of laughter from the audience.

The actors, under the direction of Mr. Newman, have built their own scenery and many new effects and innovations are promised. Since this is probably the first amateur production of the play in America it will no doubt have the usual first night's success. Many strenuous rehearsals have put the play in good shape and the work of the coming week will smooth out the rough parts.

### PREPS DEFEAT FRANKLIN HIGH

The Western Maryland Prep Terrors visited Reisterstown last Wednesday and trounced Franklin High of that city severely, the final score being 21-5. The Reisterstown boys trotted three pitchers to the mound and each was batted hard by the local bats.

Artigiani, Carpenter and Burroughs played well for the Western Marylanders, hitting and fielding the ball in perfect style. Burroughs at all times had the Franklin batsmen at his mercy. The score:

Innings 1 2 3 4 5 6 7 8 9 R H E  
W. M. Preps 0 8 3 6 2 2 0 0 0 21 23 4  
Franklin H. S. 0 0 0 2 1 0 1 0 1 5 6 5

Batteries: Burroughs, Merrill and Custard; Vandersmith, Williams, Grimes and Cursey.

## W. M. Names Athletic Managers

Athletic Department Announces Two New Positions.

The athletic office of Western Maryland College through Coach Shroyer announces the creation of two student offices as well as the appointment of the student managers for next year.

The first of the new offices is that of Assistant Director. He will keep in touch with all the branches of college athletics including the correspondence, finance and management. He takes charge of the athletic office in the absence of the athletic directors, and keeps in touch with all the managers, giving out information concerning schedules and management of games.

The second of the new offices is that of publicity agent, who will handle the newspaper correspondence on all trips and at home. Some of his duties are: reporting to football training camp, keeping newspapers supplied with stories and pictures, and reporting scores to all newspapers and radio broadcasting stations. The appointments are as follows:

Assistant Director, O. F. Betton  
Publicity Agent, G. M. Garrett  
Manager Football, R. L. Ogburn  
Manager Frosh Football, L. F. High  
Manager Basketball, L. F. High  
Manager Wrestling, O. M. Reynolds  
Manager Tennis, T. D. Shannahan  
Manager Track, J. D. Johnson

### TENNIS MATCH HALTED

Rain Stops Play With Blue Ridge. W. Md. Leads in Doubles.

Rain halted what promised to be an extremely interesting tennis match between Blue Ridge and Western Maryland on the courts of the latter, Wednesday afternoon. The two teams had previously met at Blue Ridge, where the New Windsor boys managed to out-do Capt. Bratt's recqueters. The second meeting of the two teams seemed to be going along different lines too, as the net stars of the Methodist college appeared to have somewhat the edge.

The second doubles team, Sapp and Dawson had just terminated the match as the rain storm commenced. Their clever net plays and all-around steadiness gave them the victory, which was not earned without a hard struggle, however. In the first doubles match, Shannahan and Bratt managed to hold their own against Blue Ridge's best, and the downpour found them evenly matched with one set to each sides' credit with the score tied in the rubber set, 1-1. The Western Maryland racquetters seemed to be coming stronger than their opponents however, and victory seemed within their grasp. The match will be continued on some clear day in the next week.

## THE PRESIDENT OF THE INSTITUTION

A president of an institution may concern himself with routine affairs and present administration or he may be a man with a "long-range" vision planning for the growth and intellectual expansion in the years to come.

Such a president is Albert Norman Ward, the pilot at the helm of the W. M. ship of state. When one looks open-mindedly at the tremendous intellectual and social progress that the college has made under his leadership in the past four years, more especially this year, one marvels at the power of a man who can so effect these tremendous changes against all the near-overpowering traditionalism of the past decade in W. M. history. One cannot but be vitally interested and watchfully hopeful of the many that he will make in future years. If one has kept abreast of the good Doctor's colossal scheme to raise a sum of \$1,000,000 to build new buildings and enlarge the college, one remembers that he himself was among the first contributors, willing to pledge the sum of \$5,000.00 to start the campaign. One cannot doubt the earnestness and sincerity of the president when he thus makes the first contribution.

The final word to trustees, alumni, student body, faculty and friends of the college, is: get behind the President with expressive action. Prayers are well and good, but dollars are "the birds in the hand."

All possible honor, therefore, to a man who has such a "long-range" vision, who has proved his worth in four years of tremendous college progress, and who has proved his sincere belief in his own great scheme by backing it with his own dollars!

