### Old Main Bell

It's only rung twice in your college life, yet the Old Main Bell in Memorial Plaza remains a symbolic reminder of the beginning and end of our journey here at McDaniel College. As a freshman, you patiently wait in line to ring the bell after the Introduction Convocation ceremony announcing to McDaniel College that you have arrived.

After four years on the Hill, the bell is rung for you for the final time when, at graduation, you proceed from Baker Memorial Chapel to Gill Center in your regalia as it announces you departure from the campus.

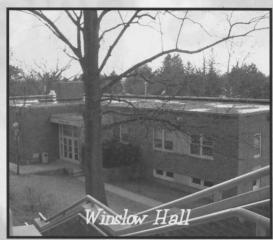

The bell can also be heard occasionally throughout the year for alumni who have passed away. For each name read, the bell is tapped in memorium. The bell is also rung for special College celebrations such as the inauguration of a new College president.

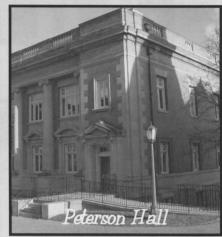

The bell originally hung in the tower of Old Main, a building of classrooms and dormitories, which stood in the area presently occupied by Hoover Library and Baker Memorial Chapel. McShane Bell Foundry of Baltimore created the bell in 1890 for the College. Before electricity was installed on campus in 1895, the bell was used to signal the start of classes and meals.

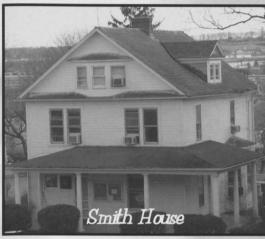

In 1991, the bell was placed in Memorial Plaza with a base consisting mostly of cornerstones from the Old Main Buildings. Smith Hall (1887), Hering Hall (1890), and McKinstry Hall (1907). In addition to these halls, cornerstones from the Yingling Gymnasium (1889) were placed in the base. Also, the Western Maryland College seal of the interlocking letters WMC (1890) appears on the outside of the base.

## Graduation

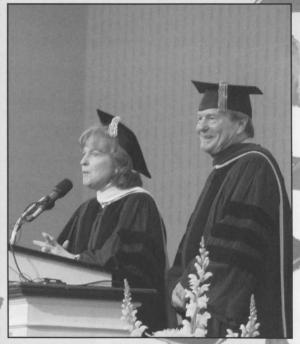

On Saturday, May 22nd, 2004 McDaniel College held its 134th Commencement in The Robert Joshua Gill Center. The students were dressed in their caps and gowns as they walked across the stage to receive their diplomas. However, the students were not the only ones in their caps and gowns. They were also joined by honorary degree recipients James Lehrer, journalist, author, and host of The NewsHour with Jim Lehrer, and Kate Lehrer, journalist and author as well as the faculty. Prior to Commencement, a Baccalaureate Service was held on Friday, May 21, in Big Baker Memorial Chapel for students receiving their Bachalor of the Arts degree. Also, earlier in the morning on the 22nd graduating seniors who were members of the College's ROTC program were commissioned as Second Llieutenants in the United States Army. Melanie,

Where has the time gone? 17 years. It seems like just yesterday that you were a little girl splashing and dunking in the backyard pool or up at Thornton Park. Who knew where swimming would lead you. Today, you are a young woman leaving a fabulous swimming career that others only dream about behind here at McDaniel College. NCAA's, All-Centennial Conference, McDaniel College swimming records and personal best times. reflection of you and the kind of young adult that you have become. We are so very proud of you and wish only the best for you as you leave McDaniel College and swimming behind. Always remember what both gave to you and where they will lead you as you embark on a wonderful future.

Jeff,

You did it with persistence and hard work.

Congratulations and wishes for every sucess in your future.

With love and pride, Mom, Dad, Kristin, Megan and "Diesel"

"May the good Lord be with you down every road you roam. May sunshine and happiness surround you when you're far from home. May you grow to be proud, dignified and true, and do unto others as you'd have done unto you. Be

courageous and be brave and in my heart you'll always stay forever young. May good fortune be with you. May your guiding light be strong... And may you never love in vain and in my heart you will remain forever young" ~Forever Young Dear Brian,

