THE SUMMER SESSION AT WESTERN MARYLAND COLLEGE

The Summer Program

Western Maryland College offers both undergraduate and graduate courses during its summer session, which consists of two five-week terms. During each of these terms, a student completes a semester's work in the courses selected. Because of the intensive work required by such a program, the student load is limited to six semester hours during each term, unless permission to add an additional semester hour is granted by the Dean of the Faculty.

Undergraduate Program

The program for undergraduates allows them to accelerate their education and graduate in less than the customary four years; it provides opportunities to carry courses which either are not offered during the regular semesters or are impossible to schedule at those times; it makes it possible for students to repeat courses with which they have had academic difficulties in the regular school year.

Graduate Program

The graduate program is in the field of Education and leads to the degree of Master of Education. Students interested in securing this degree should obtain the graduate catalogue and further information relative to this program from the Director of the Graduate Program.

Location

Western Maryland College is located in Westminster, Maryland, a city of about six thousand inhabitants. It is accessible from all points by good roads. It is about an hour's drive from Baltimore or Gettysburg, and about two hours' drive from Washington.

The College occupies an eminence at the west end of Westminster, nearly one thousand feet above tidewater. The temperature on the Hill is usually several degrees lower than temperatures of surrounding areas.

Instructional and Resident Facilities

Memorial Hall, Lewis Hall, Carroll Hall, the Art Building, the Library, and the Language Laboratory will be open for instruction.

Students will be housed in Albert Norman Ward Hall and Daniel MacLea Hall. These dormitories will be open for occupancy on Sunday afternoon, June 21. It is necessary for each student to bring the following articles: bed linen, pillow, blankets, towels, and personal articles. Commercial laundries will do student work at a reasonable rate.

The first meal to be served for summer school students in the College Dining Room will be breakfast, Monday, June 22.

Summer school students have the use of the College golf course and tennis courts; there is a modern swimming pool nearby.

Language Laboratory

The College has a thoroughly up-to-date electronic language learning laboratory. The beginning courses in languages will emphasize the conversational approach with particular attention to work in the language laboratory.

Courses in French, German, and Spanish will be available during the 1964 summer session if there is sufficient demand.

Honor Code and Honor System

Western Maryland College students subscribe to and support in all academic matters an Honor Code. It assumes that all students who join the college community will share the values, goals, and responsibilities inherent in an honor system and the pride which it engenders.

Admission

Students in good standing at Western Maryland College or at another accredited college are admissible to the summer session. A statement of good standing as of the beginning of the summer session must be submitted from the registrar or dean of the institution the student is attending.

Students who wish to begin college work in the summer must meet the standards of the Admissions Committee and have their application approved by that committee.

Matriculation examinations for graduate students are given in Westminster in February and July. Students who wish to enroll for graduate courses without necessarily matriculating for the Master's degree here should consult with the Director of the Graduate Program as to eligibility for the desired courses.

Registration

All students should make preliminary registration by Wednesday, June 17. Official registration will take place Monday, June 22, between 8:30 a.m. and 12:00 noon. The regularly scheduled morning classes will be held that afternoon.

Preliminary registration for the second term should be made by July 22; official registration, on July 27.

Preliminary registration may be made by mail.

Students are expected to attend all classes. If an unavoidable absence occurs, the student must make up the work missed.

Grades

The scholastic standing of a student is indicated by a system of letter grades: A, B, C, D, passing; E, conditioned; F, failed; Inc., incomplete. Students who withdraw before the end of the course receive a grade of Withdrawn Satisfactory, Withdrawn Unsatisfactory, or Withdrawn Failing. Numerical values are not assigned to any of these letter grades.

EXPENSES

All charges must be paid in full before a student may attend classes.

For summer work, there is a registration fee of \$10.00. When this fee is paid in preliminary registration, the charge is \$6.00.

Tuition is charged at the rate of \$25.00 per semester hour of credit.

Board and room charges, two in a room, are \$110.00 per person per term. An additional charge of \$10.00 per term is made for single occupancy of a room. (Linens are not furnished for summer session students.)

The required textbooks may be purchased at the College Bookstore. All charges must be paid at the time of making the purchase.