## THE MEANING OF A DEAN OF WOMEN TO A COLLEGE

No position in a college is more important or more misunderstood than that of the dean of women. It is even more important than the presidency. No other official has such an intimate acquaintance with, or opportunity to influence, the women under her charge.

In the past, due to the ignorance of its requirements, boards and presidents have frequently selected for this office women, whose capabilities and fitness were not even considered. Always such a policy is bad for a college. Women have been chosen for this vital position who resembled human icebergs or were less interested in girls than they were in card parties. Others have been selected for their social positions. Worst of all, women far past middle life have been

## BLUE RIDGE TRIMS TERRORS Dunkards Turn In 4-0 Victory With One Big Inning.

Hitting heavily in the sixth inning of an otherwise evenly contested pitching battle, Blue Ridge College mowed Western Maryland's fielding fiends down by a 4-0 score. Metzger, the red and white pitcher, started against Shroyer's nine and, although touched up for numerous clean bingles, he held the Westminster boys scoreless for the entire route. Both Merrill and Dorsey hurled good ball for Galloway's gang, both having no earned runs chalked up against them. However the sixth frame saw boots and a couple of safeties help the Blue Ridge boys push across the winning rallies. The score:

Innings	1	2	3	4	5	6	7	8	9	R	H	E
Blue Ridge	0	0	0	0	0	4	0	0	0	4	6	0
Western Md.	0	0	0	0	0	0	0	0	0	0	5	4

Batteries: Merrill, Dorsey and Artigliani; Metzger and Smith.

## NEWS IN THE CLUBS

The J. U. G. Club, happy and proud to have the privilege of entertaining Mrs. Wills, gave a banquet Tuesday evening, May 13, in the College Tea Room in her honor. The color scheme of garnish and white was carried out in the decorations and menu. Several clever toasts were given by the members. A delightful and encouraging little talk was made by Mrs. Wills.

The J. U. G. Club can not express the pride, gratitude and love with which it announces to the college the fact that Mrs. Wills is Club Mother. No one could be more sympathetic and understanding friend to the club. The club will indeed accomplish great things in the next year.

ected to this office. Many such women have had practically no experience with administration and no acquaintance with the life and interests of the modern student. They belong to another world, a different generation. Probably in no other field have there been more ghastly errors made or so much scholastic wayside strewn with wreckage. The college is rare indeed who has a satisfactory incumbent in this office.

It is to this woman that the girls should go for advice in their work; for advice, counsel and help in their activities. She should have had such a wide contact with life that she can help them select their studies. More than this, she should help them when they have difficulties in these studies. She should know how to sympathize in times of sickness or trouble. To her the young women should feel impelled to pour out their joys and sorrows, their perplexities, hopes and aspirations.

But, while her office calls her to be a guide, philosopher and a friend, she should be in her relations official but not officious. She must be wise and strict, but at the same time sympathetic, tactful and broad-minded.

How is the success of a dean of women determined? By this: If she has the confidence of the girls in her charge she is a successful dean. Otherwise, once she loses the confidence of the students, her usefulness is over. On the other hand she must be youthful—youthful in age, in mentality, in emotion. She must be able to appreciate the student point of view. Successful deans of women have the greatest possible control over the women students, but they never secure these results by petty nagging, snooping about, playing detective, specific legislation or delegation of power, but thru the love and goodwill of their charges.

## MERRIL J. REED, KAPPA SIGMA, WRITES PRIZE LETTER

The Black and White prize letter contest was won by Merrill J. Reed, by decision of Dr. Wills and the judges. Mr. Reed was a former student at Dickinson, is now a special student at Western Maryland, and is a member of the Kappa Sigma Fraternity. Reed's letter follows:

## "FRATERNITIES AND SORORITIES IN WESTERN MARYLAND COLLEGE"

The question of fraternities and sororities in colleges is one of the most important that has to deal with our educational system. Since this question has attained such importance it naturally deserves our honest and worthy consideration. The history of fraternities and sororities affords an interesting study concerning their origin and development. Far back in the history of the world, fraternities were known to have existed at such universities as Paris in France and Florence and Bologna in Italy. While they may have been rather crude in organization, nevertheless they laid the foundation upon which is built our modern college fraternity. During these hundreds of years, the fraternities gradually became intertwined into the very fabric of our entire educational system. Their influence at the present time is tremendous in many phases pertaining to our college systems.