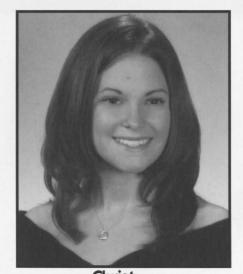

It seems that no matter how old we get I always think of us as little kids. We definitely had a blast growing up and are blessed to have a ton of great memories. Remember: playing the Atari, sledding in Mary's front yard, Sunday morning Raiders football games, boogie boarding in Cape May, your 8<sup>th</sup> grade canoe trip, my attempt at field hockey thanks to you, watching shows like Alf and Saved By the Bell, you torturing any boy that showed an interest in me ("Big Dave"), you trying to teach me the rotating schedule at A.I., water skiing in the Adirondacks, you chasing me around with a light saber, and

pretty much just acting like a bunch of knuckleheads. So despite the years of constant teasing and rough housing, you've been a great brother. So always know that even if I don't say it enough, I love you! I am so proud of all that you have accomplished and I have no doubts that you will go far in life...just remember, in the words of Bad Company, "you are a shooting star and all the world will love you just as long, as long as you are."

Love always. Your kid sister

First and foremost - we love you with all our hearts. You have always made us proud in every facet of your life. It has been a true joy to watch you grow and mature into the young woman you are today. Where have all the years gone? We think of that first day of kindergarten when you let go of Mom's hand. You were embarking on your own, the first of many years ahead in obtaining a good education to help reach your goals in life. We know you will make a fabulous teacher. You have a very important job ahead of you - making a difference in the life of a child. Put Jesus first in all that you do. Turn to Him before anyone else for guidance and strength. He will never fail you. He has blessed you in so many ways with multiple talents and abilities. Always use them to glorify Him. We will always be here for you with love and support in all that you do. We have deep appreciation for all your hard work and ambitions in life. Go get em' sweety.

#### Kelly,

What's better than one teacher in the family? TWO! It's hard to believe that you've earned you degree in Seconday Education and here I am finishing off the scale by earning mine in Elementary! I can still remember when we "played school" as little girls, using Barbie Dolls as our students. If you run your classroom the way you did in those day, you'll be fine!! :-) Congratulations Sissy!

#### A Letter From The Senior Editor

It's hard to believe that four years have come and gone in what felt like in a blink of an eye. It seems like just yesterday that my parents were bringing me to school for the first time. I was meeting my peer mentor, moving my things into my dorm room, and creating friendships with people I've never known before. This usually is a very scary time for most people. You're leaving people behind that you grew up with and have known all of your life. You are saying goodbye to your parents and watching them drive away. For me this was hard, but I was lucky enough to be able to this same experience the previous year. Most people do not know that I moved from Cleveland, Ohio as a senior in high school. I know you're probably thinking how awful, but for me it was the best change I ever made, and given the same opportunity, I would do it again in a heart beat. I would not be here at McDaniel College (Western Maryland College) if I had not moved to Maryland.

Now looking back on these past four years, I say to myself that I wouldn't trade a single moment for the world. I will never forget where I was the day I heard about our country being attacked by terrorist. I remember leaving my first class of the morning and heading off to my second class. When I got there my professor made us all sit down because he had something to tell us. It didn't seem real or possible. However, I have never seen a school pull together as one and be there for each other. This kind of event can be very scary for anyone, let alone someone far from home. I also remember watching the television as the Space Shuttle Columbia reentered the Earth's atmosphere and then all of sudden watching it break up and disappear. I may not be very old, but I have witnessed my fair share of history making events. I believe that these events have helped me to grow and realize that every moment is precious and should never be taken for granted.

Also, while attending McDaniel College, I have made friends that will last a lifetime, I have accomplished goals that I have always wanted to achieve, and I have proven to myself that no matter how hard or challenging something may be that I can over come it and continue to strive at the same time. As graduation draws nearer, I realize that I may not miss having to go to class everyday, but I will miss everything else that I have come to know and love. In reality of it all, I am going to miss this place.

So for the Class of 2004 I wish you the best of luck in all of your future endeavors and please do not forget the ties that you have made here and people you've met here. As for the rest of you, Classes of '05, '06, '07 keep dreaming, striving and be true to yourself because one day you will be standing in my shoes and saying goodbye as your name is read, you walk across the stage and your diploma will be presented to you.

Always remember to say thank you to those people who have helped and supported you along the way; for you never know when your paths may cross again. Congratulations to my peers, friends, and Class of 2004!

Also, a thank you goes out to Wes, Nicole, Kim, Ashley and Greg for all of their hard work and dedication this year. Without all of your support and time this book would not have been possible. A huge thank you goes out to Susan for all of her help these past four years. Thank you for always being there for me when I needed it.
