1962 SUMMER SESSION CALENDAR

June 21, Thursday,
 8:30 A. M.—12:00 M.-----Registration for first term
 1:00 P. M.-----Thursday morning classes meet

June 22, Friday, 8:00 A. M.-----The regular daily schedule of the first term
 begins
 11:00 A. M.-----Convocation

July 25, Wednesday, 4:00 P. M.-----First term closes

July 26, Thursday,
 8:30 A. M.—12:00 M.-----Registration for second term
 1:00 P. M.-----Thursday morning classes meet

July 27, Friday, 8:00 A. M.-----The regular daily schedule of the second term
 begins

August 29, Wednesday,
 4:00 P. M.-----Second term closes

July 2 - August 10 -----SUMMER INSTITUTE IN BIOLOGY AND CHEMISTRY

A summer institute for junior and senior high school teachers has been made possible at Western Maryland College by a grant from the National Science Foundation. Registration will be limited to forty students.

The institute is designed for teachers in junior and senior high school whose background training is weak or insufficient in biology and chemistry.

Offerings for institute participants will include a study of basic modern concepts of biology and an elementary study of chemistry. Special field trips and lectures have been arranged. Participants will enroll for eight semester hours credit. Credits may be used toward a baccalaureate degree.

For further information on the institute program, write to Dr. Harwell P. Sturdivant, Summer Institute Director, Western Maryland College, Westminster, Maryland.

July 30 - August 17 -----WORKSHOP IN INTERGROUP RELATIONS

A student in the Workshop in Intergroup Relations (Education 5921) earns four semester hours credit. The workshop will be concerned with human relations problems motivated by changing neighborhoods, race relations, interfaith activities, and socio-economic differences. Focus will be on classroom activities which prove valuable in fields such as English, social studies, science, physical education, and other areas at the elementary and secondary school levels.

Expenses: Registration Fee -----	\$ 10.00
(when this fee is paid on or before July 25, the charge is \$6.00)	
Tuition -----	100.00
Room and Board (including linen) two in room -----	65.00
(some single rooms will be available for \$75.00)	

\$175.00

The National Conference of Christians and Jews, through its various field offices, often makes available a limited number of scholarships taking care of some of the expenses. Inquiries concerning scholarships for Maryland teachers may be directed to Mr. Nathan Jerald, N.C.C.J., 514 Keyser Building, Baltimore 2, Maryland.

For further information about the Workshop, write to Dr. Joseph R. Bailer, Western Maryland College.

THE SUMMER SESSION AT WESTERN MARYLAND COLLEGE

The Summer Program

Western Maryland College offers both undergraduate and graduate courses during its summer session, which consists of two five-week terms. During each of these terms, a student completes a semester's work in the courses selected. Because of the intensive work required by such a program, the student load is limited to six semester hours during each term, unless permission to add an additional semester hour is granted by the Dean of the Faculty.

Undergraduate Program

The program for undergraduates allows them to accelerate their education and graduate in less than the customary four years; it provides opportunities to carry courses which either are not offered during the regular semesters or are impossible to schedule at those times; it makes it possible for students to repeat courses with which they have had academic difficulties in the regular school year.

Graduate Program

The graduate program is in the field of Education and leads to the degree of Master of Education. Students interested in securing this degree should obtain the graduate catalogue and further information relative to this program from the Director of the Graduate Program.

Location

Western Maryland College is located in Westminster, Maryland, a city of about six thousand inhabitants. It is accessible from all points by good roads. It is about an hour's drive from Baltimore or Gettysburg, and about two hours' drive from Washington.

The College occupies an eminence at the west end of Westminster, nearly one thousand feet above tidewater. The temperature on the Hill is usually several degrees lower than temperatures of surrounding areas.

Instructional and Resident Facilities

Memorial Hall, Lewis Hall, Levine Hall, the Art House, the Library, and the Language Laboratory will be open for instruction.