"The experience of a large number of our colleges brings to light that fraternities and sororities tend to increase the general spirit and welfare of those colleges. Among the various fraternities and sororities there is always evident a sharp and keen competition, each trying to outdo the other in promoting college spirit and shouldering certain responsibilities. It can be truly stated that the general welfare of the college has been advanced by fraternities and sororities both financially and scholastically. The large endowment funds secured by colleges are invariably supported by many of the alumni who are affiliated with some fraternity or sorority. Since, in a great many instances, the fraternity is the factor which keeps alive in its members the true college spirit, many contributions, both to the endowment funds and the maintaining of scholarships can be traced directly to the activities of the college fraternity.

"The scholastic standard of our colleges is also raised thru the activities of the fraternity. A keen competition exists between the various fraternities, each striving to attain the highest averages in scholarship. In order to achieve such distinction, the members of a fraternity will put forth added effort, so that their fraternity may become distinguished thru its scholastic attainments.

"Finally, we may broadly state that fraternities and sororities, in a large measure, aid the college in arriving at its fundamental purpose, that of training the student for leadership. As an active member of a fraternity or sorority a student is required to bear certain responsibilities usually by serving in the capacity of an officer and as a member of certain committees. In this manner he gains executive experience along various lines and his duties bring him into closer contact with students who entertain different views on various questions. He learns to form his convictions, to form opinions of his, to discuss various sides of fraternity life and also to compromise in securing the best possible, as well as to co-

## COLLEGE CHATTER

On Wednesday at the Presidents residence, Dr. and Mrs. Ward gave a reception to the 1924 graduating class. The class and faculty members present enjoyed social conversation, piano numbers and vocal selections, after which Mrs. Ward served delicious refreshments of chicken salad, rolls, olives, nuts, ice cream and cake.

The annual picnic of the Harford County Society was held on Wednesday afternoon in the College Farm Woods. The refreshments committee of Harris and Chandee served hot roast dogs, rolls, lamb, egg, and cheese sandwiches, pickles and bottled drinks.

Mrs. Saunders and her Sunday school class enjoyed a picnic in Trapp Hollow on Wednesday afternoon. Due to the rain the class and guests spent the time indoors—an adjacent barn. However the picnicers enjoyed a happy time despite the gloom of June Pluvius.

On Saturday evening Miss Venus Ford of the Freshman class entertained a number of her friends in honor of her sixteenth birthday. Delicious refreshments were served after which the guests parted, wishing Miss Ford many more happy birthday anniversaries.

## COLLEGE MEN MADE GOOD MONEY SELLING FULLER BRUSHES LAST SUMMER

Your summer vacation is all too short to waste any part of it in exploiting new or little known articles. Your business is to make sales and the profits on those sales. Your time should not be wasted in doing the work that should be done by the company at its expense.

College men chose Fuller Brushes because of the fact that they are almost a household word in the majority of homes. The extensive advertising of Fuller Brushes (color pages in the magazines of largest circulation) paved the way for these several hundred college men,—made them welcomed as Fuller Men. Had they sold un-heralded products,—had they been compelled to spend more than half their time telling what company they represented, and more time in trying to sell, these college men would not have made half the money they made during their summer vacation period.

There are some fine territories in which we can place a limited number of college men who desire to work during their summer vacation. If you are one of these men desiring profitable employment, talk with

Vol. 1, No. 17

Western Maryland College, Westminster, Md.

May 27, '24

## "Mennonite Maid" Amuses Many

Clever Play Appeals To Students and Faculty.

Friday evening in Alumni Hall, the long-awaited play, "A Mennonite Maid," was presented to a good audience, composed largely of college people. The play was extremely amusing, in large part cleverly acted out, and interesting from the outset. The sympathies of the audience went out to the poor oppressed Mennonite Maid, held in by the narrow and foolish principles of the religion which was upheld and imposed upon her by her greedy and narrow-minded father. The brilliant young "Teacher" also came in for his share of the popular plaudits. His clean character, his unselfish attempt to renounce the fortune which he wished to fall to Tillie's lot and his coolness in all situations marked him as a strong character. "Doc" Weaver too was excellently drawn, as was Mrs. Wagnagle. The character of Absalom Feltus and the two bearded committeemen injected a great deal of fun into the performance, while Jake Getz was admirably despicable.