1964 Summer Workshops And Institutes

June 29 - July 17 ----- THE LATIN WORKSHOP

The Workshop is a composite course covering Latin language, art, and mythology, classroom methods and management, audio-visual aids, and the operation and use of a language laboratory. It is designed to allow each teacher opportunity for special investigation and projects to meet individual needs.

A student in the Latin Workshop earns three semester hours credit; special assignments allow this credit to be recorded under one of the following course titles:

Education 5934, Problems of Teaching Latin

Latin 5936, Approaches to Latin Grammar and the Teaching of the Latin Language

Education 5940, Latin Methods (with particular reference to the use of the language laboratory)

Education 433, Methods of Teaching Latin (undergraduate credit)

Expenses: Registration Fee ----- \$ 10.00
(When this fee is paid on or before June 22, the charge is \$6.00.)

Tuition ----- 75.00

Room and Board (including linen) two in room ----- 72.00
(some single rooms will be available for \$82.00)

Language Laboratory Fee ----- 2.50

\$159.50

Students in the Latin Workshop who plan to attend the regular first term will pay the tuition charges for the additional course and will be charged an additional \$48.00 for board and room.

For further information about any of the above courses, write to Dr. W. R. Ridington, Western Maryland College.

June 29 - August 7 ----- SUMMER INSTITUTE IN BIOLOGY AND CHEMISTRY

A summer institute for junior and senior high school teachers has been made possible at Western Maryland College by a grant from the National Science Foundation. Registration will be limited to forty students.

The institute is designed for teachers in junior and senior high school whose background training is weak or insufficient in biology and chemistry.

Offerings for institute participants will include a study of basic modern concepts of biology and an elementary study of chemistry. Special field trips and lectures have been arranged. Participants will enroll for eight semester hours credit.

For further information on the institute program, write to Dr. Harwell P. Sturdivant, Summer Institute Director, Western Maryland College, Westminster, Maryland.

July 27 - August 22 -----WORKSHOP IN EARTH SCIENCE

The Workshop is to be devoted to the study of Astronomy and Geology. It is designed particularly for teachers of earth science. Participants will enroll for seven semester hours of credit—three in Astronomy; four in Geology. Special field trips and lectures are planned as part of the development of the courses.

Expenses: Registration Fee -----	\$ 10.00
(when this fee is paid on or before July 22, the charge is \$6.00)	
Tuition, 7 semester hours -----	175.00
Room and Board, two in room -----	88.00
(an additional charge of \$10.00 is made for single occupancy of a room. Linens are not furnished for students in this workshop.)	

For further information about the Workshop, write to Dr. Joseph R. Bailer, Western Maryland College.

August 3 - August 21 -----WORKSHOP IN INTERGROUP RELATIONS

A student in the Workshop in Intergroup Relations (Education 5921) earns four semester hours credit. The workshop will be concerned with human relations problems motivated by changing neighborhoods, race relations, interfaith activities, and socio-economic differences. Focus will be on classroom activities which prove valuable in fields such as English, social studies, science, physical education, and other areas at the elementary and secondary school levels.

Expenses: Registration Fee -----	\$ 10.00
(when this fee is paid on or before July 27, the charge is \$6.00)	
Tuition -----	100.00
Room and Board (including linen) two in room -----	72.00
(some single rooms will be available for \$82.00)	
	<hr/>
	\$182.00

The National Conference of Christians and Jews, through its various field offices, makes available a limited number of scholarships taking care of some of the expenses. Inquiries concerning scholarships for Maryland teachers may be directed to Mr. Nathan Jerald, N.C.C.J., 514 Keyser Building, Baltimore 2, Maryland.

For further information about the Workshop, write to Dr. Joseph R. Bailer, Western Maryland College.

COURSES OF INSTRUCTION

Courses are designated by numerals, a four-digit system being used for graduate courses. A three-digit system is used for undergraduate courses; the hundreds digit in the numerals indicates the classification the student must attain to be eligible for the course. Without special permission, freshmen may not register for any course numbered 201 or above; sophomores, 301 or above; juniors, 401 or above; seniors, 501 or above. No credit toward the baccalaureate degree will be given for courses numbered for graduate study. In some advanced undergraduate courses, graduate credit may be arranged.

Courses marked with asterisks (e.g., *101) are designated as introductory courses in relation to major requirements.

If there is not a sufficient registration for any particular course, the College retains the right to withdraw that course from the summer curriculum.