Students will be housed in Albert Norman Ward Hall and Daniel MacLea Hall. These dormitories will be open for occupancy on Wednesday afternoon, June 20. It is necessary for each student to bring the following articles: bed linen, pillow, blankets, towels, and personal articles. Commercial laundries will do student work at a reasonable rate.

The first meal to be served for summer school students in the College Dining Room will be breakfast, Thursday, June 21.

Summer school students have the use of the College golf course and tennis courts; there is a modern swimming pool nearby.

Language Laboratory

The beginning courses in languages will emphasize the conversational approach with particular attention to work in the language laboratory.

The College has a thoroughly up-to-date electronic language learning laboratory. This consists of a console with six program sources and thirty student booths. In twenty-eight of the booths there are individual student tape-recording facilities. The system enables one to follow the desired learning sequence of listen-repeat-record-compare. Console-to-booth monitoring by the professor serves as a further pronunciation control device.

Six different languages are accommodated. A growing tape library of recordings of native voices enables the student to work at his own speed, independently of the console.

Courses in French, German, and Spanish will be available during the 1962 summer session if there is sufficient demand.

Admission

Students in good standing at Western Maryland College or at another accredited college are admissible to the summer session. A statement of good standing must be submitted from the registrar or dean of the institution the student is attending.

Students who wish to begin college work in the summer must meet the standards of the Admissions Committee and have their application approved by that committee.

Matriculation examinations for graduate students are given in Westminster in February and July. Students who wish to enroll for graduate courses without necessarily matriculating for the Master's degree here should also consult with the Director of the Graduate Program as to eligibility for the desired courses.

Registration

All students should make preliminary registration by Monday, June 18. Official registration will take place Thursday, June 21, between 8:30 a.m. and 12:00 noon. The regularly scheduled morning classes will be held that afternoon.

Preliminary registration for the second term should be made by July 23; official registration, on July 26.

Preliminary registration may be made by mail.

Students are expected to attend all classes. If an unavoidable absence occurs, the student must make up the work missed.

Grades

The scholastic standing of a student is indicated by a system of letter grades: A, B, C, D, passing; E, conditioned; F, failed; Inc., incomplete. Students who withdraw before the end of the course receive a grade of Withdrawn Satisfactory, Withdrawn Unsatisfactory, or Withdrawn Failing. Numerical values are not assigned to any of these letter grades.

EXPENSES

All charges must be paid in full before a student may attend classes.

For summer work, there is a registration fee of \$10.00. When this fee is paid in preliminary registration, the charge is \$6.00.

Tuition is charged at the rate of \$25.00 per semester hour of credit.

Board and room charges, two in a room, are \$100.00 per person per term. An additional charge of \$10.00 per term is made for single occupancy of a room. (Linens are not furnished for summer session students.)

The required textbooks may be purchased at the College Bookstore. All charges must be paid at the time of making the purchase.

EXTRA TUITION CHARGES

Art 103, 202, each	\$ 5.00
Art 401	10.00
Applied Music (for credit)	60.00 per term
Applied Music (non-credit)	35.00 per term

The use of a practice room for piano or voice carries a fee of \$5.00 per term; organ, \$7.50 to \$15.00.

LABORATORY AND OTHER FEES

Art 202	\$ 2.50
Astronomy 302	2.00
Biology 101, 102, each	7.50
Education 5526	5.00
French 111, 112, each	2.50
German 111, 112, each	2.50
Diploma	8.00
Auditing fee, per semester hour	12.50

COURSES OF INSTRUCTION

Courses are designated by numerals, a four-digit system being used for graduate courses. A three-digit system is used for undergraduate courses; the hundreds digit in the numerals indicates the classification the student must attain to be eligible for the course. Without special permission, freshmen may not register for any course numbered 201 or above; sophomores, 301 or above; juniors, 401 or above; seniors, 501 or above. In some advanced undergraduate courses, graduate credit may be arranged.

Courses marked with asterisks (e.g., *101) are designated as introductory courses in relation to major requirements.

If there is not a sufficient registration for any particular course, the College retains the right to withdraw that course from the summer curriculum.