Miss Ditman as Tillie Getz was delicately appealing and extremely pit provoking, while O. F. Betton as her father will have to walk with care on dark nights. Miss Bell was admirable as the kindly Mrs. Wagnagle, and C. H. Richmond's interpretation of "Doc" Weaver was laudable. Miss Takemura, greatly handicapped by her difficulty with pronunciation, nevertheless gave an extremely humorous twist to the play, and was greeted with smiles on her every entrance. Howard Newnam was polished and learned as the Harvard graduate, and the lover of Tillie. H. Hudgins assumed the role of local sheik with great grace and perfect naturalness. H. C. Burkins rather outclassed R. P. Culer as a Mennonite committeeman, but both were extremely ludicrous.

The play was made the more interesting by the frequent introduction of the Pennsylvania-Duth vernacular, with the laughable idioms of that section.

## TERRORS DROP TWO GAMES

W. Md. Loses to Georgetown and Marines on Southern Trip.

The Western Maryland team left early Thursday morning for Washington, D. C., where they met and were vanquished by the Georgetown University Tossers. After a night's rest in Washington the team packed up and left for Quantico, Va. Here the team was the guest of a mighty fine host, the Gryenes. Friday's game was taken by the Gryenes, but Saturday's game was cancelled because of rain. While at the marine camp, the Terror Tossers were royally entertained by a dance, movies, boxing and an air circus.

The Georgetown game proved to be a slugging bee for the Hill Toppers, a total of 13 hits being garnered from Dorsey's delivery for a sum of 26 bases and 14 runs. (Continued on page four.)

## Browning And Irving Entertain

Webster and Philo are guests of Rivals in Smith Hall.

Browning and Irving Literary Societies entertained their ancient enemies, Philomathean and Webster in Smith Hall on Saturday evening. The guests were presented welcome cards at the door executed in the color schemes of the officiating societies. The entertainment itself was grouped into three separate parts. After preliminary remarks by Miss Atkinson, extending greetings of her society to the visitors, the program began. The first number was a clever dialogue between Dinkie and McKinstry on life insurance and Mabel, which delighted the audience. The Browning girls next presented a play entitled, "A Strange Divine," recording the amusing preparations of numerous spinsters to bag an unsuspecting minister who was to visit the parish. After all the deep laid plots, the visiting divine turned out to be a female. The third number on the program was another dialogue with Rosenstock and Sullivan in the principal roles. These youthful humorists displayed surprising talent, keeping the audience in an uproar with their clever tale of a shirt. Their ability was pronounced and their dialogue witty and well worth hearing.

After these numbers had been presented the audience repaired to the parlors, where refreshments were served in abundance. Ice cream and cake in prolific quantities were repeatedly thrust on friendly enemies and rapacious teachers alike. Music from the parlor pianos, laughter and song made the evening merry for all those who attended. This is the second time that one pair of the societies has entertained the other, and each affair has been interesting, enjoyable and productive of better feeling, more friendly relations and a more complete understanding between the literary rivals on the hill. Such entertainments are laudably executed, praiseworthy in style and not only pass the evening in enjoyable fashion, but also produce a genuine feeling of satisfaction in the entertainment and entertainers.

## TRICE APPOINTED

BASKETBALL MANAGER

The Black and White wishes to correct a mistake of the last issue, which was the result of the proof readers oversight. L. F. High, Freshman football manager, is not basketball manager. The appointment was given to T. W. Trice, who, as the assistant last year, deserved the position.

"I have a fine job now. I'm working in a shirt factory."

"Then how does it happen that you're not working today?"

"Oh, we're making night shirts, now."

## W. Md. Maids Go A-Maying

Annual May Party and Supper Proves Great Success.

Thursday at 5 o'clock, on the girls' basketball court, the annual May party at which the girls of Western Maryland reveal their psychopneumatic accomplishments was held. The party and the subsequent supper was a success qualified only by the poor efficiency of the serving of the supper. The May pole was placed between the seminary and McKinstry Hall, and the dances were held around it. The dances were divided into five groups, composed of the various college classes and the Preps. The Frosh girls, who danced first, were handicapped by not being able to near the piano, as were all the dancers. The Preps, who danced next, gave extremely interesting imitations of milk-maids. The Juniors were the next performers, imitated shepherdesses, and were becomingly gowned. The feature of the program was the dancing of the Soph girls, who, lead by the Misses Virginia Pittman and Louise Crossman, executed a Scotch dance that had Dr. Stephens setting his camera out. The Seniors were the last to dance and gave the regular May-pole dance. Miss Louise Duley was the Queen of the May. Readings were given by Miss Virginia Bell, Miss Edna Powell and Mr. Oliver Betton, which explained the significance of the May-day celebration and added a little reality to the performance. Miss M. P. Turner furnished the music and Miss Millard receives the credit for the coaching and for the management of the whole affair.

The dances were followed by a long wait in line for the food to materialize. This was the only mar upon an otherwise pleasant afternoon. After the food had arrived, however, and everyone had been served, little disagreeable factors were forgotten, and everyone departed for comfortable nook on the campus, in which to devour the long-awaited delectables. Many returned for more and none were turned away. The dishes and the other refuse were taken cake of in an extremely orderly manner.

## R. O. T. C. ATTENDS TOWN CHURCH

Student Body Visits Grace Lutheran Church.

On Sunday evening the student body visited the Grace Lutheran Church on Carroll St., in their annual pilgrimage. The male portion of the college attended in military formation. Assembly was at 7:15, after which the corps marched to the church, filed in and saluted as the flag was placed by the pulpit. The women marched down in their church going formation—two by two.

The service was extremely expressive and uplifting, while the beautiful church combined with the excellent music tended to increase the atmosphere of true worship. The choir rendered several excellent selections, and the minister, Rev. John B. Rupley, preached earnestly and sincerely.

## THE "Y"

Of the many organizations on "the Hill," probably not one has been of greater service to the student body, has done a greater work for the College or deserves higher encomium than the "Y." The many fine things which they (the President and cabinet) have been putting across need not be catalogued here, so well, are they known to every student.

Several years ago the "Y" was totally inadequate and non-beneficial to a majority of the student body. It was harmless, ineffective and unattractive to the average college student, and, to all appearances, was in the same condition the Literary Societies are in today.

The trouble with the "Y" was, as agreed upon by all, a lack of willingness on the part of the student body to co-operate. The truth of this is yet to be proven, it is pure "bunk." The student body will co-operate with any movement just as soon as they are shown that the movement is of some service to them. The students at present are co-operating with the "Y" but they are not co-operating with the Literary Societies. A few years back the situation was reversed. It is the initiative, the ability and the personality of the men at the helm, which causes the flock to follow. We have indeed a wonderful "Y"; with one exception (Hopkins) the best in the state. It is interesting, in fact surprising, to observe what a man can do if he really tries, if he earnestly puts his whole self into it.

To those men and women who have brought "Y" work to its present standard, Western Maryland owes much. There has been a great and valuable service performed. Stevens and Hudgins particularly deserve credit, in fact both this and last year's entire cabinets have been live wires, and the least that can be said is that their work will long be remembered as a worth while accomplishment—highly beneficial to the College. Can not, will not some such men and women as our "Y" president, people of similar initiative and ability take hold of the Literary Societies and make of them all that they deserve to be, rebuilding them into servicable and beneficial organizations?

C. E. B.

## "SPEAKING OF PROGRESS"

Recently an alumnus of the class of '16 visited the Hill. It was four years since he had seen or heard very much about Western Maryland and four years is not a very long time. He was shown all the new things on the Hill—McDaniel Hall, Hoffs Field and the Seminary and his reactions to all these things were indeed unique. "Things are on the upward grade, the ol' place is coming out," he said as he looked around, "and waa, is that fellow doing on the girls' campus—why there go some girls down town alone—say something's aroused this ol' place since I left—and I am sure glad to see it. Many other similar remarks were made and a story of just how the college was run in 1912, when this man entered, was told.

Speaking conservatively, great progress has recently been made. Some people usually those against modernization seem to be unable to see the forest for the trees. The world was not made in a mere twelve hours. Western Maryland is moving fast. But let us not all turn Bolshevistic and think that everything in Western Maryland is old-fashioned because our individual wishes may not be granted in detail at the first ask. However let us feel a certain satisfaction at the progress which has been made toward social enfranchisement.—C. E. B.

## REPUBLICAN CLUB FOR W. MD.

Nation-wide organization of Republican College Clubs has been undertaken by the Republican National Committee to stimulate active interest in national affairs on the part of the students. Clubs have been organized in each of the important colleges and universities in all sections of the country. Thousands of college and university students are promulgating the country will have important national issues discussed by prominent speakers under the auspices of college Republican Clubs.

The movement to encourage interest on the part of college men and women in affairs of the nation opens a wide field for real public service. There is no more important training for the undergraduate than that which leads to a better understanding of the country's political questions, and a better acquaintance with issues involved. In undertaking this work, the Republican Clubs are advancing the cause of good citizenship, promoting helpful discussions and developing in the mind of the student a practical attitude toward problems to be faced in later life.

In all the colleges today are the political leaders of tomorrow. Not a distant tomorrow, for those who are now in the colleges will be called upon to take an active part in the political life of the country immediately after they are graduated.

A Republican Club has been formed in Western Maryland. The undergraduate executive committee is composed of the following: S. W. Strain, chairman, Paul Harris, J. P. Dawson, J. Reed, Florine Simpson and Lolita Sterling. A list of the members enrolled so far is as follows: Devilbiss, Sapp, Veasey, Garrett, Grace, Jones, Richter, Calvert, Traders, Rice, Subock, Hines, Webster, Wilson, Reynolds, Matthews, Thomas, Phares, Holt, Price, Umbarger, Startt, Smith, Lippy, Eaton Speicher, Elliott, Bona, Stewart, Edwards, Makosky, Lindeman, and the Misses Louder, Lenderking, Harriman, Todd, Diefenbach, Houk, Messick, Gardner, Hay, Ward, Duley, Stephens, Dittus, Baughman, Davis, Richards, Baker, Bufford, Warman, Lawson, Crossman, Smith, Stubbs, Robinson, Reinmuth, Close, Lawyer, Rich-

## NEWS IN THE CLUBS

On June 10th, at 2:30 P. M., the Gamma Beta Chi will give a Tea Dance in the Firemen's Hall. Quite a few guests have been invited and as one of the best and most prominent orchestras in Washington has been procured for the occasion, a pleasant afternoon is foreseen. This affair is the first tea dance to be given in Westminster.

On Friday afternoon, from 4 to 6, the J. U. G. Club entertained the W. W. Club at a lawn party, which was held on the grounds of the Gable Inn. Clever Favors were given to the guests, and refreshments were served.

The W. W. Club entertained the society oratorical contestants last Wednesday 12:15 in the college tea room. The guests at the luncheon were C. E. Bish, G. M. Garrett and W. D. Devilbiss, the representatives of Irving and C. L. Trader, P. R. Kelbaugh and O. P. Betton, representatives of Webster. Miss Louise Thomas, president of the W. W. Club, delivered an inspiring speech to the contestants.

## BLACK AND WHITE CLUB

### TO HOLD DANCE

Contrary to all reports the Black and White Club will hold its first dance on Friday, May 30th at 8:30 P. M. in the Firemen's Hall. The Gettysburg Collegians will do the jazz in empty-umph shape and a hot time is assured all the guests.

## "POP" LANGRALL SPEAKS ON CAMPUS

### Former All-round Star Talks to "Y" Associations on "Building."

About one hundred and fifty students had the pleasure of hearing Rev. O. G. Langrall, commonly known as "Pop" deliver an excellent talk on building Friday evening on the back of the Hill. Mr. Langrall, a former Western Maryland man, of the class of '21, and was prominent in all departments of college life while he was at this institution. Not only was he one of the foremost athletes, holding down a varsity berth for six years in football and baseball, but also he led in society work, intellectual attainment and Christian work.

The meeting was held immediately after supper and was presided over by Paul Stevens, "Y" president, who officiated in the song service which preceded Mr. Langrall's talk. Mr. Langrall's address was on the subject of "Building," and his biblical reference was the story of Nehemiah rebuilding the walls of Jerusalem, despite the temptations and trials which confronted him on every side and threatened to make of ill what he had made of good. The speaker drew from the story the many worthy lessons which the scripture contained, and forced these home by his calm, yet impressive manner of speech, and his clever use of the humorous and the appealing. He appealed to the college men and women to overcome the ever-present temptations and to do their great works so that they too cannot count down. The open air meeting was enjoyed and appreciated by all who were grateful for the opportunity of hearing a speaker of the calibre of Mr. Langrall. "Pop" is now a minister in Brooklyn, and those who heard him realize that he must be successful.

### WESTMINSTER WINS TRACK MEET Over Nearest Competitor.

Westminster High School was the victor in the annual county P. A. L. track meet which was held Tuesday afternoon on Hoffa field. The local lads piled up a total of 122 points, their nearest rival being the Westminster elementary school, which amassed a total of 76 units. Hampstead High was third with 55½ points, Manchester ranked fourth with 46 and Charles Carroll was fifth with 32 points. Other high schools finished well up in the race, and made creditable showings.

### Severny County Records Broken.

Schwinn, a W. H. S. midjet sprinter, broke the 80 yard dash record and received his eighteenth P. A. L. medal. The local youth was very fast, and should take his event in the State meet at Baltimore. The high jump furnished an interesting contest between Britton of Sykesville and Lippy of Westminster. It resulted in a win and a record for Britton who leaped 5 feet, 3½ inches to break it. Lippy also broke the country record, but was compelled to content himself with second place. He won the century dash, however. Bowman of Union Bridge, captured two events, the broad jump and the quarter mile. The speed ball contest was won by Westminster as was the boys' dodge ball event and the mile relay race, which was one of the feature events of the afternoon. The girls' dodge ball fell to the lot of New Windsor, and the girls' volley ball event went to the fair ones from Hampstead High.

The meet was a very interesting one and was well contested. In spite of the poor weather and correspondingly slow track, fast times were hung up and fair records were made. A good crowd gathered to see the meet despite the downpour of the morn-

### TELEGRAMS

The John-itor cleans up in the dim Hays of night.

Miss Robinson learns Bowen's name on his fifth appearance at the May Day serving table.

Culler and Burkins, the Mennonite Smith Brothers, would like to purchase good safety razors cheap.

Sophs beset Bob Unger with bayonets. Report—two bruised ribs and four broken bayonet blades.

Billie Bevard pantomiming milking at May party, imitates climbing a rope. The old red cow must be dead in Sykesville.

Rice home again.

Benson upholds honor of males in competitive singing at the joint meeting of the "Y's." He finished four good notes and a flat behind everyone else.

When "Teacher" caressed Tillie, even the lights blinked.

Hoo put the Hootch in Hoot's Dodge?

Ashburne sends Serena Dryden wild orchids before breakfast.

ing, and a great deal of interest and excitement was manifested in the various events of the days program.

FOR THE MAN WHO CARES

\$1.35 AN HOUR FOR YOUR

TIME THIS SUMMER—

This is the average earning of several hundred college men selling Fuller Brushes during last summer's vacation period.

The main reasons that influenced these men to become identified with the Fuller Organization were the rapid growth of the company, the extensive national advertising carried on continuously, and the acceptance of its representatives and its products in millions of homes. The college men who were attracted to the Fuller Brush Company were men who were destined to accomplish great things whatever their future bent might have been. This is because the Fuller Company develops confidence, courtesy and initiative—the very factors that every man needs during his college days. As one of these men says: "I feel that my college education would not be complete without this summer experience with the Fuller Brush Company."

This work offers most remunerative work during the summer vacation period. Hundreds of college men unknowingly possess great sales ability. With the training that Fuller gives these men they have been wonderfully successful.

There are many fine territories where we can place college men this coming summer. You can secure full information from

**TERRORS DROP TWO GAMES**

(Continued from page one.)

The only time the Terrors really threatened to score was in the third, when Galloway got on by an error was sacrificed to second by Garret but was stranded when the next two batters hoisted out. The Marine game proved to be too much marine pitching. Groton saving the Terrors' ignominy by singling in the ninth with two gone. The game looked good for Western Maryland until the sixth when Merrill was yanked in favor of Hines. Hines pitched well for two innings, but two hits coupled with a brace of errors proved to be the Maryland's undoing. Long's work in center was a feature.

**THE FRENZIED COPY-WRITER**

It was the last quarter and the score was tied. Montmorency was at bat. He'd show them. "I'll make that eight ball in the side pocket or die in the attempt," he said as he ferociously adjusted his helmet. "Serve," he cried, and the gallery roared their approval. The puck was now in his possession. Magnificently he dribbled it to the very shadow of the goal post, when, horror of horrors, someone fumbled and the opposing team recovered. Using a right to the heart and a cross to the jaw, which seemed to bewilder Montmorency's Demons somewhat, the opposing team gained steadily. Not for long, however, for Monty, crafty athlete that he was, intercepted a faux pas, hopped a Yellow and rode three miles for a touchdown.
